MAYOR'S AWARD OF EXCELLENCE

Mayor Beutler came forward to present the Mayor's Award of Excellence for the month of October, 2016 to Cary Steele, Public Safety Dispatch Supervisor for the Communications Unit of the Police Department. Communications Coordinator Julie Righter Dove nominated Steele in the category of productivity for his work to improve the existing cardiac arrest protocol. Mr. Steele attended a Resuscitation Academy in Seattle, Washington with EMS Supervisors from Lincoln Fire and Rescue. He returned with several ideas for way the 911 Center could improve survival rates for patients with sudden cardiac arrest. One of those ideas was the creation of an ECHO response. The ECHO designation is given to those cases with the highest priority. Ms. Righter Dove said Cary was instrumental in creating a process to modify the protocol for these cases to allow for immediate dispatch of EMS personnel and provision of CPR instructions. Ms. Righter Dove wrote, "Since adoption of the ECHO response protocol on June 1, 2016, the 911 Center call processing times for these types of calls has decreased approximately thirty seconds, which can be critical for these types of incidents."

Jeffrey Bliemeister, Chief of Police, came forward and stated that he thinks it is so important in an example like this that Julie Righter Dove shared that Cary Steele not only went out to a training, but that he also took all the information in and brought back changes that can obviously improve some processes in Lincoln and LPD is very appreciative of that. LPD is also appreciative of his communications skills and his team is represented well.

PUBLIC HEARING

APPROVING APPROPRIATIONS IN THE AMOUNT OF $175,000.00 FROM THE OPERATION OF KENO LOTTERY FUNDS FOR VARIOUS HUMAN SERVICES (ROUND 41) - Jane Kinsey, Watchdogs of Lincoln, 6703 Hawkins Bend, came forward in opposition.

Sara Hoyle, Director of Human Services, came forward and shared the amount of $10,000.00 for the Friendship Home is for 2 specific things: interpretation for their clients who do not speak English as a primary language and to also be able to help clients when the shelter is full to be able to house them elsewhere for safety reasons if the perpetrator of the domestic act is placing the victim in harms way and safety is needed. Ms. Hoyle stated she is not sure what was passed in the Mayor's Budget for the Friendship Home.

Leirion Gaylor Baird, Council Chair, stated she was under the impression this was a reflection from what was already passed by Council in the Mayor's budget. Discussion followed.

Ms. Raybould, Council Member, shared there are a certain amount of Keno Funds that are designated on an annual basis, then the JBC makes recommendations on how those funds are disbursed. This recommendation is coming forward from the JBC on the disbursement on the $175,000.00 that is currently in the Mayor's Budget. Discussion followed.

Ms. Gaylor Baird asked if the grantee's have been notified, will a one week delay affect the implementations of the grants, and if one week is sustainable.

Ms. Hoyle stated a one week delay would be fine. All of the services start January 1, 2017, and everyone has been contacted. Everything is contingent upon the County Board, which has already approved it, and the City Council's approval.

This matter was taken under advisement.

APPROVING A MULTI-YEAR CIP CONSTRUCTION CONTRACT MANAGEMENT SYSTEM UPGRADE BETWEEN THE CITY OF LINCOLN AND AURIGO SOFTWARE TECHNOLOGIES, INC - Jeff Kirkpatrick, City Attorney, came forward and stated this item was requested to be placed on pending. There were some adjustments that needed to be made to the contract. The changes are done and the contract has been signed, but the contract was not in Council's packets. The request to place this on pending will allow the signed Agreement to be looked at by Council for the 12/19/16 Council Meeting.

This matter was taken under advisement.
AUTHORIZING THE PARKS & RECREATION DEPARTMENT’S SUBMITTAL OF A GRANT APPLICATION TO THE TRANSPORTATION ALTERNATIVES PROGRAM OF THE STATE OF NEBRASKA DEPARTMENT OF ROADS TO FUND THE CONSTRUCTION OF THE BEAL SLOUGH TRAIL THAT CONNECTS THE HELEN BOOASALIS TRAIL TO THE YANKEE HILL TRAIL, FROM APPROXIMATELY 56TH AND LONDON ROAD TO 70TH AND YANKEE HILL ROAD - Sara Hartzell, Parks & Recreation, came forward and explained the trail that is being designed runs along the north side of Highway 2. The improvements that were recently made along S. 56th Street and widening it to 4 lanes, Public Works Department extended the trail to London Road where it passes under 56th Street at Beal Slough. This project would be picked up at London Road going through City owned property down to Pine Lake Road, where it will be part of an underpass. The creek runs underneath Pine Lake with an improvement project that Public Works is currently working on. This will continue to 70th Street and Yankee Hill, and will essentially provide the trail system to The Village Gardens Development, The Woodlands at Yankee Hill development, and the development on Rokeby Road. Additionally, Yankee Hill Trail is being constructed with the improvements to Yankee Hill associated with the new middle school being built and Jensen Park, which the trail will also connect to. The trail will create a loop that will go to the Billy Wolf Trail and all the way back towards Homes Lake. The approval today is the authorization for the Mayor to be able to enter into the Agreement with Nebraska Department of Roads. This is a trail that is being built with an transportation alternatives program, which has specific funding that the NDOR gets from the Federal Highway Administration. They will pay 80% of costs on the trail, the City will then match 20% and the 20% comes from the impact fees that are collected in this district.

Roy Christensen, Council Member, inquired about alternative options that the impact fees can be spent on.

Ms. Hartzell stated those estimated fees are $221,000 which are specifically for parks and trails. The district extends from Highway 2 to roughly Pine Lake Road and over to about 27th Street.

Mr. Christensen asked what else inside of Parks & Recreation could the impact fees be spent on.

Ms. Hartzell stated the funds can be used for trail development or for park development in the area.

Mr. Christensen asked if the funds can be used for park maintenance.

Ms. Hartzell confirmed those funds can not be used for any park maintenance. The funds are CIP dollars and for new developments.

Jon Camp, Council Member, asked if the funds can be used for the Jensen Park that is in the area.

Lynn Johnson, Director of Parks & Recreation, came forward and shared the funds are to be used for acquisitions and development of neighborhood parks and also new trails. Jensen Park would not be eligible for these funds because Jensen Park is a community park, not a neighborhood park. The funds are essentially segregated out between acquisition of land for new neighborhood parks and for the extension of the trail network. Discussion followed.

Leiron Gaylor Baird, Council Chair, asked for elaboration on the safe connections for children who use the trail.

Ms. Hartzell said the majority of the commuter trails are set off of the City right of ways. Most trails travel through outlots of developments, go through parks, many have grade separated crossing so children are not actually crossing the street, they are passing over the street or under the street. The trails are maintained and snow is shoveled quickly to continuously keep the trails safe.

This matter was taken under advisement.

ASSESSING LIENS FOR COSTS OF REGISTRATION FEES AND PENALTIES FOR NEGLECTED BUILDINGS ON THE PROPERTIES GENERALLY LOCATED AT 1609 SOUTH 27TH STREET, 2125 SOUTH 14TH STREET, 3275 HITCHCOCK STREET, 1709 NORTH 29TH STREET, 3145 S STREET, 2217 NORTH 67TH STREET, 2236 Y STREET, AND 5120 L STREET - Chad Blahak, Director of Building and Safety, came forward and explained this is a similar resolution to what Council has seen before. This is in regard to the neglected building registry, which is the program that deals with vacant residential property that come in violation of the housing code or any other code. Assessing liens is a tool to attempt the get the owners to get the properties back into compliance. The properties have accumulated unpaid fees by the property owners and periodically a number of properties are brought to Council to assess the fees against the property in the form of liens and this represents those batch of properties that have reached that point. There is one property on the list that will be removed due to them coming into compliance. There is another property on the list that the City is currently in negotiations with the property owner and some proposals to getting the property in compliance in order to avoid the lien.

Jon Camp, Council Member, asked for clarification the two properties that will be removed due to the owner coming into compliance. There was also no mail that was delivered to 1609 S. 27th by certified mail or by forwarding to other addresses.

Mr. Blahak confirmed the two properties that are being asked to be removed are 3145 S. Street and 2217 N. 67th Street.
John Boies, Chief Housing Inspector, came forward and said the property at 1609 S. 27th is vacant and was burned. The owner moved to another property and mail was also sent to the new address.

Mr. Camp stated from notes he looked at, that mail was sent back undeliverable also.

Mr. Boies explained when the process first started they did have verbal conversation with the owner of that property and they are aware. By the ordinance, they are not required to do registered mail for every notice.

Cyndi Lamm, Council Member, stated the previous attachment they received had more addresses that appear to be blacked out.

Mr. Blahak stated the blacked out properties on the original attachment are properties that were not in compliance at the beginning of the process, but have made efforts to come into compliance.

Ms. Lamm commented that could be an indication that the lien process works.

Juan Rodriguez, 1110 Claremont Street, came forward and stated he is with a non profit organization and they have been trying to sell the property at 2236 Y Street for about a year due to financial reasons of not being able to keep the house in compliance. The house is not livable and he went to the Fire Department for a possible training which was not an option. He has spoken to individuals who flip houses and what they are offering for the house is very low. Habitat for Humanity is currently looking into the option of purchasing the house. They are ok with taking a loss and allowing Habitat for Humanity to purchase the home to be able to lift the lien. An extension would be helpful to allow time to get paperwork in order and to sell the property.

Jane Raybould, Council Member, asked if there was a specific time line Mr. Rodriguez was asking for to be able to sell the house.

Mr. Rodriguez asked for one or two months due to the holidays and all the paperwork that would be involved.

Mr. Boies confirmed he would be fine with a one month extension and thinks that would be and adequate amount of time.

Chris Connelly, City Attorney, came forward and confirmed he received an email regarding the property at 2217 N. 67th and there is an arrangement that has been worked out with the property owners attorney and that property can also be removed from the list of liens.

This matter was taken under advisement.

ASSESSING THE COSTS INCURRED FOR CUTTING, CLEARING AND REMOVING WEEDS AGAINST THE VARIOUS BENEFITED PROPERTIES FOR THE PERIOD OF JANUARY 1, 2016 THROUGH DECEMBER 31, 2016 - Brent Meyer, Lancaster County Weed Superintendent, came forward and shared that through Interlocal Agreement for the past 20 years, they have provided the weed abatement services to the City of Lincoln. The resolution just allows the assessment of weed abatements, and not the noxious weeds, which is handled through State Law. The properties on the attachment are properties that have not paid and notices have been sent to property owners advising them their properties would be assessed as liens.

Carl Eskridge, Council Member, stated he sees several addresses on the attachment that are the same and inquired about the process to contact individuals after a first offense, and subsequent offenses.

Mr. Meyer explained in 2015 there were 32 parcels that were forced on twice, and 1 parcel that was forced on three times. In 2016, there were 17 parcels that were forced on twice, and 5 parcels that were forced on three times. Those types of situations are the worst of the worst and they will hopefully get transitioned out through foreclosure. There are administrative fees on top of what the contractor charges. In Omaha, they do an increasing fined fee and every time a parcel is sited the fee increases. Lancaster County can not have increasing fees because they are not fines, they are administration costs, and it is hard to justify administrative costs going up on the second and third time a parcel is cited. There is a lot of effort put forth to attempt to contact the property owners which, at times, can be hard if a property owner has moved and there is no record of a current address. They have implemented a new system with placing orange 'warning' signs on the parcel. This process has been helpful because if a property owner cannot be contacted by mail most times they do see the notice on the parcel. Over 467 properties were finalized due to using the warning signs. Discussion followed.

Jane Raybould, Council Member, asked why one item on the list had a higher cost than the other parcels on the list of liens.

Mr. Boies explained when the process first started they did have verbal conversation with the property owners attorney and that property can also be removed from the list of liens. He has spoken to individuals who flip houses and they did not think it would be hard to sell the property. They are ok with taking a loss and allowing Habitat for Humanity to purchase the home to be able to lift the lien. An extension would be helpful to allow time to get paperwork in order and to sell the property.

Mr. Meyer clarified the property in question took a huge hit on the weed abatement program because they had a lot of tree cutting, a lot of hauling to the landfill, and a lot of chipping of trees. It is in the ordinance that Weed Abatement can handle volunteer trees, but they try not to handle the trees because of the cost. Discussion followed.

This matter was taken under advisement.

STREET & ALLEY VACATION 16004 – VACATING A PORTION OF THE NORTH 46TH STREET PUBLIC RIGHT-OF-WAY BETWEEN THE SOUTH RIGHT-OF-WAY LINE OF ORCHARD STREET AND THE NORTH RIGHT-OF-WAY LINE OF Y STREET. (RELATED ITEMS: 16-121, 16-122, 16R-261);

CHANGE OF ZONE 16029 – APPLICATION OF JUDITH AND HAROLD HOPKINS FOR A CHANGE OF ZONE FROM R-2 RESIDENTIAL DISTRICT TO R-T RESIDENTIAL TRANSITION DISTRICT AND FROM R-2 RESIDENTIAL DISTRICT TO R-4 RESIDENTIAL DISTRICT ON PROPERTY GENERALLY LOCATED AT NORTH 46TH AND ORCHARD STREETS. (RELATED ITEMS: 16-121, 16-122, 16R-261);

USE PERMIT 16008 – APPLICATION OF JUDETH AND HAROLD HOPPE TO ALLOW FOR THE CONSTRUCTION OF AN OFFICE IN AN R-T RESIDENTIAL TRANSITION DISTRICT, WITH WAIVERS TO R-T DISTRICT PARKING LOT SETBACKS AND SIGN LOCATION, ON PROPERTY GENERALLY LOCATED AT NORTH 46TH AND ORCHARD STREETS. (RELATED ITEMS: 16-121, 16-122, 16R-261) (ACTION DATE: 12/19/16) - J.D. Burt, 2118 S. 38th Street, applicant, came forward and shared this project started 9 months to a year ago for Habitat for Humanity. Judith and Harold Hoppe own 1/2 block of undeveloped real estate, generally located at the southeast corner of 46th and Orchard.

After speaking with the Planning Department they had to reconfigure lot lines. When the lot lines were reconfigured, it was established that no one wanted 46th Street, which is the need for the vacation. The ending result is a lot that is adequate enough for Habitat for Humanity at the northeast corner of the property, which is the need for the R-T zoning. The neighborhood did not want multi family in this area and is very receptive to the idea of this not being multi family. This plan is for single family adjacent to existing properties, 2 duplex lots on Y Street, one of which is where there are existing radio towers. The tower will prevent any residential use on the that property until the tower is gone. Essentially there is 1 duplex lot on Y Street that will be available for sale, 1 single family on Y Street, and 1 single family on Orchard Street.

Jerry Boyce, 4631 S. 67th Street, Habitat for Humanity Construction Manager, came forward and stated they would be building an office building in this space that looks like a single family home to be able to blend in with the surrounding neighborhood. Other than the size, a sign in the front yard, and a larger driveway, it still will appear like a single family home and should blend in very well. Discussion followed. This matter was taken under advisement.

AMENDING THE FY 16/17 CIP TO AUTHORIZE AND APPROPRIATE $320,000 IN TIF FUNDS FOR THE VICTORY PARK – VA CAMPUS PHASE 1 VETERANS AFFAIRS SUPPORTIVE HOUSING (VASH) HOUSING PROJECT. (RELATED ITEMS: 16-123, 16R-267) (ACTION DATE: 12/19/16);

AUTHORIZING AMENDMENTS TO ORDINANCE NO. 20261 APPROVED OCTOBER 26, 2015 AUTHORIZING TAX ALLOCATION BONDS FOR THE VICTORY PARK – VA CAMPUS REDEVELOPMENT PROJECT. (RELATED ITEMS: 16-123, 16R-267) - David Landis, Director of Urban Development, came forward and stated because of the time frame and the importance of action, the Victory Park Redevelopment Agreement was approved first because it was a resolution and that allowed the timeline for the project to be met. These two are ordinances that required three readings, which is why they appear at a different time than the Redevelopment Agreement. The CIP is specific to the VASH housing and this action is to create the CIP authority for $320,000 of tax increment financing for that part of the project. The second ordinance is for the overall project and there was action taken about a year ago and that action outlined a total amount of investment and a total amount of tax increment financing. Since that time frame, things have changed, the projections of what would be built if the whole project was to go forward and that grew from $120 million to $128 million, and the amount of TIF grew from $7.1 million to $7.6 million. There is a maximum of interest on the TIF bonds should they be released and that is 8%. In the event the project goes forward, and additional phases are added, they will appear in front of Council one phase at a time and a CIP amendment for what would be going forward. This is the reason for the VASH housing appearing as a separate piece and then the canvas upon which the entire project is slated for construction is the second ordinance. This will continue to appear pieces at a time in the CIP.

Leirion Gaylor Baird, Council Chair, clarified that when this was looked at in October, the Amendment to the Redevelopment Agreement was approved and that at time TIF allocations were discussed but at that time the bond ordinance was not amended.

Mr. Landis explained one of the reasons the bond ordinance did not get amended was due to the necessity of hitting a very tight window. The piece of all of this that could be segregated was the agreement which was a resolution and could be voted on by Council. The ordinances require three readings and a longer timeline. If all these items were merged as a package it would have been over the specific timeline necessary to take action on the VASH Housing. This allows the City to do what they can and meet the VASH Housing timeline and not ask Council to have to do something in a unique way as far as the approval process.

Ms. Gaylor Baird stated depending on the location of the clinic, some of the phases might not come forward in the future. The TIF authorization and the bond ordinance is contingent on the clinic and the additional phases. If this is the case, will the bonds be issued and phased in as they are needed.

Mr. Landis confirmed that projects will come forward individually with a Redevelopment Agreement and the money for that particular project and that will be a separate CIP action.

Jane Kinsey, Watchdogs of Lincoln Government, 6703 Hawkins Bend, came forward in opposition of TIF funds going to private developers.

Kent Seacrest, Seacrest & Kalkowksi Law Firm, 1111 Lincoln Mall, Suite 350, came forward representing Burlington Capital and Senior's Foundation and stated Council previously approved the bond ordinances once and this action is adjusting the amount. There is no real increase other than the $500,000, which was justified when Council approved the bond ordinance in October. Council authorized and approved the TIF amount and this action is for the bond ordinance and makes the action in October consistent. The different phases were broken down in the Redevelopment Agreement Amendment in October. With the assumption this project stays on track, they will appear in front of Council in different phases as separate bond ordinances as well as approval of the different phases.

Trent Fellers, Council Member, stated the VASH Housing and phase 1 is what would be going forward. The second and third phases of the project depend on action from other people. The second phase would be the clinic, that at this point, the location has not yet been determined.
Mr. Seacrest confirmed that to be correct. The VASH Housing and phase 1 are the current projects that will be going forward. The clinic is now accepting proposals and it is the hope that we will be the successful party that wins that proposal. If that is the case, the remaining phases will go forward and, if not, there will have to be discussion as to what the next phase will be and there will probably be some modification made at that time.

Mr. Fellers asked if phase 3 was open because of the uncertainty of the clinic and there could be other things that happen on the property.

Mr. Seacrest stated this is 60 acres and they are not used to doing TIF projects at that scale. There is more than 3 phases, the agreement outlined 7 phases in total. This would include different type of housing stock.

Mr. Fellers confirmed that the tax increment financing was needed because the infrastructure, the ground, and the sewer pipes were aged and this project could not be performed unless those dollars were used to move forward.

Mr. Seacrest confirmed that to be true, plus the facade, and trying to keep the old historical main hospital along with the other buildings, which need work done. The TIF goes into the facade and the historic restoration. There are a lot of federal laws that apply on historic preservation which takes extra work to comply with. Discussion followed.

This matter was taken under advisement.

CONSENT AMENDMENTS ORDINANCE AMENDING CHAPTER 10.34 OF THE LINCOLN MUNICIPAL CODE ENTITLED “PARKING METERS” BY AMENDING SECTION 10.34.030 RELATING TO PARKING FEES AND TIME LIMITS TO AMEND THE DEPARTMENT AUTHORIZED TO SET PARKING FEES; AND REPEALING SECTION 10.34.030 OF THE LINCOLN MUNICIPAL CODE AS HITHERTO EXISTING - Jeff Kirkpatrick, City Attorney, came forward and explained they try to come before Council once a year with a series of technical and consent amendment to the first change comes from Public Works with two changes. The first is changing Traffic Operations to Traffic Engineering. This is a name change that represents the change of philosophy within that division. They have already created a Right-Of-Way Management Division and the second change calls that division out within the code. This is a result of the right-of-way being managed more and more professionalized in the last few years. The second ordinance comes from Human Resources for a number of relatively minor changes. The changes reflect the way things are operated now and everything being submitted electronically. This change is mostly because people do not apply through the mail anymore. There is a significant change as far as veterans preference and how that is applied, which is due to a change in State Law. There are a couple of changes in regards to what happens when an email is undeliverable, a change in the notification examination results. The next ordinance is regarding the Library Board, the Library is not changing what it has been doing, it is looking to change the Code to reflect what it has been doing. For example, they have not elected a secretary for some time, and the duties of the secretary are now carried out by a staff person. The Library does submit annual reports, but they do not need to be signed by the President, nor do they have to be signed by affidavit by the board. The LES change is a simple change where it states Article 11 refers to LES, when in actuality it is Article 9 that refers to LES. The charter will not be changed in regards to LES, they just want the change to reflect the accurate article. The next change is to remove the entire chapter that refers to charitable solicitation. This could be considered a policy change, but this was brought as part of the consent amendments due to this being in the code for quite some time, and over time fewer and fewer people became aware of this and were not filing for the permit to do charitable solicitation and were not filing the proper reports that are required under the Code. The City Attorney recommendation is to delete the entire sections because it is not needed and because, for the most part in the City it is being ignored. If this section was deleted then that would be instruction for the Clerk’s Office and to the Law Department that we would be actively enforcing this. This would require a significant amount of resources making sure the charitable community knows to file under the code and making sure they file their annual reports. A few years ago, there were several changes pertaining to changing all reference from Pershing Auditorium to Pinnacle Bank Arena. There was one reference that was missed that still referenced the Pershing Auditorium. The next change is a Code change regarding changing the length of the paintings allowed on the curbs for home addresses. The request states the numbers have to be at least 3 inches high, but if an individual wants larger numbers that is allowed as well as allowing different colors as far as the contrast is clear enough to see. The next change comes from Public Works to change the Wastewater to Water Resource Recovery, which reflects not just a name change, but an ongoing change in philosophy as to how we regard wastewater. It is not a matter of cleaning up sewage so we can dispose of it, but also using it as a resource. The other change is regarding the references to the Department of Environmental Control, which has not existed since the early 90’s. That has since been changed to the Department of Environmental Quality. Since there was a code change to this section, it also made sense to clean correct the name change. The last change comes from the Planning Department regarding technical amendments and a few clean ups regarding a previous Code change. The final item clarifies that the setting of parking fees is not longer set by Public Works, but is now set by Urban Development.

Jon Camp, Council Member, stated he thought Council was the final authority on setting the rates. Mr. Kirkpatrick said the change transfers authority to Urban Development, it does not give the Director of Urban Development any more authority than it did to the Director of Public Works.

Mr. Camp shared that he wanted a language change to state the the Director of Urban Development can recommend a parking rate but that City Council has the final say. Cyndi Lamm, Council Member, asked when the Library Board stopped submitting things by affidavit under the rules and why. Mr. Kirkpatrick explained he could not confirme when they stopped, but he was President of the Library Board about 7 years ago, and at that time he was not signing an affidavit. The requirement is to submit an annual report, which is still practices, but at some point the affidavits stopped. Ms. Lamm inquired about the charitable solicitation and if they have to inform law enforcement that they will be soliciting or can someone call law enforcement to see if the charities are allowed to go door to door. Mr. Kirkpatrick stated that anyone can call the Clerk's Office to see if someone has a permit. There is a separate provision that requires all individuals who are going door to door to have a Peddler's Permit, which allows individuals to go door to door. The Peddler's Permit section will not be affected by these changes and individuals will still be required to go through a background check to be able to obtain a Peddler's Permit.

This matter was taken under advisement.
COUNCIL ACTION

REPORTS OF CITY OFFICERS

APPROVING APPROPRIATIONS IN THE AMOUNT OF $175,000.00 FROM THE OPERATION OF KENO LOTTERY FUNDS FOR VARIOUS HUMAN SERVICES (ROUND 41) - CLERK read the following resolution, introduced by Jon Camp, who moved its adoption:

WHEREAS, Resolution No. A-75378 provides that five percent of the gross proceeds realized by the City of Lincoln from the operation of a keno lottery shall be designated for such human services as may be recommended and approved by the Joint Budget Committee, City Council, and Lancaster Board of Commissioners; and

WHEREAS, the Joint Budget Committee has recommended that the City Council and Lancaster County Board of Commissioners approve the designation of $175,000.00 from said gross funds for the human services, as listed in Attachment "A" (Keno H.S. Prevention Fund Round 41) attached hereto and incorporated herein by reference.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Lincoln, Nebraska:

WHEREAS, said site plan together with the terms and conditions hereinafter set forth are consistent with the intent and purpose of Title 27 of the Lincoln Municipal Code to promote the public health, safety, and general welfare.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Lincoln, Nebraska:

That the application of Opahc Properties, LLC, hereinafter referred to as "Permittee", to construct an additional parking lot with associated waivers to front yard setback and storm water detention, on the property legally described above, be and the same is hereby granted under the provisions of Section 27.63.170 of the Lincoln Municipal Code upon condition that construction and operation of said additional parking lot be in strict compliance with said application, the site plan, and the following additional express terms, conditions, and requirements:

1. This permit approves Parking in the R-6 and R-2 Residential Zoning Districts as shown on the site plan with associated waivers to front yard setback and storm water detention, on the property legally described above, be and the same is hereby granted under the provisions of Section 27.63.170 of the Lincoln Municipal Code upon condition that construction and operation of said additional parking lot be in strict compliance with said application, the site plan, and the following additional express terms, conditions, and requirements:
2. Before receiving building permits or before a final plat is approved:
   a. The Permittee shall cause to be prepared and submitted to the Planning Department a revised and reproducible final plot plan including 3 copies with all required revisions as listed below.
      i. Identify that the only two existing trees shown on the grading plan, within the boundary of the special permit, are to be preserved.
      ii. Revise Note #1 to state “Parking lot layout is conceptual. Any revision to the layout will be done by administrative amendment.”
      iii. Revise Note #3 to state that “a separate waiver was requested to the City of Lincoln Parking Lot Design Standards to allow Phase 2 of the Parking Lot to be surfaced with gravel/aggregate for a period of time not to exceed two (2) years.”
      iv. Change Note #4 to state “The Proposed 14¢ Access Easement on Block 2, Lot 17 will be surfaced with aggregate and will receive a concrete driveway approach from 5¢ north of the property line to the back of curb on Washington Street.”
      v. Change Note #9 to state “A landscape screen of at least 60% from ground elevation to a height of 10 feet will be provided along the west side of Lot 17, Zehrgun and Ames Addition.”
      vi. Add a note to state that “at Washington Street and S. 29th Street measures will be taken to safely mark the new curve in the gravel street to the satisfaction of the Public Works & Utilities Department.”

xi. Submit Plan with corrections to the satisfaction of the Lincoln Electric System concerning easements that are needed for facilities.

xii. Submit screening and landscaping plan that meets Design Standards to the satisfaction of the Planning Director and Parks & Recreation Department. This plan shall include street trees 50 feet on center to offset the reduction in front yard setback for the parking versus Washington Street/South 29th Street. Also, this plan shall include where adjacent to residential use, a screen evenly distributed horizontally, which may vary in height, so as to screen at least sixty percent (60%) of the surface area of a vertical plane extending along the length of the abutting property line and from the ground elevation to a height of ten feet (10') above the adjacent ground elevation.

xiii. Submit final Site Plan with the updated legal description.

b. Permittee shall provide verification from the Register of Deeds that the letter of acceptance as required by the approval of the special permit has been recorded with the Register of Deeds.

c. The construction plans must substantially comply with the approved plans.

3. All privately-owned improvements, including landscaping, shall be permanently maintained by the Permittee or an appropriately established association approved by the City.

4. The physical location of all setbacks and yards, buildings, parking and circulation elements, and similar matters must be in substantial compliance with the location of said items as shown on the approved site plan.

5. The terms, conditions, and requirements of this resolution shall run with the land and be binding upon the Permittee, its successors, and assigns.

6. The Permittee shall sign and return the City's letter of acceptance to the City Clerk. This step should be completed within 60 days following the approval of the special permit. The City Clerk shall file a copy of the resolution approving the special permit and the letter of acceptance with the Register of Deeds, filing fees therefor to be paid in advance by the Permittee. Building permits will be issued unless the letter of acceptance has been filed.
