3 LEGISLATIVE UPDATE - Joe Kohout and Jonathon Bradford, Kissel/E&S Associates

Joe Kohout, Kissel/E&S Associates, presented a legislative update, legislative bills of interest report, and a list of interim studies (Exhibits A-C). He noted several bills were sent to the Governor for signature including LB 774 (Provide a sales and use tax exemption for purchases by nonprofit substance abuse treatment centers) which contained a provision for a sales tax exemption for purchases by county agricultural societies. He provided a copy of the Final Reading vote on LB 774 (Exhibit D), noting some senators had concerns about the long-term sustainability of the exemptions contained in the bill.

In response to a question from Eagan, Kohout said he does not know the genesis of Legislative Resolution (LR) 597 (Interim study to examine financing mechanisms available to various political subdivisions to issue bonds or assume future payment obligations without a direct vote of taxpayers).

Schorr noted Board members have received numerous emails regarding LB 947, a bill that would allow young people who were brought to the United States by their parents as illegal immigrants but have since gained lawful status to legally apply for and receive professional licenses in Nebraska, even though the Board has had no involvement in this issue.

Schorr also asked Kohout to apprise the Board of when the senators who are leaving office this year will be recognized by the Legislature.

4 ADDITIONAL COUNTY EXTENSION STAFFING AND EXPANSION OF COUNTY EXTENSION BUILDING - Karen Wobig, Lancaster County Extension Urban Unit Leader; Dave Varner, Interim Director, Southeast Research & Extension Center, University of Nebraska-Lincoln (UNL)

Karen Wobig, Lancaster County Extension Urban Unit Leader, said Nebraska Extension has presented an opportunity to Lancaster County Extension to expand its program areas (see Exhibit E). New positions would be funded by Nebraska Extension (Healthy Kids educator, Water educator, Community Vitality Initiative educator and two 4-H assistants) and grants (Expanded Food and Nutrition Education Program (EFNEP) educator and a part-time EFNEP advisor).

Wobig said the Healthy Kids educator was funded by a grant for five years. The grant has ended and Nebraska Extension administration would like to continue that programming at County Extension.

Dave Varner, Interim Director, Southeast Research & Extension Center, said the Water educator, a faculty position that focuses on domestic water and wastewater management, is the only one in the State. He said the position is currently located in Omaha and said he would like to move it to Lancaster County because of Extension's partnership with the Lincoln-Lancaster County Health Department (LLCHD). Amundson asked whether that person could be located at LLCHD. Varner said he would prefer it be located at the Extension Office.

Varner said there are 12 Community Vitality Initiative (CVI) educators across the State focusing in a variety of areas (leadership, community engagement, business development, and developing community culture). **NOTE:** CVI is the outreach component of the Rural Futures Institute (RFI), an University of Nebraska initiative that crosses all four campuses. He said this CVI educator will have a cross-cultural leadership emphasis and said he is in competition with other areas of the State for this position. Wobig added this position would be a good fit with the work started by the Citizens' Institute on Rural Design (CIRD).

Wobig said the 4-H assistant positions will allow them to better reach under-served youth areas, such as juveniles in the juvenile justice system. Varner said a 4-H assistant in Lincoln or Omaha area will on average connect with 5,000 kids and said Nebraska Extension is moving four to five 4-H assistants from outstate areas to Lincoln and Omaha. He said he anticipates bringing in more 4-H assistants over time with grant funding.

Wobig said the EFNEP advisor will be hired from one of the targeted areas within the community and will be someone who has a close connection with a certain population.

In response to a question from Schorr, Varner said all of the educators do regional programming.

Wobig also presented plans to expand the County Extension Building at 444 Cherrycreek Road to accommodate the new staff (see Exhibit E), noting they first looked at taking some of the conference room space but decided that space was too heavily utilized. She said they felt it might be better to utilize greenspace on the east side of the building. A new handicapped accessible entrance to the Extension Office would also be created. In addition, they are working with Office Interiors to possibly reconfigure the cubicle area to add a cubicle.

Wiltgen noted the City is looking at co-locating the Lincoln Police Department (LPD) Fleet Maintenance Division with the County Engineering Shop at 444 Cherrycreek Road (see February 9, 2016 City-County Common Meeting minutes) and suggested the need for coordination.

Amundson asked how soon they would need a decision. Varner said some of the positions can be delayed until an expansion is accomplished but said they would like direction from the County so Nebraska Extension can make placement decisions.

Amundson then asked whether it is necessary for those positions to be housed at County Extension. Wobig said that is the optimal location noting the availability of support and technical staff. She added educators often do joint programming.

Schorr inquired about cost. Wobig said it is estimated at \$250,000 on the high end and said she believes there are ways to reduce that cost. Schorr asked whether UNL could assist with that cost. Varner said UNL is contributing \$250,000 to \$300,000 annually for salaries. He said they might be willing to assist with some furniture or equipment. Schorr asked whether the \$250,000 figure includes alterations to cubicles. Wobig said it does not, explaining that will be funded through the existing budget and some funding from UNL.

Hudkins suggested the County explore a Nebraska Association of County Officials (NACO) lease as a financing option. Dennis Meyer, Budget and Fiscal Officer, said NACO leases are used more for equipment purchases but said he will look into it.

Wiltgen asked whether UNL is able to make a long-term commitment to fund the positions. Varner said he can't make any guarantees but feels the funding is very stable.

Avery asked whether they are tenure line positions. Varner said they are not. Avery asked whether they would have teaching or research obligations. Varner said they do not, adding their research would be applied research.

Don Killeen, County Property Manager, appeared and said Greg Newport, The Clark Enersen Partners (architectural firm), provided a preliminary drawing of the expansion gratis and said the next step would be to invest some funds to have Newport refine the drawing and estimates. He estimated the cost of a finalized schematic at \$1,000 to \$1,500 and said that could be covered by the Building Fund.

Amundson asked Wobig whether she believes the building will meet their long-term needs. Wobig conceded the space is tight but said there are steps they can take to make more room, such as scanned documents to eliminate the need to store them in paper form.

MOTION: Hudkins moved and Wiltgen seconded to direct Dennis Meyer, Budget and Fiscal Officer; Don Killeen, County Property Manager; and Greg Newport, The Clark Enersen Partners; to refine the preliminary drawings, allowing up to ten (10) hours of architectural time, and explore possible financing for the project.

FRIENDLY AMENDMENT: Wiltgen offered a friendly amendment to integrate the Lincoln Police Department (LPD) Fleet Maintenance Facility Study.

The maker of the motion accepted the friendly amendment.

ROLL CALL ON THE MOTION AS AMENDED: Schorr, Hudkins, Avery, Wiltgen and Amundson voted aye. Motion carried 5-0.

Hudkins said Wobig, Varner, Pam Dingman, County Engineer, and Jeff Bliemeister, the new Chief of Police, should be included those discussions as well.

5 HP RECORDS MANAGER (HPRM) TRANSITION - Alison Lotto, Records Administrator; Dan Nolte, County Clerk; Cori Beattie, Chief Deputy County Clerk; Brian Pillard, Records & Information Manager; Jim Anderson, Systems Coordinator, Information Services (IS)

Alison Lotto, Records Administrator, gave an update on the HPRM upgrade, stating the only major problem has been the integration with Outlook 2007 (email service). She said the problem was communicated to Hewlett-Packard (HP) and HP sent a software patch. It did not resolve the issue so HP is still reviewing the matter.

Cori Beattie, Chief Deputy County Clerk, suggested that departments having problems include an Outlook upgrade in their budget requests. Jim Anderson, Systems Coordinator, Information Services (IS), estimated the cost at \$250 per users.

Lotto said she has prepared a training spreadsheet which lists users in the HPRM system prior to, and after, her hire date. She said she has assigned every user a training level (beginner, intermediate and advanced), noting the vast majority are on the beginner level. Lotto said the County is currently using 108 of its 125 software licenses. She displayed examples of some of the training documents she has created and said she is also creating county-wide and individualized policy documents.

Lotto presented a draft Records Management Policy (see agenda packet), noting there was input from Dave Derbin, Deputy County Attorney, and Brian Pillard, Records & Information Manager.

Avery exited the meeting at 9:55 a.m.

Lotto said she and Pillard want departments to understand that everything created in the course of County business is a record, except for the following materials considered non-records by the State: books, periodicals, newspapers, convenience copies, printed materials for supply purposes, blank forms, junk mail, spam, to-do and task lists, and materials documenting employee fringe activities, such as blood drives, fundraisers, outings. She said there is a difference between a public and confidential records but they are all records. Lotto said records that are created and stored in paper form and records that are created and stored electronically are the same and are treated as equivalent by the State in terms of retention.

Wiltgen asked if the same penalties would be applicable if someone were to hack into the records system. Lotto said more penalties would apply because it would involve a security breach into the County system and a national system. She added there are so many safeguards in place the chance of that happening is basically non-existent.

Lotto said the other thing that is important to understand is that the responsibility for records management is fundamentally with the departments. She said she and Pillard are available to assist departments with records but their role is not to create internal departmental policies.

Lotto reviewed the Policies Section in the Records Management Policy, noting departments will need to indicate which staff within their department will have access to the electronic records. A new employee who is filling a position where the previous employee had access will likely be given access unless the department indicates otherwise. Wiltgen felt access for the incoming employee should be confirmed with department heads.

Avery returned to the meeting at 10:03 a.m.

In response to a question from Wiltgen, Lotto said every department will have at least one individual designated a records coordinator or manager and that individual will be able to access an audit log. There is also an audit log created by the system that tracks everything that has been done in the system. Caveat (security) changes are also recorded. She said this log is only viewable by administrators, adding the audit logs are un-editable.

Lotto also discussed the draft Electronic Records Administrator Transition Plan (see agenda packet). She said she will work with Gwen Thorpe, Deputy Chief Administrative Officer, to identify any elected offices who choose to opt out of HPRM. She said the Board will need to decide whether any appointed offices will be allowed to opt out.

The Chair exited the meeting at 10:13 a.m. and the Vice Chair assumed direction of the meeting.

Thorpe said she has been working with the two departments that have indicated they wanted electronic records removed from the system. She said she hopes to have that work completed in a week.

Lotto said she believes one thing that has caused departments some discomfort is the Administrator Account. She proposed that a new Administrator Account be created that is separate from her as a person with all current caveats and security levels assigned solely to the Records Administrator. Lotto said she will still be auditable as a person and as the Administrator.

The Chair returned to the meeting at 10:15 a.m. and resumed direction of the meeting.

There was consensus to forward any suggested changes to Lotto and to schedule an update in one week. Lotto noted the goal is to have the Records Management Policy finalized by May 1st. Departments will be notified that Lotto will now be the only person who will be handling administrative issues related to HPRM.

ADDITIONS TO THE AGENDA

D. Polo Shirts for County Commissioners and Staff

The Board finalized selection of the logo that will be stitched on the shirts.

6 SOUTH BELTWAY UPDATE - Pam Dingman, County Engineer; Brendan Lilley, Roadway Design Engineer, County Engineering

Pam Dingman, County Engineer, gave an overview of a draft agreement with the Nebraska Department of Roads (NDOR) (Exhibit F). **NOTE:** See Exhibit G for the exhibits attached to the agreement and aerial maps that have been overlaid with each exhibit letter.

Dingman referenced Section 1 of the agreement which states, "*Lighting will be installed at interchanges and at county road intersections along Saltillo Road, if warranted or existing.*" She said the number of light fixtures and maintenance costs have not been determined yet. Section 1 also states, "*The project will include the construction of Municipal Separate Storm Sewer System (MS4) water quality components because all or some of the project is within the extraterritorial jurisdiction or the corporate limits of the City of Lincoln, Nebraska.*" Dingman noted the City has asked that the State comply with its new storm water standards and said she has concerns because the State asks the County to maintain these facilities in Section 5.

Hudkins asked whether the roundabout at Saltillo Road and Highway US-77 is designed to accommodate 65' semi-trailers (see Exhibit F). Dingman said she will ask NDOR.

In response to a question from Avery, Dingman said she believes the Rokeby Road West Access Road that will be constructed will address the issue involving access to Trinity Chapel Church. She pointed out there are other paved roads that also provide access to the Church and felt many would choose those routes. Dingman pointed out that when roads of this magnitude are built, there are access points that need to be cut off for the betterment of the entire project. In this case, the transitioning of the lanes required that Rokeby Road be closed.

Dingman noted plans to construct a new interchange and overpass for South 70th Street/South 68th Street and said this is a major safety improvement (Exhibit K). She said the road continues to the City of Hickman and transitions out of the State jurisdiction and said the County needs to look at getting shoulders on the last mile and a half into that community.

Dingman said South 98th Street will be re-aligned, noting there will be no direct access to the South Beltway at this point (Exhibit M). She said NDOR has reviewed its notes back to the 1980's and discovered the County Engineer and the County Board had asked that there be no access at South 98th Street but access at South 82nd and 84th Street instead.

Referencing Section 4 of the agreement, which states, "*Segments of county roads adjacent to the Lincoln South Beltway may be temporarily closed to traffic during phases of the construction of State's project.*" Dingman said NDOR does not have a phasing plan in place yet. She also referenced Section 7, which states, "*State will temporarily close county roads when required to construct the State's project. State will be responsible for traffic control necessary to temporarily close the county Roads. County shall be responsible (build, operate, maintain, and remove) for traffic control necessary to notify local traffic of alternate routes available as deemed necessary by the County.*" Dingman said in the instance of this clause, NDOR is asking the County to maintain traffic control on areas they are constructing for likely a duration of three years. She said that is substantial and said the County may need to purchase a message board. Schorr said the County may be able to obtain one through the funds the Sheriff's Office receives for traffic safety devices from Safety Training Option Program (STOP) class fees.

Dingman said NDOR has asked for comments by the end of the month and said she will share the concerns about the roundabout at Saltillo Road and Highway US-77, maintaining the MS4 components, and the duration of the project if the County is responsible for traffic control.

NOTE: See March 17, 2016 Staff Meeting minutes for presentation by NDOR on the South Beltway project.

ADDITIONS TO THE AGENDA

C. South Beltway Working Group

Schorr said she attended the South Beltway Working Group Meeting earlier in the week. She said there were representatives from the Lincoln Chamber of Commerce, Lincoln City Council, Mayor's Office, Lincoln Partnership for Economic Development (LPED), NDOR, Nebraska Game and Parks Commission (NGPC), Nebraska Department of Environmental Quality (NDEQ), Federal Highway Administration (FHWA), U.S. Environmental Protection Agency (EPA), U.S. Army Corps of Engineers (USACE), U.S. Fish and Wildlife Service (USFW), and members of the consultant team. Dingman stated she was not made aware of, or invited, to the meeting and said she needs to be involved. Schorr said she will forward meeting notices to Dingman in the future.

The Chair reviewed the Reference Schematic for County Commissioners (see agenda packet) with the following updates:

- Legislative Priorities - Lobbyists will provide a summary of legislative priorities next week.
- Budget - Most of the departments have submitted their budgets to the Budget and Fiscal Officer.

ADDITIONS TO THE AGENDA

A. Region V Systems Governing Board

Wiltgen said there will be a 27.54% increase in County match funds as a result of the reallocation of unused state funds to the Regions (\$3,200,000 in additional dollars). The fiscal impact to Lancaster County will be \$115,000. He said they reviewed the providers' contract utilization, noting most of the providers are in Lancaster County and many of the services are related to medication management and halfway housing. He said additional funding is projected for The Bridge Behavioral Health (\$115,000), Houses of Hope (\$500,000) and the Mental Health Crisis Center (\$600,000) this year.

Contract rates for medication management and halfway housing increased statewide by nearly 70%.

Avery, who serves on the Mental Health Crisis Center Advisory Board, reported the Crisis Center's budget request reflects a 12.87% increase.

B. Region V Systems Executive Committee

Wiltgen said they updated the Governing Board Bylaws and developed a Regional Administrator succession plan.

Schorr exited the meeting at 9:38 a.m., explaining she is scheduled to speak at the Lincoln Board of Realtors Meeting.

DISCUSSION OF BOARD MEMBER MEETINGS

A. Region V Services Governing Board - Wiltgen

Wiltgen said they received a financial report, noting an increase in funding from the State (2.25%). He said they also discussed expansion of services into Bellevue, Elkhorn and Gretna, which are located in Region VI. Wiltgen also reported construction of the new headquarters in Williamsburg Village is on schedule and under budget.

RETURNING TO ITEM 9A

The Chair continued the review of Reference Schematic for County Commissioners, with the following updates:

- Strategic Planning - Dan Gillison is no longer with the National Association of County Officials (NACo) so the opportunity to have assistance with that effort at no charge is no longer available (see November 5, 2015 County Board Staff Meeting minutes).
- Annual Report - Development of the report has been delayed until the Board determines how much to budget and whether to provide it electronically or in print form. Information is being collected.

Eagan agreed to provide an outline at the next Staff Meeting.

- Handbook for Elected Officials and Appointed Directors - Staff is still working on the document.

The Chair requested an update at the next Staff Meeting.

- Citizen Appointments to Boards: It was noted Hudkins had offered Herschel Staats' name to fill a vacancy on the County Board of Zoning Appeals but Staats has not submitted an application for appointment.

The Chair agreed to follow-up with Staats.

- Tours of County Buildings and Offices - Item will be scheduled on a future agenda.
- B. Reschedule Security Training to 10:00 a.m., Tuesday, May 10, 2016, Room 113

Informational only.

Wiltgen exited the meeting at 11:20 a.m.

10 PENDING

There were no pending items.

11 DISCUSSION OF BOARD MEMBER MEETINGS

- A. Region V Services Governing Board - Wiltgen

Item was moved forward on the agenda.

- B. Public Building Commission (PBC) Chair/Vice Chair Meeting with Mayor - Amundson

Amundson said they discussed the cost to make improvements to the tunnel connecting the County-City Building to the North Parking Garage so it could serve as a shelter area in severe weather (\$27,000-\$36,000).

- C. Chair/Vice Chair Meeting with Mayor - Amundson/Wiltgen

Amundson said they discussed the need to update Human Resources' (HR's) electronic records system.

- D. Public Building Commission (PBC) - Amundson/Hudkins

Amundson indicated plans to meet with John Gale, Nebraska Secretary of State, regarding the State's plans for use of the Records Center in the K Street Building. She said there have been several requests for a nursing room for mothers and space has been identified on the third floor of the County-City Building.

Amundson said remodel of the Benesch Building to serve as the new location for the Mental Health Crisis Center is nearing completion. Hudkins said Scott Etherton, Mental Health Crisis Center Director, appeared and indicated the security cameras that were installed were not what he thought he had ordered and it was very expensive to correct the problem. He said there was a functioning lawn sprinkler system when the building was purchased but said it was apparently damaged when a new gas line was installed. Replacement of the system is projected to cost \$30,000.

Amundson said they also received an update on the recent severe weather drill and decided to develop an active shooter policy.

E. Lincoln-Lancaster County Board of Health - Avery

Avery said Judy Halstead, Lincoln-Lancaster County Health Department Director, announced plans to build a permanent hazardous waste facility. He said they passed a Bat Infestation Policy but he voted against it because he felt the cost of remediation (\$2,000) would be an undue burden on homeowners.

F. Mental Health Crisis Center Advisory Board - Avery

Avery expressed concern that the Open Meetings Act is not being followed at the meetings and said he told Scott Etherton, Mental Health Crisis Center Director, this must be corrected by the next meeting. He also reported the County will take possession of the new Mental Health Crisis Center on April 29th. Staff will move in on May 16th and patients will move in on May 18th. A public open house will be held May 6th.

The Legislature finished Select File last Thursday and continued full-day debate Tuesday and finished all bills on Final Reading yesterday. Attached is a spreadsheet of Interim Studies of particular note to Lancaster County.

Committee: Revenue
Hearing Date: February 4, 2016
POSITION: OPPOSE / NACO OPPOSE

Passed and Presented to the Governor on April 13, 2016.

The amendment becomes the bill. New language increases the allocation for agricultural and horticultural land to 133% of taxable value. This has the effect of allocating the credit at full taxable value for ag land rather than the current 75% of taxable value. There is no change to the credit allocation for all other property, but new language provides that non-agricultural property will receive the same amount of credit for tax year 2017 as it received in tax year 2016. AM2617 clarifies dates and dollar amounts. It clarifies restrictions on new unused funds. It does not change restricted funds or unrestricted funds. It remains 3% of total unused funds from the previous fiscal year. It follows current language that applies to schools. Page 3 section three specifies the amount increase for 2017. This dollar amount is in concept of the increase of agricultural land. Important, but misunderstood, this amount is harmless of current 2016 agriculture land credit. There is no fiscal impact until 2018.

LB725	Schumacher		Provide an exception to a filing requirement relating to conveyances of real estate	Revenue	1/21/16	Passed	<p>granted by a land owner to use real estate for a limited purpose. Usually the purpose is for utilities but can also be for such things as rights of passage across land. An easement does not affect the ownership of the land. Recent amendments to the definition of "deed" in §76-203, perhaps unintentionally caused easements to fall under the definition of "deed" in §76-203, which now includes "every written instrument by which any real estate or interest therein is created..." Therefore the Department of Revenue instructs county register of deeds to require real estate transfer statements, commonly referred to as Form 521, be filed with easements at the same time they are recorded pursuant to §76-214, even though ownership of property is not transferred. Form 521 identifies the owner and the purchaser, any documentary tax exemptions that might exempt the transaction from the nominal recording tax assessed when a deed is filed, a description of the property, and the price paid.</p>	x

LB958	Gloor	Revenue 2016	Change provisions relating to budgets, the valuation of agricultural land, and levy limitations	Revenue	2/4/16	Passed	bill. New language increases the allocation for agricultural and horticultural land to 133% of taxable value. This has the effect of allocating the credit at full taxable value for ag land rather than the current 75% of taxable value. There is no change to the credit allocation for all other property, but new language provides that non-agricultural property will receive the same amount of credit for tax year 2017 as it received in tax year 2016. AM 2617 clarifies dates and dollar amounts. It clarifies restrictions on new unused funds. It does not change restricted funds or unrestricted funds. It remains 3% of total unused funds from the previous fiscal year. It follows current language that applies to schools. Page 3 section three specifies the amount increase for 2017. This dollar amount is in concept of the increase of agricultural land. Important, but misunderstood, this amount is harmless of current 2016 agriculture land credit. AGREEMENT

PROJECT NO. DPU-LIN-2-6(120)
CONTROL NO. 12578D
COUNTY OF LANCASTER
STATE OF NEBRASKA, DEPARTMENT OF ROADS
LINCOLN SOUTH BELTWAY

THIS AGREEMENT is between the County of Lancaster, Nebraska (“County”) and State of Nebraska, Department of Roads (“State”), collectively referred to as the “Parties”.

WITNESSETH:

WHEREAS, State has a project to construct a new four-lane freeway in Lancaster County that would be designated as Highway N-2 and to improve a segment of Highway US-77, which is being designed under the designation of DPU-LIN-2-6(120), Control No. 12578D, known as the “Lincoln South Beltway” at the locations as shown on Exhibits “A, B” and “C” attached; and

WHEREAS, as a part of State’s project, State is proposing permanent modifications to several county roads including closures and realignments at the locations as shown in Exhibits “D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S”, and “T” attached, and

WHEREAS, County has jurisdictional responsibility for the county roads under Neb. Rev. Stat. § 39-2105, and

WHEREAS, State and County have coordinated the development of the project, and

WHEREAS, State and County acknowledge that portions of the county roads may be temporarily closed to traffic during phases of the construction of State’s project; and

WHEREAS, State and County acknowledge that the project will require the temporary closure of designated county roads and will necessitate local traffic to use other County roads during phases of the construction of State’s project; and

WHEREAS, State and County acknowledge that temporary traffic control devices to re-route local traffic around county road closures will be required; and

WHEREAS, County has reviewed the proposed work on the county roads and is agreeable to the county road construction, frontage road construction and temporary and permanent county road closures in accordance with the following terms and conditions; and

WHEREAS, the County Board has authorized the Chairperson to sign this Agreement as evidenced by the Resolution of County Board, attached as Exhibit “U.”

NOW THEREFORE, in consideration of these facts, the parties agree as follows:

SECTION 1: State proposes to construct a four-lane divided freeway in Lancaster County, approximately 11 miles long, beginning at United States Highway 77 (US-77), located generally between Saltillo Road and Bennet Road, and ending at Nebraska Highway 2 (N-2) and 120th Street. The project will include interchanges at US-77, Saltillo Road, S. 27th Street, S. 68th Street, S 84th Street, and N-2/S. 120th Street. Overpass structures are proposed at S. 25th Street, the Homestead Trail, Burlington Northern Santa Fe (BNSF) Railroad, S. 54th Street, Saltillo Road (east of S. 98th Street), Omaha Public Power District (OPPD) railroad spur, and S. 134th Street. The new four-lane freeway would be designated as Highway N-2 upon completion and is being designed under the corridor designation of DPU-LIN-2-6(120), Control No. 12578D, known as the "Lincoln South Beltway" at the locations as shown on Exhibits "A, B" and "C" attached, and hereby incorporated into this agreement. Lighting will be installed at interchanges and at county road intersections along Saltillo Road, if warranted or existing. The project will include the construction of Municipal Separate Storm Sewer System (MS4) water quality components because all or some of the project is within the extraterritorial jurisdiction or the corporate limits of the City of Lincoln, Nebraska.

SECTION 2: County agrees that the State will close, reconstruct or modify the following County Roads as listed below and as shown in the Exhibits which are attached, and hereby incorporated into this agreement, as a part of Project No DPU-LIN-2-6(120), at no cost to the County:

- The existing Bennet Road intersection with Highway US-77 would be closed with cul-de-sacs east and west of the existing intersection. Bennet Road would be re-graded with gravel surfacing and a Bennet Road West Access Road would be constructed to maintain access to properties on the west side of Highway US-77 (Exhibit "D" and "E").
- A portion of S. 14th Street would be closed and S. 14th Street would be re-aligned into a new intersection with Saltillo Road (Exhibit "F").
- The existing at-grade Saltillo Road intersection with Highway US-77 would be reconfigured to a service interchange. The Saltillo Road intersections with S. 14th Street and Shrine Way would be relocated (Exhibit "F").
- The existing Rokeby Road intersection with Highway US-77 would be closed with cul-de-sacs east and west of this intersection. A Rokeby Road West Access Road would be constructed to provide access to properties on the West side of Highway US-77 (Exhibit "G").
- The Lincoln South Beltway (Highway N-2) will be on a bridge over the existing S. 25th Street (Exhibit "H").

In addition, a new intersection of S. 68th/S. 70th Street and Saltillo Road intersection would be constructed (Exhibit "K").
- A new interchange and overpass would be constructed for the S. 84th/S. 82nd Street and would include a cul-de-sac of S. 82nd Street on the north side of the Lincoln South Beltway. In addition, a new intersection of S. 84th/S. 82nd Street and Saltillo Road intersection would be constructed.
