

Comprehensive Plan Amendment No. 11005

RESOLUTION NO. A-_____

1 WHEREAS, the Planning Director has made application to amend the 2040
 2 Lincoln-Lancaster County Comprehensive Plan by revising the credits page; Chapter 1,
 3 Vision & Plan, LPlan 2040 Elements; Chapter 12, Plan Realization, Public Sector
 4 Contributions; and Chapter 12, Plan Realization, Plan Update Process, to clearly
 5 differentiate the Comprehensive Plan document from the Long Range Transportation Plan
 6 document so that the intent of each document is more clearly understood; and

7 WHEREAS, the Lincoln City - Lancaster County Planning Commission has
 8 recommended approval thereof.

9 NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of
 10 Lincoln, Nebraska that the 2040 Lincoln-Lancaster County Comprehensive Plan be and the
 11 same is hereby amended in the following manner:

12 1. Amend the first paragraph of the Credits Page as follows:

13 LPlan 2040 is the Lincoln-Lancaster County 2040 Comprehensive Plan ~~and Long~~
 14 ~~Range Transportation Plan~~. The Plan embodies Lincoln and Lancaster County’s shared
 15 vision for the future, out to the year 2040. It outlines where, how and when the community
 16 intends to grow, how to preserve and enhance the things that make it special, and
 17 strategies for implementing the vision for how we will live, work, play and get around in the
 18 future. ~~LPlan 2040 also meets the federal transportation planning requirements for the~~
 19 ~~Lincoln Metropolitan Planning Organization (MPO).~~

20 2. Amend the last paragraph of the Credits Page as follows:

21 LPAC met from June of 2010 through June of 2011. During the same time period,
 22 broad input was sought from the community, as well as from City-County departments and
 23 numerous other agencies and organizations. The technical elements of the ~~Long Range~~

1 Transportation chapter Plan were developed with consulting assistance from LSA
2 Associates, Inc.

3 3. Amend the Transportation element in Chapter 1, Vision & Plan, Lplan
4 2040 Elements on Page 1.11 to read as follows:

5 **Transportation**

6 ~~— Serves as the Long Range Transportation Plan (LRTP) for Lincoln and Lancaster~~
7 ~~County, together with the LRTP Technical Report in Appendix A. This chapter Examines~~
8 ~~examines~~ multiple modes of travel and lays out the transportation vision to 2040 based on
9 future land uses. This chapter is related to and consistent with the Lincoln Metropolitan
10 Planning Organization’s (MPO’s) 2040 Long Range Transportation Plan, or LRTP.

11 4. Amend the last two paragraphs of the Public Sector Contributions in
12 Chapter 12 Plan Realization on Pages 12.12 and 12.13 to read as follows:

13 A companion document to the City’s CIP, called the Transportation Improvement
14 Program or TIP, is also prepared on an annual basis. This task is assigned to the Lincoln
15 Metropolitan Planning Organization, a policy making board comprised of representatives
16 from local government and transportation authorities that reviews transportation issues and
17 develops transportation plans and program for Lincoln and Lancaster County. The TIP
18 gathers together in a single document those local, State and Federal transportation capital
19 projects proposed for the next four years. These include improvements for streets and
20 highways, airports, railroad support facilities, trails, and public transit. Transportation
21 projects must have a finding of substantial conformity to the Comprehensive Plan before
22 they can be included in the TIP. The MPO’s fiscally constrained Long Range Transportation
23 Plan ~~(the Transportation chapter of LPlan 2040)~~ requires that all projects programmed must
24 fall within the limits of funding that can be reasonably expected.

25 Lancaster County prepares an annual Road and Bridge Construction Program,
26 commonly referred to as the “County 1 and 6 Program” because it includes the projects and

1 programs for the first year and a more generalized list of projects going out 6 years in the
2 future. The County 1 and 6 Program supports the projects identified on the Lancaster
3 County Future Road Improvements map, which is a part of the MPO's Long Range
4 Transportation Plan (~~"Transportation" chapter of LPlan 2040~~). This program identifies not
5 only capital improvements but also maintenance projects such as grading and graveling
6 of roads. Projects that us federal funding or are part of a regional system are included in
7 the TIP.

8 5. Amend the Plan Update Process in Chapter 12 Plan Realization on
9 Page 12.17 to read as follows:

10 The Federal highway Administration (FHWA) requires that communities maintain a
11 fiscally constrained Long Range Transportation Plan (LRTP) that is updated every 5 years
12 and embodies at least a 20-year planning horizon in order to receive federal transportation
13 funds. The Lincoln MPO's Lincoln & Lancaster County's 2040 LRTP is a companion to the
14 Transportation chapter in the 2040 Comprehensive Plan ~~can be found within this plan as~~
15 ~~the "Transportation" chapter and Technical Report in Appendix A.~~ By the year 2015, the
16 community will need to begin the process to update the LRTP, and potentially the
17 Comprehensive Plan to meet federal requirements guidelines.

18 BE IT FURTHER RESOLVED that any other references in said plan which
19 may be affected by the above-specified amendment be, and they hereby are amended to
20 conform with such specific amendment.
