

**Douglas Lind-Olson**  
**Commissioners' Award of Excellence**  
**September 2017**

Douglas Lind-Olson has been selected as the Commissioners' Award of Excellence winner for September 2017. Douglas works as an Engineering Technician II and began working for the County on September 5, 1984. He was nominated by Scott Robinson, retired GIS Records Assistant, in the category of Productivity.

In his nomination, Mr. Robinson states, "It is my pleasure to recommend Mr. Douglas A. Lind-Olson for the Lancaster County Commissioners' Award of Excellence. I have known Mr. Lind-Olson for nearly 30 years, and he has been a consistent employee who has excelled in every aspect of his work ever since I have known him. Not only is he knowledgeable with regard to his own position and skills, he has willingly shared that knowledge with a variety of employees and general public in cheerful and cooperative fashion for the entire length of time that I have known him. Doug is not only competent at his work, but is a wonderful staff member who represents the County Engineering office in a professional manner. During my tenure with the County as GIS Records Assistant, Doug has provided a depth of knowledge, skill and ability that has lent itself to the success of the LCED GIS landbase that continues to provide a detailed and highly accurate landbase record of land division for Lancaster County. His

ability to research and provide data and lend assistance when needed has contributed to the success of the GIS division.”

For these reasons, we are pleased to award Douglas Lind-Olson with the Commissioners’ Award of Excellence for the month of September 2017.
