WHEREAS, said site plan together with the terms and conditions hereinafter set forth are consistent with the Comprehensive Plan of the City of Lincoln and with the intent and purpose of Title 27 of the Lincoln Municipal Code to promote the public health, safety, and general welfare.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Lincoln, Nebraska:

That the application of Starostka-Lewis, LLC/Lewis-Starostka, Inc. and James Buel, hereinafter referred to as "Permittee", to develop a Community Unit Plan for single family detached and townhome residential uses for up to 433 total dwelling units, with waivers to allow for sanitary sewer mains to run opposite the street grades, to allow block lengths to exceed 1,320 feet for Blocks 15 and 25, and to allow for side lot lines to deviate from being radial and perpendicular to street ROW lines on curved streets, be and the same is hereby granted under the provisions of Section 27.63.320 of the Lincoln Municipal Code on the condition that construction of said development be in substantial compliance with said application, the site plan, and the following additional express terms, conditions, and requirements:

1. This permit approves a Community Unit Plan for single family detached and townhome residential uses for up to 433 total dwelling units, with waivers to allow for sanitary sewer mains to run opposite the street grades, to allow block lengths to exceed 1,320 feet for Blocks 15 and 25, and to allow for side lot lines to deviate from being radial and perpendicular to street ROW lines on curved streets.

2. The City Council approves associated requests:
   a. Annexation #17007
   b. Change of Zone #17015
3. Before a final plat is approved:

   a. The Permittee shall cause to be prepared and submitted to the Planning Department a revised and reproducible final plot plan including 3 copies with all required revisions as listed below:

   i. Amend Phasing Exhibit (as revised on November 8, 2017) to have the number of assigned and unassigned dwelling units to be no greater than the total number of units requested for the first four phases (433 dwelling units). Also add a third condition that "Temporary barricades will be installed on Piper Way and Beechcraft Road, at the connection between Sky Ranch Acres and the Dominion at Stevens Creek, until such time that occupancy permits have been granted for 74 single-family units within the new development.

   As an additional option, Phase 1 shall include either the connection of Crescent Moon Drive to N. 104th Street in Waterford Estates, or a connection to Shore Front Drive. However, if the sole connection to Phase 1 is Shore Front Drive, final platting of Phase 1 shall be limited to 35 lots, until the connection of Crescent Moon Drive to N. 104th Street is completed.

   Phase 3A/3B must include a connection to either Shore Front Drive or East "O" Street.

   ii. Submit corrections to the satisfaction of LES.

   iii. Submit corrections to the satisfaction of Public Works-Watershed Management.

   iv. Delete Site Notes 5, 8, 9, and 12 on Sheet 1 of 20.

   v. Show a 20 foot trail easement in outlot. Note it will be located in a future location to the satisfaction of the Parks and Recreation Department.

   vii. Provide exhibit showing block length for all blocks.

   viii. Change Weston Lane name to Boathouse Road. Add note that this access will be coordinated with adjacent developer.

   ix. Change Site Note 11 on Sheet 1 of 20 for Hospitals to Residential and Nonresidential Health Care Facilities.

   x. Label 20 foot trail easement on adjoining Waterford Estates property.
xi. Add pedestrian easement and confirm grading meets ADA in Block 17.

xii. Add pedestrian easement and revise grading to conform to ADA from the Crescent Moon cul de sac to the potential bike trail to the east.

b. Provide verification that the letter of acceptance as required by the approval of the special permit has been recorded with the Register of Deeds.

4. Final plat(s) is/are approved by the City.

5. If any final plat on all or a portion of the approved community unit plan is submitted five (5) years or more after the approval of the community unit plan, the city may require that a new community unit plan be submitted, pursuant to the provisions of section 26.31.015. A new community unit plan may be required if the subdivision ordinance, the design standards, or the required improvements have been amended by the city; and as a result, the community unit plan as originally approved does not comply with the amended rules and regulations.

6. Before the approval of a final plat, the public streets, private roadway improvements, sidewalks, public sanitary sewer system, public water system, drainage facilities, land preparation and grading, sediment and erosion control measures, storm water detention/retention facilities, drainageway improvements, street lights, landscaping screens, street trees, temporary turnaround and barricades, and street name signs must be completed or provisions (bond, escrow, or security agreement) to guarantee completion must be approved by the City Law Department. The improvements must be completed in conformance with adopted design standards and within the time period specified in the Land Subdivision Ordinance. A cash contribution to the City in lieu of a bond, escrow, or security agreement may be furnished for sidewalks and street trees along major streets that have not been improved to an urban cross section. A cash contribution to the City in lieu of a bond, escrow, or security agreement may be furnished for street trees on a final plat with 10 or fewer lots.
7. No final plat shall be approved until the Permittee, as subdivider, enters into an agreement with the City whereby Permittee agrees:

i. to complete the street paving of public streets, and temporary turnarounds and barricades located at the temporary dead-end of the streets shown on the final plat within two (2) years following the approval of the final plat.

ii. to complete the installation of sidewalks along both sides of all streets as shown on the final plat within four (4) years following the approval of the final plat.

iii. to complete the public water distribution system to serve this plat within two (2) years following the approval of the final plat.

iv. to complete the public wastewater collection system to serve this plat within two (2) years following the approval of the final plat.

v. to complete the enclosed public drainage facilities shown on the approved drainage study to serve this plat within two (2) years following the approval of the final plat.

vi. to complete the installation of public street lights along streets within this plat within two (2) years following the approval of the final plat.

vii. to complete the planting of the street trees along all streets within this plat within six (6) years following the approval of the final plat.

viii. to complete the planting of the landscape screen within this plat within two (2) years following the approval of the final plat.

ix. to complete the installation of the street name signs within two (2) years following the approval of the final plat.

x. to complete the installation of the permanent markers prior to construction on or conveyance of any lot in the plat.

xi. to complete any other public or private improvement or facility required by the Land Subdivision Ordinance in a timely manner which inadvertently may have been omitted from the above list of required improvements.

xii. to submit to the Director of Public Works a plan showing proposed measures to control sedimentation and erosion and the proposed method to temporarily stabilize all graded land for approval.

xiii. to comply with the provisions of the Land Preparation and Grading requirements of the Land Subdivision Ordinance.

xiv. to complete the public and private improvements shown on the Community Unit Plan.
xv. to keep taxes and special assessments on the outlots from becoming delinquent.

xvi. to maintain the outlots on a permanent and continuous basis.

xvii. to maintain the private improvements in good order and state of repair, including the routine and reasonable preventive maintenance of the private improvements, on a permanent and continuous basis.

xviii. to maintain the plants in the medians and islands, including replacement and replanting as reasonably necessary, on a permanent and continuous basis.

xix. to maintain the landscape screens, including replacement and replanting as reasonably necessary, on a permanent and continuous basis.

xx. to recognize that there may be additional maintenance issues or costs associated with the proper functioning of storm water detention/retention facilities as they were designed and construction within the development and that these additional maintenance issues or costs are the responsibility of the Permittee.

xxi. to retain ownership of and the right of entry to the outlots in order to perform the above-described maintenance of the outlots and private improvements on a permanent and continuous basis. However, Permittee(s) may be relieved and discharged of such maintenance obligations upon creating in writing a permanent and continuous association of property owners who would be responsible for said permanent and continuous maintenance subject to the following conditions:

(1) Permittee shall not be relieved of Permittee’s maintenance obligation for each specific private improvement until a registered professional engineer or nurseryman who supervised the installation of said private improvement has certified to the City that the improvement has been installed in accordance with approved plans.

(2) The maintenance agreements are incorporated into covenants and restrictions in deeds to the subdivided property and the documents creating the association and the restrictive covenants have been reviewed and approved by the City Attorney and filed of record with the Register of Deeds.

xxii. to pay all design, engineering, labor, material, inspection, and other improvement costs.

xxiii. to inform all purchasers and users of land located within the 100 year floodplain that the grading of the lots and outlots within the 100 year floodplain shall be in conformance with the approved grading plan or as amended by the Director of Planning. The volume of fill material brought into each lot and outlot from outside the floodplain shall not exceed that shown on the approved grading plan accompanying the preliminary plat.
xxiv. to protect the trees that are indicated to remain during construction and development.

xxv. to relinquish the right of direct vehicular access to O Street and N. 112th Street except as shown.

8. Before occupying the dwelling units, all development and construction shall substantially comply with the approved plans.

9. All privately-owned improvements shall be permanently maintained by the Permittee or an appropriately established homeowners association approved by the City.

10. The physical location of all setbacks and yards, buildings, parking and circulation elements, and similar matters must be in substantial compliance with the location of said items as shown on the approved site plan.

11. The terms, conditions, and requirements of this resolution shall run with the land and be binding upon the Permittee, its successors, and assigns.

12. The Permittee shall sign and return the letter of acceptance to the City Clerk. This step should be completed within 60 days following the approval of the special permit. The City Clerk shall file a copy of the resolution approving the special permit and the letter of acceptance with the Register of Deeds, filling fees therefor to be paid in advance by the Permittee. Building permits will not be issued unless the letter of acceptance has been filed.
