PUBLIC HEARING

MANAGER APPLICATION OF TRAVIS A. EHLERS FOR GMRI INC. DBA OLIVE GARDEN RESTAURANT #1432 AT 6100 O STREET, SUITE 900 - Travis A. Ehlers, Manager of Olive Garden, 6100 O St., Suite 900, came forward to take the oath and answer questions.

This matter was taken under advisement.

MANAGER APPLICATION OF LISA FRYDA FOR NEBRASKA ENTERTAINMENT INC DBA LINCOLN GRAND CINEMA AT 1101 P ST - Lisa Fryda, Manager of Lincoln Grand Cinema, 1101 P St., came forward to take the oath and answer questions.

Council Member Eskridge inquired about her experience since the approval of the initial liquor license.

Ms. Fryda shared that it has been wonderful and that its an added amenity for their guests.

Mr. Eskridge asked what is being done to help prevent underage drinking and over serving guests.

Ms. Fryda said they only allow one drink, per id, per individual at a time. If needed they will utilize Lincoln Police but as of this time, there have been no issues.

This matter was taken under advisement.

APPROVING A RESOLUTION REGARDING THE PUBLICATION OF THE REVENUES AND EXPENDITURES ASSOCIATED WITH THE CITY OF LINCOLN’S TEMPORARY ONE QUARTER (1/4) PERCENT SALES TAX INCREASE INSTITUTED ON OCTOBER 1, 2015; DIRECTING THE CITY’S FINANCE DIRECTOR TO PUBLISH ON THE CITY’S WEBSITE A MONTHLY AND RUNNING TOTAL OF THE REVENUE RECEIVED FROM THE CITY SALES TAX INCREASE; AND DIRECTING THE FINANCE DIRECTOR TO PUBLISH ON THE CITY’S WEBSITE AN ITEMIZED LIST OF THE MONTHLY AND RUNNING TOTAL OF EXPENDITURES SPENT, FOR THE PUBLIC SAFETY RADIO SYSTEM AS WELL AS THE JOINT POLICE AND FIRE AND RESCUE STATION AND THE THREE FIRE AND RESCUE STATIONS - Jeff Kirkpatrick, City Attorney, came forward and said the intent of this resolution is to have a place on the city website where the public can track the sales tax receipts as well as all the expenditures. An itemized list of monthly running total of expenditures will also be available on the website.

This matter was taken under advisement.

A RESOLUTION REGARDING THE RESPONSE BY THE CITY’S PUBLIC WORKS DEPARTMENT TO THE SANITARY SEWER BACK-UP PROBLEMS SUFFERED BY SOME LINCOLN RESIDENTS DURING TWO RECENT EXTRAORDINARY RAIN EVENTS; DIRECTING THE CITY’S PUBLIC WORKS DEPARTMENT TO TAKE A NUMBER OF STEPS TO DECREASE THE LIKELIHOOD OF SEWAGE BACK-UPS DURING FUTURE LARGE RAIN EVENTS;

A RESOLUTION TO APPROVE THE CREATION OF A TEMPORARY SANITARY SEWER DISASTER RECOVERY ASSISTANCE PROGRAM, FUNDED BY RISK MANAGEMENT, TO PROVIDE A CITY FUND FOR REIMBURSEMENT OF MITIGATION COSTS FOR LINCOLN HOMEOWNERS, RENTERS, AND SMALL BUSINESS OWNERS THAT WERE IMPACTED BY DAMAGES CAUSED BY SANITARY SEWER BACK-UP DURING TWO EXTRAORDINARY RAIN EVENTS - Donna Garden, Public Works and Utilities, came forward and said the first resolution states a series of activities that Public Works and Utilities will do or perform responding to the sanitary sewer back-ups that occurred on October 31 and May 7, 2015. She said flooded basements, faulty man holes, sump pumps, foundation drains, and broken or cracked surface and main lines can allow water to enter the sanitary sewer system. Lincoln’s system is designed to handle inflow from a 10 year rain event and exceeds the standards in the industry. The inflow and infiltration reduction program, includes televising with in-pipe video, pipeline maintenance jetting, root control, continuous monitoring of flow indications in the system to detect high levels. Ms. Garden stated this resolution states the additional activity that Public Works and Utilities will
undertake to evaluate the system: Continue use of in-pipe video, fully inspect the siphons, special emphasis will be placed at Dead Mans Run crossings that directly impact the areas that were most affected, utilize the monitoring system, evaluate piping changes. Also, at the Teresa Street Wastewater plant, they will look at other economical, practical, and environmentally sound ways to handle excess flows and reports will be submitted to the Mayor and Council Members on May 1, 2016.

Council Member Lamm requested that as part of Public Work’s evaluation, information about sump pumps and proactive programs should be available to the public.

Ms. Garden stated that they are looking at several ways, such as providing check lists, that will help the homeowners understand the systems that they own.

Council Member Raybold inquired if a permit is necessary to install a sump pump. Ms. Garden said that sump pumps should be put in by a licensed plumber and should be installed in accordance to city code.

Council Member Camp asked Ms. Garden if the city scopes both city and tap lines. Ms. Garden said the city only scopes city lines but does notify the homeowner if there is an issue with their tap line.

Greg Hacker, no address given, came forward to ask questions about the Temporary Sanitary Sewer Disaster Recovery Assistance program and expressed concerns regarding the incident.

Jeff Kirkpatrick, City Attorney, came forward to address resolution 15R-119, regarding the Disaster Recovery Assistance Program. This program can be compared to other disaster recovery programs on a national basis. The Federal government will set up temporary disaster programs for people in areas that are most significantly affected by severe weather events. This program is capped at $1 million dollars and the individual cap is $5,000.00 per storm. Once the $1 million dollars is paid out for disaster recovery relief, funds will no longer be available. Mr. Kirkpatrick states that he anticipates claims from individuals that were affected by both storms. This is proposed only for remediation.

Jim Davidsaver, Director of Lincoln Lancaster County Emergency Management, came forward to state that they filed the Incident Status Report to NEMA, Nebraska Emergency Management Agency. He explained that, from the local level, as the City/County official, he is responsible for filing the report. This status report notifies NEMA that there is potential for a disaster. Mr. Davidsaver stated they coordinated their efforts with NEMA’s Public Assistance Officer, Donnie Christensen, who was dealing with Lancaster County’s flood event along with 10 other counties in Southeastern Nebraska. In the latter part of May, FEMA had some of their teams in Lancaster County to conduct the PDA, Preliminary Damage Assessment. The county had already met its threshold for a disaster declaration which is only at $1 million dollars. The damage estimates that were turned in only covers public property and critical infrastructure is over $3.9 million dollars. Even though the conditions and thresholds are met, it does not mean that the disaster declaration will automatically be issued. Mr. Davidsaver stated that when FEMA conducted their PDA, they met with all the principles, the City’s Public Works and Utilities, Parks and Recreation, and the Lancaster County Engineer. After FEMA collects all the data, they go back to their regional office in Kansas City and do their evaluation from there. From the state level, Governor Ricketts office just issued a formal Disaster Declaration Request on June 12, 2015, this is part of the process. When FEMA did their onsite assessment in late May, they estimated it to be late July or early August on whether or not the disaster declaration will be granted. If that disaster declaration is granted, FEMA then will come back and host several different meetings, one of which is an applicant briefing. They will talk with the principles involved and tell them what is available and what is needed from the applicant to qualify for the assistance. In a large scope, this is broken down into what is public assistance and individual assistance. Mr. Davidsaver stated this is the process, but just because you ask for a disaster declaration, it doesn’t mean it will be granted, and if a disaster declaration is issued, it doesn’t mean you qualify for the public or individual assistance.

Matt Wattier, 3525 Baldwin St., came forward to state that he has not yet resubmitted his claim for October and May storms. One of his concerns is how these events would affect the market value of his home and requested clarification on what the remediation terms are.
Mr. Kirkpatrick said if this program passes, our media outlets would be a source for notification. Also, for those that submitted claims related to sewage back-up, the Public Works Department or City Attorney’s Office will mail a letter notifying them that this program is in place as well as encouraging them to apply for the disaster relief program.

Council Member Christiansen inquired about how soon applications may be submitted. Mr. Kirkpatrick shared that he hopes that they would be in a position to be able to accept applications as early as next week. Discussion followed.

This matter was taken under advisement.

MISCELLANEOUS 15001 - APPLICATION OF LINCOLN NORTH CREEK, LLC TO VACATE A PORTION OF NORTH CREEK COMMERCIAL PARK FINAL PLAT, GENERALLY LOCATED AT THE END OF WILDCAT DRIVE AND WHITEHEAD DRIVE - Marcia Kinning, REGA Engineering Group, Inc. 601 Old Cheney Rd., Suite A, came forward to answer questions.

This matter was taken under advisement.

A-89018

A RESOLUTION regarding the publication of the revenues and expenditures associated with the City of Lincoln’s temporary one quarter (1/4) percent sales tax increase instituted on October 1, 2015.

WHEREAS, on April 7th, voters in the City of Lincoln voted to increase the city sales tax by one quarter (1/4) of a percent with the revenue from that increase to be directed to pay the costs to buy and install a new City 911 public safety radio communications system, including equipment, infrastructure, replacements, and upgrades; a joint police and fire and rescue station; and three new fire and rescue stations, and

WHEREAS the City Council on May 18, 2015 passed an ordinance which amended chapter 3.16.010 of the Lincoln Municipal Code to implement the sales tax rate change approved by the voters; and

WHEREAS this is a revenue increase passed by the voters to make crucial improvements in the City’s public safety infrastructure; and

WHEREAS in the interest of improving the public’s faith in and knowledge of the City’s collection and investment of their tax dollars, it is advisable that the City’s Finance Department publish on its website a monthly report of the additional revenues received from this temporary sales tax increase and a monthly report of the expenditures made for the public safety radio system and the police/fire stations.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Lincoln, Nebraska as follows: That the City Council directs the City’s Finance Director to publish on the City’s website a monthly total of the revenue received from the temporary one quarter (1/4) percent city sales increase along with a running total of the revenue received from that source. The Finance Director is also directed to publish on the City’s website an itemized list of the monthly expenditures spent, including the vendor, amount paid, date paid, and a brief description of each item, for the public safety radio system as well as the joint police and fire and rescue station and the three fire and rescue stations along with a running total of all of the expenditures with the total for public safety radio system being maintained separately from the stations.

Motion carried by the following vote: AYES: Camp, Christensen, Eskridge, Fellers, Gaylor Baird, Lamm, Raybould; NAYS: None.

CLERK

Read the following resolution, introduced by Carl Eskridge, who moved its adoption:

A-89019

A RESOLUTION regarding the response by the City’s Public Works Department to the sanitary sewer back-up problems suffered by some Lincoln residents during two recent storms.

WHEREAS, extraordinarily heavy rain events occurred in the Lincoln metropolitan area on October 1, 2014 and May 7, 2015. The amount of water entering the City’s sanitary system in relatively short periods of time greatly exceeded the design capacity of the City’s wastewater treatment facilities, and

WHEREAS the massive amount of water in the sanitary sewer system led to homes in several neighborhoods around the City experiencing sewer back-ups, and

WHEREAS a review of the City’s sanitary sewer design reveals that the system’s excess capacity is well above the average excess capacity of comparable Midwestern cities, and

WHEREAS a review of the City’s sanitary sewer operational decisions during both the October and May storms does not support the conclusion that City staff made any operational decisions that increased the number of sewer back-ups within the City, and

WHEREAS it is a goal of the City to reduce to the greatest extent practical the number of sewer back-ups, even during times of extraordinary rain events.
NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Lincoln, Nebraska that the City Council directs the City’s Public Works Department make the following efforts to decrease the likelihood of sewage back-ups during future large rain events:

1) That the Department continue its on-going efforts to conduct periodic video inspections of all city owned sanitary sewer lines and repair in a timely manner all discovered defects that impact the integrity of the system.

2) That the Department inspect the siphons along the trunk sewer lines in central Lincoln in an attempt to discover whether surcharging may have affected the siphons’ performance.

3) That the Department gather and analyze flow data within the entire system to determine whether higher than expected localized flows can help identify inflow sources.

4) That the Department evaluate the option of routing more waterwater on a permanent basis to the Northeast Wastewater Treatment Plant as a method of reducing the pressure on the trunk sewer lines located in central Lincoln.

5) That the Department engage an industry consulting firm to model high flow events to help determine if the City has excessive inflows of storm water during rain events or whether the back-ups are primarily the result of flow issues within the collection system.

6) That the Department review and evaluate the current Inflow/Infiltration Reduction program to see if any modifications need to be made.

7) That the Department review if there are practical, economic, environmentally sound ways to handle excess flow at Theresa Street Wastewater Treatment Plant.

8) That the Department will submit a written report to the Mayor’s office and the City Council with the results of its investigations and recommendations no later than May 1, 2016.

9) That the Department review and evaluate the effectiveness and/or anticipated impact of a proactive program to encourage homeowners and businesses to correct any improperly installed sump pumps and/or collateral lines.

Introduced by Carl Eskridge
Seconded by Raybould & carried on by the following vote: AYES: Camp, Christensen, Eskridge, Fellers, Gaylor Baird, Lamm, Raybould.

A RESOLUTION TO APPROVE THE CREATION OF A TEMPORARY SANITARY SEWER DISASTER RECOVERY ASSISTANCE PROGRAM, FUNDED BY RISK MANAGEMENT, TO PROVIDE A CITY FUND FOR REIMBURSEMENT OF MITIGATION COSTS FOR LINCOLN HOMEOWNERS, RENTERS, AND SMALL BUSINESS OWNERS THAT WERE IMPACTED BY DAMAGES CAUSED BY SANITARY SEWER BACK-UP DURING TWO EXTRAORDINARY RAIN EVENTS - PRIOR to reading:

LAMM Moved to Amend Bill 15R-119, Attachment A, Fund Administration paragraph to insert after “agency” the following: “, or another non-profit agency,”.

CLERK Read the following resolution, introduced by Carl Eskridge, who moved its adoption:
A-69020 A RESOLUTION regarding the establishment of a Temporary Sanitary Sewer Disaster Recovery Assistance Program
WHEREAS, the City of Lincoln experienced an extraordinary storm event on October 1, 2014 which exceeded the capacity of the City’s wastewater treatment facilities and resulted in an unusual back-up of sanitary sewage affecting a number of the City’s residents, and
WHEREAS, heavy rains affected the Lincoln metropolitan area on May 6th and 7th of 2015. The storm caused flooding and sanitary sewer back-ups throughout the City of Lincoln, Nebraska, and
WHEREAS, both the October and May storms were extraordinary storm events and resulted in overwhelming the capacity of the City’s wastewater treatment facilities, and
WHEREAS, a number of citizens have been significantly affected by sanitary sewer back-ups associated with such storms, and
WHEREAS, after a thorough investigation, the City’s Law Department has recommended that the City Council deny liability for all claims against the City based upon sewer back-ups suffered during the October storm, and
WHEREAS, the City desires to aid in preventing future public health problems associated with exposure to sanitary sewage.
NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Lincoln, Nebraska as follows:

That the Temporary Sanitary Sewer Disaster Recovery Assistance Program, as outlined in the Attachment, to provide assistance to homeowners, renters, and businesses for selected remediation expenses including services and supplies which are used to remove, clean, and disinfect materials, furnishings, and structures that have come in contact with sanitary sewage is hereby approved.

WHEREAS, the real property adjacent to the area included within the site plan for this amendment to the use permit will not be adversely affected; and

WHEREAS, said site plan together with the terms and conditions hereinafter set forth are consistent with the intent and purpose of Title 27 of the Lincoln Municipal Code to promote the public health, safety, and general welfare.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Lincoln, Nebraska:

1. This permit removes the land use table, maximum floor area tables, and land area calculations from the site plan and approves the waiver to eliminate the specific use regulation as defined in Section 27.51.030(c)(1) of the LMC. It removes the land use table, maximum floor area tables, and land area calculations and approves the waiver to eliminate the specific use regulation as defined in Section 27.51.030(c)(1) of the LMC.

2. Before receiving building permits or a new final plat is approved:
   a. The Permittee shall submit to the Planning Department a revised and reproducible final plot plan including 5 copies showing the following revisions:
      I. Add "internal setbacks are zero" at the end of note #20.
      ii. Remove all extraneous notes including notes 2, 4, 6, 7, 8, 12, 14, 17, 18, 19, 22, 24, 30, 33, 34, 37, and 41.
   b. City Council approves Text Amendment #15006.

3. Before occupying the buildings, all development and construction shall substantially comply with the approved plans.

4. All privately-owned improvements, including landscaping, are to be permanently maintained by the Permittee or an appropriately established association approved by the City.

5. The site plan accompanying this permit shall be the basis for all interpretations of setbacks, yards, locations of buildings, location of parking and circulation elements, and similar matters.

6. The terms, conditions, and requirements of this resolution shall run with the land and be binding upon the Permittee, its successors, and assigns.

7. The Permittee shall sign and return the letter of acceptance to the City Clerk. This step should be completed within 60 days following the approval of the use permit. The City Clerk shall file a copy of the resolution approving the usepermit and the letter of acceptance with the Register of Deeds, filing fees therefor to be paid in advance by the Permittee. Building permits will not be issued unless the letter of acceptance has been filed.

8. The site plan as approved with this resolution voids and supersedes all previously approved site plans; however, the terms and conditions of all resolutions approving previous permits shall remain in force and effect except as specifically amended by this resolution.
