APPLICATION OF BOURBON ENTERTAINMENT, LLC DBA BOURBON THEATRE FOR A CLASS C LIQUOR LICENSE AT 1415 O STREET;

MANAGER APPLICATION OF BECKI L. REAGAN FOR BOURBON ENTERTAINMENT, LLC DBA BOURBON THEATRE AT 1415 O STREET - Becki Reagan, 1866 SW. 37th Street, applicant, came forward to take the oath and requested approval. Discussion followed.

This matter was taken under advisement.

MANAGER APPLICATION OF JEFFREY L. HUBBARD FOR GJRB, LLC DBA THE SPIGOT AT 1624 O STREET - Jeffrey Hubbard, 5211 Danbury Court, applicant, came forward to take the oath and requested approval.

Roy Christensen, Council Member, asked Mr. Hubbard what he planned to change if he were to be the new owner.

Mr. Hubbard stated he planned to change some events, entertainment options, and live music. A lot of the business practices will change. Other than that no significant changes.

Mr. Christensen asked what Mr. Hubbard planned to do with the live music.

Mr. Hubbard stated he has cleared out the back room, brought in a sound system and lighting system. Mr. Hubbard stated he is working on some cost analysis and estimated to sound proof the room to deal with some issues with neighbors.

Mr. Christensen confirmed that Mr. Hubbard had been cited by the Lincoln Police Department for noise violations and also had a failure to appear in court regarding the noise violation. Mr. Christensen stated he has gotten phone calls on a regular basis from neighbors and has been to the location on a Saturday night to check on the noise. Mr. Christensen stated along with the noise issue and a number of the requirements not being met to operate a business he would recommend denial to his fellow Council Members.

Jane Raybould, Council Member, asked Mr. Hubbard who in the organization is responsible for the operations and responding to the Fire Marshall for fire code violations.

Mr. Hubbard confirmed that after the first of the year, he is the one responsible.

Ms. Raybould asked if there was a reason Mr. Hubbard has not returned phone calls made to him by the Fire Marshall.

Mr. Hubbard stated a few of the phone calls and a few of the letters sent to him have been sent to wrong addresses and he is trying to get that cleared up. Mr. Hubbard stated some of the phone calls have been through previous partners and previous individuals involved. Mr. Hubbard stated he is trying to clear that up moving forward.
Ms. Raybould asked Mr. Hubbard to elaborate on the fire code violations and the status of the violations.

Mr. Hubbard stated as of right now, and as far as he is aware there were a few issues and repairs that were needed, but as far as fire code violations he is unaware of any pending against the business.

Ms. Raybould asked what the status was on the repairs that he is aware of.

Mr. Hubbard confirmed that they are in the process of getting repaired, but are currently not repaired.

Jon Camp, Council Member, asked Mr. Hubbard if he has actually talked to Investigator Schweitzer with the Fire Department and if Investigator Schweitzer informed him at that time of any fire code issues.

Mr. Hubbard confirmed he has spoken to Investigator Switchster and he believes that the last time they spoke was in February, 2016.

Carl Eskridge, Council Member, stated he has also received phone calls about complaints. Mr. Eskridge inquired about Mr. Hubbard having similar issues relative to involvement with the commission, for example, not showing the change of ownership in a timely fashion. Mr. Eskridge asked if that had been addressed.

Mr. Hubbard confirmed the issues had been addressed and had been resolved in March, 2016.

Mr. Eskridge inquired about the issue with the City Liquor License and receiving an license without payment.

Mr. Hubbard stated he believes in October, 2015 the establishment received the liquor license and 10 days later he received notice that payment was not received. Mr. Hubbard stated he is unaware of how that happened, but that has been resolved and everything is current.

Leirion Gaylour Baird, Council Member, asked if Mr. Hubbard was aware of payments currently owed to the city.

Mr. Hubbard stated he is aware of that situation and had he been made aware of that he would have taken care of that fee.

Ms. Gaylour Baird inquired about a number of misdemeanors dating back to 2006 and a bench warrant that was issued for Mr. Hubbard and in some cases and arrest warrant.

Joy Cittta, Captain of the Lincoln Police Department, 575 S. 10th, came forward and stated a Police Officer will issue a citation and the defendant will sign the ticket and agree to appear at the court date on the citation. If the Defendant does not appear in court, the Judge will issue a bench warrant or a warrant for an arrest on a failure to appear.

Mr. Hubbard stated the most recent warrant was due to the failure to appear regarding the noise complaint which he had in his calendar for the wrong date. Mr. Hubbard stated when he was made aware of the warrant he took care of that issue. Mr. Hubbard stated previous warrants he can assume they were due to minor traffic violations and he has never been cited for anything other than a traffic violation.

This matter was taken under advisement.

APPLICATION OF CASEY’S RETAIL COMPANY DBA CASEY’S GENERAL STORE #2978 TO MODIFY ITS PRESENTLY LICENSED AREA DESCRIBED AS ONE STORY BUILDING MEASURING APPROXIMATELY 50 FEET BY 60 FEET TO AN AREA DESCRIBED AS ONE STORY BUILDING MEASURING APPROXIMATELY 50 FEET BY 60 FEET (INSIDE STORE TO BE REMODELED; DIMENSIONS WILL NOT CHANGE) AT 4411 NORTH 27TH STREET - Melissa Matulka, 145 F Street, applicant, came forward to take the oath and requested approval.

This matter was taken under advisement.

2016 BETWEEN 6:00 A.M. TO 2:00 A.M. - Tom Lorenz, 400 Pinnacle Arena Drive, applicant, came 
forward and requested approval. 
Carl Eskridge, Council Member, asked if there are only 10 shows scheduled why is the applicant, 
requesting more than 10 days. 
Mr. Lorenz stated Pinewood is a remote area and they intend to have alcohol stored on the 
premises the day before, and the day after the event. Mr. Lorenz stated they want to ensure the license 
covers all days that alcohol will be at the location. Discussion followed. 
Jane Kinsey, Watchdogs, came forward and inquired if the profits from this event will go into the 
Pinnacle Bank Arena budgets. 
Trent Fellers, Council Member, stated Mr. Lorenz nodded his head, yes. 
This matter was taken under advisement. 
APPLICATION OF MCFARLAND FAMILY FARMS, LLC FOR A SPECIAL DESIGNATED LICENSE TO

APPROVING AN INTERLOCAL AGREEMENT BETWEEN THE CITY OF LINCOLN AND LANCASTER COUNTY ON BEHALF OF LANCASTER COUNTY CORRECTIONS COMMUNITY SERVICE PROGRAM TO CONDUCT LITTER PICKUP ALONG COUNTY ROADS BY INMATES AND TO PROVIDE SUPERVISION OF THE INMATES FOR A TERM OF MAY 1, 2016 THROUGH DECEMBER 31, 2016 - Judy Halstead, Lincoln Lancaster County Health Department, came forward and stated this is the 13th year of this agreement. This is an agreement with a County that is outside the regular budget and possibly agreeing to $5,000 and, typically, if there are any grant findings that remain those can be utilized as well, to not exceed $7,500.

Jane Kinsey, Watchdogs, came forward in favor. Ms. Kinsey inquired if the inmates would get paid for this and if so, how much would they get paid. Trent Fellers, Council Member, stated that Ms. Halstead was shaking her head no, the inmates would not get paid.

This matter was taken under advisement.

ACCEPTING THE REPORT OF NEW AND PENDING CLAIMS AGAINST THE CITY AND APPROVING DISPOSITION OF CLAIMS SET FORTH FOR THE PERIOD OF APRIL 1-15, 2016 - Susan Dermer, 4914 Martin Street, came forward and stated in October, 2014 and May, 2015 she had sewer backup into her property. In total, Ms. Dermer claimed $44,593.61. She stated that the insurance company sent her a final check for $13,500 which did not cover a lot of the damage. Ms. Dermer stated she was not aware she could sign up for the Disaster Recovery Program since she had flood insurance. Ms. Dermer asked if she was able to still sign up for the Disaster Recovery Program.

Jeff Kirkpatrick, City Attorney, came forward and stated if a homeowner had flood insurance they were still advised to apply for the Disaster Recovery Program at which time their circumstances played a part in the approval or denial of claims. Mr. Kirkpatrick stated Ms. Dermer could no longer apply for the Disaster Recovery Program as there had to be a definite end to the program, which was in October, 2015. The City Law Department recommenced denial on a number of these claims. Mr. Kirkpatrick stated the reason for denial was because the essential question is if the City was liable or negligent. When further evaluation was conducted the reports show the City was not negligent, City staff did not make mistake during the rain events and there was no mistake in the planning.

Ms. Dermer stated she felt this was a City issue as it was a City sewer and she has since put in a back flow preventer.

This matter was taken under advisement.

ANNEXATION 16005 - AMENDING THE LINCOLN CORPORATE LIMITS MAP BY ANNEXING APPROXIMATELY 22.36 ACRES OF PROPERTY GENERALLY LOCATED AT WEST SILVERADO COURT AND HIGHWAY 34. (RELATED ITEMS: 16-38, 16-39);

CHANGE OF ZONE 16013 - APPLICATION OF STAROSTKA-LEWIS, LLC FOR A CHANGE OF ZONE FROM AG AGRICULTURAL DISTRICT TO R-3 RESIDENTIAL DISTRICT ON PROPERTY GENERALLY LOCATED AT WEST SILVERADO COURT AND HIGHWAY 34. (RELATED ITEMS: 16-38, 16-39) - Mike Eckert, Starostka-Lewis, LLC, 8535 Executive Woods Drive, came forward and stated that with the next phase of the project more land needs to be annexed.

Carl Eskridge, Council Member, inquired about the access to enter the subdivision. Mr. Eckert confirmed the entrance is off Highway 34 and is considered, by the annexation agreement, as a temporary annex off Highway 34, and the agreement limits the property to 115 lots without a second access. The next phase of 27 lots will bring the property to the limit. They are currently working on the second access and once they secure 2 other accesses in and out of the subdivision, which most likely will be adjacent with Fallbrook, they would be required to close the access onto Highway 34. Discussion followed.

Leirion Gaylor Baird, Council Member, asked the Planning Department to clarify issues with the Health Department signing off and asked Mr. Carey to confirm the Health Department has no concern with the residence being across the highway from an industrial site.

David Carey, Planning Department, came forward and stated operations at the Kawasaki plant at times, can give off some smells and the Health Department has gone on record stating the smells are not a concern. There is a buffer in itself with Highway 34 between the location and Kawasaki. If the Planning Department had control over a location, they would general try to have 300 feet as a buffer between residential and industrial. North of the Kawasaki plant is set up for future commercial and industrial buildings. The neighborhood being discussed is Northeast and a little further away than where the future buildings will be built. Discussion followed.

This matter was taken under advisement.
ORDINANCE AUTHORIZING THE CITY TO ENTER INTO A LEASE-PURCHASE TRANSACTION IN A MUNICIPAL CODE AS HITHERTO EXISTING - Rick Peo, City Attorney, came forward and stated this is not being sponsored by the Mayor's Office, Law Department, or any other Department. Normally legislation comes forward and is department sponsored or sponsored by a City Council Member on behalf of a citizen. This was originally intended as a text change to the zoning code and the zoning code does allow the code to be amended by petition and application to the City Council. When the Law Department further looked at the text change it was more appropriate to be found in Title 9 under public health and safety welfare and, in particular, the prohibition in allowing electric fences which was a total ban all together. Since it was intended as a text change to the zoning code it was more appropriate to bring it in front of City Council. In the Law Department review, they looked at ordinances from other cities, national standards and international standards. The language proposed by the applicant was substantially identical to what some of the other quotes had.

Michael Pate, Electric Guard Dog, 3131 Heyward Street, came forward and requested approval.

Leirion Gaylor Baird, Council Member, inquired about time sensitivity regarding the application. Mr. Pate confirmed the time sensitivity is more for his customers. He knows it is time consuming to amend a code so on his end there is no time sensitivity, but would like it done as soon as possible. Discussion followed.

This matter was taken under advisement.

ORDINANCE AUTHORIZING THE CITY TO ENTER INTO A LEASE-PURCHASE TRANSACTION IN A MUNICIPAL SERVICE CENTER LOCATED AT 901 AND 949 WEST BOND STREET, AND THE LINCOLN AIRPORT AUTHORITY; AND (IV) A NEW ROOF AND HVAC SYSTEMS FOR THE CITY'S MUNICIPAL SERVICES CENTER LOCATED AT 901 AND 949 WEST BOND STREET, AND RELATED MATTERS - Steve Hubka, Finance Director, came forward and stated the funds are from certificates of participation. The street lights are scheduled for $3,000,000, the roof and HVAC is scheduled for $2,500,000, fire equipment for $2,000,000 and the fire station has increased from $1,676,000 to $2,500,00 due to increase in cost estimates. The street lights are for light poles and fixtures. The reason the street lights are with this type of finance is due to 12-13 years ago Lincoln Electric System covered the financing and billed back to the City with a significantly higher interest rate on financing that the City could get by using the City's own bond rating and tax exempt financing.

Trent Fellers, Council Member, asked if the rate was better because it was a tax back bond rather than a revenue bond like Lincoln Electric System issues.

Mr. Hubka stated that is correct and, in addition, Lincoln Electric Systems was also charging profit. The difference from when the reimbursement was issued in the fall was the City removed $600,000 for fiber and fiber infrastructure which will come as internal financing at a later date.

Mike Rogers, Gilmore and Bell, 1240 O Street #710, came forward and stated the ordinance authorized entering into a supplemental lease purchase agreement and is a lease purchasing finance by the City and is based on an original lease purchase financing from 2010 for the Municipal Servicing Center and was supplemented once in 2012. The documents are in the same form as the supplements done in 2012. This authorized to enter into a supplemental lease purchase agreement, tax compliance agreement and authorizes approval of an indenture of trust under which the Certificates of Participation will be issued as well as continuum disclosure undertaking.

Scott Keene, Ameritas Investment Corp, 5900 O Street, came forward and stated there are a number of parameters within the ordinance that limits the amount of the underwriter discount to 1%. The certificates would be taken to competitive sales with an electronic auction process. They would notify the potential bidders of what the repayment amounts are as well as the maximum amount of their compensation which is limited to 1%. The principal amount of the financing cannot exceed $9,650,000 and the bidding cannot be any less than 97%. They are in the midst of drafting the documents with hopes to get them out to market by June, 2016.

Roy Christensen, Council Member, asked Mr. Hubka to confirm previously having funds for the roof and HVAC and borrowing funds now for this portion of the project.

Mr. Hubka stated that the amount which Council reduced from $2,500,000 to $2,150,000 and had nothing to do with appropriation and was always intended to be new certificates of participation being issued.

Jon Camp, Council Member, asked for clarification regarding the fire equipment amount.

Tom Casady, Public Safety Director, came forward and stated the amount for the two aerial trucks and the three fire engines is paid for by the Certificates of Participation and the funds from property taxes reassessment that resulted in extra revenue to the City in 2015.

Mr. Camp asked for clarification of the amount that was surplus from the taxes in 2015.

Trent Fellers, Council Member, confirmed it was around $630,000.

Mr. Casady stated they worked with the Finance Department to make sure the equipment fit the revenue that was available.
Mr. Camp asked for clarification with the financing for the lights. Mr. Hubka stated the remaining projects are pretty fixed in amounts. The street lights are paid over time with money set aside and paid as they get bills from Lincoln Electric System. The question then turns to how long does the money that is put aside last. Mr. Hubka stated that he felt it was best to keep the amount of money borrowed at the minimum and net out any of the other cost out of the street light portion instead of trying to build in the underwriting discount and any cost issuance.

Mr. Camp asked for clarification with the financing for the fire station. Mr. Hubka clarified the individuals designing the fire station provided the estimate and know the budget for the fire station. Mr. Hubka stated the Finance Department will work hard to stay within the budget throughout the design process.

Mr. Casady stated as of right now the amount for the Fire Station is only an estimate, which came from the architectural firm who was hired through a competitive bidding process. There are a number of things that can be done to eliminate cost and not go over the budget.

Mr. Camp asked if when the project is done and there are funds left, who will control how the extra funds are used.

Mr. Hubka stated these could be funds that are used to pay debt in the future. Discussion followed.

Jane Raybould, Council Member, asked how the Certificates of Participation are viewed by the public.

Mr. Keene stated it varies from state to state and in Nebraska they are binding obligations of the political subdivision and from a rating agency perspective, credit perspective and an investor perspective they look like a limited tax and are still under the city's 50 cent levy limitation, but are considered a very strong credit for that reason. Discussion followed.

Carl Eskridge, Council Member, asked why the fire station needed to be relocated from the current location to a new location.

Mr. Casady stated that Fire Station 11 is located in a building that is owned by the Lincoln Airport Authority and is located inside the perimeter fence of the airport. The building is also used by the airport to store some equipment. The Fire Department was notified in writing two years ago that the space needed to be vacated by the end of 2017. The new station will be located outside of the perimeter fence on Northwest 48th and West Adams. Discussion followed.

Mr. Fellers inquired about not being able to go over the principal amount, but if under the principal amount can they juggle the cost from one project to another project. For example, if the full amount estimated for the lights was not used can the remaining balance go into the fire station if the project is more than the estimated amount.

Mr. Keene stated since the certificates will be bid competitively they do no know how the winning bidder will structure the certificates. They may elect to do the certificates at par, or may elect to buy them at an original issued discount, which means we would get less in proceeds than the $9,650,000. They may also elect to bid with original issue premium which could give the project more than $9,650,000. Traditionally what is done is they allocate all cost of issuance for single financing between four separate projects to be able to track the financing cost for each of the four projects. In the case of this project, we would be putting all cost into the street light project. The three remaining projects would try and get matched up for the financing amount that is directly needed.

Mr. Fellers asked who would be buying the certificates.

Mr. Keene stated they would like to see the certificates sold to Individual Retail Investors, Bank Trust Departments, Property Casualty Insurance Companies, Corporations who invest in funds as well as mutual funds and money managers. Mr. Keene stated the only entities who would not participate in this sale are Bank Portfolio Purchaser because Council did not designate this as bank qualified.

Mr. Fellers asked what the debt service payment would be and is there a COP financing coming off that would be replaced.

Mr. Hubka stated there are issues coming off and being paid off in the near future. The only project that is paid from other sources and not directly out of tax funds is the roof and HVAC system which will be paid by the rents from other Departments.

Mr. Keene stated the financing is currently structured where the trounces set up for the roof, HVAC system and the fire station project has a 15 year amortization. The street lights and fire equipment project has a 10 year amortization. The combined total for the first 10 year with level payments and today's interest rate would average about $920,000 per year and the last 5 years of payments would average around $366,000 per year. Discussion followed.

Mr. Eskridge asked will the fire station be designed in a way that can be expanded in the future if that is needed.

Mr. Casady confirmed it will be designed in a way that it can be expanded in the future.

Jane Kinsey, Watchdog, came forward in opposition.

Tim Hruza, Lincoln Independent Business Association, 5001 S. 65th Street, came forward in opposition.

This matter was taken under advisement.
