

MOTION TO AMEND NO. 1

I hereby move to amend bill 18R-42 as follows:

- 1. On page 1, line 15:

Whereas the City Council wishes to authorize the Mayor to ~~execute~~ negotiate contracts with energy service companies that have a payback period of not more than fifteen years on any building or operation that has a useful life of twenty years or more.

- 2. On page 1, line 20:

That the Mayor is authorized to ~~execute~~ negotiate energy financing contracts ~~that are funded through sources approved or appropriated by the City Council~~ for the design, installation, and construction of equipment, systems and facilities designated as "energy conservation measures" (ECMs) as defined in Neb. Rev. Stat. section 66-1062 that are compliant with the conditions set forth herein. Any such energy financing contracts negotiated must come back before the Council for approval before execution by the Mayor.
