### Who is on the Community Committee?

Planning Commission members along with community stakeholders of various backgrounds. In total the group has 9 Planning Commissioners plus approximately 20 community stakeholders.

### What is the role of the Community Committee?

The Community Committee has a primary role in helping to develop the Comprehensive Plan and Long Range Transportation Plan (LRTP). The Committee will work with staff to study, analyze, and discuss major elements of both plans.

Primary activities during Committee meetings will include:

- Education on specific topics so that Committee members can make informed decisions
- In-depth discussion and brainstorming exercises
- Review of draft materials prepared by Planning Department staff

Community Committee members are ambassadors for both plans, and are encouraged to promote and discuss the plans within their professional networks.

### How often does the Community Committee meet?

Community Committee meetings will typically occur once a month. In addition, Community Committee members are encouraged to attend public events related to the Comprehensive Plan and LRTP.

### What is the schedule for the Comprehensive Plan update?

The Comprehensive Plan schedule is summarized below. In addition to the public events shown on the timeline, the public outreach process will include surveys, guest speakers, topic area working groups, in-depth interviews, public briefings, and promotion through multiple channels. The LRTP will be on a concurrent timeline.
