I. CONSTITUENT CORRESPONDENCE
   1. 9th and “O” Street Hotel Project, opposition - Adam Dailey
   2. LPD Officers and Equipment - Nancy Green
City Council - Contact

Date: 4/6/2019 3:46:42 PM

name Nancy Green
address 3740 S 17th St
city Lincoln
state NE
zip 68503
email nancygreen19@gmail.com

comments I think all the LPD officers, should have the tools they need with them. They should all have a shield, a drug pre-test kit and fingerprint identification equipment. Time is wasted waiting for another officer and what they need. We have a limited number of officers and can not afford these delays.
Mr. Dailey,

Thank you for submitting your comments regarding the above-referenced application(s). On April 3, 2019, the Planning Commission voted 7-0 to find the proposed amendment to the Lincoln Center Redevelopment Plan to be in conformance with the 2040 Lincoln-Lancaster County Comprehensive Plan (CPC19006). This matter is now scheduled for public hearing before the Lincoln City Council on Monday, April 22, 2019, at 3:00 p.m. in Hearing Room 112 on the first floor of the County-City building, 555 So. 10th Street, Lincoln, Nebraska. Therefore, I am forwarding your comments to the City Council for their consideration prior to the public hearing on this matter. In addition, a copy of your comments will be provided to staff for their information. If you have specific questions, please contact the project manager, Ernie Castillo in the Urban Development Department at 402 441-7855 or at ecastillo@lincoln.ne.gov.

If you have any questions, please feel free to contact me.

Geri Rorabaugh, Administrative Officer
Lincoln-Lancaster County Planning Department
(402) 441-6365
Mark my word, you (sadly the City of Lincoln, and not the firm out of Wichita, KS that actually designed this and the development entity who things this is a good idea) WILL BE laughed at on national architecture boards, websites, and forums, if this actually gets constructed. The design is absolutely ATROCIOUS. I am not being dramatic, I am not being unreasonable, I am not being unfair. I am not speaking about the fact that "we don't need another hotel!", or about lack of parking or anything that others may be concerned about right now. I am speaking purely from the heart as someone with a good sense of design/aesthetics and someone concerned about the greed-driven - "if it functions and makes me the most money possible"- utilitarian attitude that Nebraska as a state has and most notably most local developers have. Iowa has a good 100+ projects that are worth touring and nationally recognized. I would struggle to find 10 here, and moving back to Nebraska I now understand why.

This thing looks like it came straight out of the 80's (unanimously considered among designers as the worst period of design in the last century) and someone slapped some cheap metal panels on the side. I will cringe every single time I come down 9th street on I-180 for the rest of my life if this exists. This is the front door of Lincoln!!!

I have been thinking about this for the past 24 hours and I just cannot believe that something like this would actually move forward. I honestly thought at first it was a late April Fools joke. I hope there is something you can do to stop, or at the very least, alter this proposal.

Feel free to share this with the developers. It needs to be said.
