Robert Walla,

Sapp Bros. Petroleum remains committed to providing you with the highest quality ExxonMobil products along with the highest level of customer service.

ExxonMobil branded and unbranded lubricants and greases have had a price increase of 5% on February 22, 2017 and another increase of 4% on May 10, 2017. Unfortunately, Sapp Bros. Petroleum has found it to be unable to absorb these price increases and in turn, will be increasing the prices to our customers.

Please also find attached a price sheet showing the current prices (in red) followed by the new prices (in blue). Again, the price increases only affect the ExxonMobil branded and unbranded products. Other items remain unchanged.

We appreciate your business always, and look forward to continuing being your lubricant supplier.

Thank you,
Wade Praeuner
