

MOTION TO AMEND NO. 2

I hereby move to amend bill 18R-42 as follows:

1. On page 1, lines 15-17:

Whereas the City Council wishes to authorize the Mayor to ~~execute~~negotiate contracts with energy service companies that have a payback period of ~~not more than fifteen years~~ or less on any building or operation that has a useful life of twenty years or more.

2. On page 1, lines 20-24:

That the Mayor is authorized to ~~execute~~negotiate energy financing contracts ~~that are funded through sources approved or appropriated by the City Council~~ for the design, installation, and construction of equipment, systems and facilities designated as "energy conservation measures" (ECMs) as defined in Neb. Rev. Stat. section 66-1062 that are compliant with the conditions set forth herein. All energy financing contracts will be considered multi-year contracts and must come before the Council for approval and be signed by the Mayor to become effective.
