She recommended to Council that the legislation regarding water/sewer rates, and the wheel tax be passed. However, regarding the 5 cent gas tax and the proposed bond issue, she suggested those items be placed on pending due to response from the public. She suggested that the city officials needed to coordinate efforts with the State Senators to evaluate the present amount of tax that is coming to the City of Lincoln from the present gas tax revenue. She cautioned them that if the delay would be too long, it could potentially delay the rate of growth in the City. She thanked the Council for their time.

(e) Non-residential users shall be given credit, at the same rate, for water not discharged into the sanitary sewers provided such water is separately metered with the approval of the Public Utilities Department and at the customer’s expense.
