(a) Leave of absence without pay may be granted to employees, except temporary or seasonal employees, for a period not to exceed three months by a department head, except that for leaves in excess of thirty calendar days, the approval of the director of personnel shall also be required. Leaves of absence without pay shall be granted until all applicable leave balances have been exhausted, with the exception of leaves for military, travel, or study.

A department head, with the approval of the director, may grant such employee leave of absence without pay for a period not to exceed one year for travel or study. Such leave shall be granted only when it will not result in undue prejudice to the interests of the city or an employer beyond any benefits to be realized. Leave without pay shall be granted except upon written request of the employee. No such leave shall be granted primarily in the interests of the employee except in the case of one who has shown by record of service or by other evidence to be of more than average value to the city and whose service it is desirable to retain even at such sacrifice. Failure on the part of an employee on leave to report promptly at the expiration, without good cause, shall be considered as a resignation.

At any time upon terminating the appointed position, the employee shall be allowed to return to the same or a comparable position to that which was previously held in the classified service, provided the employee has not been subject to discipline for cause pursuant to Section 2.76.145. The employee shall normally be paid at the rate of pay received prior to the leave of absence, as adjusted by any annual increases.
