FOR A SPECIAL DESIGNATED LICENSE TO COVER AN OUTDOOR AREA MEASURING APPROXIMATELY 60 FEET BY 60 FEET AND AN INDOOR AREA MEASURING APPROXIMATELY 76.5 FEET BY 82 FEET AND 69 FEET BY 51 FEET AT 300 SOUTH 7th STREET ON APRIL 21, 2016 BETWEEN 5:00 P.M. AND 11:00 P.M. - Jim Engelbart, 3340 Franklin Street, came forward and stated this SDL is for a biking event that will be held on the third Thursday of each month in our warehouse that has a L Class License. Porta Potties will be located in a fenced outside area. This is new from last year, we did not use fences and customers had to leave drinks inside when using the outside area. Discussion followed.

This matter was taken under advisement.

SPECIAL PERMIT 04016A – APPEAL OF DEREK SCHROEDER AND DEREK ZIMMERMAN FROM THE PLANNING COMMISSION’S CONDITIONAL APPROVAL TO CONSTRUCT A MULTI-STORY, CLIMATE-CONTROLLED INDOOR SELF-STORAGE BUILDING AND INCREASE THE ALLOWABLE FLOOR AREA TO 197,200 SQ. FT., ON PROPERTY GENERALLY LOCATED AT NORTHWOODS DRIVE AND COLBY STREET. (2/29/16 - PUBLIC HEARING & ACTION CONTINUED TO 3/28/16) (3/28/16 - PUBLIC HEARING & ACTION CONT’D TO 4/4/16) - DaNay Kalkowski, 1111 Lincoln Mall, Suite 350, came forward on behalf of Dino's Storage requesting an increase in the allowed square footage in lots 3 and 6, and to increase the allowable height from 35 to 40 feet, for an indoor climate control storage facility.

Dave Paladino, 127 North 39th Street, Omaha, came forward and stated he is the owner of Dino's Storage and this will be a low intensity use building. The use of the storage units will be for residential property, no vehicles are allowed. Discussion followed.

Cyndi Lamm, Council Member, inquired how the outside of the building would look with the materials that will be used.

Mr. Paladino said this building uses split face block with brick banding to create a differential of color, and incorporates a lot of glass for light said it will look like an office building. We have moved the building back from 84th Street and the building has also been reduced to three stories. Discussion followed.

Ms. Kalkowski inquired about the allowable maximum height for a building in this H-4 area she thought it was a 55 foot maximum.

Ms. Kalkowski stated when this special permit was originally approved the height limit was 35 feet, but over the course of time the height for a H-4 has gone up to 45 feet and now 55 foot maximum.

Ms. Lamm asked about the area allows 18,000 square footage and you are asking to allow 101,000 square feet.

Ms. Kalkowski said yes.

Brock Zautke, 2000 Connor Place, came forward and stated, after meeting with homeowners, there is still a concern about the impact of traffic. There will be bigger vehicles in our area and we have private streets. Larger vehicles may wear down the streets and that impact will be on us as homeowners.

Ms. Kalkowski said to address the traffic issue, there really should not be any reason for traffic to go through the residential area. They will be using Northern Lights Drive that is maintained by the commercial area, and the private roadways will be maintained by the commercial area. A U Haul is about as big as the vehicle will get. Discussion followed.

This matter was taken under advisement.

APPROVING A TRANSFER OF APPROPRIATIONS IN THE AMOUNT OF $500,000.00 FROM GENERAL FUND CITY UNASSIGNED DEPARTMENT, CONTINGENCY DIVISION/MISCELLANEOUS OTHER SERVICES AND CHARGES OF THE CITY OF LINCOLN 2015-16 OPERATING BUDGET TO CAPITAL IMPROVEMENT PROJECT 531700 - STORM WATER IMPROVEMENT PROJECTS MATCH IN THE EVENT THE MAY 10TH, 2016 STORM WATER BOND RESOLUTION IS NOT PASSED BY VOTERS IN ORDER TO PROVIDE LOCAL MATCH FUNDING TO THOSE
PROGRAMS WHERE PARTNER FUNDING WOULD BE JEOPARDIZED - Cyndi Lamm, Council Member, asked Steve Hubka to explain the fund that was set up and the need for that.

Steve Hubka, Finance Director, came forward and stated that the fund is an existing fund we have had in the accounting system for years, currently it has a zero balance, but still exists so there is no need to establish a fund it is already there.

Ms. Lamm inquired this was set up as a place to park funds for the 56th and Morton Project in the event the Stormwater Bond does not pass, is that correct.

Mr. Hubka said correct, it is a Stormwater Improvement Project match we are setting up.

Ms. Lamm stated, in setting this up, we are ensuring those funds are directed to the projects that Council wants.

Mr. Hubka said exactly. Discussion followed.

Coby Mach, Lincoln Independent Business Association, 620 N. 48th St., came forward and stated one official said they have not been accurate about why these funds are now available. He said another City could not come up with the matching funds, that is why money is now available. From our public hearing on this bond issue on February 29, and quoted Ben Higgins saying "we've gotten these because somebody else has dropped off the scope, I mean somebody else had these funds but they didn't, they weren't able to do matching funds for it so we got the project, so that's a pretty big deal for us.” Mr. Mach stated that is where they had gotten the information from. They believe the City should secure the funds now.

Doug Murray, Road Builder Machinery & Supply, 5601 Fletcher Ave., came forward and stated that he is in support of this if the bond does not pass.

Carl Eskridge, Council Member, asked if, when there is a storm, FEMA gives money to NEMA a year later based on the damage that area has received.

Ben Higgins, Public Works, came forward and said when there is a major Federal Disaster, set by the Federal Government, what the cost was to fix the event they set aside a percent of that for hazard mitigation grant projects, and that is where this money is coming from. Discussion followed.

This matter was taken under advisement.

(RELATED ITEMS: 16-25, 16-26) - Mike Eckert, 8535 Executive Woods Dr, Suite 200, Civil Design Group, came forward and stated this is a subdivision that has been growing on the south and west, and they would like to annex the rest of this area in. Most of this will be for single family with some multi family on the north end. Discussion followed.

This matter was taken under advisement.

Carl Eskridge, Council Member, asked what the intended use for this property will be.

TEXT AMENDMENT 16005 - AMENDING SECTION 26.27.005 OF THE LINCOLN MUNICIPAL CODE RELATING TO THE MINIMUM REQUIRED IMPROVEMENTS WITHIN A FINAL PLAT TO PROVIDE THAT THE CITY MAY ENCOURAGE AND PROMOTE THE INSTALLATION OF NEW MINIMUM REQUIREMENTS NOT REQUIRED IN A PREVIOUSLY APPROVED FINAL PLAT BY AGREEING TO SUBSIDIZE THE INCREASED COST OF THE NEW MINIMUM REQUIRED IMPROVEMENT IN ACCORDANCE WITH SPECIFIC CRITERIA ADOPTED BY RESOLUTION OF THE CITY COUNCIL; AND REPEALING SECTION 26.27.005 OF THE LINCOLN MUNICIPAL CODE AS HITHERTO EXISTING. (RELATED ITEMS: 16-28, 16R-63);

TEXT AMENDMENT 16003 - AMENDING THE CITY OF LINCOLN DESIGN STANDARDS TO ADD CHAPTER 3.100, DESIGN STANDARDS FOR OUTDOOR LIGHTING, PROVIDING DESIGN STANDARDS FOR THE INSTALLATION OF OUTDOOR LUMINARIES; REVISING SECTION 3 DEFINITION OF “LUMEN, LUMINAIRE AND MOUNTING HEIGHT”; AMENDING SUBSECTIONS 6.2, 6.3, 6.4, AND 6.7; REPEALING SECTIONS 3, 4, 6, 7, 9, AND 12 OF CHAPTER 3.100 AS HITHERTO EXISTING; AND TO PROVIDE THAT THE CITY MAY REQUIRE LED POST TOP
FIXTURES IN EXISTING FINAL PLATS PROVIDED THE CITY PAYS FOR THE INCREASED COST OVER THE APPROVED HSPV POST TOP FIXTURE. (RELATED ITEMS: 16-28, 16R-63) (ACTION DATE: 4/11/16) - David Cary, Planning Director, came forward and stated these changes allow the City to subsidize increased cost for installation of additional basic requirements with new LED lights.

Jane Raybould, Council Member, asked if for commercial properties if this will be reducing the number of foot candles that are in the existing regulations.

Jeff Hlavac, Lincoln Electric System, came forward and stated the provisions focus mainly on street lighting, not on any of the commercial or industrial properties.

Leirion Gaylor Baird, Council Member, asked about the long term costs and where the source of funding would be for that.

Frank Uhlark, Public Works & Mayors Office, came forward and stated this will be coming out of the street light budget up to $15,000.00 dollars.

Carl Eskridge, Council Member, asked with complaints from neighborhoods of being too light and others complaining that it is too dark, what will these lights be like.

Mr. Hlavac stated the light levels in the City will not be increasing, what we have now is what it will be like, with less glare up into the sky. Discussion followed.

Ms. Raybould asked if residents need trees in the area trimmed to get the correct lighting in the area who do they call.

Mr. Hlavac said that trees can be difficult subject in some neighborhoods, if the tree is in the right-of-way that would be Parks and Rec., if it is private property where a tree has overgrown then LES would be the ones that would come out and trim the tree.

Ms. Gaylord Baird stated this will really only cover about 81 street lamps that would be eligible for this subsidy, then we are looking at the future creating a new policy for street light that still need to be installed.

Mr. Cary said that this is for looking forward with the new standards for future areas.

Mr. Hlavac said that is less to install the new light fixtures in areas that have been approved for the new LED lights, than to go back later and redo the lights.

Roy Christensen, Council Member, stated to be clear, in the future for areas yet to be approved who will have the cost for these.

Mr. Cary said if we establish a new standard, then the cost would fall on the developer of the property. Discussion followed.

Mr. Hlavac stated LES has been installing LED light since 2014. Discussion followed.

Mr. Cary said that this is for looking forward with the new standards for future areas.

Ms. Raybould asked if residents need trees in the area trimmed to get the correct lighting in the area who do they call.

They have talked with the neighbors in the area and they have not voiced concerns.

Jon Camp, Council Member, inquired about the reduction of parking stalls and if that would still work with a project like this.

Mr. Eckert said, if needed, they will reduce the number of units to solve parking problems. They are planning on having assigned stalls for the tenants. Discussion followed.

Leirion Gaylord Baird, Council Member, inquired if this would be a mixed use building and have some commercial use on the first floor.

Mr. Eckert stated when this project first started, Planning asked if they would like to reserve some commercial space that would be allowable in the event they wanted to do that some day. At this point, we are planning on it being entirely residential.

Ms. Gaylord Baird asked if they have had any further thought on trying to address sidewalks and walk ability for future residents.
Mr. Eckert said they will be working with Public Works on putting in a designated crosswalk and striping. Discussion followed.

Rose Kuwamoto, 5500 R Street, came forward and stated this will increase the traffic volume for this area and, at times, it already backs up. She feels that this area already has enough apartments in the area. Discussion followed.

Alan Zach, 5512 R Street, came forward and stated he is not in favor of this project. He feels that traffic will increase in the area and it is a safety concern with all of the children in the area.

Mr. Eckert stated this building will help get tenants closer to work and believes they will be walking and biking more than they will be driving. Discussion followed.

Carl Eskridge, Council Member, asked if traffic studies have been done for this area.

Mr. Eckert said there will be more vehicles added during the peak hours of 2 vehicles per minute. Discussion followed.
