He stated that the water issue in contention has been addressed. The road system has been modified and they have dealt with potential conflicts between existing rural uses and acreage development within the area. Testing to prove that the water will be sufficient for this area has been completed.

Dwight Hansen, 1285 C. Road H, Ithaca, NE, water consultant for this project, reported that three wells were tested for 24 hours simultaneously. There is a heavy withdrawal of water compared to the usage that will be used. Discussion followed.

John Camp, Council Member, asked if an adjacent property owner in this area decided to subdivide their property would there be a problem? Hansen stated that as long as one site was not as large as Mr. Giebenrath's property there shouldn't be any problem.

Dr. Jeff Johnson, Olsson Associates, 1111 Lincoln Mall, came forward representing the people in opposition to this development. They opposed the type of water testing done by Mr. Giebenrath and have concerns of the quality of water.

(IN CONNECTION W/03-21, 03-22, 03R-25, 03R-26) (2/03/03 - P.H. CON’T W/ACTION TO 2/10/03) - Peter Katt, 1045 Lincoln Mall, Ste. 200, appearing on behalf of the developer group on Pine Lake Plaza requested to delay this for two weeks since there has not been an agreement reached on the annexation agreement of level of improvements. There’s a meeting scheduled with City Staff next week.

Doug Curry, 8130 Pine Lake Rd., expressed that he felt the roads do not need to be urban, they can stay rural and would not have an objection to sidewalks into the development south of Pine Lake Road. Discussion followed.

John Bussey, 6940 Pine Lake Court, stated he would like the road to stay rural and is ok with the sidewalks going into the Pine Lake Shopping Center.

Glen Cekal, 1420 C St., stated that if Pine Lake wants to come into the City then they should go along with the basic requirements. Those standards are there for a reason.

Craig Groat, 4935 Huntington Avenue, feels that sidewalk standards should be continued and obeyed and put into effect.

Bill Austin, 301 S. 13th St., Ste. 400, appearing on behalf of Sanitary & Improvement Dist. #2 of Lancaster County Nebraska who wish to be affected by the least degree possible in the course of the current process of annexation & surrounding urbanization. They support the original compromise that would allow Pine Lake Road between 84th and the vacated area to remain a rural cross-section not urbanized. Discussion followed.

Naeo Henry, 8230 Pine Lake Rd., requests that the road remain rural and not require the upgrades. She is concerned about being assessed for the roads.

Kevin Colleran, 6910 East Shore Dr., is in favor of leaving the road as rural as possible.

Bevan Alvey, 8000 Dougan, President of Pine Lake Association, is in favor of leaving the approximately 200 yards of road as rural. They cannot figure out what the benefit would be in changing this. Discussion followed.

Charlie Humble, 301 S. 13th St., Ste. 400, came forward representing Mid America Seventh Day Adventist. The vacation will be at their front door so they are concerned with the trees that line Pine Lake Road and the private lake which is maintained by the area residents.

Terry Werner, Council Member, asked Nicole who will pay the assessments. He also asked what effort would be made to preserve the trees and does the lake continue to be private ownership?

Nicole Fleck-Tooze stated that the cost to go from rural to an urban cross-section will be the responsibility of the developer. If it stays as rural and eventually down the road the City Council feels there’s a need for it to be paved then the abutting property owners will be assessed. The grading could be minimized to preserve the majority if not all of the trees in this area. She thinks the lake was left to be the responsibility & private ownership of the residents.

Chairman Cook stated there has been a request to delay items 12 through 16 with public hearing to February 24, 2003.

Mr. Friendt so moved.

Seconded by Svoboda & carried by the following vote: AYES: Cook, Friendt, McRoy, Seng, Svoboda, Werner; NAYS: None; ABSENT: Camp.
MISCELLANEOUS BUSINESS

Mike Grieger, 2645 Van Dorn Street, came forward to request a letter from the City stating that they are not interested in doing anything with his building, St. George & the Dragon, such as a skywalk.

Bob Valentine, 2660 Park Avenue, came forward to express his ideas and concern of the City budget. There's a great need for more Police Officers. He does not understand why the City is giving $3 million and tax increment financing to the Douglas Theaters for the new Entertainment Center. He doesn't believe the interior audit of the ambulance service. He looks forward to the KPMG audit.

Bob Van Valkenburg, 7921 Reno Road, mentioned that the minutes of the preceding meeting were not available on the Internet by Sunday night. He stated that this body is not following the law, the relevant ordinances, and the relevant rules. He feels that the Impact Fees will be made unlawful before they go into effect June 1st.

City Clerk explained the policy of the minutes. The City Council minutes are transcribed as quickly as we are able to given our other work assignments. There is no law, that I'm aware of, that they must be ready by the next meeting date. In addition, the Internet information as to the agenda, the action sheet and the minutes is a convenience to citizens so that you can view these from your businesses and your homes. But, the actual record that is the final, legal record is on file in the City Clerk's office for you to view as you need to.

Glen Cekal, 1420 C St., stated he was in favor of the City Manager/Council form of government and thinks it should be put on the ballot. He also feels that weeds should have to be cut at 6 inches and not 12 inches.

These matters were taken under advisement.

6) To relinquish the right of direct vehicular access to Waverly Road except for Emmawalter Road, to North 70th except for Lot 5, the new east-west road and to Mill Road.
7) To comply with the provisions of the Land Subdivision Ordinance regarding land preparation.
8) To advise future lot owners that this subdivision is in a rural area surrounded by farm activities and that normal and customary farming operations, which include the use of sludge and kennels, are not a nuisance.

BE IT FURTHER RESOLVED that the City Council finds that the tract to be subdivided is surrounded by such development or unusual conditions that strict application of the subdivision requirements would result in actual difficulties or substantial hardship and the following modifications to the subdivision requirements are therefore approved:
1. The requirements of §§ 26.23.105, 26.27.020, 26.27.010, 26.27.070, 26.27.080, and 26.27.090 of the Lincoln Municipal Code that requires the installation of storm water detention, sidewalks, street paving, street lights, landscape screen, and street trees is hereby waived since the area is of larger lots, a rural nature and the subdivision will not be annexed.
2. The requirement of Section 26.23.130 of the Lincoln Municipal Code that requires that block lengths shall not exceed 1320 feet is hereby waived to permit a block length in excess of 1320' along the north, south, east and west perimeter of this subdivision.
