Bill No. 09-44

FACTSHEET

TITLE: ANNEXATION NO. 09002, by the Director of Planning at the request of Firethorn Golf, LLC, to annex 1.88 acres, more or less, generally located at South 84th Street and Firethorn Lane.

STAFF RECOMMENDATION: Approval.

SPONSOR: Planning Department

BOARD/COMMITTEE: Planning Commission
Public Hearing: Consent Agenda: 03/25/09
Administrative Action: 03/25/09

RECOMMENDATION: Approval (9-0: Carroll, Esseks, Francis, Larson, Partington, Cornelius, Gaylor Baird, Taylor and Sunderman voting 'yes').

FINDINGS OF FACT:

1. This is a request to annex 1.88 acres, more or less, of the Firethorn Golf Course, generally located at South 84th Street and Firethorn Lane, to construct an accessory building with water and sewer service to house maintenance equipment and related activities.
2. The staff recommendation of approval is based upon the "Analysis" as set forth on p.3, concluding that the proposed building is accessory to the golf course and will house maintenance equipment, and the planned connection to Lincoln's water and sewer systems requires annexation. This request complies with the City's annexation policy and is consistent with the Comprehensive Plan. This annexation does not require a separate annexation agreement.
3. On March 25, 2009, this application appeared on the Consent Agenda of the Planning Commission and was opened for public hearing. No one came forward to speak.
4. On March 25, 2009, the Planning Commission agreed with the staff recommendation and voted 9-0 to recommend approval.

GENERAL INFORMATION:

LEGAL DESCRIPTION: See attached.

EXISTING ZONING: AGR Agricultural Residential

SURROUNDING LAND USE AND ZONING:

North	Golf Course	AGR
South	Office & Parking, Golf Course	AGR, O-3
East	Golf Course	AGR
West	Office and Parking	O-3

COMPREHENSIVE PLAN SPECIFICATIONS:

Pg 69 - Future challenges may arise when a growing city or town needs to annex rural acreage areas, such as; acreage infrastructure systems that are not compatible with urban standards, the potential change in the lifestyle of rural acreage owners, financial implications of higher property taxes, and impact on acreage parents and children when the annexation leads to a change in school districts.

Pg 154 - The Annexation Policy of the 2030 Comprehensive Plan.

Annexation policy is a potentially powerful means for achieving many of the goals embodied in the Plan's Vision. The annexation policies of the City of Lincoln include but are not limited to the following:

-The provision of municipal services shall coincide with the jurisdictional boundaries of the City – in short, it is not the intent of the City of Lincoln to extend utility services (most notably, but not necessarily limited to, water and sanitary sewer services) beyond the corporate limits of the City.

-The extension of water and sanitary sewer services shall be predicated upon annexation of the area by the City. City annexation shall occur before any property is provided with water, sanitary sewer, or other potential City services.

-Land which is remote or otherwise removed from the limits of the City of Lincoln will not be annexed; land which is contiguous to the City and generally urban in character may be annexed; and land which is engulfed by the City should be annexed.

-Annexation generally implies the opportunity to access all City services. Voluntary annexation agreements may limit or otherwise outline the phasing, timing or installation of utility services (e.g., water, sanitary sewer), and may include specific or general plans for the private financing of improvements to the infrastructure supporting or contributing to the land uses in the annexed area.

-The character of existing residential areas should be respected as much as possible during the annexation process. When low density "acreage" areas are proposed for annexation due to the City's policy, additional steps should be taken to ease the transition as much as possible, such as public meetings, advance notice and written explanation of changes as a result of annexation. In general, many aspects of acreage life may remain unchanged, such as zoning or covenants. However, any annexation of existing residential areas will include some costs which must be the responsibility of property owners.

-Annexation to facilitate the installation of improvements and/or possible assessment districts is appropriate if it is consistent with the annexation policies of the Plan listed above. Plans for the provision of services within the areas considered for annexation shall be carefully coordinated with the Capital Improvements Program of the City and the County.

ANALYSIS:

1. This a request from Firethorn Golf, LLC for annexation of 1.88 acres of the Firethorn Golf Course.
2. The Golf Course is proposing to construct an accessory building with water and sewer service to house maintenance equipment and related activities.
3. The land proposed for annexation is adjacent to the city limit where it surrounds the Firethorn office development. Connection to city water is available via the private water main in Firethorn Lane. Sanitary sewer is available by connection to a private sewer lift station that serves the adjacent office building and flows into the city's system.
4. The City of Lincoln's annexation policy requires land being served by municipal utilities to be inside the city limit.
5. The zoning on the land will remain AGR, and will also remain part of the Firethorn community unit plan (CUP). An accessory building for the golf course is an allowed use under the CUP, and an amendment to that plan is not required.
