A request has been made by the University of Nebraska to vacate 17th Street between Vine and X Streets. UNL is requesting the vacation to accommodate a building addition near Vine Street, student plaza, open space and private usage of the street near the northern end of the vacation. The area to be vacated has varying widths but is on average approximately 66 feet in width for a total of 1.31 acres or 57,085 square feet in size. There are multiple utilities in the street (private and public) which will either be retained or relocated in accordance with the University’s plan. The existing storm sewer system will become private and maintained by the University. Six building addresses will be affected by the vacation which need to be addressed for emergency vehicles. Fire will also need access to the area for all emergency vehicles and fire apparatus.

An appraisal was completed by Tom Kubert of Kubert Appraisal Group. Consistent with City Municipal Code, the appraisal of the property was based on the market value of the subject property and not based on investment value to any particular investor. The property includes 57,085 square feet, of which approximately 36,609 square feet will be included in required easements for existing public utilities. Based on the shape and dimensions of the site, along with the impact of the required utility easements, redevelopment of the property as a standalone site is considered limited. The highest and best use of the site is for restricted uses such as yard areas and general greenspace, with a similar value for potential redevelopment as a private parking facility.

The comparable sales used by Mr. Kubert indicate an adjusted value range from $0.69 to $1.59 and he determined market value at $1.25 per square foot. With that, the area to be vacated is calculated as follows:

\[ 57,085.17 \text{sf} \times 1.25 = 71,281, \text{rounded to 71,300} \]

Therefore, if the area is to be vacated, it is recommended that the area be sold to the applicant for $71,300.

Respectfully submitted,

Michelle R. Backemeyer
Real Estate & Relocation Assistance Agent
The ordinance amendment to Chapter 3.30 of the Lincoln Municipal Code should not be approved.

The proposed change does nothing. It provides no benefit to businesses or consumers. In fact, the proposed changes would require extra work by the businesses to properly manage the occupation tax revenue during the suspension.

This appears to be a political ploy by some of you so that you can tell voters that you are helping local businesses when in fact you would be imposing additional financial management issues and work on the businesses.

Please trash this bad amendment. It provides no benefits to anyone while adding additional work on local businesses.

3.30.120 Temporary Suspension of Tax. 10

The occupation tax imposed by Chapter 3.30 upon restaurants and drinking places shall be modified in the following manner:

a. The submission of the tax shall be suspended beginning March 1, 2020.

c. The filing of the returns and reports required by LMC Section 3.30.040 shall not be suspended and shall be prepared and filed pursuant to the requirements of LMC Section 17 3.30.040.

d. Interest and penalties shall not be imposed on any taxes imposed during this suspension if such taxes are paid by the 25th 19 day of June 2020.
