PUBLIC HEARING

APPLICATION OF DH ENTERPRISES, LLC DBA THE DONUT HOLE FOR A CLASS I LIQUOR LICENSES AT 350 CANOPY STREET, UNIT;
APPLICATION OF DH ENTERPRISES, LLC DBA THE DONUT HOLE FOR A CLASS E LIQUOR LICENSES AT 350 CANOPY STREET, UNIT;
MANAGER APPLICATION OF BRANDON J. AKERT FOR DH ENTERPRISES, LLC DBA THE DONUT HOLE AT 350 CANOPY STREET, UNIT 103 - Jeff Galyen, Attorney, 100 N. 13th St., Suite 100, Norfolk, came forward representing DH Enterprises LLC, to take the oath and answer questions. Mr. Galyen stated that Breezy Island currently has a liquor license covering the entire indoor public market area, and Nebraska Law states to have a liquor license you must own or lease the space to be licensed. The current license that Breezy Island has is not in compliance with Nebraska Law since they do not own or lease this public area. Mr. Galyen stated that they are asking that Breezy Islands liquor license for the public market area be deleted, and that it goes back to the correct square footage of 500 feet. Donut Hole also feels that the Entertainment District should bridge the gap with the liquor license for the inside public market area.

Jon Camp, Council Member, inquired about the Entertainment District Regulations.

Tonya Peters, Assistant City Attorney, stated that the Entertainment District area is the outside area, not the inside area. Part of the problem is that Donut Hole can’t sell into an area that another business has a liquor license. The indoor public market area is licensed by Breezy Island, because they hold the liquor license for the inside public market area they are the only ones that may sell liquor in this area. It could be worked out so that Donut Hole could sell into the outside area, but not the inside public market area. Breezy Island has control over whose liquor comes into the public market area also. Indoor liquor licenses can’t overlap like an outdoor license can. Discussion followed.

Leirion Gaylor Baird, Council Member, asked what would need to be done to solve this issue to prevent this from happening again.

Ms. Peters stated that there is no legal provision that would allow both places to sell into the same inside area, the State Statutes would need to be changed for both to be able to sell inside.

Roy Christensen, Council Member, stated that he feels that this needs more work before it comes before City Council.

Trent Fellers, Council Chair, stated it seems like the landlord wanted someone to be in charge of the space inside, and that would be a reason that one person to be in charge of this common area. Mr. Fellers asked if it would be possible for them to have a license and not sell into the commons area sell through the window only.

Ms. Peters said yes, but that they believe that there would need to be some type of physical barrier that prevents both businesses from selling into the same inside area.

Mr. Galyen stated according to the State Statue you are required to own or lease the space that is being licensed and Breezy Island doesn’t own or lease this area. Mr. Galyen feels the State Statute defines common area broadly enough it could work for both businesses. Discussion followed.

This matter was taken under advisement.

APPROVING A CONTRACT BETWEEN THE CITY OF LINCOLN AND BEEHIVE INDUSTRIES, LLC FOR ENTERPRISE WIDE ASSET MANAGEMENT SOLUTION, PURSUANT TO BID NO. 15-189, FOR A FOUR TERM WITH THE OPTION TO RENEW FOR TWO ADDITIONAL FOUR YEAR TERMS:

APPROVING THE TRANSFER OF FUNDS FROM APPROVED APPROPRIATIONS INTO A NEW PROJECT FOR A COMPREHENSIVE PWU ASSET MANAGEMENT PROGRAM - Donna Garden, Public Works Asst. Director, came forward and stated that this will affect both Public Works and Parks and Rec. saving $1.8 Million dollars over 4 years.

David Young, Public Works, came forward and stated the City would need to purchase 18 new smart phones and 8 new tablets. This new software will run on all of our existing phones, tablets, and computers.

Jon Camp, Council Member, asked about the programs the funds will be taken out of. Ms. Garden stated some of the funds will be coming from existing programs that have software associated with them. This is only for this year and it has been split between all the divisions equally.

Carl Eskridge, Council Member, asked how we are currently tracking all of this information. Ms. Garden stated this information is currently being kept on spreadsheets in each of the divisions in different programs. The new system will save time for the inspectors and staff that currently enter information in by hand. This will save time and money in tracking items with realtime information, knowing when too much time and money has been spent on an item and when the item just needs to be replaced.

Leirion Gaylor Baird, Council Member, inquired about benefits the public will see or feel as a result of this transition.

Mr. Young stated what we are moving towards is an open data model. Currently, each of these five systems uses a different database back end. The new system will have one database back end. This allows us to create a front end that will allow the public to have access to the same information and they will be able to interact in this system. The goal is to tie all of our systems together with this project.

Ms. Gaylor Baird asked about mobile emergency alerts and for having push notifications for staff and the public. Is this a benefit that is planned or just a possibility that is outlined in the contract? Mr. Young said that it is part of the 311 system, this is something that we need to have more discussions on with ISPC.

Trent Fellers, Council Chair, asked if there would be extra cost with the City downloading this system on our server.

Mr. Young stated that we are purchasing this software as a service contract. We have asked for, and BeeHive is providing us, with an additional layer of comfort by placing a node on our network. This means if our outside internet connection with the server is cut, the internal network system will continue to work and connect to the server. When the outside internet connection is restored the systems will resync.

Mr. Fellers asked about the cost savings.

Mr. Young stated that over the next 18 months they will be working on getting all five systems transferred over to the new system. When the current contract expires, the City will not renew. By doing this all at one time we will be spending less money with this system, than we did with the other systems. Discussion followed.

This matter was taken under advisement.

IDENTIFYING AND DECLARING AN AREA WITHIN DOWNTOWN LINCOLN AS THE DOWNTOWN LINCOLN BUSINESS AREA AND APPOINTING THE MEMBERS OF THE DOWNTOWN LINCOLN BUSINESS IMPROVEMENT BOARD - David Landis, Urban Development Director, came forward and stated there are four Downtown Business Improvement Districts, but there is only a logic for two. State law has changed since the four districts were created so we are looking to simplify the districts. Discussion followed.

This matter was taken under advisement.

APPROVING AN AMENDMENT TO THE VICTORY PARK - VA CAMPUS REDEVELOPMENT AGREEMENT TO EXTEND THREE CONTINGENCY DEADLINES FROM JANUARY 1, 2016 TO AUGUST 31, 2016 - David Landis, Urban Development Director, came forward and stated there are four Downtown Business Improvement Districts, but there is only a logic for two. State law has changed since the four districts were created so we are looking to simplify the districts. Discussion followed.

This matter was taken under advisement.

BOARD - David Landis, Urban Development Director, came forward and stated this area does not have a business district, and with the improvements made last year maintenance will be needed. The West O Business District always understood this, and said they would self assess themselves for the costs in the form of a Business Improvement District.

Roy Christensen, Council Member, inquired how the appointees were selected.

Mr. Landis stated they are all members of the West O Business Association, and all currently have a business in the West O area. Discussion followed.

This matter was taken under advisement.

WAIVER 15018 - APPEAL OF DENNIS SLAMA FROM THE PLANNING COMMISSION DENIAL OF HIS REQUEST TO WAIVE THE REQUIREMENT OF § 26.23.095 OF THE LAND SUBDIVISION ORDINANCE TO INSTALL A SIDEWALK ADJACENT TO A RESIDENTIAL LOT ON LOT 1, BLOCK 1, WILDERNESS ESTATES 3RD ADDITION, FINAL PLAT #15087, GENERALLY LOCATED AT 731 GLENRIDGE ROAD - Dennis Slama, 731 Glenridge Rd., stated that the reason for this request is that he is wanting to divide his property into two portions to sell part of his property. Mr. Slama stated this area was approved for development in 1997. At that time, the developer was to put in the sidewalk, but, prior to that happening, the developer filed for bankruptcy. Mr. Slama stated that putting a sidewalk in only became an issue when they decided to divide their property to build a new house and sell the other house. Mr. Slama stated he feels he should not be responsible for something the contractor did not do.

Leirion Gaylor Baird, Council Member, inquired why the Planning Commission recommended a denial.

Steve Henrichsen, Planning Department, came forward and stated as a part of the residential building process everyone is required to put sidewalk in if there is none when taking out a building permit. This is also an ADA requirement.

Roy Christensen, Council Member, asked if Mr. Slama was correct in stating that the developer was to put the sidewalk in, and if City failed to exercise the bond to make sure it was done. Mr. Henrichsen, stated that is correct.

Jon Camp, Council Member, asked about granting the waiver.

Mr. Henrichsen said no, he did not feel this should be waived and this property is the only property in this area without a sidewalk. Discussion followed.

Ms. Gaylor Baird asked if this was to be approved what position it would put the Planning Department in for future requests.

Mr. Henrichsen stated in the future, if someone was not wanting to put in a sidewalk, this would set a precedent, since there is not an existing reason for the sidewalk not to be put in.

Mr. Christensen asked if the Slamas were to withdraw their application would the City still be requiring they put in the sidewalk.

Mr. Henrichsen said no, they would wait for a building permit to request the sidewalk. Discussion followed.

Ms. Gaylor Baird stated that this was also required by the Lincoln Municipal Code. Mr. Henrichsen said yes. Discussion followed.

Mr. Slama stated that he is not against sidewalks, but feels it was the developers responsibility not his. He also stated that he was not aware of the sidewalk issue when he purchased the property. Discussion followed.

This matter was taken under advisement.

COMP. PLAN AMENDMENT 15003 - APPLICATION OF THE PLANNING DIRECTOR TO AMEND THE 2040 LINCOLN-LANCASTER COUNTY COMPREHENSIVE PLAN TO ADOPT THE "SOUTH HAYMARKET NEIGHBORHOOD PLAN" AS AN AMENDMENT TO THE 2005 DOWNTOWN MASTER PLAN A SUBAREA PLAN OF THE 2040 LINCOLN-LANCASTER COUNTY COMPREHENSIVE PLAN - David Cary, Interim Planning Director, came forward and stated for the record that Council had received a full briefing a few weeks ago on this project. Mr. Cary also said there have been discussions with other boards and commissions, providing information to get to this point. In meeting with different groups, they have been able to work through some concerns and have received letters of support for the amendment.

Paul Barnes, Planning Department, came forward and stated this area was originally mentioned in the 2005 Master Plan as an area that could be developed in the future. Mr. Barnes stated they have started the outreach process and have had conversations with business and property owners of this area. The Planning Commission has reviewed and approved this plan.

Leirion Gaylor Baird, Council Member, asked who will be affected by this plan and how. Ms. Gaylor Baird asked that this plan does not force anyone to move or leave their space.

Mr. Cary stated this plan doesn’t change the zoning on a parcel. This is something that is possible or likely in the future when the project moves forward. Discussion followed.

Roy Christensen, Council Member, asked about the vision of this plan that will ultimately result in making the existing businesses want to move. Do we have a vision, a plan on where they could move to in our City that they would be protected in the future from this happening to them again.

Mr. Cary stated that they have talked with the existing businesses and currently they are not wanting to move, and the City will work with them in the future if they do desire to move. Discussion followed.
Jon Camp, Council Member, asked why they did not take out the 2½ block area that the Public Building Commission had asked them to.

Mr. Cary stated since they had addressed the majority of the concerns from Public Building Commission they felt there was not a need to remove the 2½ block area from the plan. Discussion followed.

Jane Raybould, Council Member, stated that the Planning Department came back with a document that addressed all of the Public Building Commission concerns, and they were pleased with the new document and it was acceptable to the majority of the members.

Ms. Gaylor Baird asked about the official testimony from Public Building Commission Members. Mr. Cary stated there was testimony and it was stated the process that was brought them to this point was acceptable. Discussion followed.

Coby Mach, Lincoln Independent Business Association, 620 N. 48th St., came forward and stated some of the business owners have concerns about their rights as business owners. Mr. Mach also said it was important for them to continue to have these rights through this process. Another concern is singling out a joint public agency to oversee this area. Mr. Mach stated that the new language does address these concerns. Discussion followed.

This matter was taken under advisement.

ANNEXATION 14004 - AMENDING ORDINANCE NO. 20125 TO CORRECTLY ASSIGN THE LAND ANNEXED TO CITY COUNCIL DISTRICT #2 - David Cary, Interim Planning Director, came forward and stated this area when annexed was put in the wrong district so this corrects that. Discussion followed.

Jon Camp, Council Member, asked for the applicant to explain what she is wanting to do. Gena Foster, 4716 Prescott Ave., came forward and stated she is a Family Practice Nurse Practitioner, and is the owner of a holistic health clinic. This clinic helps give women the medical care that they need. Ms. Foster said her current lease is up in two weeks and would like to have this new space to move into. Discussion followed.

This matter was taken under advisement.

CAMP
Moved to amend #1 Bill 15R-252 as follows:
Amend the South Haymarket Neighborhood Plan as an amendment to the 2005 Downtown Master Plan subarea plan of the 2040 Lincoln-Lancaster County Comprehensive Plan by amending Chapter 3.1 Implementation as follows:

1. On page 3.45 revise the text under "Two Scenarios to Fill in the Floodplain", to read as follows:
The recommended approach for floodplain mitigation in South Haymarket is to designate a large, open space area for compensatory storage. This overall mitigation effort will likely require cooperative oversight by governmental entities, similar to the West Haymarket JPA, and will need to be encumbered with a conservation easement to protect flood volume. An effort to provide overall flood storage for the South Haymarket Neighborhood will encourage redevelopment. Although this effort will provide for and preserve the flood volume, individual developments will still be required to elevate above the base flood elevation (BFE).

2. On page 3.51 delete in its entirety the existing "Joint Public Agency" text and insert in lieu thereof the following "Cooperative Agreements" text:

Cooperative Agreements
There are a number of aspects of the South Haymarket redevelopment which may require joint decision-making, particularly in the area of flood storage where the Lower Platte South Natural Resource District has jurisdiction. Cooperative arrangements may be necessary to build parking garages and other infrastructure. The City of Lincoln is committed to working cooperatively with all public and private investors to identify possible mechanisms to address the area's needs in a manner that best serves the interests of the South Haymarket, the area's investors, and Lincoln citizens.
