IV. CORRESPONDENCE FROM CITIZENS TO COUNCIL
1. Email from Jennifer French. Grew up close to South Branch Library and used frequently. Closing the Library now would be a giant loss for children in the area.
2. Email from Mike and Ann Schlick, South Central Unified #5. While attending FFA event at Pershing, three vans towed costing $100 per van. Does Lincoln want to host events? Maybe events should be held in central Nebraska if this is the way Lincoln treats people who attend.
3. Email from Jennifer L. Sommars-Link. The South Branch Library most certainly should not be closed. A library is a necessity for a neighborhood with many children and families in the middle class range.
4. Email from Leslie Tien. Asking that South Branch Library not be closed. We do pay taxes for these kinds of services and there is a real need for small neighborhood libraries.
5. Email from Janee Gagner-Wilcox. Keep the South Street Library open. It is a very important fixture in the neighborhood.
6. Email from Jeanette Fangmeyer. Had planned on attending the Uncle Sam Jam this year but now it will be on July 3rd for a one time event geared to an adult audience. Keep on July 4th and move to Holmes Lake. Lincoln will not know how many families take July 4th spending to smaller surrounding towns because of the event being moved to July 3rd.
7. “NSAA Volleyball Decision Disappointing” statement from Wendy Birdsall, President of Lincoln Chamber of Commerce.
8. Email from Terry Kreifels, Action Plumbing and Heating, Inc. President. Consider approving the proposed plumbing permit fee increase to allow the plumbing inspection department to be properly funded.
9. Email from Julie Brittenham. Keep the South Branch Library open. The library is an integral part of this neighborhood with a mix of people, incomes and services. Very important to the children in the area.
10. Letter from the Lincoln Association of Plumbing-Heating-Cooling contractors, Mr. David E. Reiber, President. Proposed increased fee schedule will provide funds to maintain the level of service to Lincoln plumbing contractors. (Letter delivered to Council Members on 04/06/09 before formal meeting)
11. Letter from Wade Misko. Keep the South Branch Library open. Lincoln seems to have budgets, which will likely balloon, for projects still in the blueprint stage but not for an existing entity with budget needs clearly defined.
12. Resolution of Cotner Center Condominium Association of Co-Owners, Inc. Acting upon the wishes and behalf of all Cotner Center Condominium residents request Lincoln allow of allotment of monies to keep the Bethany Library open now and into the foreseeable future.
13. InterLinc correspondence from Janelle Hotovy. How sad the Mayor has chosen not to celebrate the 4th of July on the 4th. The family fun is at Oak Lake.
14. InterLinc correspondence from Kelsi Gunderson. Appalled the City would change the July 4th day-long celebration for a non-family friendly comedian to use Memorial Stadium.

Mayor
City Law Department
Objectives 2009-10

1. Are there interpretations of law (federal regulations, state statute, City Charter provisions or ordinances, Mayor's executive orders, or the department's published administrative procedures) that impact the provision of your Department's services and that need further clarification and/or review?

The manner in which the City currently stores electronic information presents a challenge for searching and producing information for the following situations:

1. Federal and State Courts as it relates to Threatened and Pending Litigation

2. Maintenance and Storage of Public Records as it relates to record compliance and public record requests

The City of Lincoln is particularly susceptible to the need to produce “electronically stored information.”

- The City maintains a large repository of electronic data
- The defense of the City in litigation often hinges on our ability to timely and accurately secure “electronically stored information.”
- The City is the recipient of voluminous public record requests often involving “electronically stored information.”
- The City relies heavily on electronic records, particularly e-mail, to carry out City business

2. What should be changed or modified in your Department to better provide current services and which do not require additional financial resources?

- Although not precisely a change or modification, the City Law Department will be in a more favorable position to provide required legal services if the current 16.0 FTE staffing level authorized in the FY 08/09 budget is maintained.
- Evaluation and reassignment of attorney staff to maximize efficiencies and use of resources is ongoing.
3. What should be changed or modified in your Department to better provide current services and which do require additional financial resources?

Areas that would require additional financial resources, but would add considerable return on investment would be the following:
• Mandatory Continuing Legal Education which becomes effective January 1, 2010.
• Adding a part-time staff attorney primarily assigned to research. In the alternative, provide funding for law clerk or paralegal support in the Civil Division. As a means of comparison, the County Attorney has 11 paralegals and 6 law clerks to support their 32 attorneys and the Public Defender has 5 paralegals and 4 law clerks to support their 19 attorneys. The City Law Department has 15 attorneys. These 6 attorneys in Prosecution are supported by one paralegal. There are no law clerks or paralegals supporting the 10 attorneys in the Civil Division.
• Acquiring additional equipment and/or updating existing equipment:
  • Speakerphones - Of the 16 attorneys, only 3 phones have speaker capability.
  • Video-conferencing capabilities through computers. This would enable Law to attend some meetings without having to travel to outside locations, assuming, of course, the other location has similar capabilities.

4. If you had to discontinue at least one current program or service, what would it be and for what reason?

All four of our program listings are mandated by City Charter, Lincoln Municipal Code, and Nebraska State Statute.

However, we would have the following recommendation:
• Consider discontinuing the practice of providing hard copy of weekly Council packets. The preference would be to provide all documentation on-line unless a particular Council person, Mayoral aide, etc. desire a hard copy.

5. What new services do you think your department should provide and for what reason?

Several areas could be enhanced which would result in minimizing legal and financial liability for the City, assuming adequate staffing is available.
• Training of new members of the City Council, directors, and key department personnel regarding City Charter, City Code, state statute requirements, e.g. Dale Comer’s presentation on public records.

6. With respect to any of the above questions, have you explored, or has your staff explored best management practices elsewhere in the country?

There has been only informal review by virtue of researching the Internet as well as membership to two electronic ListSers - Nebraska Association of Trial Attorneys (NATA) and the International Municipal Lawyer’s Association (IMLA). The lack of funding for conferences has made it difficult to network and stay abreast of what other governmental in-house legal counsel are utilizing in the area of best management practices.
7. With respect to responses provided in 1 through 3 and 5 above, what do you want to accomplish in budget year 2009-2010 (list in priority order with number 1 being the highest priority)? Please consider the Citywide outcomes and goals in your response.

All four of the program listings for the City Law Department are given equal priority as they are all mandated by law. Our program listings are in the following City-Wide Outcome categories.

#7: Accountable Government
   Priority Goal #5 - Protect City Interests
      Civil Litigation Tier 1
      Legislation Tier 1
      Legal Services Tier 1

#1: Safety and Security
   Priority Goal #1 - Low Crime Rate
      Prosecution Tier 1

Additionally, our program listings impact all of the other city-wide outcomes at some point or another.

   Overall, the City Law Department’s primary goals will be maintaining the additional FTE attorney in the FY 09/10 budget which will greatly assist us in improving service levels and turnaround time. We would also like an increase in funding to support continuing legal education. Not only is this now mandated by the Supreme Court effective January, 2010, it will enhance the quality of our level of legal services and to maintain licenses to practice law.

8. How can other departments contribute to the goals you have prioritized in number 7 above?

Departments could take the following into consideration in an effort to streamline and improve the provision of legal services to the City of Lincoln.

- Involve the Law Department early to minimize “damage control”, protracted settlement negotiations, or costly litigation
- Provide detailed information to Law Department when making request for legal services, i.e. background information, documents, photographs, investigation reports, key city personnel involved, other key contacts, chronology of events leading up to the situation, deadlines, legal descriptions, etc.
- Meetings
  - Prepare meeting agendas so legal issues are discussed at the beginning of meetings to reduce the need for attorneys to stay for an entire meeting.
  - Notify Law Department ahead of meeting if there are no legal issues to be discussed so attorneys can prioritize their time accordingly.
City Attorney's Office
Mission Statement

The City Law Department is an in-house professional provider of legal services to best protect the interests of the taxpayer and "shall serve all departments of City government and . . . shall be the legal advisor to the Mayor, the City Council, and City officers."

See, Lincoln City Charter Art. IV §15.
