MAYOR AWARD OF EXCELLENCE

Mayor Beutler came forward to present the Mayor's Award of Excellence for the Month of March, 2016. The award was presented to a team with the Purchasing Division of the Finance Department. Lori Irons and Debbie Winkler were nominated in the category of productivity by Purchasing Agent Bob Walla for their work to develop a more user friendly contract management system for the Purchasing Division and it's customers. An advisory committee was formed and included representatives from the City, County, and the Public Building Commission. The committee made suggestions on how to improve the system to look up existing contracts and certain categories. They also recommended the development of a notification system to send email notices to departments and vendors prior to the expiration of contract dates. The staff researched the contract management system offered by Ion Wave which currently host the City/County e-bids system. Ms. Irons and Ms. Winkler and others in the office determined the system would indeed meet their perceived needs, and would help manage all contracts for the City, County, and Building Commission in a variety of ways. The City, County, and Building Commission have 630 active contracts for commodities and services. Ms. Irons and Ms. Winkler accepted the challenge of entering in all the contracts into the new system. They first developed a worksheet that listed each aspect of the process and this worksheet was eventually used as a tool to show others in the office how to implement the system. To enter all the contract files Ms. Irons and Ms. Winkler worked extra hours during the week and most Saturday's during the summer to keep up with the normal work load and to make progress with the change to the new system. Mr. Walla wrote that it took nearly 4 months to enter in all the contracts, but the hard work of Ms. Irons and Ms. Winkler is now benefitting internal customers as well as the general public. Mr. Walla wrote because of the extra effort by Ms. Irons and Ms. Winkler all three entities have a system that provides greater transparency and insures that contracts do not expire or go unnoticed and incorporates all of the information from the bid process to contract administration all together in one program.

Steve Hubka, Finance Director, came forward and stated the City, County and Building Commission all contributed funds to help with this project. Mr. Hubka stated since the system has been updated by Ms. Irons and Ms. Winkler he is seeing contracts come across his desk weeks before the contract goes into effect. Mr. Hubka stated he can see first hand that the system is working and he thanked them for their efforts and implementing it.

Bob Walla, Purchasing Agent, came forward and also thanked Sharon Mulder and Shelly Hinz for their work and contribution. They assisted in getting the system up and running as well as maintaining and updating the system daily. Mr. Walla shared Ms. Irons and Ms. Winkler are phenomenal employees and he appreciates their hard work.

Debbie Winkler, Nominee, came forward and thanked Bob Walla for the nomination. Ms. Winkler also noted there are a number of other people involved in the process as well.

Lori Irons, Nominee, came forward and thanked Bob Walla. Ms. Irons stated it has been a pleasure to work under his direction.

APPROVING AN AGREEMENT BETWEEN THE CITY OF LINCOLN ON BEHALF OF THE LINCOLN PARKS AND RECREATION DEPARTMENT AND THE LINCOLN PARKS FOUNDATION TO PROVIDE FUNDING FOR THE WOODS PARK TENNIS CENTER RENOVATION PROJECT AND THE ASSOCIATED ENDOWMENT. (RELATED ITEMS 16R-91, 16R-92); AMENDING THE FUNDING SHOWN FOR PARKS AND RECREATION CIP PROJECT 409417 WOODS PARK TENNIS CENTER BY ALLOCATING AN ADDITIONAL $1,250,000 OF PREVIOUSLY APPROPRIATED, BUT UNALLOCATED KENO FUNDS AND CHANGING AND INCREASING THE APPROPRIATION FROM $4,600,000 OF CAPITAL CAMPAIGN DONATIONS, IDENTIFIED AS OTHER FUNDS, TO $4,628,370 FOR THE WOODS PARK TENNIS CENTER PROJECT. (RELATED ITEMS 16R-91, 16R-92) - Lynn Johnson, Director of Parks and Recreation, came forward and stated several years ago The Friends of Woods Tennis took over the operating position. Since The Friends of Woods Tennis operates the facility, the City has no direct operating expenses on an annual basis. The facility is the heart of all the outreach that goes on in the community through the other public tennis courts, community learning centers, and other community partners. The role that the Park and Recreation Advisory Board has played in this is they have developed two 10 year facility plans, which they review and, as part of the process they make a recommendation as to the priority of projects that will involve fundraising. The recommendation then goes to the Park and Recreation Foundation Board of Directors to make a determination on which projects to move forward with. During both versions of the 10 year facility plan, the Woods Park project has been identified as the number one project that should be moving forward. After the requested allocated $1,250,000 of Keno funds that have come in above and beyond projection amounts over the past few years, the total City financial commitment to the project would be $1.71 million. Every dollar that the City contributes is being matched by 3 dollars of private fund-raising. The project would construct a building that would have at least a 75 year life span. There was an investigation done to replace the existing air structures with new air structures, and minus any mechanical fees the cost was about $1.2 million dollars. If the air structures were replaced with new air structures, the life span of the bubbles would be between fifteen and twenty years. The new donor dollars have been approved for construction of a hard site facility and those dollars would not be available if the bubbles were replaced, which would mean all City funding involved in replacement of the bubbles. The project does have an endowment to ensure the long term costs are going to be taken care of. The Lincoln Parks Foundation will properly manage those funds, and as repair costs come up in the future, the funds will be available. Timing on the project is critical due to avoiding winter work which would increase cost to the project.

Christie Dionisopoulos, Director of Lincoln Parks Foundation, 2421 Switchback Road, came forward in support.

Leirion Gaylor Baird, Council Member, inquired about the amount of the endowment that was being raised for the project.

Ms. Dionisopoulos stated for the project, they have committed to an endowment of $600,000. The Parks Department looks at life cycle costs of the project and come up with an amount of improvements over twenty years.

Ms. Gaylor Baird inquired about time lines to collect the donations.

Ms. Dionisopoulos stated for this project there was a 5 year pledge commitment and intent forms that individuals sign with a total amount of donations and a time frame to when their donation would be paid off. Ms. Dionisopoulos stated their default rate to collect donations is very low. National average is about 5%-10% and their rate is less than ½% due to constant communication with the Donors.
JJ Yost, Planning and Construction Manager for Parks and Recreation Department, came forward and stated the design is basic and practical. The design consists of a pre-engineered metal building with the purpose of housing 6 indoor tennis courts. The design team considered the building to be the most effective approach that fits into the characteristic of the surrounding neighborhood. During the design process they identified some of the program elements that could potentially be incorporated into future phases of the project which are being deferred to a later time in order to reduce the square footage of this building and lessen construction cost. Throughout the process, they incorporated any future add-ons to the building that will not disrupt the building or have to undo any construction of the building. Mr. Yost also stressed the importance of getting the project started to avoid winter weather and more cost.

Leirion Gaylor Baird, Council Member, inquired about The Friends of Woods Tennis taking care of future capitol and maintenance costs.

Mr. Yost stated over time HVAC systems will wear out, tennis surfacing will have to be resurfaced over time, and lights could burn out. Having the endowment in place will allow to cover costs of the repairs needed in a timely manner. Discussion followed.

Jane Raybould, Council Member, inquired about the energy saving and utility costs with the new structure and who typically picks up the monthly utility cost.

Mr. Yost stated the current bubbles are not energy efficient and with the new metal sided building and insulation of LED lighting and high efficiency HVAC system they project monthly operational cost to go down significantly. The Friends of Woods Tennis are responsible for paying the monthly operational costs.

Steve Hubka, Finance Director, stated the Keno funds come from gambling and although it is not the most reliable source of revenue it has exceeded the expectation at times. In recent years, Keno funds have been a City upward trend. The City expects to take in about $31 million of gross proceeds which most of that goes back to the players of the game, but that results in the Parks Department being allowed to use $1.4 million. From the 2013-2014 Fiscal Year, they took in $420,000 over the projected amount, and in 2014-2015 Fiscal Year $483,965 and in the current year they expect it to be in the same range.

Ms. Raybould inquired what Keno funds can be used for.

Mr. Hubka stated in the City of Lincoln we allocated 65% of the net to Parks and Recreation, 35% to Libraries and 5% to human services.

Roy Christensen, Council Member, asked what the total is every year that goes to Parks and Recreation.

Mr. Johnson stated within the CIP program about $1 million every year. There is some money that is allocated to assist with funding development.

Kevin Heim, Executive Director of Woods Park Tennis Center, 2948 Windover Avenue, came forward in support. Discussion followed.

Fidan Ibrahimova, Youth Tennis Participant, 4501 Elk Ridge Road, came forward in support. Discussion followed.

Marg Donlan, 510 Lakewood Drive, came forward in support.

Mr. Johnson noted the number of Donor's and individuals in the audience that play tennis at Woods Park. Mr. Johnson also requested a 1 week delay.

Ms. Gaylor Baird inquired on how firm the bid is for the project and the difference in the estimate from now and when Council first heard of the project.

Mr. Johnson stated at the beginning of the project there were individuals doing pro-bono work and that is where the initial cost estimate came from. As the project has moved forward, Clark Anderson is the Architectural Firm that has been hired on this project. They took a different approach due to being worried what would happen if they had a traditional design bid build project and they have actually used a construction management-at-risk model. They have selected Sampson Construction as the C.M. at risk. Both construction firms feel the numbers they are working with are good at this point. They will not know the amount for sure until Sampson gets through bidding the other elements of the project. The big metal building was recently bid and the cost came in just slightly under their estimate. The question has come up if the bids come in higher than estimated and they might go into the endowment to cover cost as a last resort. Discussion followed.

Jon Camp, Council Member, confirmed the topic today was just to focus on the $1.25 million in the Keno fund and in addition $510,000 committed by the City with a combination of prior increments and other Keno funds.

Mr. Johnson confirmed a total of $460,000 has been committed and the request for $1.25 million unallocated Keno which brings the total to $1.71 million. Discussion followed.

This matter was taken under advisement.

MISCELLANEOUS 16001 - DECLARING THE “SOUTH UNIVERSITY PLACE REDEVELOPMENT AREA” WHICH CONSISTS OF APPROXIMATELY 37 ACRES OF LAND, GENERALLY BOUNDED BY HOLDREGE STREET AND FRANCIS STREET AND 48TH STREET TO 49TH STREET, INCLUDING UNI-PLACE PARK TO THE NORTH, AS BLIGHTED AND SUBSTANDARD - David Landis, Director of Urban Development, came forward and reviewed the steps for a redevelopment project: declare an area blighted and substandard, create a plan for the area, shadow in a plan to the project with a plan amendment, and finally create a redevelopment agreement. There is currently a developer who is interested in doing a project in this area. The first of the four steps is being started. Mr. Landis showed pictures of the current buildings in the area and noted the damage to the buildings, the sidewalks not being maintained, and the other conditions this area has created without being maintained. The City and the Developer have agreed to the boundaries due to the park being in that area.
Cyndi Lamm, Council Member, inquired if the area would include the University pool. Mr. Landis confirmed the area blighted does include the pool. Ms. Lamm asked for clarification on blighting the park and the pool. Mr. Landis explained not every piece of land in a blighted substandard area has to be blighted. There has to be an overall area that is blighted.

Roy Christensen, Council Member, asked if the TIF money would be used to enhance the park that is inside the designated blighted area. Mr. Landis confirmed that is not the intent, but there is a possibility. It is not a current plan with the developer.

Tom Houston, 233 S. 13, Suite 1900, 48th Street Investments, LLC, stated this is step one of the process. If the park is included in the blight area, it can use incremented revenues and make improvements later. If the park is not included in the blight area, it cannot be in the redevelopment area and it cannot be the recipient of tax increments and proceeds. All 4 substandard criteria were met and 7 out of 12 blight criteria were met. Also, there is an 1880's platted alley that is nonfunctional that will be vacated and used for parking areas.

Terri Pope Gonzalez, 349 S. 1st Street, came forward and gave a letter regarding TIF. This matter was taken under advisement.

APPROVING A CONTRACT BETWEEN THE CITY OF LINCOLN AND FIRST STAR RECYCLING FOR RECYCLING PROCESSING SERVICES, PURSUANT TO BID NO. 16-080, BEGINNING JUNE 1, 2016 THROUGH MAY 31, 2020, WITH THE OPTION TO RENEW FOR TWO ADDITIONAL ONE YEAR TERMS - Gene Hanlon, Recycle Coordinator, came forward and requested approval. Discussion followed.

This matter was taken under advisement.

AMENDING THE FUNDING SHOWN FOR CIP PROJECT FIRE STATION 11 BY CHANGING AND INCREASING THE APPROPRIATION FROM $1,676,000 TO $2,500,000 AND AUTHORIZING THE FINANCE DIRECTOR TO INCREASE APPROPRIATIONS FOR AND APPROVE EXPENDITURE OF $2,500,000 - Steve Hubka, Finance Director, came forward and stated this is to get the Capitol Improvement Program appropriation in line with the amount of money in the COP ordinance on 3rd reading today.

Leirion Gaylor Baird, Council Member, asked if the fire station was less than $2.5 million would they come back to Council and request a lower appropriation amount. Mr. Hubka stated they would not come back and request a lower amount. The funds would just be unspent. The funds cannot be used unless they come back in front of Council to request the funds be moved or used for another project.

Mike Rogers, Gilmore and Bell, 1248 O Street, Suite #710, came forward and stated the original ordinance that was drafted allowed the spending of proceeds to be used on the projects listed. The amendment being proposed would put caps on specific projects, but phrasing would allow any excess funds to be used for the streetlights. Normally, funds are allowed to shift amongst projects because locking in a specific amount could potentially be a challenge due to limiting flexibility in the future.

Jane Raybould, Council Member, confirmed that the amendment that would be proposed would only allow any excess funds to be used solely for the street light projects. Mr. Rogers confirmed that to be correct.

This matter was taken under advisement.

APPROVING THE PURCHASE OF VARIOUS TURF EQUIPMENT IN THE AMOUNT OF $527,856 FOR THE CITY GOLF COURSES FROM MIDWEST TURF AND IRRIGATION WITH FINANCING PROVIDED BY U.S. BANKCORP AS PROVIDED IN BILL NO. 16-37 - Lynn Johnson, Director of Parks and Recreation, came forward and asked for approval.

This matter was taken under advisement.

- Doug McDaniel, Director of Human Resources, came forward and stated they are seeking to create a classification to accurately reflect the duties and provide for better hiring into the discipline of the GIS. The pay range calculated based on comparability is $44,112.64 - $56,328.48. Mr. McDaniel stated items 23 and 24 are just to clean up unused classifications.

Leirion Gaylor Baird, Council Member, asked if there will be implications for budgets in the future.

Mr. McDaniel confirmed there are no implications of budgets in the future.

This matter was taken under advisement.

MISCELLANEOUS 16001 - DECLARING THE "SOUTH UNIVERSITY PLACE REDEVELOPMENT AREA" WHICH CONSISTS OF APPROXIMATELY 37 ACRES OF LAND, GENERALLY BOUNDED BY HOLDREGE STREET AND FRANCIS STREET AND 48TH STREET TO 49TH STREET, INCLUDING UNI-PLACE PARK TO THE NORTH, AS BLIGHTED AND SUBSTANDARD - CLERK read the following resolution, introduced by Carl Eskridge, who moved its adoption:
WHEREAS, it is desirable and in the public interest that the City of Lincoln, Nebraska, a municipal corporation and a city of the primary class, undertake and carry out urban redevelopment projects in areas of the City which are determined to be substandard and blighted and in need of redevelopment; and

WHEREAS, Chapter 18, Article 21, Nebraska Reissue Revised Statutes of 1943, known as the Community Development Law, is the urban renewal and redevelopment law for the State of Nebraska and prescribes the requirements and procedures for the planning and implementation of urban redevelopment projects; and

WHEREAS, the City, in accordance with its Home Rule Charter and the laws of the State of Nebraska applicable to cities of the primary class, has duly prepared and approved a general plan for the development of the City known as its Comprehensive Plan, all as required by Section 18-2110, R.R.S. 1943; and

WHEREAS, this Council has received and duly considered evidence relating to the present condition of the South University Place Redevelopment Area, generally located northeast of North 48th and Holdrege Streets, bounded by North 48th Street on the west and North 49th Street on the east, but also including the entirety of University Place Park, as shown and described on Attachment "A" (entitled South University Place Redevelopment Area Blight and Substandard Determination Study); and

WHEREAS, this Council has received and duly considered other evidence, including evidence relating to the scope and limitations of the nearby redevelopment plans in the area, and the inability of the other plans to effectively remedy the substandard and blighted condition.

WHEREAS, the Lincoln City - Lancaster County Planning Commission on April 13, 2016 recommended that the South University Place Redevelopment Area be declared a blighted and substandard area as defined in said Community Development Law, and in need of redevelopment; and

WHEREAS, on April 1, 2016, notice of public hearing was mailed, postage prepaid, to the president or chairperson of the governing body of each county, school district, community college, educational service unit, and natural resource district in which the real property subject to such plan is located and whose property tax receipts would be directly affected and to all registered neighborhood associations located in whole or in part within a one mile radius of the area to be redeveloped setting forth the time, date, place, and purpose of the public hearing to be held on April 13, 2016, before the Lincoln City - Lancaster County Planning Commission regarding the proposed determination that the South University Place Redevelopment Area be declared a blighted and substandard area as defined in said Community Development Law, and in need of redevelopment; and

WHEREAS, on April 15, 2016 a notice of public hearing was mailed, postage prepaid, to the foregoing governing bodies and registered neighborhood associations setting forth the time, date, place, and purpose of the public hearing before the City Council to be held on May 9, 2016 regarding the proposed determination that the South University Place Redevelopment Area be declared a blighted and substandard area as defined in said Community Development Law, a copy of said notice and list of said registered neighborhood associations having been attached hereto as Attachment "B" and "C" respectively; and

WHEREAS, on April 22, 2016 and April 29, 2016 a notice of public hearing was published in the Lincoln Journal Star newspaper, setting forth the time, date, place, and purpose of the public hearing to be held on May 9, 2016 regarding the proposed determination that the South University Place Redevelopment Area be declared a blighted and substandard area as defined in said Community Development Law, a copy of said notice having been attached hereto as Attachment "D"; and

WHEREAS, on May 9, 2016 in the City Council Chambers of the County-City Building, 555 South 10th Street, Lincoln, Nebraska, the City Council held a public hearing relating to the proposed determination that the South University Place Redevelopment Area be declared a blighted and substandard area as defined in the Nebraska Community Development Law and all interested parties were afforded at such public hearing a reasonable opportunity to express their views respecting said proposed plan; and

WHEREAS, the City Council has duly considered all statements made and materials submitted relating to said proposed determination.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Lincoln, Nebraska:

That it is hereby found and determined that substandard and blighted conditions exist as set forth and discussed in Attachment "A" (entitled South University Place Redevelopment Area Blight and Substandard Determination Study) attached hereto and incorporated herein as though fully set forth verbatim.
2. That it is hereby found and determined that the South University Place Redevelopment Area as shown and described on Attachment "A", constitutes both a substandard and blighted area as defined by subsections (10) and (11), respectively, of Section 18-2103, R.R.S. 1943, as amended, and that said area is in need of redevelopment.

3. That it is hereby found and determined that said area is an eligible site for redevelopment projects under the provision of Chapter 18, Article 21, Nebraska Revised Statutes of 1943, as amended.

4. That the elimination of said substandard and blighted conditions under the authority of the Community Development Law is found to be a public purpose and in the public interest.

5. That such substandard and blighted conditions are beyond remedy and control solely by regulatory process and the exercise of police power and cannot be dealt with effectively by the ordinary operations or private enterprise without the aid provided by the Community Development Law, specifically including Tax Increment Financing.

BE IT FURTHER RESOLVED that the Department of Urban Development as the duly designated community development agency for the City of Lincoln is hereby authorized and directed to immediately proceed with the preparation of a new redevelopment plan and associated projects for the South University Place Redevelopment Area, which plan shall be prepared in accordance with the requirements and procedures of said Chapter 18, Article 21, for ultimate review and consideration by this Council.
