VI. ADJOURNMENT

*HELD OVER FROM JULY 31, 2006.
**HELD OVER FROM AUGUST 7, 2006.
DIRECTORS’ MEETING
MINUTES
MONDAY, AUGUST 14, 2006
11:00 A.M.
COUNTY/CITY BUILDING
CONFERENCE ROOM 113

Council Members Present: Patte Newman, Chair; Dan Marvin, Vice-Chair; Ken Svoboda, Jonathan Cook, Robin Eschliman, Jon Camp, Annette McRoy.

Others Present: Mayor Coleen Seng, Mark Bowen, Ann Harrell, Rick Hoppe, Lin Quenzer, Mayor’s Office; City Clerk Joan Ross; Dana Roper, City Attorney; Directors and Department Heads; Tammy Grammer, City Council Staff; Deena Winter, Lincoln Journal Star Representative; and Coby Mach, LIBA.

Chair Patte Newman announced the ‘Open Meetings Act’ is posted by the door.

I. MAYOR

Mayor Coleen Seng stated the ‘Main Street’ café is open now. The ‘Ribfest’ was this weekend which is about the biggest gathering of folks around.

Mayor Seng called on Directors. Ann Harrell reminded Council on Wednesday evening is the grand opening for part of the Antelope Valley project at 5:30 p.m. Noting, they should of all received an invitation, and we look forward seeing you there. If you have any questions or need more information, please let me know.

Lynn Johnson (Parks & Recreation Director) reported this is the last week of pool operations, 10 out of the 11 pools will close on Sunday. We’re going to keep Woods pool open probably through Labor Day, so we have that recreational opportunity available.

Just a FYI, last financial reports that I saw indicated that Highlands, University Place, and Star City Shores are all operating at their revenue as above operating costs this year. It’s nice to see the University Place has moved into that status, so that’s good news. Mr. Svoboda commented I know you’ve always kept Woods pool open longer, why not Star City Shores as well. Is it just a personnel time issue? Mr. Johnson responded it is, and in part typically the women’s swim team at UNL wants to use Woods pool for long course. So, they pay to keep the pool open essentially and so we just open it up on the weekends now.
Steve Beal (Health Department) reported the Health Department in cooperation with Parks and Public Works has started spraying today. We will be spraying Monday’s through Thursday’s in the evening, kind of cleaning up the equipment on Friday’s. We are going to look at a two week run on that and kind of reassess where we are at that point. We’ve had positive mosquito pools, we’ve got three cases of West Nile virus in Lincoln and Lancaster County, it’s just a good prevention in public health practice we believe to spray at this time and look at things in a couple of weeks to see where we are at. Ms. Newman asked Mr. Beal if they have a pattern as to where they’re starting? Mr. Beal stated he does not have one off the top of his head right now, but we are spraying where some of the positive pools have been identified. Some of that’s south Lincoln and north Lincoln, there’s no particular area. There’s no real significant public health risk, the chemical that we use exposes minimal to no risk, I’ll never say that there’s absolutely guaranteed none but very-very little. Ms. McRoy mentioned she thought there was a list in Saturday’s newspaper on what areas were going to spray. Mr. Beal stated okay, we can email it to Council. Mayor Seng commented I think there’s a list in their addendum packet.

Richard Furasek (Interim Fire Chief) reported last night Lincoln Water & Rescue was called to Stagecoach Lake for a pick-up that was run off the bank. Somebody was on a boat and saw a vehicle plunge into about six feet of water, they called us and we sent our Lincoln Water & Rescue Team out. We did a search of the area, couldn’t find anybody in the vehicle or around the vehicle. Supposedly, after the investigation was concluded, it was a stolen vehicle that somebody tried to just get rid off.

Karl Fredrickson (Public Works & Utilities Director) handed out a memo in response to Robin’s (Eschliman) email that she sent to him regarding the budget transfer ordinance.

We are planning to reestablishing traffic on “O” Street on Wednesday, don’t know what time yet. Mr. Svoboda commented somebody was asking because they heard Coby Mach mention last Friday or Thursday night that it was going to possibly open early on Wednesday. Is that project ahead of schedule and if so I’m assuming there will be rewards paid to the contractor. Mr. Fredrickson responded we are essentially two weeks ahead of contract date and so there will be incentives, we had maximum I think $5,000 a day, up to $200,000 maximum.

Mr. Svoboda commented somebody also asked me of the same thing about incentives on Highway 2 and I emailed back and said that was a State project that we were just in cooperation with. Did they get that project done ahead of schedule? Mr. Fredrickson replied yes, they did get that one done ahead of their contract date as well, but I’m not familiar with the incentives on it.

III. CITY CLERK

City Clerk Joan Ross stated on their Agenda today, Items 1 & 2 under “Public Hearing-Liquor Resolutions” will be called together. [#1, Application of Michael Marts, Inc. dba Michael Mart for a Class D liquor license at 2801 N.W. 48th Street.; and #2, Manager application of Michael A. McCurdy for Michael Marts, Inc. dba Michael Mart at 2801 N.W. 48th Street.]

On Item 6, I just want to confirm is there some talk about placing this item on pending. Mr. Cook responded yes, I think it might be best given that there’s some issues that still need to be addressed. We continue public hearing to September 11th with action that would be the motion. City Clerk Joan Ross stated okay. Ms. McRoy commented but we need to have the public hearing today because people flew in to testify. City Clerk Joan Ross replied yes. [#6, 06-137, Amending Title 5 of the Lincoln Municipal Code relating to Licenses and Regulations by amending or repealing sections within Chapter 5.41, Salvaging, Recycling and Composting Operations, to delete provisions relating to salvaging operations and to make Chapter 5.41 apply only to recycling and composting operations; adding a new Chapter 5.43 entitled Salvage Dealers and Salvage Collectors to establish and relocated provisions dealing with salvaging operations previously found in Chapter 5.41.]

Ms. Newman stated she needs to ask the Council if it is proper to call Items 9 & 10 together. Does anyone have a problem with that, it’s basically guns? Mr. Camp commented they are really two separate things, just not to confuse the public, I think these items should be called separate. Mr. Cook commented I don’t think calling them together would be a confusion, I think the confusion is that there are a lot of people still think these are concealed carry ordinances, but they’re not. Mr. Svoboda commented because the media is reporting it that way. Mr. Cook stated he’s getting some calls. Mr. Cook commented I don’t mind calling them together because I think they are related issues and people speak to them that way. Ms. McRoy commented I think call them together. Mr. Svoboda commented doesn’t matter to him one way or the other. Mr. Marvin commented I guess it would be okay to call them together. Ms. Newman commented alright, that’s 4 to 7 vote, call them together. Mr. Camp commented I assume Police Chief Casady will be at the meeting today. Ms. Newman
commented Chief Casady you’ve got some information for us, you got my email. Chief Casady replied I’ve got more information that you will care to get. Mr. Marvin asked Chief Casady if he has a preference whether we call these two items together or separate? Police Chief Casady replied no.
