Discussion followed.

Allan Sackett, 1947 N. 29th St., came forward and stated the City’s responsibility in monitoring the sewer lines. He felt the City violated his home and his family and everyone in his neighborhood had sewage in their basement. Those who had filed claims have received denial letters. Discussion followed.
Carlos Garcia, 4111 Cleveland Ave, came forward and stated his frustration with the sewer infrastructure and the City’s lack of maintenance. He said he had filed a claim which was denied and has not received any letter regarding a recovery program. Discussion followed.

Rick Peo, Assistant City Attorney, came forward and stated that today the Law Department mailed out letters to those who filed formal claims as well as to those who had contact with the Public Works Department. The letter outlines the assistance program and guidelines.

Andrew Ross, 6830 Marcus Rd., came forward regarding his property at 4345 Judson. He said he immediately cleaned up from the first event in October and filed a claim. The second event was significantly worse for him. His tenant lost everything and their claim would be filed under the last name of Hill. He asked for his material back that was sent to the City Attorney with his first claim and has not yet filed a claim regarding the 2nd event yet. He finds it a little odd that recovery is only for clean up and not for anything that was rebuilt. Discussion followed.

Donna Garden, Public Works Dept., came forward and gave an overview of what Public Works is reviewing as far as improving the system. She said the process could take 6 months.

Mr. Peo stated the recovery claim process covers each storm and there is a $5,000 dollar maximum available and it is a first come first service basis. He encouraged the public to get their forms in promptly and offered the contact name of Marcee Brownlee in the City Attorney’s office. Discussion followed.

Marvin Griggs, 4517 Baldwin Ave #2, came forward and said he lost everything and his claim from the October storm was denied. He cannot live in his current residence as it has been condemned and was in the process of submitting a claim for the May storm. Mr. Griggs was encouraged to apply for the recovery relief program.

Sean Pospisil, 4415 Judson, came forward with questions regarding what to charge for the work he did cleaning his home as he did it himself. Discussion followed.

Council Member Christensen stated that Neighborworks will be administering this disaster relief program and they can be contacted for questions and help in filling out forms.

Richard Avila, 4420 Judson St., came forward and stated he was affected by both storms and wasn’t sure if he would be wasting his time turning in another claim. He felt there has been no communication, and that the City does not care and does not believe there is a recovery claim letter.

Council Chair Fellers encouraged Mr. Avila and the public to contact the City Law Dept. and Neighborworks for assistance with the disaster relief program application. He said he that they still have questions, they can also contact City Council Members.

Brian Michel, 6441 X St., came forward regarding his property at 3811 St. Paul. He wanted to thank Cathy Danek for the neighborhood meeting she organized as well as the Council Members who attended. He wanted to verify that there would be a recovery letter and application sent out which he thought should have been made available at the Council meeting. Discussion followed.

Habib Rubeiz, 6655 N. 148th St., came forward regarding his property at 1912 N 29th St. During the sewage back up, his tenant lost electricity in the basement as well as the major appliances. He questioned if there would be any type of tax relief on finished basements.

Council Member Eskridge said Mr. Rubeiz could certainly make an appeal as to the value of his property through the County Assessor’s website.

Sherry Iromuanya, 1925 N. 29th St., came forward and questioned if a FEMA claim was separate from the disaster recovery relief. Council Chair Fellers responded that it was a separate program and that FEMA funds were not available for this type of event. Ms. Iromuanya was also told that applying for FEMA would not conflict with the City’s recovery relief program.

Susan Dorner, 4914 Martin St., came forward again and said that if you had flood insurance the disaster recovery will not cover it, so don’t waste your time filing out a claim.

Donna Garden, Public Works Dept., came forward and stated that she does not agree with the two denial letters she received. She said she does not believe that reimbursement from the recovery relief program will happen.

Stephanie Sullivan, 4420 Judson St., came forward and made reference to the letter she received from the City. She expressed her fear and panic any time there was a heavy rain. She was concerned regarding the lack of response she received when she called into a City office and is still waiting for further information. Discussion followed.

Miki Esposito, Public Works Director, came forward and said 130 letters were sent out to those who had their claims denied and letters will be sent to those who had called into Public Works and left their names. Discussion followed.

This matter was taken under advisement.

APPROVING THE FISCAL YEAR 2015 ANNUAL ACTION PLAN: ONE YEAR USE OF FUNDS FOR HUD ENTITLEMENT PROGRAMS USING COMMUNITY DEVELOPMENT BLOCK GRANTS (CDBG), HOME, AND EMERGENCY SOLUTIONS GRANTS (ESG) FUNDS - David Landis, Urban Development Director, came forward and stated HUD expects an annual update of the plan. The plan has to have approval from Council before being submitted to HUD. The total amount of money available is 2.6 million dollars to be spent on emergency housing repairs, rehabilitation, first-time home buyer programs,
down payment assistance, community development, the American Jobs Center and out to agencies working in the homelessness field. The money received has been going down slightly each year, but part of the City’s obligation is to provide HUD with a plan. This matter was taken under advisement.

SPECIAL PERMIT 15032 - APPLICATION OF ST. TERESA CHURCH TO CONSTRUCT A PARKING LOT IN A RESIDENTIAL DISTRICT WITH A REDUCTION OF THE FRONT AND SIDE YARD SETBACKS, ON PROPERTY GENERALLY LOCATED AT 710 SOUTH 36TH STREET - Justin Johnson, 3600 J St., came forward and stated that the church acquired a house to the south of the school and the house will be moved to a different location. The extra property will be used for a parking lot and an expansion of the playground for the school.

This matter was taken under advisement.

SPECIAL PERMIT 15025 - APPLICATION OF GOOD SHEPHERD LUTHERAN CHURCH TO CONSTRUCT A 100-FOOT BROADCAST TOWER AT GOOD SHEPHERD LUTHERAN CHURCH, ON PROPERTY GENERALLY LOCATED AT 3825 WILDBRIAR LANE. (MTA #1) - Nik Sandman, 4501 Hallcliffe Rd, representing the radio station that will be using the tower, came forward and stated the Planning Commission has given their approval, but there has been an appeal made by the neighborhood association. He has spoken to Campbell’s Nursery in regards to a plan providing landscape screening. He gave a copy of the plan to the neighborhood association but has not heard back from them yet.

Steve Henrichsen, Planning Dept., came forward and stated the appeal included a change in the actual location. He said if there is an additional landscaping plan which is acceptable to neighbors, it would need to be added as a condition by the City Council that the site plan shown be revised. Discussion followed.

Kathy Siefken, 5631 Coyote Cir, Vice President of the Briarhurst West Neighborhood Association, came forward and stated they have been meeting with Nik Sandman. They are not opposed to the tower, but the location of the tower. They are asking for the placement of 3 to 5 Blue Spruce trees, 10ft to 5ft., and a small line of trees to be put in this fall or next spring. The current proposal is not what the neighbors had asked for so a deal has not been negotiated. They are asking that the Special Permit be denied. Discussion followed.

Rick Peo, Assistant City Attorney, said one option would be to continue to the public hearing and allow the parties to get together and come up with a mutual solution to present. Another option would be that Council could impose conditions of approval. He reminded Council that the City does not have a voice in private covenants, and the permit for a broadcast tower has to be in the name of the church as the permittee.

Bob Van Valkenburg, 7921 Reno Rd., came forward and said his intention was to try and help this project go. He said his pastor was probably one of the very best speakers and pastors in the United States and felt the issues that need to be addressed need to be in writing. He stated there is a separate non-profit corporation which is formed by Mr. Sandman which is not Good Shepherd Lutheran Church, and we have Good Shepherd Church which was formed in 1977 and has certain requirements when people sign off or okay projects like this. He said he spoke to the owners regarding this project, and are looking at about $50,000 dollars. He questioned if the tower was needed at all and said in last Sunday’s church bulletin it talked about being on Live 365. 365 is a private profit making corporation that allows people to build their own radio stations, and those transmissions can be reached all over the world. He said he spoke to a professor of broadcast journalism and asked their opinion about this station, he was told the way their church should go is to do it online. Good Shepherd already has a website and Mr. Van Valkenburg highly recommended it. He said the question was how, when and who do you offend and who do you make mad and can you afford it. He stated his church is approximately 3 million dollars in debt and questioned the logic and reason of this and said these people all have a good purpose in mind, but can we afford it, do we need it and what needs to be done to make sure everything is done right. Discussion followed. Mr. Van Valkenburg asked if Council had his memorandum that he requested to have someone make it a condition by the City Council that the site plan be revised. Discussion followed.

Curtis Christensen, 7812 Dugan Dr., came forward and clarified that he is a church member and on the radio board. He gave an overview of the landscape screening, what cost would be associated with it and the procedure followed as who had authorization to sign as permittee. He said the church council voters assembly approved this project in January or June of 2014, with the condition that support of the radio station not be put on the church budget.

Council Member Christensen moved to continue the Public Hearing until July 20, 2015. Seconded by Lamm and carried by the following vote; AYES: Camp, Christensen, Eskridge, Fellers, Lamm, Raybould; NAYS: None; ABSENT: Gaylor Baird.

They have had various analysis done for this project, neighborhood meetings and have conducted at least 3 focus groups. The plan is to have 102 independent living units, 48 total assisted living units, 16 which would be memory care and 24 nursing units which include long term care and skilled rehab.

Kent Seacrest, 1111 Lincoln Mall #350, came forward and stated this has been a challenging site due to a gas line in the south right-of-way of Yankee Hill Road. The Health Dept. has recommended a set back of 221 ft. to ensure that no rooms would be in that area. He said by working closely with Public Works and the Planning Dept., they have been able to work out their differences. Discussion followed.

This matter was taken under advisement.

They have agreed to all of the conditions the Planning staff has set forth.

Council Member Raybould questioned the trail that runs through the property line. Brad Marshall, 601 P St, #200, Olsson & Associates, came forward and said the trail was part of the previously approved plan with Wilderness Hills and there is a natural drainage way that cuts through. They have put in a couple of out lots to maintain that area. It will extend from Yankee Hill where the trail system comes up from the north side of Pine Lake Heights and will go underneath Yankee Hill Rd. and will follow the trail down to the south roadway.
