He wanted to give “Kudos” to the Council for their quick work in turning around the audit, and to the Public Works Dept. for their willingness to open their books in proving they are doing things the right way. He said the Chamber appreciates the efforts being made in this resolution to be good stewards of the roads dollars.

Miki Esposito, Public Works Director, came forward and said this is a great opportunity to talk about streets and how they deliver products. The audits they go through validates their processes and it would be good if the Audit Committee could be mindful of the experts selected to view the process. Ms. Esposito said the CIP process is complex and they are getting ready to have a greater website presence.

AMENDING THE 2014-2016 CITY OF LINCOLN BIENNIAL OPERATING BUDGET FOR THE 2015-2016 FISCAL YEAR - Steve Hubka, Finance Director, came forward to provide an overview of what they have been doing. They are at the mid-point of the 2014-16 biennial budget and they are ready to start the next fiscal year September 1st. This resolution is not a new budget, it is an ending of the existing 2015-16 budget. They are shifting funds to where they are needed, looking at reappropriations, transfers and
expending authorities that would expire if they didn’t reappropriate. One of the main things being done is implementing final valuations into the budget which in 2014 were not available for the 2015-16 year. They are also adopting budgets for a couple of entities that do not do a biennial budget which would be Community Health Endowment and the Pinnacle Bank Arena. We are adding funding for fire trucks, a roof for the Municipal Services Center, bus purchases for StarTran with funds from the University. He said they did publish the budget for 2015-2016 from last year and the property tax rate is the same as it was a year ago and filed the information for the 2015-2016 budget last August which has been available for anyone to review. Mr. Hubka said the City revenues are sufficient to meet the budget for 2015-2016. Discussion followed.

Council Member Camp inquired about other sources of income. Mr. Hubka listed Parks and Recreation fees, interest income, occupation taxes, return on equity from LES. He said there are not a lot of other sources of revenue other than sales tax and the occasional increase in property tax from the re-evaluations that keep up with the rate of inflation. Discussion followed.

Mr. Hubka said what is recommended for next year is $9.6 million and currently in the budget is $7 million. Discussion followed.

Kyle Fisher, 1128 Lincoln Mall, came forward representing the Lincoln Chamber of Commerce, and wanted to highlight the importance of two items in the budget, the air show promotional expense and the roller skating promotional expense. He said both of those investments produced a return of over $10 million dollars of economic impact to our community, and for Council to keep in mind they need that true public partnership to be fully funded. Discussion followed.

Jeff Maul, Executive Director of the Convention of the Visitors Bureau, came forward and gave his view that this contribution from the City is an essential part of that investment.

Coby Mach, LIBA, 620 N 48th St., came forward and said if Council is open minded to spending the additional dollars and spending more tax dollars, also be open minded to perhaps making some property tax relief available to the community as well.

Jane Kinsey, Watchdogs of Lincoln Government, came forward and said the property tax proposal needs to be lowered even more. She questioned the fire truck addition that is requested even though the number of fires are down and the medical calls are up. Ms. Kinsey said citizens deserve a break by cutting questionable items in the budget. Discussion followed.

Tom Casady, Public Safety Director, came forward and gave an overview on the need for the additional fire trucks, especially before the City grows another 20 miles. He said it is important to have the right kind of apparatus when responding to a fire and they need to be distributed around the City in a way that can cover the City geography in a reasonable time period. Mr. Casady said they were up 9.5% in medical emergencies this year compared to the same period last year, they are wearing out their fire apparatus because they are driving so much more compared to the past. They have sent a little over $416,000.00 last year to repair fire apparatus and its been going up steadily every year for the past 6 years. The vehicles are aging and half of their fleet is over 15 years old. Discussion followed.

Council Chair Fellers said we have six pieces of equipment approaching 20 years of life and they are becoming unserviceable which is really the reason for putting this in the budget.

Council Member Lamm had a question regarding the CIP. Jeff Kirkpatrick, City Attorney, came forward and said the reason why the Ordinance, CIP and budget Resolution were introduced the way the were so they could be voted on at the same time, as these funds do interact. Discussion followed.

This matter was taken under advisement.

Mr. Coyle did say that the Church’s tax exempt status is not affected by the lease with this tower. Chad Riker, the RF Manager for Verizon Wireless, 1620 M St., came forward and said a stealth application does limit technology and you’re not able to mount any electronics on the tower.

This matter was taken under advisement.

PLAN CONFORMANCE 15008 - DECLARING SEVEN VACANT PARCELS OF LAND GENERALLY LOCATED AT NORTH 15TH STREET AND CLAREMONT STREET AS SURPLUS PROPERTY - Dallas McGee, Urban Development Assistant Director, came forward and stated these parcels are all vacant and once the Antelope Valley Parkway was built it was determined that these parcels no longer needed to be used by the City. Because of their location and size, the parcels are challenging, however, they have had interest in one of the parcels. Discussion followed.

Mike Morosin, 1500 N. 15th, came forward and gave some history on the houses once located on these parcels.

This matter was taken under advisement.

A lot of the property will remain undeveloped because of the historic nature of the property. Discussion followed.

Kent Seacrest, 1111 Lincoln Mall #200, came forward representing the Seniors Foundation and America First. He said there has been extensive public outreach and dialogue, three town hall meetings, phone calls working with neighbors and an extensive redesign and relocation of this project. All the conditions have been reached between the developers, city staff and the Planning Commission.

Mike Morosin, 1500 N. 15th St., came forward with his concerns about the inconvenience of those coming downtown on the bus with the possibility of moving the Aging Center to the 70th St. location which could present a hardship. Discussion followed.

Jane Kinsey, Watchdogs of Lincoln Government, came forward and asked if the Federal Government has signed over this property to the City.

Council Member Camp responded that they are leasing the property for 75 years to this development team.

Duncan Fallon, Site Manager for the Veterans Affairs Clinic for Lincoln, 600 S. 70th St., came forward to emphasize that the property is being leased, the V.A. is not selling it and they will always own the property.
