190, 12-105) (ACTION DATE: 8/27/12) - David Landis, Director of Urban Development, came forward to describe these parcels of land. There is no purpose for the land at the moment, but it is in the best interest of the City that it be used as part of a larger project. Eventually, the land should be put into private, tax-paying hands. The first step is to declare it as surplus.

Lynn Johnson, Director of Parks & Recreation, came forward to state that this is a request to declare the northern parcel of land as surplus and to vacate some right-of-way. There will be a transfer of City property that has school, city, community center, who will purchase the land for the negotiated sales price of approximately $44,000.00. The Lincoln Public Schools District is transferring property that is part of the Antelope Creek channel to the City.

APPROVING AN INTERLOCAL AGREEMENT BETWEEN THE CITY OF LINCOLN AND LINCOLN PUBLIC SCHOOLS FOR THE FUNDING OF A RENOVATION PROJECT AT SHERMAN FIELD AND THE USE OF SHERMAN FIELD BY LPS - Lynn Johnson, Director of Parks & Recreation, came forward to describe this agreement between the City and Lincoln Public Schools wherein LPS will be contributing approximately $200,000.00 to the City to be used as part of the Sherman Field renovation project that is nearing completion. In exchange, LPS is essentially prepaying their use of the facility for a ten year period. They use the facility around eighty times per year for their six highschool baseball programs. American Legion Baseball also uses this field.

APPROVING AN INTERLOCAL AGREEMENT BETWEEN THE CITY OF LINCOLN AND LINCOLN PUBLIC SCHOOLS FOR DEVELOPMENT OF A PLAYGROUND, WALKWAYS AND RELATED SITE IMPROVEMENTS IN BELMONT PARK ASSOCIATED WITH BELMONT ELEMENTARY SCHOOL AND THE LINCOLN EDUCARE FACILITY - Lynn Johnson, Director of Parks & Recreation, came forward to describe this project. Earlier this year, Council approved a transfer of ownership of land to Lincoln Public Schools. The new Educare facility is being constructed and will share a parking lot with Belmont Elementary School. This agreement gives LPS the ability to construct the school playground on park property. This is a new model Parks has been working on with LPS since there are a number of locations throughout the community where there is park land adjacent to school land. It doesn’t make sense to build two separate playgrounds when we could cooperate and jointly fund and maintain a single playground. In this particular case, there is enough activity with the park, recreation center, soccer job that it makes sense and it makes do

a number of locations throughout the community where there is park land adjacent to school land. It doesn’t make sense to build two separate playgrounds when we could cooperate and jointly fund and maintain a single playground. In this particular case, there is enough activity with the park, recreation center, soccer job that it makes sense and it makes do in this instance, the proposal is for the City to authorize LPS for a twenty year period to construct and manage a playground on the site. There will not be any lease payments associated with it in recognition of the fact that the playground will be open to the public. The City will not have any management responsibilities with that portion.

(RELATED ITEMS: 12R-191, 12R-192, 12R-193) (ACTION DATE: 08/20/12) - David Landis, Director of Urban Development, came forward to present the underlying plan, the agreement for, and the CIP change that would authorize the use of TIF funds during the initiation of this three phase project involving the Gateway Senior Living Center. The plan acknowledges all three phases, but the agreement is only for Phase 1 which includes the renovation of the existing six story building and construction of a new multistory building. It will have 80 skilled nursing facility beds, 46 assisted living units, and 20 assisted living memory care units and will create approximately 80 new jobs in the skilled healthcare field as well as improve the area.
