TO 12:00 P.M. - Gary Bohaty, 5429 Cleveland Ave., came forward in favor, and to ask questions posed by Council members.

Chief Casady came forward to answer questions posed by the Council members. He explained the reasons for denial by the Police Dept. After the large number of requests for special designated licenses on a home football games, we discussed internally what our position ought to be on those, since they were coming in such large numbers. We decided that good criteria for us to use in making our recommendation to you would be the following: Is the property adjacent to an existing license, in other words is it contiguous? Does it front a street, and if it fronts a street, is there some kind of visual barrier, such as an opaque fence or wall. In this case this doesn't have a barrier of that type. It would be a temporary barrier, similar to the ones you see at Barry's for example, a snow fence. It does front a street and it is not adjacent to the applicant's licenced premise, so we recommended against it.
