DECLARING THE OFFICIAL INTENT OF THE CITY TO REIMBURSE THE COST OF CONSTRUCTING STORM SEWER IMPROVEMENTS FROM THE GENERAL OBLIGATION STORM SEWER BONDS OF THE CITY - CLERK read the following resolution, introduced by Jonathan Cook, who moved its adoption:

A-81124 A RESOLUTION TO DECLARE THE OFFICIAL INTENT OF THE CITY OF LINCOLN, NEBRASKA UNDER THE INTERNAL REVENUE CODE OF 1986, AS AMENDED, TO BORROW MONEY BY THE ISSUANCE OF GENERAL OBLIGATION STORM SEWER BONDS TO REIMBURSE THE COSTS OF CONSTRUCTING CERTAIN IMPROVEMENTS TO THE CITY’S STORM SEWER SYSTEM.

BE IT RESOLVED by the City Council (the “Council”) of the City of Lincoln, Nebraska (the “City”) as follows:

1. Findings.

(a) By direction of the Mayor and City Council, at the City general election held on May 1, 2001 there was submitted to the qualified electors of the City the question of issuing general obligation bonds of the City in the principal amount of not to exceed $7,500,000 (the “Bonds”) for the purposes of paying the costs incident to the construction, installation and completion of improvements and extensions to the City’s storm water and drainage system (the “Project”), which was approved by a vote of 19,413 for and 12,342 against the proposition.

(b) It is necessary, desirable, advisable and in the best interest of the City to begin work on the Project prior to the issuance, sale and delivery of the Bonds and that funds of the City be advanced prior to the issuance of the Bonds by the City to finance a portion of the Costs of the Project.

(c) The anticipated amounts to be expended from and after date of adoption of this Resolution by the City with respect to the Project is estimated not to exceed $1,500,000.

(d) The Department of the Treasury has promulgated final regulations (Treasury Regulations, Section 1.150-2, hereinafter referred to as the “Regulations”) governing the use of proceeds of tax-exempt bonds, all or a portion of which are to be used to reimburse the City for Project expenditures made by the City prior to the date of issuance of the Bonds which require that the City adopt a statement of official intent to reimburse an original expenditure not later than 60 days after payment of the original expenditures. The Regulations generally require that the Bonds be issued and the reimbursement allocation made from the proceeds of the Bonds within 18 months after the later of the date the expenditure is made or the project is placed in service or abandoned, but in no event more than three (3) years after the date the expenditure is paid.

(e) The Council has determined that it is necessary, desirable and advisable that the requirements of the Regulations be satisfied to preserve the ability of the City to reimburse expenditures made with respect to the Project from funds of the City from and after the date of adoption of this Resolution from the proceeds of the Bonds.

2. Declaration of Intent and Related Matters.

(a) In accordance with the provisions of the Regulations, the Council does hereby declare the official intent of the City to borrow funds through the issuance of Bonds by the City, the interest on which will be excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”) to pay the costs of the Project. Prior to the issuance of the Bonds, the City is authorized to advance money of the City up to an estimated maximum aggregate principal amount of $1,500,000 for the purpose of paying a portion of the costs of planning, acquiring, constructing, equipping and furnishing the Project from and after the date of adoption of this Resolution. All reimbursed expenditures shall be capital expenditures, a cost of issuance of the Bonds or other expenditures eligible for reimbursement under Section 1.150-2(d)(3)
of the Regulations.

(b) Other than (i) expenditures to be paid or reimbursed from sources other than the Bonds, (ii) expenditures constituting "preliminary expenditures" within the meaning of Section 1.150-2(f)(2) of the Regulations, or (iii) expenditures in a "de minimus" amount (as defined in Section 1.150-2(f)(1) of the Regulations), no expenditures for the Project have been paid by the City more than 60 days prior to the date of adoption of this Resolution.

(c) The reasonably expected source of funds to be used to pay debt service on the Bonds will be general ad valorem taxes levied by the City.

(d) The Bonds shall be issued in such amounts and upon such terms and conditions as may be agreed upon by the City and the purchaser or purchasers of the Bonds, for the purpose of paying all or a portion of the costs and expenses incident to the planning, acquisition, construction and financing of the Project, the issuance of the Bonds to be authorized by the Council at a meeting to be held for such purpose by the Council.

(e) As of the date of this Resolution, there are no funds of the City reserved, allocated on a long-term basis or otherwise set aside (or reasonably expected to be reserved, allocated on a long-term basis or otherwise set aside) to provide permanent financing for the expenditures related to the Project, other than pursuant to the issuance of the Bonds. This Resolution, therefore, is determined to be consistent with the budgetary and financial circumstances of the City as they exist or are reasonably foreseeable on the date hereof.

(f) This Resolution is intended to evidence the official intent of the City in accordance with the Regulations for funds expended with respect to the Project from and after the date of adoption of this Resolution. This Resolution does not constitute final approval of the issuance of the Bonds by the City and does not legally obligate the City to issue the Bonds to finance the Project.

3. Authorizations.

(a) The Finance Director and the City Controller (each an "Authorized Officer") be, and each of them hereby is, authorized to take such further action as such Authorized Officer shall deem necessary or desirable without further action by the Council to carry out the transactions contemplated by this Resolution.

(b) The Authorized Officers be, and each of them hereby is, authorized to execute on behalf of the City and to deliver any and all other instruments and documents including, but not limited to, such certificates or instruments as may be required under the terms of this Resolution necessary to be executed and delivered in connection with this Resolution and the approvals made hereby.

(c) The Finance Director or the City Controller shall be responsible for making the "reimbursement allocations" described in the Regulations, being generally the transfer of the appropriate amount of proceeds of the Bonds to reimburse the source of temporary financing used by the City to make payment of the prior costs of the Project. Each allocation shall be evidenced by an entry on the official books of the City maintained for the Project and shall specifically identify the original expenditure being reimbursed.

4. Ratification.

All acts and deeds heretofore done by any officer, employee or agent of the City on behalf of the City to preserve the ability of the City to reimburse expenditures made from and after the date of adoption of this Resolution with respect to the Project by the City through the issuance of the Bonds and other transactions contemplated by this Resolution are hereby ratified, confirmed and approved in all respects.

5. Effective Dates.

This Resolution shall be in full force and effect from and after its passage and adoption by the Council.

6. Conflicting Resolutions Repealed

All resolutions of the Council, or parts thereof, in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.
