Chris Schroeder, Environmental Health, stated that they met with Black Hills Energy and were informed that the pipeline in this area is not operating at maximum pressure and they have no plans to make any changes any time soon.

APPROVING A BROADBAND FRANCHISE AGREEMENT FOR A 25 YEAR TERM BETWEEN THE CITY OF LINCOLN AND ALLO COMMUNICATIONS, LLC TO PROVIDE BROADBAND SERVICES AND PRODUCTS TO THE CITIZENS OF LINCOLN. (RELATED ITEMS: 15-138, 15-139, 15-140, 15-141);

APPROVING A CONDUIT LEASE AGREEMENT FOR A TWENTY FIVE YEAR TERM BETWEEN THE CITY OF LINCOLN AND ALLO COMMUNICATIONS, LLC TO OCCUPY SPACE IN THE CITY’S LINCOLN TECHNOLOGY IMPROVEMENT DISTRICT CONDUIT SYSTEM. (RELATED ITEMS: 15-138, 15-139, 15-140, 15-141);

AMENDING TITLE 5 OF THE LINCOLN MUNICIPAL CODE RELATING TO LICENSES AND REGULATIONS TO CREATE A NEW CHAPTER 5.12 ENTITLED “RESIDENTIAL BROADBAND” TO COORDINATE THE REGULATIONS WITH THE NEWLY NEGOTIATED BROADBAND FRANCHISE. (RELATED ITEMS: 15-138, 15-139, 15-140, 15-141) - Steve Huggenberger, City Law Department, came forward and stated that this is a franchise that is identical to the franchise agreement with Windstream that was approved by City Council late last year with three exceptions:

1. That construction is expected to be complete within four years with service to all residents.
2. Complaint reporting will be on all complaints not just written complaints.
3. The grantees shall not require residential contract for service.

David Young, Public Works, came forward to talk about the conduit lease agreement and broadband franchise. The lease agreement is the same as the others with three differences in the conduit agreement:

1. This is a 25 year lease agreement.
2. The fee paid will be a $3.00 dollar fee per subscriber per month.
3. The requirement for a broadband franchise has been included.

This service will be available for businesses and residents. Allo has agreed to lease the last space in the system and we have asked for the broadband franchise in return.

Cyndi Lamm, Council Member, asked who would be responsible for the cost of the conduit work.

Mr. Young stated that the replacement of electronics to run the fiber optics will be the responsibility of Allo. The conduit belongs to the City and is the City’s responsibility.

Carl Eskridge, Council Member, asked about working with LES on this project and the security of the LES systems.

Mr. Young stated that the security LES is concerned with is in the fiber leasing and making sure that cyber attacks can not attack their substation. So, basically, the way we would ensure LES security is Allo will access information onsite at LES and dark fiber is what we are leasing not lit fiber.

Leirion Gaylor Baird, Council Member, asked what the public’s responsibility would be for this project to succeed.

Mr. Young stated the public will invest roughly $550,000.00 dollars a year for the first 4 years. That cost is for 4 positions, two inspectors, and two locators. At the end of the 4 years, the two inspector positions will be absorbed into Public Works through retirements, and the two locators will continue on. All of these positions would be paid for by the enterprise funds that we are setting up, which will be the funds from the existing conduit leases and this conduit lease.

Brad Moline, 610 Broadway Street, Imperial, President Allo Communications, came forward to answer questions.

Ms. Gaylor Baird questioned the 4 year time frame.

Mr. Moline stated that multiple crews will be brought in to meet this time line and will be fast moving.
Wendy Birdsall, 1128 Lincoln Mall, Suite 100, President Lincoln Chamber of Commerce, came forward in favor & wanted to thank everyone stating that this is a big game changer for Lincoln. Ms. Birdsall stated that results from a survey came back and showed that Lincoln is very hungry for technology and participants of the survey wanted to see Lincoln as a 21st Century City.

Scott Rutz, 151 N 8th Street, Suite 300, Sales and Marketing Chief for Travefy, came forward in favor and stated that this is huge for his company. He stated that currently at times they are unable to get the connectivity that they need to meet with staff or transfer documents. He feels this will be an asset for their company and Lincoln.

Bradley Walker, 1800 High Street, came forward in favor of this franchise agreement. He stated in 2003 he came before City Council in approval of a similar project digital fiber, it was not adopted, think of how far we would be now had Lincoln approved this 12 years ago. The time is now for Lincoln to increase technology. This is a world class deal for Lincoln.

Mr. Huggenberger came forward and stated that they are proposing creating Chapter 5.12 for the newly negotiated broadband franchise. This will put in place regulatory framework franchising broadband services. This will ensure that broadband franchise being required for every entity that meets two requirements:

1. Companies will be required to use the City’s conduit system.
2. They need to be providing broadband service to the residential population of the city.

This is similar to what was put in place for cable tv.

Mr. Camp asked about the conduit being full.

Mr. Huggenberger stated that the current conduit is full in some places, and currently there are no other users of the conduit system that are providing residential services.

Ms. Gaylor Baird asked how this agreement is different and how it will benefit Lincoln.

Mr. Young came forward and stated that this is something that would normally be a 30 year plan for Lincoln, and with this agreement it will be done in 4 years and will save the City money. Discussion followed.

This matter was taken under advisement.

AMENDING CHAPTER 2.06 OF THE LINCOLN MUNICIPAL CODE RELATING TO THE MAYOR’S AUTHORITY TO EXECUTE CONTRACTS BY ADDING A NEW SECTION NUMBERED 2.06.120 REQUIRING COUNCIL APPROVAL OF NON-BID CONTRACTS ABOVE $50,000.00. (11/16/15 - DELAY ACTION W/ PUBLIC HEARING 3 WEEKS TO 12/07/15) - Jackie McCullough, 1301 S. 14th Street, American Council of Engineering Companies, came forward to discuss some concerns they still have. Ms. McCullough stated that changing the thresholds for procurement methods, would require a written proposal, and drop from $100,000.00 to $50,000.00. These changes would increase the cost of doing business with the City of Lincoln, which some of the smaller businesses would not be able to afford to compete with some larger companies. Ms. McCullough expressed concerns with the change requiring City Council needing to approve proposals in addition to the Mayor’s approval. There were also concerns with the requirement to designate whether you were a veteran, minority, female that is currently not in the EO’s process.

Pam Dingmann, 1021 D Street, Owner Engineering Design Consultants, came forward with concerns and stated that her small company was excluded from many City projects. She also feels that disclosing ownership creates Affirmative Action issues. She feels that this should not be used in any way to exclude anyone. She feels that the City needs to embrace diversity in all areas of contracting.

Jon Camp, Council Member, asked Ms. Dingmann if she had any additional suggestions he would be glad to hear them. Discussion followed.

This matter was taken under advisement.
