Ms. Anderson said her background is in banking, and she is currently working at Cabela's. She has lived in Lincoln, Nebraska for the past 7 months and loves being apart of the community. This board interests her because they have an ERM (Enterprise Risk Management) Program and this is in her field. Discussion followed.

**ACCEPTING THE REPORT OF NEW AND PENDING CLAIMS AGAINST THE CITY AND APPROVING DISPOSITION OF CLAIMS SET FORTH FOR THE PERIOD OF MARCH 1-15, 2016** - Bruce Prenda, 2737 Shadowbrook Dr., came forward and stated he has made a claim for repair to his vehicle from pothole damage. Mr. Prenda felt the photo's he had taken would show the hole had been filled prior to his claim being submitted on February 16th. In the denial letter from the City, it was stated the first notice received for this pothole was February 16, and that report came from Mr. Prenda so the claim was being denied. Mr. Prenda said it is unreasonable to believe that the City did not have prior knowledge of this pothole, since the pictures show this hole had been filled prior, and it appeared that it was not properly filled. Mr. Prenda said he is renewing his claim in the amount of $399.18 for damages, an increase of $33 dollars for labor he had forgotten to add to the original claim. Discussion followed.

Richard Webb, 5631 Prescott Ave., came forward and stated on February 2 we had a snow storm, on February 3 they came and plowed our road. As the snow started melting, he noticed that some grass was turned up, showing the snow plow had come up and scraped the lawn and took out a sprinkler. Filed a claim with the City and received a letter saying the City is not liable for damage to items in the right-of-way area. Mr. Webb said he feels the City want us to take care of this area and have grass in that region and a sprinkler system to keep the grass living, and feels this should not be part of the exemption the City does not hold themselves responsible for. Discussion followed.

This matter was taken under advisement.
COMP. PLAN CONFORMANCE 16001 - APPROVING AN AMENDMENT TO THE LINCOLN CENTER REDEVELOPMENT PLAN TO ADD THE “9TH & O REDEVELOPMENT PROJECT” TO INCLUDE THE CONSTRUCTION OF A NEW, MIXED-USE BUILDING OF APPROXIMATELY 12 STORIES CONSISTING OF RESIDENTIAL, HOTEL, AND PARKING USES, ON PROPERTY GENERALLY LOCATED ON THE NORTH HALF OF THE BLOCK SOUTH OF O STREET BETWEEN 9TH AND 10TH STREETS AND ADJACENT 9TH, 10TH, O AND N RIGHT-OF-WAY - David Landis, Urban Development Director, came forward and stated this plan conformance amendment is amending the Downtown Comprehensive Plan to the Lincoln Center Redevelopment Plan. This plan is consistent with the Downtown Master Plan, South Haymarket Neighborhood Plan, and the B4 Zoning. The land use for commercial, residential, and business purposes like a garage, are consistent with downtown B4 uses. The developer has control of the land and is costing out their options currently, and this might make a difference on how much of the plan amendment is brought forward. The TIF varies from $8 Million to $10 Million dollars depending on how much of that investment being considered is in fact carried out. If it was to be carried out it would be 2 hotels, 50 residential units, and 4 floors of parking. Relocation obligations between the existing tenants and landlords are being carried out, and will not occur during the pendency of the redevelopment agreement.

Leirion Gaylor Baird, Council Member, inquired why the relocation does not apply to this project since one business was relocated to make way for this project.

Mr. Landis stated that no business is relocated as part of the redevelopment agreement. The owners of the land have given proper notice to the tenants and there is currently no agreement with the redeveloper. When we do have an agreement with the developer there will no longer be tenants that would be affected by the agreement. Discussion followed.

Roy Christensen, Council Member, inquired about public improvement associated with this project and what the total cost is for the improvements.

Mr. Landis said the developers have looked at their projected costs at this preliminary stage, and said in comparing to items that the City has previously agreed to do, they believe they can identify $18 Million dollars of TIF expenses. Discussion followed.

Cyndi Lamm, Council Member, stated she has concerns because we have an abstract project in mind without any definite structure, exactly what is going to take place, or how much it is going to cost. Number three on the papers states the redevelopment project would not be economical without the use of TIF funding, how do we know that.

Mr. Landis said when the developer does request help from the City we go through the TIF Law to make sure the law is followed, we do not have a history of when we have said no, because those projects do not get done. Discussion followed.

Peter Bleed, 1315 North 37th Street, came forward today on behalf of the Preservation Association of Lincoln (PAL), they feel that 9th and O Street area is an important historic area. The land to be developed on this corner is surrounded on all sides by properties that have been nationally recognized as historically important. This spot deserves careful attention, it is very likely that this building and the land involved in this project contains material and other things that deserve to be documented before they are carelessly destroyed. They are hoping that this project will make sure that the new building fits with its historic neighbors.

Mr. Landis stated the projected review for this project is both by Urban Design Committee and the Historic Preservation Commission in a joint session, we are expecting this to take place towards the end of April. The project area is within 300 feet of a Historic District, and that triggers the Historic Preservation Commission review as well. Discussion followed.

This matter was taken under advisement.

ASSESSING LIENS FOR COSTS OF TWO DANGEROUS BUILDING DEMOLITIONS ON THE PROPERTIES GENERALLY LOCATED AT 1709 NORTH 29TH STREET AND 336 SOUTH 27TH STREET, AND ASSESSING LIENS FOR COSTS OF REGISTRATION FEES AND PENALTIES FOR NEGLECTED BUILDINGS ON THE PROPERTIES GENERALLY LOCATED AT 1609 SOUTH 27TH STREET, 226 SOUTH 29TH STREET, 2217 NORTH 67TH STREET, 1344 D STREET, 3015 N STREET, 3275 HITCHCOCK, 7030 YOSEMITE DRIVE, 4543 ST. PAUL, 1405 NORTH 15TH STREET, 2000 WEST VAN DORN STREET, 659 SOUTH 19TH STREET, 2511 R STREET, 2125 SOUTH 14TH STREET, AND 1709 NORTH 29TH STREET - John Boies, Building & Safety, came forward and stated they are assessing the costs, registration fees, and penalties for neglected properties. This process requires the properties to be registered every 90 days, and we are asking these cost be placed in a lien against the properties. Four of the listed properties have paid the assessments and should be removed from the list. Discussion followed.

Roy Christensen, Council Member, inquired about the last property on the list, the assessment is $14,200.00 dollars, at what point do we take action other than putting liens on them.

Mr. Boies said when it reaches a category of dangerous, and it becomes a nuisance, then the City has the authority to remove the property and demolish it. Discussion followed.

Mr. Christensen asked how close are we to taking down some of these properties.

Mr. Boies said when a property continues to deteriorate it will be moved from the neglected list and placed on the dangerous list, so these neglected building have not reached that category.

Jane Raybould, Council Member, inquired about the process for neglected properties.
Mr. Boies said every 90 days you would be sent a notice telling you the City has declared your building a neglected building, then you have 30 days to file your registration and if you do not the City would register that building. That registration would be good for 90 days, so the next 90 days another notice is sent out and either the owner can register or the City will, this process continues for 2 years. Discussion followed.

Pavel Kislyak, address unknown, came forward and stated he was a former resident at 1334 D Street, Apt B4, who had made complaints about the living conditions of this building.

This matter was taken under advisement.

APPROVING A MAINTENANCE AGREEMENT BETWEEN THE CITY OF LINCOLN AND ACCELA FOR SOFTWARE SUPPORT AND UPDATES FOR THE ACCELA AUTOMATION SYSTEM FOR A THREE YEAR TERM - Steve Henderson, Information Services Director, came forward and stated Accela is used to manage and issue permits to businesses throughout the City. A three year agreement will lower the cap for the annual price increase to 5%, typically the one year agreements have been 10% or more for the annual increases.

Leirion Gaylor Baird, Council Member, inquired what the saving would be in dollars.

Mr. Henderson said roughly $24,000.00 dollars in savings over the course of three years.

This matter was taken under advisement.

APPROVING AN AGREEMENT BETWEEN THE CITY OF LINCOLN, LANCASTER COUNTY, AND LEXIS-EXIS FOR ELECTRONIC LEGAL RESEARCH FOR A PERIOD OF APRIL 1, 2016 THROUGH MARCH 31, 2020 WITH AN OPTION TO RENEW FOR ONE ADDITIONAL YEAR - Jeff Kirkpatrick, City Attorney, came forward and stated this is for legal electronic service, and this contract will save the City $14,000.00 dollars over the next four years.

Cyndi Lamm, Council Member, inquired if staff would need to be trained on this system, and if there was a cost for the training.

Mr. Kirkpatrick said the company will provide training as part of the contract, along with phone support for staff.

This matter was taken under advisement.

SPECIAL PERMIT 15072 - APPEAL OF MARK ANTONSON FROM THE PLANNING COMMISSION’S CONDITIONAL APPROVAL TO DEVELOP A COMMUNITY UNIT PLAN FOR 3 LOTS WITH UP TO 582 MULTI-FAMILY UNITS, WITH WAIVERS TO INCREASE THE BUILDING HEIGHT FROM 35 FEET TO 40 FEET AND REDUCE THE FRONT YARD SETBACKS ADJACENT TO PRIVATE ROADWAYS FROM 25 FEET TO 15 FEET, ON PROPERTY GENERALLY LOCATED AT SOUTHWEST 30TH STREET AND WEST A STREET - Mark Antonson, 1521 Southwest 30th Street, came forward and stated he is appealing the resolution for this project that states it would not adversely affect the nearby neighborhoods or the safety of the area. Mr. Antonson is not asking for the denial of this special permit, but he is wanting it to be conditional and tied to the completion of improvements to West A Street. West A Street is already in poor condition and it is a public safety concern, then your wanting to add additional drivers to the area of road that has already been identified as substandard. Mr. Antonson would like, at the very least, milling, resurfacing, and widening of the shoulders. Discussion followed.

Leirion Gaylor Baird, Council Member, inquired about the timeline for completion of the roads in this area, since Mr. Antonson had noticed conflicting dates.

Randy Hoskins, Public Works, came forward and stated there was funding for the West A project at the last CIP meeting for 2018-2019, but this was not full funding for the project. They will be bringing forward an new CIP that will show full funding for the West A Street. This project is not going to be completed in the time frame that was first suggested in the CIP which was 2018-2019, he feels this will not be completed until 2021-2022.

Ms. Raybould asked why the waiver had been granted for this project.

Mr. Hoskins stated they asked for a waiver for a portion of the right turn lane into the site, and that is a waiver that is regularly granted, it is considered the extra storage distance on the turn lane. This is a left turn lane into the site and only 20% of the traffic will come from the west, plus there will be another access area further down if the development out here continues. It does state if the improvements to West A Street on 30th Street have not been completed by the construction of the 31st Street turn lane by the City, the developer would at that time be required to put in the left turn lane on Southwest 30th Street. Discussion followed.

Ms. Gaylord Baird inquired what portion of the road will be done earlier in 2018-2019 that the neighbors can expect.

Mr. Hoskins said there would be temporary turn lanes put in for the time being. When the developer puts in a drive way, they will be required to put in the right turn lane. This will accommodate the west bound traffic turning into this area, the rest of this project would be completed by the City.

Carl Eskridge, Council Member, stated that 5 years is a long time to wait for street completion and sidewalks.

Mr. Hoskins stated that they have looked into this, and so far they have not found a good solution for this area with all of the ditches. Discussion followed.

Ms. Raybould stated the neighborhood meeting they voiced concerns with the roads in this area and needing repair work. Will there be more discussions with the developer concerning the roads.
Lyle Loth, REGA Engineering Group, 601 Old Cheney Road, Suite A, came forward on behalf of Scott Anderson for Anderson Homes, Inc., they share the same concerns that the neighbors have with sidewalks in the area and the roads. Mr Loth also expressed concerns about the CIP for this area not being until 2021-2022, and stated they had thought they were looking at 2018-2019 for the roads. Discussion followed.

Ms. Raybould asked if there was money in the budget for milling up parts of the road in this area in the short term.

Thomas Shafer, Interim Director Public Works, came forward and stated they have committed all of their funds for 2016, and a lot of the funds for 2017. Mr. Shafer thought about dragging a rut box through there, and filling up the ruts, but will need to cost this out and see how it compares to the other projects that are ongoing. Discussion followed.

Mr. Antonson stated that this seems like the wrong road and in the wrong place for this. He also feels it is clear this section of Lincoln is not Public Works priority, nor, does it seem to be anywhere on the top half of the list. Discussion followed.

Ms. Gaylor Baird asked what was involved in the decision making for this project with our infrastructure lagging behind, and why the department is behind this, with where we stand with the roads.

Mr. Cary stated the information on the current CIP is referencing where we have the funding listed. To be clear, what we are committing to is the first two years, the budget years, in the CIP Program, the other four years are representative of the intention of doing projects. What we are working on now is getting the full funding in the CIP for the next 6 years. We do not have the funding to get all of the road work done that needs to be done. Discussion followed.

This matter was taken under advisement.

AUTHORIZING THE MAYOR TO EXECUTE AN AGREEMENT BETWEEN THE CITY OF LINCOLN AND THE STATE OF NEBRASKA DEPARTMENT OF ROADS (NDOR) SETTING OUT DUTIES AND FUNDING RESPONSIBILITIES FOR THE SAFETY PROJECT AT 56TH AND YANKEE HILL ROAD FEDERAL AID PROJECT. (PROJECT NO. HSIP-5241(6), CN 13347) - Randy Hoskins, Public Works, came forward and stated this is a safety grant to be used to make improvement at this intersection. The intersection has been the sight for two fatal crashes in the past, we are hoping to get this going to make this intersection a safer intersection. Discussion followed.

This matter was taken under advisement.

APPROVING SUPPLEMENTAL AGREEMENT NO. 1 BETWEEN THE CITY OF LINCOLN AND OLSSON ASSOCIATES TO UPDATE THE NEPA EVALUATION AREA AND DOCUMENTATION DUE TO PROJECT LIMITS BEING ADJUSTED FOR THE SOUTH 17TH STREET TRAFFIC SIGNALS PROJECT. (PROJECT NO. LCLC-5227(8), CN 13261, CITY PROJECT NO. 702697) - Randy Hoskins, Public Works, came forward and stated there was a change in the scope of the project which requires us to have a slight change in our consultants. Since this is a federally funded project, we were required to bring it back through the process.

This matter was taken under advisement.

SPECIAL PERMIT 04016A – APPEAL OF DEREK SCHROEDER AND DEREK ZIMMERMAN FROM THE PLANNING COMMISSION’S CONDITIONAL APPROVAL TO CONSTRUCT A MULTI-STORY, CLIMATE-CONTROLLED INDOOR SELF-STORAGE BUILDING AND INCREASE THE ALLOWABLE FLOOR AREA TO 197,200 SQ. FT., ON PROPERTY GENERALLY LOCATED AT NORTHWOODS DRIVE AND COLBY STREET - DaNay Kalkowski, 1111 Lincoln Mall, Suite 350, came forward on behalf of Dino's Storage, requesting one more week delay.

Brock Zautke, 2000 Connor Place, came forward and stated he is speaking for the neighbors that are in opposition to Dino's Storage. They have about 165 names on a petition in opposition of this project. This special permit would impact property values, resale, and they are requesting that this project gets voted on tonight. Discussion followed.

Jane Raybould, Council Member, inquired if the neighbors have offered suggestions of what they would accept with visual changes to this project.

Mr. Zautke stated the building is too large, much larger than other buildings in this area like the strip malls and the residential area. If this project fails, based on the size of the building, there is not enough space in the area to put parking to repurpose the area. Discussion followed.

Donna Boone, 1833 Sawyer Street, came forward and stated that she is on the Board of the Northern Lights Townhome Division, and feels if this building project is not a success it could possibly cause a blight in the area, it is a single use establishment. Discussion followed.

This matter was taken under advisement.

ADOPTING THE SUPPLEMENTS TO THE LINCOLN MUNICIPAL CODE DATED JUNE 2015 AND DECEMBER 2015 AS PART OF THE OFFICIAL LINCOLN MUNICIPAL CODE - Jeff Kirkpatrick, City Attorney, came forward and stated through the course of a year the Council passes a number of changes to our City Code. Once a year required by code the City Council needs to approve the codified version of all the ordinance changes.

This matter was taken under advisement.
APPROVING A CONTRACT BETWEEN THE CITY OF LINCOLN AND LINCOLN HAYMARKET DEVELOPMENT CORPORATION TO CONDUCT AND REGULATE A SATURDAY PUBLIC MARKET IN THE HAYMARKET AREA, 7TH STREET FROM P TO Q STREET AND P STREET FROM 7TH TO 8TH STREET FROM MAY 7, 2016 THROUGH OCTOBER 15, 2016; Q STREET FROM 7TH TO CANOPY STREET AND CANOPY STREET FROM P TO Q STREET FROM MAY 7, 2016 THROUGH OCTOBER 15, 2016; AND ON 8TH STREET FROM P TO Q STREET FROM MAY 7, 2016 THROUGH AUGUST 27, 2016 - David Landis, Urban Development Director, came forward and stated that this contract is the same as last years and asks for the adoption of the contract.

Linda Hubka, 3169 Puritan Ave., came forward to answer questions and ask for the adoption of the contract. Discussion followed.

This matter was taken under advisement.

      i. Update the site plan to show an increased setback of 10 feet on the west side of the development to provide adequate space for landscaping west of the garages that will act as a buffer to future residential uses.
      ii. Revise the site plan note regarding the temporary access point to state, "Temporary Access to be removed at time of connection of Rabbit Run Road to a street(s) which connect to West A Street."
      iii. Delete General Notes 7 and 17 on the site plan.
      iv. Delete General Note 16 on the site plan. Due to constraints on the site from floodplain, minimum flood corridor and sanitary sewer service, administrative amendments will be required to revise the site plan.

      xii. The storage length requirement for the permanent access at Southwest 30th Street was waived by Public Works and Utilities on the condition that the applicant provide a 250-foot deceleration length and taper.
