OF N 58TH CIR FROM SALT CREEK TO ARBOR ROAD - Thomas Shafer, Design/Construction Manager, Public Works & Utilities Department, came forward to describe the project district in answer to Council questions, he stated the overall goal is to provide City services to these annexed areas. When public services are provided to businesses and property owners, they pay for those improvements.

Neal Reblin, 330 NW 19th St., came forward to state the new water main was constructed to increase water pressure for a new duplex. His household was happy with water service prior to this project and gained no benefit from its completion. It is unfair to now be responsible for approximately $4,000. The assessment amount was based on lot size, even though his house only takes up a smaller portion of the lot.

Mel Mettscher, 415 NW 19th St., came forward to state that his household did not want the water line. The developer who requested it should pay.

Mr. Shafer returned to answer Council questions. The water main was created in April of 2011 and this assessment is to settle the cost. It had three public readings, including the Public Hearing. Three residents protested at that time. The assessment amounts are based on a $40 per front foot value which is capped. Roughly $38,000 was assessed to the benefitted property owners, and Lincoln Water System is subsidizing $46,000. The properties belong to several different owners. The developer will $9,600 for the duplexes and will also pay impact fees when they hook up to the water system as well. All property owners benefit from the water main because they now have a shorter services to maintain.

PUBLIC HEARING

STREET NAME CHANGE 13006 – RENAMING A PORTION OF HILLTOP ROAD AS “NORTH HILL ROAD” LOCATED BETWEEN NORTH HILL ROAD AND FOLKWAYS BOULEVARD, GENERALLY LOCATED AT NORTH 27TH STREET AND FOLKWAYS BOULEVARD - Marvin Krout, Director of Planning Department, came forward to state that this area is being replatted for a new development. After review by staff and emergency services, it was determined that this was an item of possible confusion. The small section of road named North Hill Road was named in the 1990s and was originally intended to continue to the east to connect to 33rd Street. In 1997, Folkways Boulevard was built and has become the major collector to 33rd Street. Now this small section of roadway currently named “Hilltop Road” would make more sense as a continuation of North Hill Road. Discussion followed.

This matter was taken under advisement.

CHANGE OF ZONE 13013 – APPLICATION OF ARMSTRONG PROPERTIES FOR A CHANGE OF ZONE FROM H-2 HIGHWAY BUSINESS DISTRICT TO B-3 COMMERCIAL DISTRICT, ON PROPERTY GENERALLY LOCATED AT 366 NORTH 48TH STREET - Peter Katt, Baylor Evnen, came forward to state this is the site of the former Armstrong Furniture Store. Parking was not a problem while it was operated as a furniture store because there had been a waiver allowing for a reduction in parking requirements. In recent years, temporary fixes have been implemented, but this is not conducive to finding a long-term tenant. The B-3 Zoning District has a parking ratio requirement that will allow for the site to be fully parked and fully leased. Planning Commission gave its unanimous approval. Discussion followed.

Council Member Cook stated that at some point in the future, a different building could be constructed. In December of 2005, there was a resolution before Council to keep the curb cut open on the R Street side. That is the reason corner access is still there. If there were a high-traffic use on this site, it would be potentially be problematic to have that type of access. It needs to be on record that Council acted in 2005, and that Public Works will revisit this matter when it becomes necessary.

Mr. Katt replied that if, in the future, the property is redeveloped for a different use, access would be an issue Public Works would review at that time.

This matter was taken under advisement.

APPROVING THE NEBRASKA PUBLIC HEALTH LABORATORY AGREEMENT FOR LABORATORY SERVICES BETWEEN THE CITY OF LINCOLN, ON BEHALF OF THE LINCOLN-LANCASTER COUNTY HEALTH DEPARTMENT, AND THE BOARD OF REGENTS OF THE UNIVERSITY OF NEBRASKA, ON BEHALF OF THE UNIVERSITY OF NEBRASKA MEDICAL CENTER COLLEGE OF MEDICINE, D/B/A NEBRASKA PUBLIC HEALTH LABORATORY FOR LABORATORY TESTING SERVICES FOR A TERM OF JULY 1, 2013 THROUGH JUNE 30, 2015. - Judy Halstead, Director of Health Department, came forward to state this is a relatively small agreement with University Medical Center. This particular contract has two purposes. The first is to build an interface with City electronic medical records and the Public Health lab so values can be electronically transferred back and forth. It is also a service agreement with the Public Health Lab to do specialized testing for tuberculosis for refugees.

This matter was taken under advisement.

IDENTIFYING AND DECLARING AN AREA WITHIN THE WEST HAYMARKET/DOWNTOWN AREA AS THE WEST HAYMARKET/DOWNTOWN BUSINESS AREA; APPROVING THE MAYOR’S APPOINTMENT OF MEMBERS TO THE WEST HAYMARKET/DOWNTOWN BUSINESS IMPROVEMENT BOARD; AND DIRECTING THE BOARD TO MAKE RECOMMENDATIONS TO THE CITY COUNCIL FOR THE ESTABLISHMENT OF A PLAN FOR IMPROVEMENTS IN THE WEST HAYMARKET/DOWNTOWN BUSINESS AREA. - David Landis, Director of Urban Development, came forward to state this is the first of 3 stages in creating a business improvement district. After the appointments and boundaries are approved, the appointees develop a plan for the BID. At that 2nd stage, a resolution of intent to create the BID comes before Council and becomes the notice to the community that there will be an assessment. After the
public process, the actual creation of the district is the final step. BIDs are organized for maintenance purposes and take on the responsibilities of day-to-day activities to keep the City right-of-way clean, safe and attractive. Without the BID, the City would be responsible for all costs. Discussion followed.

Rick Peo, Chief Assistant City Attorney, came forward to state the Business Improvement District Act does not provide much specific guidance as to the actions of the board after they make their recommendations to the City Council. There is the exception that if an occupation tax is used to fund the improvements rather than special assessments, the City Council can delegate the Board to administer those funds. That could be a reason for ongoing existence of a board. The area was made broad to eliminate gaps, but smaller districts could be created within the core overlay area. The actions of the board are limited to the boundaries defined by Council.

Ed Swotek, Chair of BID Evaluation Committee, came forward on behalf of Downtown Lincoln Association’s Board of Directors to convey support for the creation of this improvement board to explore the creation of new business improvement districts. The Downtown Lincoln Association is confident the creation of this BID is a valuable tool to keep the area inviting, to promote growth, and to preserve and enhance the investments that have been made. This matter was taken under advisement.

ACCEPTING THE REPORT OF NEW AND PENDING CLAIMS AGAINST THE CITY AND APPROVING DISPOSITION OF CLAIMS SET FORTH FOR THE PERIOD OF JULY 1 - 15, 2013 - Lee Kolb, 1145 Charleston St., came forward to state that on June 24, a tree adjacent to his property fell on his vehicle. The City was notified about the damage. The tree was on the vehicle for two days before Mr. Kolb removed it himself. When the City did arrive the following Monday, they removed an adjacent tree that was deemed hazardous. The tree that fell had rotted on the inside, but it had shown no visible signs of deterioration.

Rod Confer, City Attorney, came forward to state this falls under Political Subdivision Tort Claims Act which states that in order for the City to pay claims, under State law, there must be proof of negligence on the part of the City. Although the tree was in decline, there was no prior knowledge of it. The other tree was removed to prevent future damage. This matter was taken under advisement.

RESOLUTION - FOR ACTION ONLY

SPECIAL PERMIT 13022 – APPEAL OF SCOTT A. TOOL FROM THE PLANNING COMMISSION’S CONDITIONAL APPROVAL TO DEVELOP JOSHUA’S GLEN COMMUNITY UNIT PLAN FOR 90 LOTS WITH A MAXIMUM ALLOWED DENSITY OF 156 DWELLING UNITS, TOGETHER WITH A REQUEST TO WAIVE/MODIFY THE LAND SUBDIVISION AND ZONING CODE REQUIREMENTS TO (1) ADJUST THE MINIMUM AVERAGE LOT WIDTH; (2) ADJUST MINIMUM LOT AREA; AND (3) ADJUST THE FRONT AND REAR SETBACKS, ON PROPERTY GENERALLY LOCATED AT SOUTH 56TH STREET AND SHADOW PINES DRIVE. (7/22/13 – ACTION DELAYED 1 WEEK TO 7/29/13) – PRIOR to reading:

CAMP Moved to pass the ordinance as read. Seconded by Fellers and carried by the following vote: AYES: Camp, Christensen, Cook, Emery, Eskridge, Fellers, Gaylor Baird; NAYS: None.

The ordinance, being numbered #19901, is recorded in Ordinance Book #28, Page 713.
1. This permit grants the requested adjustments to minimum average lot width, minimum lot area, and front and rear setbacks.

2. Before commencing the construction of subdivision improvements under any final plat for the development of Joshua’s Glen Addition Community Unit Plan the Permittee shall build and utilize a temporary construction road with separate access to 56th Street north of Shadow Pines Drive, with the specific location and design to be approved by Public Works and Utilities. The temporary access shall be used until the Storm Water Pollution Prevention Plan is terminated or the opening of the completed 56th Street project, whichever happens first.

3. Before receiving building permits:
   a. The Permittee shall cause to be prepared and submitted to the Planning Department a revised and reproducible final plot plan including five copies with all required revisions as listed below:
      i. Revise the total number of units shown in Note #1 and the density table to provide for up to four dwelling units on Lot 1, Block 3.
      ii. Add a general note that states, “Outlot E will initially be owned by Hollingsworth but may be deeded to the lot to the north. However, if at such time as the lot owner to the north releases the option to purchase the outlot, it will be deeded at no cost to the Joshua’s Glen homeowners association. South 57th Street and the adjacent sidewalks will be extended across Outlot E when the land to the north redevelops.”
      iii. Revise the first sentence of Note #20 to state “Corner lots shall only have one 20’ front yard setback which shall be applicable to the driveway entrance to the lot, where the other front yard setback will only be 10’.”
      iv. Show a pedestrian sidewalk connection from the end of South 59th Place to the boundary of the development.
      v. Add a general note that states “The future sidewalk connection to the future City bike trail shall be determined by the Parks and Recreation Department. Construction of the sidewalk in Outlot D is not required until such time as the City trail is built. After a review of alternatives and due to the existing floodway and steep topography, an ADA compliant location was deemed not practical.”
      vi. Delete the words “PARK AREA” in Outlot D.
      vii. Dimension the amount of right-of-way being dedicated in South 56th Street.
      viii. Show the public access easement and private roadway in Kayla Court stopping 1’ short of the south lot line.
      ix. Revise the block numbering to show the lots north of Shailee Court in a separate block.
      x. Revise the waiver table to note the front yard is reduced to 10’ for corner lots per Note #20.
      xi. Delete all building envelopes, as setbacks shall be per the approved adjustments and general notes.
      xii. Add a general note that states, “All driveways shall be paired.”
   b. Submit revised site, grading and drainage, and utility plans to the satisfaction of Public Works and Utilities.
   c. The construction plans must substantially comply with the approved plans.
   d. Final plat(s) must be approved by the City.
   e. Before occupying the dwelling units all development and construction shall substantially comply with the approved plans.
   f. All privately-owned improvements shall be permanently maintained by the Permittee or an appropriately established homeowners association approved by the City.
   g. The physical location of all setbacks and yards, buildings, parking and circulation elements, and similar matters be in substantial compliance with the location of said items as shown on the approved site plan.
   h. The terms, conditions, and requirements of this resolution shall run with the land and be binding upon the Permittee, its successors and assigns.
   i. The Permittee shall sign and return the letter of acceptance to the City Clerk. This step should be completed within 60 days following the approval of the special permit. The City Clerk shall file a copy of the resolution approving the special permit and the letter of acceptance with the Register of Deeds, filing fees thereof to be paid in advance by the Permittee. Building permits will not be issued unless the letter of acceptance has been filed.
