All-

I'm writing to bring attention to a very serious situation.

On Sept 1 my daughter (Lucretia Allee) went to Kwik Shop at 56 & Holdrege to pick up her husband (Casey Allee) & his motorized bike because the bike broke down.

As she was going to exit the parking lot, on the South end & the furthest East drive, a kids size motorcycle with an infant & adult person on it, were driving down the sidewalk, when when it pulled in front of her. The adult began cussing, yelling, swearing at her to watch where she’s going. She told him she saw him & to stop he had a child with him & she’d call CPS. He called her more names & said the kid wasn’t his. He continued this obnoxious behaviour & she did start back at him. When he continued calling her a bitch she was very frustrated & took her soda tossing towards him not even coming close to hitting him.

She was getting back in the truck when she was attacked from behind! He punched her many times in her head & tried to strangle her. Her husband pulled him off at one point but because he had a warrant out he took off. This didn’t end he then told her he’d be back with his crew & girl friend to finish the job.

Her husband called me & I went immediately to Kwik Shop dropped off my younger daughter to stay with Lucretia until the police arrived. I then went to find this guy. I found where I thought he lived. I then had to run an errand. The same guy did show back up to the Kwik Shop with others in a car but since my other daughter was there & the police finally showed up he left.

I gave all the information to the police of where he lived & that night they knew the house.

I found the car the next day gave all the information to a Sargent who said he’d get to the house again to find him.

After days of nothing happening & this guy being on the loose to do this to someone else or to a child, I decided to follow him.

On Sept 4 I followed him to the same Kwik Shop. My husband (Michael Hessheimer) went into the store. He then came out & went up to the car & confronted this guy. Things did not go well except he was proud of what he did to my daughter.

Once again police were called & once again it took a while for the police to arrive.

Once there & talking to both my husband & him (assaulter) whom we were told later is actually a her. They let her go! She had driven there on a suspended license!
My daughters husband saw she was walking again & he went straight to the police told them yes that’s who attacked his wife! He explained why he left that night & said you can take me in now!

Sure enough they did take him in but the person who tried to kill my daughter walked!! They said they'd call Lucretia in the next day or two so she could positively identify this person from a line up. This had not happened!

I've called both Fri & Sat to talk to the Sargent but not one return call!!

This entire situation is exactly why people buy guns & shoot! Our law enforcement seems to pick & choose whom & what they think is important to follow thru with. I find this beyond frustrating & completely unfair!!
