   COOK Requested Law Dept. to come forward to clarify the contractual
agreement for the record.

   Margaret Blatchford, Asst. City Attorney, came forward to state
the following: Councilman Cook describes a situation where if you are a
salvage operator and you have some type of contractual relationship with
a commercial facility that they provide bins to that facility wherein
they essentially put their scrap material in that bin pursuant to a
contract. So the question came up: How do you record or get a signature
for each time they fill up that bin and the operator goes and picks it
up? For the record, we think that the contract itself fulfills the
requirements under 5.41.210(b) sub-section 3 and 6. That the contract
would fulfill the signature of the customer and the information about
the name, address or operator’s license of the customer.
