CONTRACT DOCUMENTS

**CITY OF LINCOLN/LANCASTER COUNTY
NEBRASKA**

**Annual Service
Tires, Tubes and Tire Repair Services
Bid No. 18-003**

**Heartland Tires and Treads
6410 No. 56th Street
Lincoln, NE 68504
(402) 393-8900**

**CITY OF LINCOLN/LANCASTER COUNTY, NEBRASKA
CONTRACT TERMS**

THIS CONTRACT, made and entered into by and between **Heartland Tires and Treads, 6410 No. 56th Street, Lincoln, NE 68504**, hereinafter called "Contractor", and the City of Lincoln, Nebraska, a municipal corporation, and the County of Lancaster, Nebraska, a political subdivision of the State of Nebraska, hereinafter called the "Owners".

WHEREAS, the Owner has caused to be prepared, in accordance with law, Specifications, Plans, and other Contract Documents for the Work herein described, and has approved and adopted said documents and has caused to be published an advertisement for and in connection with said Work, to-wit:

Tires, Tubes and Tire Repair Services, Bid No. 18-003

and,

WHEREAS, the Contractor, in response to such advertisement, has submitted to the Owners, in the manner and at the time specified, a sealed Proposal/Supplier Response in accordance with the terms of said advertisement; and,

WHEREAS, the Owners, in the manner prescribed by law has publicly opened, read aloud, examined, and canvassed the Proposals/Supplier Responses submitted in response to such advertisement, and as a result of such canvass has determined and declared the Contractor to be the lowest responsible bidder for the said Work for the sum or sums named in the Contractor's Proposal/Supplier Responses, a copy thereof being attached to and made a part of this Contract;

NOW, THEREFORE, in consideration of the sums to be paid to the Contractor and the mutual covenants herein contained, the Contractor and the Owners have agreed and hereby agree as follows:

1. The Contractor agrees to (a) furnish all tools, equipment, supplies, superintendence, transportation, and other accessories, services, and facilities; (b) furnish all materials, supplies, and equipment specified to be incorporated into and form a permanent part of the complete work; (c) provide and perform all necessary labor in a substantial and workmanlike manner and in accordance with the provisions of the Contract Documents; and (d) execute and complete all Work included in and covered by the Owners' award of this Contract to the Contractor, such award being based on the acceptance by the Owner of the Contractor's Proposal, or part thereof, as follows:

Agreement to full proposal

2. The Owners agree to pay to the Contractor for the performance of the Work embraced in this Contract, the Contractor agrees to accept as full compensation therefore, the following sums and prices for all Work covered by and included in the Contract award and designated above, payment thereof to be made in the manner provided by the Owners:

"Contracted Vendors" shall mean all vendors who contract or who have contracted with the Owners pursuant to Bid No. 18-003 for Annual Service - Tires, Tubes, and Tire Repair Services.

"Contracts" shall mean the collective contracts entered into between the Owners and the Contracted Vendors pursuant to Bid No. 18-003 for Annual Service - Tires, Tubes, and Tire Repair Services.

The Owners will pay for products/service, according to the Master Price List and Repair Price Sheets as listed in Contractors Proposal/Supplier Response, a copy thereof being attached to and made a part of this Contract. The Owners shall order on an as- needed basis for the duration of the contract. The cost of products or services for County agencies shall not exceed

\$150,000.00 for Contracts during the contract term without approval by the Board of Commissioners. The cost of products or services for City Departments shall not exceed \$342,000.00 for Contracts during the contract term without approval.

3. Equal Employment Opportunity. In connection with the carrying out of this project, the contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, ancestry, disability, age or marital status. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, national origin, ancestry, disability, age or marital status. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other compensation; and selection for training, including apprenticeship.
4. E-Verify. In accordance with Neb. Rev. Stat. 4-108 through 4-114, the contractor agrees to register with and use a federal immigration verification system, to determine the work eligibility status of new employees performing services within the state of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324 a, otherwise known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of a newly hired employee pursuant to the Immigration Reform and Control Act of 1986. The Contractor shall not discriminate against any employee or applicant for employment to be employed in the performance of this section pursuant to the requirements of state law and 8 U.S.C.A 1324b. The contractor shall require any subcontractor to comply with the provisions of this section.
5. Termination. This Contract may be terminated by the following:
 - 5.1) Termination for Convenience. Either party may terminate this Contract upon thirty (30) days written notice to the other party for any reason without penalty.
 - 5.2) Termination for Cause. The Owners may terminate the Contract for cause if the Contractor:
 - 5.2.1) Refuses or fails to supply the proper labor, materials and equipment necessary to provide services and/or commodities.
 - 5.2.2) Disregards Federal, State or local laws, ordinances, regulations, resolutions or orders.
 - 5.2.3) Otherwise commits a substantial breach or default of any provision of the Contract Document. In the event of a substantial breach or default the Owners will provide the Contractor written notice of said breach or default and allow the Contractor ten (10) days from the date of the written notice to cure such breach or default. If said breach or default is not cured within ten (10) days from the date of notice, then the contract shall terminate.
6. Independent Contractor. It is the express intent of the parties that this contract shall not create an employer-employee relationship. Employees of the Contractor shall not be deemed to be employees of the Owners and employees of the Owners shall not be deemed to be employees of the Contractor. The Contractor and the Owners shall be responsible to their respective employees for all salary and benefits. Neither the Contractor's employees nor the Owners' employees shall be entitled to any salary, wages, or benefits from the other party, including but not limited to overtime, vacation, retirement benefits, workers' compensation, sick leave or injury leave. Contractor shall also be responsible for maintaining workers' compensation insurance, unemployment insurance for its employees, and for payment of all federal, state, local and any other payroll taxes with respect to its employees' compensation.
7. Owner Inclusion. It is understood and agreed by all parties that "Owner/s" shall include the City of Lincoln and Lancaster County, Nebraska. Whenever in the Contract documents, including the instructions to bidders, specifications, insurance requirements, bonds, and terms and conditions or any other documents which are a part of the Contract, a singular entity is referenced (i.e., "the City" or "the County") it shall mean the "Owners" encompassing the City of Lincoln, and Lancaster

County. Notwithstanding the foregoing, the duties and obligations of the City, and the County pursuant to the Contract shall be treated as divisible and severable duties and obligations, and default by any one of the City, or the County shall not be attributed to any other of the Owners, but shall remain the sole obligation of the defaulting entity.

8. Period of Performance. This Contract shall be effective March 3, 2018 through March 2, 2019 upon execution by all parties. The term of the Contract shall be a one (1) year term with the option to renew for three (3) additional one (1) year terms.

9. The Contract Documents comprise the Contract, and consist of the following:

1. Contract Terms
2. Accepted Proposal/Supplier Response
3. Insurance Certificate with Endorsements
4. Service Tire Repair Price Sheet
5. Special Provisions
6. Specifications
7. Instructions to Bidders
8. Insurance Requirements
9. Sales Tax Exemption Form 13

(Note: This form cannot be used for the WATER Division of the City of Lincoln. The WATER Division is taxable per Reg. 066.14A or applicable laws.)

10. Notice to Bidders

The herein above mentioned Contract Documents form this Contract and are a part of the Contract as if hereto attached. Said documents which are not attached to this document may be viewed at: lincoln.ne.gov - Keyword: Bid - Awarded or Closed bids.

The Contractor and the Owners hereby agree that all the terms and conditions of this Contract shall be binding upon themselves, and their heirs, administrators, executors, legal and personal representatives, successors, and assigns.

IN WITNESS WHEREOF, the Contractor and the Owners do hereby execute this contract upon completion of signatures on:

TIRE WARRANTY, MAINTENANCE and SAFETY MANUAL

BRIDGESTONE TRUCK TIRES

Congratulations on your purchase of quality BRIDGESTONE brand truck tires!

To ensure optimum tire performance and reduce the risk of a tire failure, Bridgestone Americas Tire Operations, LLC ("Bridgestone") strongly recommends you read and follow all maintenance and safety information contained in this manual. In addition, we recommend periodic inspection and maintenance, if necessary, by a qualified tire service professional.

LIMITED WARRANTY BRIDGESTONE BRAND TRUCK TIRES

ELIGIBILITY

You are covered under the terms of this Limited Warranty if all of the following apply:

- You are the original owner, or original owner's authorized agent, of any new Bridgestone brand truck tire bearing a Department of Transportation (DOT) tire identification number indicating manufacture after January 1, 2011 (DOT serial 0111 or later). For tires covered prior to this time, please refer to the limited warranty that would have been in effect at the time of original sale.
- The tire was purchased after January 1, 2012.
- The tire size, load range, and speed rating are equivalent to or greater than, that specified or recommended for use by the vehicle manufacturer or Bridgestone.
- The new tire was approved for sale in the United States, listed in a U.S. price or data book, and purchased from an authorized Bridgestone brand truck tire retailer.
- For coverage under the Enhanced Casing Limited Warranty, the eligible tire must have been used only in long haul, regional, P&D highway service for the entire life of the casing and subsequent retread(s) must be inspected and retreaded by an authorized Bandag dealer only.
- For coverage under the "Premium Casing Enhanced Limited Warranty" that was in effect for certain patterns and certain sizes purchased between 11/1/2007 and 1/1/2012, refer to the Bridgestone Truck Tire Limited Warranty that would have been in effect at the time of the original sale.

WHAT IS WARRANTED and FOR HOW LONG

Upon examination by Bridgestone, before wearing down to 2/32 inch (1.6 mm) remaining original tread depth (i.e. worn down to the top of the built-in indicators in the original tread grooves) and within six years (seven years for certain tires, see the section entitled "Enhanced Casing Limited Warranty") from the date of tire manufacture, any eligible tire that becomes unusable for any reason (see exclusions in the section entitled "What This Limited Warranty Does Not Cover") within the manufacturer's control will either be repaired or replaced with an equivalent new Bridgestone brand truck tire on the basis set forth in this Limited Warranty.

WHAT THIS LIMITED WARRANTY DOES NOT COVER

This Limited Warranty does not cover the following:

1. Tire damage due to:
 - A. **Road hazards**, including, without limitation: Puncture, cut, impact break, stone drill, bruise, bulge, snag, etc.
 - B. **Improper use or operation**, including, without limitation: Improper inflation pressure, overloading, tire/wheel spinning, curbing, use of an improper rim/wheel, tire chain damage, misuse, misapplication, negligence, tire alteration, or for racing or competition purposes.
 - C. **Insufficient or improper maintenance**, including, without limitation: Wheel misalignment, worn suspension components, improper tire mounting or demounting, tire/wheel assembly imbalance, improper brake adjustment, or other vehicle conditions, defects, or characteristics.
 - D. **Contamination or degradation** by petroleum products or other chemicals, fire or other externally generated heat, or water or other material trapped inside the tire during mounting or inflation.
2. Irregular wear, rapid wear, or wear-out; no mileage warranty is expressed or implied.
3. Weather/ozone cracking after four years from date of tire manufacture.
4. Tires subjected to severe under-inflation or run-flat conditions.
5. Tires that have been improperly repaired.
6. Tires rendered unretreadable due to excessive tread wear or improper buffing.
7. Tires improperly retreaded, including, without limitation: Improper or inadequate inspection, preparation, equipment, material, repair, etc.
8. Ride disturbance or vibration after tread wear use beyond 10% of original usable tread depth.
9. Tires with internally applied additives for balance, sealing, cooling, or any other alleged tire performance enhancement will not void the Limited Warranty unless an inspection of the tire reveals damage related to the use of the additive.
10. Tires inflated with anything other than air or nitrogen.
11. Tires purchased or used outside of the United States.
12. The cost of applicable federal, state, and local taxes.

13. Failure to follow any of the safety and maintenance recommendations or warnings contained in this manual.

This Limited Warranty is in addition to and/or may be limited by any other applicable written warranty you may have received concerning special tires or situations.

NO-CHARGE REPLACEMENT – NEW TIRE

Bridgestone brand truck tires adjusted under this Limited Warranty will be replaced free of charge (Federal Excise Tax included) up to the first 10% of original usable tread depth or within 12 months from date of purchase (without proof of purchase date, then within 12 months from the date of tire manufacture), whichever occurs first. The cost of mounting and balancing and other service charges, disposal fees, or applicable taxes are payable by you.

PRO-RATED REPLACEMENT – WORN ORIGINAL TREAD TIRE

Bridgestone brand truck tires adjusted under this Limited Warranty that are worn beyond the first 10% of original usable tread depth, or 12 months from the date of purchase (without proof of purchase date, then 12 months from the date of tire manufacture) has passed, the tire will, at Bridgestone's option, be repaired or replaced with an equivalent new Bridgestone brand truck tire on a pro rata basis. To determine the replacement price, the percent of used tread wear is multiplied by the dealer's current selling price for the replacement tire(s). The cost of mounting, balancing, full Federal Excise Tax, and other service charges, disposal fees, or applicable taxes are payable by you.

ENHANCED CASING LIMITED WARRANTY

The Enhanced Casing Limited Warranty will apply if all the "ELIGIBILITY" requirements listed above are met and an eligible pattern, size and load range tire becomes unusable for any reason (see exclusions in the section entitled "What This Limited Warranty Does Not Cover") within the manufacturer's control within seven years from the date of tire manufacture and an unlimited number of retreads, the casing credit will be as follows:

- Eligible Patterns: R287A, R283 Ecopia, R280, R260, R250, M726EL, M720, M710 Ecopia, M770, R195, R197, R197 Ecopia
- Eligible Sizes & Load Ranges: 295/75R22.5, 11R22.5, 255/70R22.5, 285/75R24.5, 11R24.5 (Load Ranges G & H)

Original Tread or Retread Count	Dollar Values
Original Tread	\$130
1st Retread	\$100
2nd Retread	\$75
3rd Retread	\$50
4th & Subsequent Retreads	\$25

- Eligible Pattern: R250
- Eligible Sizes and Load Ranges: 225/70R19.5, 245/70R19.5, 265/70R19.5 (Load Ranges G & H)

Original Tread or Retread Count	Dollar Values
Original Tread	\$100
1st Retread	\$75
2nd Retread	\$50
3rd Retread	\$25
4th & Subsequent Retreads	\$25

REPLACEMENT WARRANTY

If you receive a replacement tire under this Limited Warranty, it will be covered by the manufacturer's warranty, if any, given on that tire at that time.

WHERE TO GO

Tire adjustments under this Limited Warranty will only be made at an authorized Bridgestone brand truck tire retailer in the United States. Consult a phone directory (often listed in the Yellow Pages under "Tire Dealers"), the Internet at www.trucktires.com, or call 1-800-815-9793 for the location nearest you.

CONSUMER RIGHTS

This Limited Warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

CONDITIONS and EXCLUSIONS

To the extent permitted by law, Bridgestone Americas Tire Operations, LLC disclaims all other warranties, including but not limited to the implied warranties of merchantability and fitness for a particular purpose and any liability for incidental and consequential damages, loss of time, loss of vehicle use, or inconvenience. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This Limited Warranty applies only to consumers actually purchasing and using the tire in the United States.

Obligations under this policy may not be enlarged or altered by anyone.

In accordance with Federal Law, this Limited Warranty has been designated as a "Limited Warranty." Nothing in this Limited Warranty is intended to be a representation that tire failures cannot occur. This Limited Warranty is given in the United States by Bridgestone Americas Tire Operations, LLC, 535 Marriott Dr., Nashville, TN 37214.

OWNER'S OBLIGATIONS

It is your obligation to maintain proper tire inflation pressures as specified by the vehicle manufacturer and to operate the vehicle within tire/vehicle load capacity and speed limitations. It is also your obligation to maintain proper wheel alignment and tire/wheel assembly balance.

To request an adjustment, you must present the tire to an authorized Bridgestone brand truck tire retailer. Your vehicle on which the tire was equipped must also be available for inspection. Complete and sign the customer section of the Bridgestone Americas Tire Operations, LLC Limited Warranty Form or an electronic version of the Bridgestone Limited Warranty Form and pay appropriate replacement price, taxes, disposal fees, and service charges, if any. Tires accepted for warranty compensation become the property of Bridgestone Americas Tire Operations, LLC.

ARBITRATION

You and Bridgestone Americas Tire Operations, LLC agree that all claims, disputes, and controversies between you and it, including any of its agents, employees, successors, or assigns, arising out of or in connection with this Limited Warranty, or any other warranties, express or implied, including a failure of warranty and the validity of this arbitration clause, but excluding claims for personal injury or property damage, shall be resolved by binding arbitration between you and it, according to the formal dispute resolution procedures of the National Arbitration Forum, under the Code of Procedure then in effect. This arbitration will be conducted as a document hearing. If you request any procedures beyond a document hearing, you will be responsible for all fees, including filing and administrative fees, above and beyond the fees required for document hearings. The arbitration between you and Bridgestone Americas Tire Operations, LLC shall not include any other customers, be combined or consolidated in any fashion with arbitrations involving other customers, or proceed in any form of class action in which the claims of numerous customers are considered together. Any award of the arbitrator(s) may be entered as a judgment in any court of competent jurisdiction. The arbitrators will have no authority to award punitive or other damages not measured by the prevailing party's actual damages, except as may be required by statute. Information may be obtained and claims may be filed at any office of the National Arbitration Forum or at P.O. Box 50191, Minneapolis, MN 55405.

IMPORTANT SAFETY INFORMATION

Any tire, no matter how well constructed, may fail in use as a result of punctures, impact damage, improper inflation pressure, overloading, or other conditions resulting from use or misuse. Tire failure may create a risk of property damage, serious personal injury or death.

SAFETY WARNING

Serious personal injury or death may result from a tire failure. Many tire failures are preceded by vibration, bumps, bulges or irregular wear. If a vibration occurs while driving your vehicle or you notice a bump, bulge or irregular wear, have your tires and vehicle evaluated by a qualified tire service professional.

To reduce the risk of tire failure, Bridgestone Americas Tire Operations, LLC strongly recommends you read and follow all safety information contained in this manual, tire industry publications such as those published by the Rubber Manufacturer's Association (RMA), and tire mounting procedures published by the Occupational Safety and Health Administration (OSHA) of the U. S. Department of Labor. In addition, we recommend periodic inspection and maintenance, if necessary, by a qualified tire service professional.

TIRE INFLATION PRESSURE

Tires need proper inflation pressure to operate effectively and perform as intended. Tires carry the vehicle, passenger, and cargo loads and transmit the braking, acceleration, and turning forces. The vehicle manufacturer recommends the inflation pressures for the tires mounted on your vehicle.

SAFETY WARNING

Driving on tires with improper inflation pressure is dangerous.

- Under-inflation causes excessive tire heat build-up and internal structural damage.
- Over-inflation makes it more likely for tires to be cut, punctured, or broken by sudden impact.

These situations can cause a tire failure, even at a later date, which could lead to serious personal injury or death. Consult the vehicle tire information placard and/or owner's manual for the recommended inflation pressures.

In addition to tire damage, improper inflation pressure may also:

- Adversely affect vehicle ride and handling.
- Reduce tire tread wear.
- Affect fuel economy.

Therefore, follow these important recommendations for tire and vehicle safety, mileage, and economy:

- Always keep the vehicle manufacturer's recommended inflation pressure in all your tires, including inside duals.
- Check their pressure at preventative maintenance intervals and during pre-trip vehicle inspections.

Your vehicle's tire information placard and/or owner's manual will tell you the recommended cold inflation pressure for all your tires. For tractor/trailers, a placard is applied to each. For questions about locating or understanding the tire information placard(s), consult your vehicle owner's manual or ask a qualified tire service professional.

Maximum Pressure Indicated on the Tire Sidewall: This is the maximum permissible inflation pressure for the tire only. The vehicle manufacturer's recommended tire pressures may be lower than, or the same as, the maximum pressure indicated on the tire sidewall. The vehicle manufacturer's specification of tire pressure is limited to your particular vehicle and takes into account your vehicle's load, ride, and handling characteristics, among other criteria. Since there may be several possible vehicle applications for a given tire size, a vehicle manufacturer may choose a different inflation pressure specification for that same size tire on a different vehicle. Therefore, always refer to the inflation pressure specifications on the vehicle tire information placard and/or in your vehicle owner's manual.

Pressure Loss: Truck tires can lose 2 psi (14 kPa) per month under normal conditions and can lose 2 psi (14 kPa) for every 10°F (5.6°C) temperature drop. A puncture, leaking valve, or other damage could also cause inflation pressure loss. If a truck tire loses more than 4 psi (28 kPa) per month, have it checked by a qualified tire service professional.

TIPS FOR SAFE TIRE INFLATION

SAFETY WARNING

Inflating an unsecured tire is dangerous. If it bursts, it could be hurled into the air with explosive force resulting in serious personal injury or death. Never adjust the inflation pressure of a truck tire unless it is placed in a safety cage or is secured to the vehicle or a tire mounting machine. Never stand or lean over the tire or in front of the valve when inflating.

SAFETY WARNING

Never re-inflate a truck tire that has been run at very low inflation pressure (i.e. 80% or less of normal operating pressure) without a complete inspection of the entire tire. Immediately have the tire demounted and inspected by a qualified tire service professional.

- The U.S. Department of Transportation requires a pre-trip vehicle inspection. Pre-trip vehicle inspections and preventative maintenance should include cold-tire inflation pressure checks. Don't forget to check the inflation pressure of inside duals.
- The only correct method for checking inflation pressure is to use an accurate tire inflation pressure gauge. Kicking or thumping a tire will only tell you when a tire is totally flat.
- Check inflation pressure when the tires are "cold." Tires are considered "cold" when the vehicle has been parked for three hours or more, or if the vehicle has been driven less than a mile at moderate speed.
- Never release pressure from a hot tire in order to reach the recommended cold tire inflation pressure. Normal driving causes tires to run hotter and inflation pressure to increase. If you reduce inflation pressure when your tires are hot, you may dangerously under inflate your tires.
- If it is necessary to adjust inflation pressure when your tires are "hot," set their inflation pressure to 10 psi (69 kPa) above the recommended cold inflation pressure. Recheck the inflation pressure when the tires are cold.
- If your tires lose more than 4 psi (28 kPa) per month, the tire, tube (if applicable), valve, or rim/wheel may be damaged. Consult a qualified tire service professional for an inspection.
- A difference of 5 psi (35 kPa) or more between duals is not recommended.
- Use valve caps to keep the valves clear of debris and to help guard against inflation pressure loss.

TIPS FOR SAFE LOADING

SAFETY WARNING

Driving your vehicle in an overloaded condition is dangerous. Overloading causes excessive tire heat build-up and internal structural damage. This can cause a tire failure, even at a later date, which could lead to serious personal injury or death. Consult the vehicle tire information placard, certification label, and owner's manual for the recommended vehicle load limits and loading recommendations.

- Always keep the vehicle manufacturer's recommended inflation pressure in all your tires, including inside duals. Check their pressure at preventative maintenance intervals and during pre-trip vehicle inspections.
- Never exceed the maximum load rating stamped on the sidewall of your tire.
- Never exceed the gross vehicle weight rating (GVWR) or gross axle weight ratings (GAWR) of your vehicle.
- Never exceed the maximum load or inflation pressure capacity of the rim/wheel.
- Consult your vehicle owner's manual for load recommendations and special instructions (such as for carrying unusually heavy loads).

TIRE DAMAGE AND INSPECTION

Evaluation and maintenance of your tires is important to their performance and the service they provide to you. Over time and/or through use, the condition of a tire can change from exposure to everyday road conditions, the environment, damaging events such as punctures, and other external factors.

SAFETY WARNING

Driving on damaged tires is dangerous. A damaged tire can suddenly fail causing serious personal injury or death. Have your tires regularly inspected by a qualified tire service professional.

You should visually inspect your tires during pre-trip vehicle inspections and inflation pressure checks. In addition, have your tires periodically evaluated by a qualified tire service professional when your vehicle is serviced such as routine maintenance intervals, oil changes, and tire rotations. In particular, note the following tips for spotting tire damage:

- After striking anything unusual in the roadway, have a qualified tire service professional demount the tire and inspect it for damage. A tire may not have visible signs of damage on the tire surface. Yet, the tire may suddenly fail without warning, a day, a week, or even months later.
- Inspect your tires for cuts, cracks, splits or bruises in the tread and sidewall areas. Bumps or bulges may indicate a separation within the tire body. Have your tire inspected by a qualified tire service professional. It may be necessary to have it removed from the rim/wheel for a complete inspection. Do not delay performing any necessary repair(s).
- Inspect your tires for adequate tread depth. When the tire is worn to the built-in indicators at 2/32 inch (1.6 mm) or less tread groove depth, or the tire cord or fabric is exposed, the tire is dangerously worn and must be replaced immediately.
- Federal regulations require steer axle tires to have 4/32 inch (3.2 mm) or greater tread depth on vehicles over 10,000 lbs (4536 kg) GVWR.
- Inspect your tires for uneven wear. Wear on one side of the tread or flat spots in the tread may indicate a problem with the tire or vehicle. Consult a qualified tire service professional.
- Inspect your rims/wheels also. If you have a bent, chipped, or cracked rim/wheel, it must be replaced.

TIRE MANUFACTURE DATE

The tire manufacture date is determined by examining the DOT tire identification number, also known as the DOT serial number or code, which can be found on at least one sidewall

near the rim/wheel. It may be necessary to look on both sides of the tire to find the entire serial code.

Tires Produced Since 2000: The last four (4) digits of the serial code identify the week and year of production. For example, a tire with a serial code ending in "2406" would have been produced in the 24th week of 2006.

Tires Produced Prior to 2000: The last three (3) digits of the serial code identify the week and year of production. For example, a tire with a code ending in "329" would likely have been produced in the 32nd week of 1999, but possibly produced in 1989. If in doubt, consult a qualified tire service professional.

TIRE REPAIRS

SAFETY WARNING

Driving on an improperly repaired tire is dangerous. An improper repair can be unreliable or permit further damage to the tire. The tire may suddenly fail, causing serious personal injury or death. A complete inspection and repair of your tire in accordance with Rubber Manufacturers Association (RMA) procedures should be conducted by a qualified tire service professional.

The comprehensive procedures and recommendations for truck tire repair are beyond the scope of this manual; however, note the following:

- **The tire must be demounted from the rim/wheel for a complete inspection, inside and out.** Some damage to the tire may only be evident on the interior of the tire. Any tire repair done without removing the tire from the rim/wheel is improper.
- **A patch must be applied to the interior of the tire and the puncture hole filled with suitable plug/stem filler.** This helps ensure that the interior of the tire is adequately sealed to prevent inflation pressure loss and prevents contamination of the steel belts and other plies from the elements (such as water) in the outside world. Using only a plug/stem, or using only a patch, is not a safe or proper repair.
- **The truck/bus tire puncture repair injury limit to the tread area is 3/8 inch (10 mm).** Larger injuries, or damage in areas outside the tread, should be evaluated and repaired, if possible, by qualified tire service professionals at a full-service repair facility using RMA-approved procedures.
- **Never substitute a tube for a proper repair or to remedy an improper repair.**
- **Not all punctured or damaged tires can be properly repaired;** consequently, they must be replaced.

- **Repair and retread, if possible, tires having a tread depth of 2/32 inch (1.6 mm) or less remaining in any tread groove.**
- **Tubes, like tires, should only be repaired by a qualified tire service professional.**
- **Any improper repair voids the tire Limited Warranty.** See “Limited Warranty” in this manual.

REMOVING TIRE/WHEEL ASSEMBLY FROM VEHICLE

SAFETY WARNING

Always follow the manufacturer’s recommend procedure for securing and raising your vehicle prior to attempting to remove a tire.

SAFETY WARNING

If the tire has internal damage, it may burst with explosive force, causing serious personal injury or death. Always deflate a tire and wheel assembly completely before loosening any lug nut when removing a tire from a vehicle for service or demounting. On dual wheel assemblies, both tires should be deflated and removed before any work is started.

TIRE MOUNTING AND OTHER SERVICING

SAFETY WARNING

Removing and replacing tires on wheels can be dangerous. Attempting to mount tires with improper tools or procedures may result in a tire explosion causing serious personal injury or death. This is only a job for a qualified tire service professional. Never perform tire service procedures without proper training, tools, and equipment.

This manual is not intended to provide proper training or service procedures for tire mounting, demounting, balancing, rotation, or repair. Please leave these tasks to qualified tire service professionals.

Only specially trained persons should mount tires. For proper mounting procedures, consult the requirements of the Occupational Safety and Health Administration (OSHA) of the U S Department of Labor and procedures published by the Rubber Manufacturers Association, 1400 K Street, NW Washington, D. C. 20005 (www.rma.org).

SAFETY WARNING

Inflating an unsecured tire is dangerous. If it bursts, it could be hurled into the air with explosive force resulting in serious personal injury or death.

- Always stand well clear of any tire mounting operation. This is especially important when the service operator inflates the tire.

- When inflating a tire after mounting on a rim/wheel, always use a safety cage and an extension hose with pressure gauge and clip-on chuck.
- Never adjust the inflation pressure of a truck tire unless it is placed in a safety cage or is secured to the vehicle or a tire mounting machine.
- Never stand or lean over the tire or in front of the valve when inflating.

SAFETY WARNING

Never pour or spray any flammable substance into or onto a tire or rim/wheel for any purpose whatsoever. The residue left by the substance could result in a fire or explosion which may cause severe injury or death.

SAFETY WARNING

Never put flammable substances such as gasoline or ethyl ether into a tire and light with a match/flame so that the resulting explosion seats the beads of a tubeless tire. This practice is extremely dangerous and may result in a severe explosion or undetected damage to the tire or rim/wheel which may cause a failure resulting in severe injury or death.

- **Tires must match the width and diameter requirements of the wheels.** For example, 22.5 inch diameter tires must only be mounted to 22.5 inch diameter rims/wheels. Radial tires must only be mounted to wheels approved for radial tires.
- **Inspect the tire and rim/wheel.** Rims/wheels must be free of cracks, dents, chips, and rust. Tires must be free of bead damage, cuts, punctures, foreign material, and moisture.
- **For a tubeless truck tire, always install a new valve, or new valve core and cap,** each time a new or retreaded tire is installed.
- **For a tube-type truck tire, always use a new, proper size tube and flap** each time a new or re-treaded tire is installed.
- **Use only vegetable oil-based lubricants in mounting or demounting.**
- **Always ensure rim components fit properly before inflating.**
 - Never tap component parts with a tool/hammer/mallet while tire is inflated.
 - Never attempt to disassemble multi-piece rims while inflated.
- **Never inflate a tire beyond 40 psi (275 kPa) to seat the beads.** Be absolutely certain beads are fully seated before adjusting inflation pressure to the level recommended for vehicle operation.
- **Use valve caps** to keep the valves clear of debris and to help guard against inflation pressure loss.
- **Always stand well away from the work area** when tires are being spin-balanced either on or off the vehicle.

TIRE MIXING

SAFETY WARNING

Driving your vehicle with an improper mix of tires is dangerous. Your vehicle's handling characteristics can be seriously affected. You could have an accident resulting in serious personal injury or death. Consult your vehicle owner's manual and a qualified tire service professional for proper tire replacement.

DUAL MATCHING

Tires paired in a dual assembly should be matched in tire construction and dimension. Improperly matched tires may result in irregular wear, rapid wear, and premature tire failure. Failure to match tires in a dual assembly may result in sudden tire destruction.

For radial tires, properly paired dimension tolerances are as follows:

- Diameter: within 1/4 inch (6.4 mm) of each other
- Circumference: within 3/4 inch (19 mm) of each other

HIGH SPEED DRIVING

SAFETY WARNING

Driving at high speed is dangerous and can cause a vehicle accident, including serious personal injury or death.

- Regardless of the speed and handling capabilities of your vehicle and its tires, a loss of vehicle control can result from exceeding the maximum speed allowed by law or warranted by traffic, weather, vehicle, or road conditions.
- High-speed driving should be left to trained professionals operating under controlled conditions.
- No tire, regardless of its design or speed rating, has unlimited capacity for speed, and a sudden tire failure can occur if its limits are exceeded. See "Tire Speed Restrictions," the next section in this manual.

Refer to your vehicle owner's manual for any tire pressure recommendations for high speed driving.

TIRE SPEED RESTRICTIONS

Bridgestone brand truck tires have maximum recommended speeds. When replacing your tires, check your vehicle owner's manual and tire information placard and consult with a Bridgestone brand truck tire retailer for recommendations and information about tire speed capability.

The speed capabilities of truck tires are based on standardized laboratory tests under specific, controlled conditions. While these tests may relate to performance on the road, real-world

driving is rarely identical to any test conditions. Your tire's actual speed capability may be less since it is affected by factors such as inflation pressure, load, tire condition (including damage), wear, vehicle condition (including alignment), driving conditions, and duration at which the speed is sustained.

TIRE SPINNING

SAFETY WARNING

Spinning a tire to remove a vehicle stuck in mud, ice, snow, or wet grass can be dangerous. A tire spinning at a speedometer reading above 35 mph (55 km/h) can in a matter of seconds reach a speed capable of disintegrating a tire with explosive force. Under some conditions, a tire may be spinning at a speed twice that shown on the speedometer. This could cause serious personal injury or death to a bystander or passenger. Never spin a tire above a speedometer reading of 35 mph (55 km/h).

TIRE STORAGE

Tires should be stored indoors in a cool, dry place where water cannot collect inside them. Tires should be placed away from electric generators/motors and sources of heat such as hot pipes. Storage surfaces should be clean and free of grease, gasoline, diesel fuel, or other substances which can deteriorate the rubber.

SAFETY WARNING

Improper storage can damage your tires in ways that may not be visible and can lead to a failure resulting in serious personal injury or death.

The spare tire in your vehicle is intended to be used as a spare when needed. The spare tire carrier is not intended to be used for long term storage.

TIRE SERVICE CUSTOMER SATISFACTION

Normal tire maintenance and Limited Warranty services are available at locations across the U.S.A. Visit us at www.trucktires.com, or call 1-800-815-9793 to find an authorized Bridgestone brand truck tire retailer nearest you.

Additional information on the care and service of truck tires is available from the following organizations:

Rubber Manufacturers Association
1400 K Street, N.W.
Washington, DC 20005-2403
www.rma.org

Rubber Association of Canada
2000 Argentinia Road, Plaza 4, Suite 250
Mississauga, Ontario L5N 1W1
www.rubberassociation.ca

TIRE REGISTRATION

Registration of your tires is an important safety precaution since it enables the manufacturer to notify you in the event of a recall. When you purchase replacement tires, the retailer will provide a registration card on which the tire identification numbers have been recorded; fill in your name and address on the card and mail it promptly. Some retailers may submit the registration for you. You do not need to register original equipment tires on new vehicles as the vehicle manufacturer handles that for you.

For Assistance or Information

1. First contact the nearest Bridgestone truck tire Dealer by consulting the yellow pages of your local telephone book.
2. If additional assistance is required, call or write the nearest Bridgestone Technical Service Center listed below.

Firestone

TIRE WARRANTY, MAINTENANCE and SAFETY MANUAL

FIRESTONE TRUCK TIRES

Congratulations on your purchase of quality FIRESTONE brand truck tires!

To ensure optimum tire performance and reduce the risk of a tire failure, Bridgestone Canada Inc. ("Bridgestone") strongly recommends you read and follow all maintenance and safety information contained in this manual. In addition, we recommend periodic inspection and maintenance, if necessary, by a qualified tire service professional.

LIMITED WARRANTY FIRESTONE BRAND TRUCK TIRES

ELIGIBILITY

You are covered under the terms of this Limited Warranty if all of the following apply:

- You are the original owner, or original owner's authorized agent, of any new Firestone brand truck tire bearing a Department of Transportation (DOT) tire identification number indicating manufacture after January 1, 2011 (DOT serial 0111 or later). For tires covered prior to this time, please refer to the limited warranty that would have been in effect at the time of original sale.
- The tire was purchased after January 1, 2012.
- The tire size, load range, and speed rating are equivalent to, or greater than, that specified or recommended for use by the vehicle manufacturer or Bridgestone.
- The new tire was approved for sale in Canada, listed in the Canadian catalogue or data book, and purchased from an authorized Firestone brand truck tire retailer.

WHAT IS WARRANTED and FOR HOW LONG

If, before wearing down to 1.6 mm (2/32") remaining original tread depth (i.e. worn down to the top of the built-in indicators in the original tread grooves) and within six years from the date of tire manufacture, which ever occurs first, an examination by Bridgestone shows that any tire covered by this Limited Warranty has become unfit for the use (see items in the section entitled "What This Limited Warranty Does Not Cover") for which it was designed due to a manufacturing defect in workmanship or material, such tire will either be repaired at no charge or replaced with a comparable new Firestone tire on the basis set forth in this Limited Warranty.

WHAT THIS LIMITED WARRANTY DOES NOT COVER

This Limited Warranty does not cover the following:

1. Tire damage due to:

- A. Road hazards**, including, without limitation: Puncture, cut, impact break, stone drill, bruise, bulge, snag, etc.
- B. Improper use or operation**, including, without limitation: Improper inflation pressure, overloading, tire/wheel spinning, curbing, use of an improper rim/wheel, tire chain damage, misuse, misapplication,

negligence, tire alteration, or for racing or competition purposes.

- C. Insufficient or improper maintenance**, including, without limitation: Wheel misalignment, worn suspension components, improper tire mounting or demounting, tire/wheel assembly imbalance, improper brake adjustment, or other vehicle conditions, defects, or characteristics.
- D. Contamination or degradation** , by petroleum products or other chemicals, fire or other externally generated heat, or water or other material trapped inside the tire during mounting or inflation.
2. Irregular wear, rapid wear, or wear-out; no mileage warranty is expressed or implied.
 3. Weather/ozone cracking after four years from date of tire manufacture.
 4. Tires subjected to severe under-inflation or run-flat conditions.
 5. Tires that have been improperly repaired.
 6. Tires rendered unretreadable due to excessive tread wear or improper buffing.
 7. Tires improperly retreaded, including, without limitation: Improper or inadequate inspection, preparation, equipment, material, repair, etc.
 8. Ride disturbance or vibration after tread wear use beyond 10% of original usable tread depth.
 9. Tires with internally applied additives for balance, sealing, cooling, or any other alleged tire performance enhancement will not void the Limited Warranty unless an inspection of the tire reveals damage related to the use of the additive.
 10. Tires inflated with anything other than air or nitrogen.
 11. Tires purchased outside of Canada.
 12. The cost of applicable taxes.
 13. Failure to follow any of the safety and maintenance recommendations or warnings contained in this manual.

This Limited Warranty is in addition to and/or may be limited by any other applicable written warranty you may have received concerning special tires or situations.

NO-CHARGE REPLACEMENT – NEW TIRE

Firestone brand truck tires adjusted under this Limited Warranty will be replaced free of charge up to the first 10% of original usable tread depth or within 12 months from date of purchase with proof of purchase (if without proof of purchase, then within 12 months from the date of tire manufacture), whichever occurs first. The cost of mounting and balancing and other service charges, disposal fees, or applicable taxes are payable by you.

OWNER'S OBLIGATIONS

It is your obligation to maintain proper tire inflation pressures as specified by the vehicle manufacturer and to operate the vehicle within tire/vehicle load capacity and speed limitations. It is also your obligation to maintain proper wheel alignment and tire/wheel assembly balance.

To request an adjustment, you must present the tire to an authorized Firestone brand truck tire retailer. Your vehicle on which the tire was equipped must also be available for inspection. Complete and sign the customer section of the Bridgestone Canada Inc. Limited Warranty Adjustment Form or an electronic version of the Limited Warranty Form and pay appropriate replacement price, taxes, disposal fees, and service charges, if any. Tires accepted for warranty compensation become the property of Bridgestone Canada Inc.

GENERAL PROVISIONS AND EXCLUSIONS

Nothing in these warranties is intended to be a representation that tire failures cannot occur. To the extent permitted by applicable law, no other representations, warranties or conditions, whether express or implied, statutory or otherwise, including warranties of merchantability and fitness for a particular purpose, shall apply to the tires.

No one, including without limitation, any employee, dealer, retailer or representative, has the authority to make any representation, promise or agreement that in any way varies the terms or conditions hereof.

These limited warranties and protections give you specific legal rights and you may also have other rights that may vary from province to province. To the extent that the provisions of any applicable legislation expressly replace, eliminate, amend, extend or prohibit any term or terms shall be accordingly replaced, eliminated, amended or extended, as the case may be, in accordance with such legislation.

IMPORTANT SAFETY INFORMATION

Any tire, no matter how well constructed, may fail in use as a result of punctures, impact damage, improper inflation pressure, overloading, or other conditions resulting from use or misuse. Tire failure may create a risk of property damage, serious personal injury or death.

SAFETY WARNING

Serious personal injury or death may result from a tire failure. Many tire failures are preceded by vibration, bumps, bulges or irregular wear. If a vibration occurs while driving your vehicle or you notice a bump, bulge or irregular wear, have your tires and vehicle evaluated by a qualified tire service professional.

To reduce the risk of tire failure, Bridgestone Canada Inc. strongly recommends you read and follow all safety information contained in this manual, tire industry publications such as those published by the Rubber Manufacturer's Association (RMA), and tire mounting procedures published by the Occupational Safety and Health Administration (OSHA) of the U. S. Department of Labor and the Canadian Centre for Occupational Health and Safety. In addition, we recommend periodic inspection and maintenance, if necessary, by a qualified tire service professional.

TIRE INFLATION PRESSURE

Tires need proper inflation pressure to operate effectively and perform as intended. Tires carry the vehicle, passenger, and cargo loads and transmit the braking, acceleration, and turning forces. The vehicle manufacturer recommends the inflation pressures for the tires mounted on your vehicle.

SAFETY WARNING

Driving on tires with improper inflation pressure is dangerous.

- Under-inflation causes excessive tire heat build-up and internal structural damage.
- Over-inflation makes it more likely for tires to be cut, punctured, or broken by sudden impact.

These situations can cause a tire failure, even at a later date, which could lead to serious personal injury or death. Consult the vehicle tire information placard and/or owner's manual for the recommended inflation pressures.

In addition to tire damage, improper inflation pressure may also:

- Adversely affect vehicle ride and handling.
- Reduce tire tread wear.
- Affect fuel economy.

Therefore, follow these important recommendations for tire and vehicle safety, mileage, and economy:

- Always keep the vehicle manufacturer's recommended inflation pressure in all your tires, including inside duals.

- Check their pressure at preventative maintenance intervals and during pre-trip vehicle inspections.

Your vehicle's tire information placard and/or owner's manual will tell you the recommended cold inflation pressure for all your tires. For tractor/trailers, a placard is applied to each. For questions about locating or understanding the tire information placard(s), consult your vehicle owner's manual or ask a qualified tire service professional.

Maximum Pressure Indicated on the Tire Sidewall: This is the maximum permissible inflation pressure for the tire only. The vehicle manufacturer's recommended tire pressures may be lower than, or the same as, the maximum pressure indicated on the tire sidewall. The vehicle manufacturer's specification of tire pressure is limited to your particular vehicle and takes into account your vehicle's load, ride, and handling characteristics, among other criteria. Since there may be several possible vehicle applications for a given tire size, a vehicle manufacturer may choose a different inflation pressure specification for that same size tire on a different vehicle. Therefore, always refer to the inflation pressure specifications on the vehicle tire information placard and/or in your vehicle owner's manual.

Pressure Loss: Truck tires can lose 14 kPa (2 psi) per month under normal conditions and can lose 14 kPa (2 psi) for every 5.6°C (10 F) temperature drop. A puncture, leaking valve, or other damage could also cause inflation pressure loss. If a truck tire loses more than 28 kPa (4 PSI) per month, have it checked by a qualified tire service professional.

TIPS FOR SAFE TIRE INFLATION

SAFETY WARNING

Inflating an unsecured tire is dangerous. If it bursts, it could be hurled into the air with explosive force resulting in serious personal injury or death. Never adjust the inflation pressure of a truck tire unless it is placed in a safety cage or is secured to the vehicle or a tire mounting machine. Never stand or lean over the tire or in front of the valve when inflating.

SAFETY WARNING

Never re-inflate a truck tire that has been run at very low inflation pressure (i.e. 80% or less of normal operating pressure) without a complete inspection of the entire tire. Immediately have the tire demounted and inspected by a qualified tire service professional.

- The Provincial Transportation Ministries and National Safety Code requires a pre-trip vehicle inspection.

Pre-trip vehicle inspections and preventative maintenance should include cold-tire inflation pressure checks. Don't forget to check the inflation pressure of inside duals.

- The only correct method for checking inflation pressure is to use an accurate tire inflation pressure gauge. Kicking or thumping a tire will only tell you when a tire is totally flat.
- Check inflation pressure when the tires are "cold." Tires are considered "cold" when the vehicle has been parked for three hours or more, or if the vehicle has been driven less than a kilometre at moderate speed.
- Never release pressure from a hot tire in order to reach the recommended cold tire inflation pressure. Normal driving causes tires to run hotter and inflation pressure to increase. If you reduce inflation pressure when your tires are hot, you may dangerously under inflate your tires.
- If it is necessary to adjust inflation pressure when your tires are "hot," set their inflation pressure to 69 kPa (10 psi) above the recommended cold inflation pressure. Recheck the inflation pressure when the tires are cold.
- If your tires lose more than 28 kPa (4 psi) per month, the tire, tube (if applicable), valve, or rim/wheel may be damaged. Consult a qualified tire service professional for an inspection.
- A difference of 35 kPa (5 psi) or more between duals is not recommended.
- Use valve caps to keep the valves clear of debris and to help guard against inflation pressure loss.

SAFETY WARNING

Driving your vehicle in an overloaded condition is dangerous. Overloading causes excessive tire heat build-up and internal structural damage. This can cause a tire failure, even at a later date, which could lead to serious personal injury or death. Consult the vehicle tire information placard, certification label, and owner's manual for the recommended vehicle load limits and loading recommendations.

- Always keep the vehicle manufacturer's recommended inflation pressure in all your tires, including inside duals. Check their pressure at preventative maintenance intervals and during pre-trip vehicle inspections.
- Never exceed the maximum load rating stamped on the sidewall of your tire.
- Never exceed the gross vehicle weight rating (GVWR) or gross axle weight ratings (GAWR) of your vehicle.
- Never exceed the maximum load or inflation pressure

capacity of the rim/wheel.

- Consult your vehicle owner's manual for load recommendations and special instructions (such as for carrying unusually heavy loads).

TIRE DAMAGE AND INSPECTION

Evaluation and maintenance of your tires is important to their performance and the service they provide to you. Over time and/or through use, the condition of a tire can change from exposure to everyday road conditions, the environment, damaging events such as punctures, and other external factors.

SAFETY WARNING

Driving on damaged tires is dangerous. A damaged tire can suddenly fail causing serious personal injury or death. Have your tires regularly inspected by a qualified tire service professional.

You should visually inspect your tires during pre-trip vehicle inspections and inflation pressure checks. In addition, have your tires periodically evaluated by a qualified tire service professional when your vehicle is serviced such as routine maintenance intervals, oil changes, and tire rotations. In particular, note the following tips for spotting tire damage:

- After striking anything unusual in the roadway, have a qualified tire service professional demount the tire and inspect it for damage. A tire may not have visible signs of damage on the tire surface. Yet, the tire may suddenly fail without warning, a day, a week, or even months later.
- Inspect your tires for cuts, cracks, splits or bruises in the tread and sidewall areas. Bumps or bulges may indicate a separation within the tire body. Have your tire inspected by a qualified tire service professional. It may be necessary to have it removed from the rim/wheel for a complete inspection. Do not delay performing any necessary repair(s).
- Inspect your tires for adequate tread depth. When the tire is worn to the built-in indicators at 1.6 mm (2/32") or less tread groove depth, or the tire cord or fabric is exposed, the tire is dangerously worn and must be replaced immediately.
- Provincial regulations require steer axle tires to have 3.2 mm (4/32") or greater tread depth on vehicles over 4536 kg (10,000 lbs) GVWR.
- Inspect your tires for uneven wear. Wear on one side of the tread or flat spots in the tread may indicate a problem with the tire or vehicle. Consult a qualified tire

service professional.

- Inspect your rims/wheels also. If you have a bent, chipped, or cracked rim/wheel, it must be replaced.

TIRE MANUFACTURE DATE

The tire manufacture date is determined by examining the DOT tire identification number, also known as the DOT serial number or code, which can be found on at least one sidewall near the rim/wheel. It may be necessary to look on both sides of the tire to find the entire serial code.

Tires Produced Since 2000: The last four (4) digits of the serial code identify the week and year of production. For example, a tire with a serial code ending in "2406" would have been produced in the 24th week of 2006.

Tires Produced Prior to 2000: The last three (3) digits of the serial code identify the week and year of production. For example, a tire with a code ending in "329" would likely have been produced in the 32nd week of 1999, but possibly produced in 1989. If in doubt, consult a qualified tire service professional.

TIRE REPAIRS

SAFETY WARNING

Driving on an improperly repaired tire is dangerous. An improper repair can be unreliable or permit further damage to the tire. The tire may suddenly fail, causing serious personal injury or death. A complete inspection and repair of your tire in accordance with Rubber Manufacturers Association (RMA) procedures should be conducted by a qualified tire service professional.

The comprehensive procedures and recommendations for truck tire repair are beyond the scope of this manual; however, note the following:

- **The tire must be demounted from the rim/wheel for a complete inspection**, inside and out. Some damage to the tire may only be evident on the interior of the tire. Any tire repair done without removing the tire from the rim/wheel is improper.
- **A patch must be applied to the interior of the tire and the puncture hole filled with suitable plug/stem filler.** This helps ensure that the interior of the tire is adequately sealed to prevent inflation pressure loss and prevents contamination of the steel belts and other plies from the elements (such as water) in the outside world. Using only a plug/stem, or using only a

patch, is not a safe or proper repair.

- **The truck/bus tire puncture repair injury limit to the tread area is 10 mm (3/8").** Larger injuries, or damage in areas outside the tread, should be evaluated and repaired, if possible, by qualified tire service professionals at a full-service repair facility using RMA-approved procedures.
- **Never substitute a tube for a proper repair or to remedy an improper repair.**
- **Not all punctured or damaged tires can be properly repaired;** consequently, they must be replaced.
- **Repair and retread, if possible, tires having a tread depth of 1.6 mm (2/32") or less remaining in any tread groove.**
- **Tubes, like tires, should only be repaired by a qualified tire service professional.**
- **Any Improper repair voids the tire Limited Warranty.** See "Limited Warranty" in this manual.

REMOVING TIRE/WHEEL ASSEMBLY FROM VEHICLE

SAFETY WARNING

Always follow the manufacturer's recommend procedure for securing and raising your vehicle prior to attempting to remove a tire.

SAFETY WARNING

If the tire has internal damage, it may burst with explosive force, causing serious personal injury or death. Always deflate a tire and wheel assembly completely before loosening any lug nut when removing a tire from a vehicle for service or demounting. On dual wheel assemblies, both tires should be deflated and removed before any work is started.

TIRE MOUNTING AND OTHER SERVICING

SAFETY WARNING

Removing and replacing tires on wheels can be dangerous. Attempting to mount tires with improper tools or procedures may result in a tire explosion causing serious personal injury or death. This is only a job for a qualified tire service professional. Never perform tire service procedures without proper training, tools, and equipment.

This manual is not intended to provide proper training or service procedures for tire mounting, demounting, balancing, rotation, or repair. Please leave these tasks to qualified tire service professionals.

Only specially trained persons should mount tires. For proper mounting procedures, consult the requirements of the Occupational Safety and Health Administration (OSHA) of the U S Department of Labor and procedures published by the Rubber Manufacturers Association, 1400 K Street, NW Washington, D. C. 20005 (www.rma.org).

SAFETY WARNING

Inflating an unsecured tire is dangerous. If it bursts, it could be hurled into the air with explosive force resulting in serious personal injury or death.

- Always stand well clear of any tire mounting operation. This is especially important when the service operator inflates the tire.
- When inflating a tire after mounting on a rim/wheel, always use a safety cage and an extension hose with pressure gauge and clip-on chuck.
- Never adjust the inflation pressure of a truck tire unless it is placed in a safety cage or is secured to the vehicle or a tire mounting machine.
- Never stand or lean over the tire or in front of the valve when inflating.

SAFETY WARNING

Never pour or spray any flammable substance into or onto a tire or rim/wheel for any purpose whatsoever. The residue left by the substance could result in a fire or explosion which may cause severe injury or death.

SAFETY WARNING

Never put flammable substances such as gasoline or ethyl ether into a tire and light with a match/flame so that the resulting explosion seats the beads of a tubeless tire. This practice is extremely dangerous and may result in a severe explosion or undetected damage to the tire or rim/wheel which may cause a failure resulting in severe injury or death.

- Tires must meet the width and diameter requirements of the wheels. For example, 22.5 inch diameter tires must only be mounted to 22.5 inch diameter rims/wheels. Radial tires must only be mounted to wheels approved for radial tires.
- Inspect the tire and rim/wheel. Rims/wheels must be free of cracks, dents, chips, and rust. Tires must be free of bead damage, cuts, punctures, foreign material, and moisture.
- For a tubeless truck tire, always install a new valve, or new valve core and cap, each time a new or retreaded tire is installed.

- For a tube-type truck tire, always use a new, proper size tube and flap each time a new or re-treaded tire is installed.
- Use only vegetable oil-based lubricants in mounting or demounting.
- Always ensure rim components fit properly before inflating.
 - Never tap component parts with a tool/hammer/mallet while tire is inflated.
 - Never attempt to disassemble multi-piece rims while inflated.
- Never inflate a tire beyond 275 kPa (40 psi) to seat the beads. Be absolutely certain beads are fully seated before adjusting inflation pressure to the level recommended for vehicle operation.
- Use valve caps to keep the valves clear of debris and to help guard against inflation pressure loss.
- Always stand well away from the work area when tires are being spin-balanced either on or off the vehicle.

TIRE MIXING

SAFETY WARNING

Driving your vehicle with an improper mix of tires is dangerous. Your vehicle's handling characteristics can be seriously affected. You could have an accident resulting in serious personal injury or death. Consult your vehicle owner's manual and a qualified tire service professional for proper tire replacement.

DUAL MATCHING

Tires paired in a dual assembly should be matched in tire construction and dimension. Improperly matched tires may result in irregular wear, rapid wear, and premature tire failure. Failure to match tires in a dual assembly may result in sudden tire destruction.

For radial tires, properly paired dimension tolerances are as follows:

- Diameter: within 6.4 mm ($\frac{1}{4}$ ") of each other
- Circumference: within 19 mm ($\frac{3}{4}$ ") of each other

HIGH SPEED DRIVING

SAFETY WARNING

Driving at high speed is dangerous and can cause a vehicle accident, including serious personal injury or death.

- Regardless of the speed and handling capabilities of your vehicle and its tires, a loss of vehicle control can

result from exceeding the maximum speed allowed by law or warranted by traffic, weather, vehicle, or road conditions.

- High-speed driving should be left to trained professionals operating under controlled conditions.
- No tire, regardless of its design or speed rating, has unlimited capacity for speed, and a sudden tire failure can occur if its limits are exceeded. See "Tire Speed Restrictions," the next section in this manual.

Refer to your vehicle owner's manual for any tire pressure recommendations for high speed driving.

TIRE SPEED RESTRICTIONS

Firestone brand truck tires have maximum recommended speeds. When replacing your tires, check your vehicle owner's manual and tire information placard and consult with a Firestone brand truck tire retailer for recommendations and information about tire speed capability.

The speed capabilities of truck tires are based on standardized laboratory tests under specific, controlled conditions. While these tests may relate to performance on the road, real-world driving is rarely identical to any test conditions. Your tire's actual speed capability may be less since it is affected by factors such as inflation pressure, load, tire condition (including damage), wear, vehicle condition (including alignment), driving conditions, and duration at which the speed is sustained.

TIRE SPINNING

SAFETY WARNING

Spinning a tire to remove a vehicle stuck in mud, ice, snow, or wet grass can be dangerous. A tire spinning at a speedometer reading above 55 km/h (35 mph) can in a matter of seconds reach a speed capable of disintegrating a tire with explosive force. Under some conditions, a tire may be spinning at a speed twice that shown on the speedometer. This could cause serious personal injury or death to a bystander or passenger. Never spin a tire above a speedometer reading of 55 km/h (35 mph)

TIRE STORAGE

Tires should be stored indoors in a cool, dry place where water cannot collect inside them. Tires should be placed away from electric generators/motors and sources of heat such as hot pipes. Storage surfaces should be clean and free

of grease, gasoline, diesel fuel, or other substances which can deteriorate the rubber.

SAFETY WARNING

Improper storage can damage your tires in ways that may not be visible and can lead to a failure resulting in serious personal injury or death.

The spare tire in your vehicle is intended to be used as a spare when needed. The spare tire carrier is not intended to be used for long term storage.

TIRE SERVICE CUSTOMER SATISFACTION

Normal tire maintenance and Limited Warranty services are available at locations across Canada. Visit us at www.firestonetrucktires.com, or call 1-800-815-9793 to find an authorized Firestone brand truck tire retailer nearest you.

Additional information on the care and service of truck tires is available from the following organizations:

Rubber Manufacturers Association
1400 K Street, N.W.
Washington, DC 20005-2403
www.rma.org

Rubber Association of Canada
2000 Argentia Road, Plaza 4, Suite 250
Mississauga, Ontario L5N 1W1

TIRE REGISTRATION

Registration of your tires is an important safety precaution since it enables the manufacturer to notify you in the event of a recall. In accordance with Canadian law, Bridgestone Canada Inc. maintains a registration system by which any person who has purchased tires who wishes to be identified may be identified. When you purchase replacement tires, the retailer can provide a registration card on which the tire identification numbers are recorded; fill in your name and address on the card and mail it promptly. Registration can also be completed online at www.bridgestonetire.com. Some retailers may submit the registration for you. You do not need to register tires which come as original equipment on new vehicles – the vehicle manufacturer will handle that for you.

For Assistance or Information

1. First contact the nearest Firestone truck tire Dealer by consulting the yellow pages of your local telephone book.
2. If additional assistance is required, call the Firestone Technical Service Center listed below.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)
1/23/2018

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.
**COMMERCIAL GENERAL LIABILITY
COVERAGE ENHANCEMENT ENDORSEMENT
INCLUDING MEDICAL PAYMENTS**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SECTION I – COVERAGES, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY, 2. Exclusions is amended as follows:

1. Paragraph (2)(a) of Exclusion **g. Aircraft, Auto Or Watercraft** is replaced with:
 - (a) Less than 51 feet long; and
2. The following is added to Exclusion **j. Damage To Property**:
 - (a) Paragraphs (3) and (4) does not apply to “property damage” to borrowed equipment while not in use, while at the insured’s premises or a job site; or
 - (b) Paragraph (4) does not apply “property damage” to customers goods while on the insured’s premises for the purpose of being worked on or used in a manufacturing process.

Limit of Insurance - The most we will pay for damages for “property damage” coverage provided by this coverage in any one “occurrence” is \$10,000.

Deductible - Our obligation to pay for a covered loss applies only to the amount of loss in excess of \$500. We will pay the deductible amount to effect settlement of any claim or “suit” and, upon notification of this action having been taken, you shall promptly reimburse us for the deductible as has been paid by us. This insurance is excess over any other valid and collectible insurance.

3. The last paragraph of 2. **Exclusions** is replaced with:

If **Damage To Premises Rented To You** is not otherwise excluded, exclusions **c. through n.** do not apply to damage by fire, lightning, explosion, smoke or sprinkler leakage to premises while rented to you or temporarily occupied by you rented to you or temporarily occupied by you

with permission of the owner. A separate limit of insurance applies to this coverage as described in **Section III - Limits of Insurance.**

SECTION I – COVERAGES, SUPPLEMENTARY PAYMENTS – COVERAGES A AND B is amended as follows:

1. Paragraph 1. **b.** is replaced with:
 - b. Up to \$2,500 for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.
2. Paragraph 1. **d.** is replaced with:
 - d. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or “suit”, including actual loss of earnings up to \$500 a day because of time off from work.

SECTION II – WHO IS AN INSURED is amended as follows:

1. Paragraph 3. **a.** is replaced with:
 - a. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier;
2. The following is added:
 4. **Additional Insured – Automatic Status When Required In An Agreement With You**

Who Is An Insured includes person(s) or organization(s) described in Paragraphs **a. – i.** below with whom you have agreed in writing in a contract or agreement that such person or organization be added as an additional insured on your policy.

- a. **Co-Owners Of Insured Premises** – with respect to their liability as co-owner of the premises.

However, their status as additional insured under this policy ends when you cease to co-own such premises with that person or organization.

- b. **Controlling Interest** – with respect to their liability arising out of their financial control of you; or premises they own, maintain, or control while you lease or occupy these premises.

This insurance does not apply to structural alterations, new construction and demolition operations performed by or for that person or organization.

However, their status as additional insured under this policy ends when they cease to have such controlling interest.

- c. **Grantor of Franchise or License** – with respect to their liability as grantor of a franchise or license to you.

However, their status as additional insured under this policy ends:

- (1) when their contract or agreement with you granting the franchise or license ends or expires; or
- (2) when your license is terminated or revoked prior to expiration of the license as stipulated by the contract or agreement.

- d. **Lessors of Leased Equipment** – with respect to their liability for “bodily injury”, “property damage” or “personal and advertising injury” caused in whole or in part by your maintenance, operation or use of equipment leased to you by such person(s) or organization(s). This insurance does not apply to any “occurrence” which takes place after the equipment lease expires.

However, their status as additional insured under this policy ends when their lease, contract, or agreement with you for such leased equipment ends.

- e. **Managers, or Lessors of Premises** – with respect to liability arising out of the ownership, maintenance, or use of that part of the premises leased to you.

This insurance does not apply to:

- (1) Any “occurrence” which takes place after you cease to be a tenant in that premises.

Structural alterations, new construction, or demolition operations performed by or on behalf of the person or organization.

However, their status as additional insured under this policy ends when you cease to be a tenant of such premises.

- f. **Mortgagee, Assignee, or Receiver** – with respect to their liability as mortgagee, assignee, or receiver and arising out of the ownership, maintenance, or use of the premises by you.

This insurance does not apply to structural alterations, new constructions, and demolition operations performed by or for that person or organization.

However, their status as additional insured under this policy ends when their status as mortgagee, assignee, or receiver ends.

- g. **Owners or Other Interest from Whom Land has been Leased** – with respect to their liability arising out of the ownership, maintenance, or use of that part of the land leased to you.

This insurance does not apply to:

- (1) Any “occurrence” which takes place after you cease to lease the land; or
- (2) Structural alterations, new construction, or demolition operations performed by or on behalf of the person or organization.

However, their status as additional insured under this policy ends when you cease to lease that land.

- h. **State or Political Subdivisions – Permits Relating to Premises** – with respect to the following hazards for which the state or governmental agency or subdivision or political subdivision has issued a permit or authorization in connection with premises you own, rent, or control and to which this insurance applies:

- (1) The existence, maintenance, repair, construction, erection, or removal of advertising signs, awnings, canopies, cellar entrances, coal

holes, driveways, manholes, marquees, hoist away openings, sidewalk vaults, street banners or decorations and similar exposures; or

- (2) The construction, erection, or removal of elevators; or
- (3) The ownership, maintenance or use of any elevators covered by this insurance.

This insurance does not apply to:

- (1) "Bodily injury" or "property damage" or "personal or advertising injury" arising out of operations performed for the state or municipality; or
- (2) "Bodily injury" or "property damage" included within the "products-completed operations hazard".

However, such state or political subdivision's status as additional insured under this policy ends when the permit ends.

- i. **Vendors** – but only with respect to "bodily injury" or "property damage" arising out of "your products" which are distributed or sold in the regular course of the vendor's business, subject to the following additional exclusions:

- (1) The insurance afforded the vendor does not apply to:
 - (a) "Bodily injury" or "property damage" for which the vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the vendor would have in the absence of the contract or agreement;
 - (b) Any express warranty unauthorized by you;
 - (c) Any physical or chemical change in the product made intentionally by the vendor;
 - (d) Repackaging, except when unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the

manufacturer, and then repackaged in the original container;

- (e) Any failure to make such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;
 - (f) Demonstration, installation, servicing, or repair operations, except such operations performed at the vendor's premises in connection with the sale of the product;
 - (g) Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor; or
 - (h) "Bodily injury" or "property damage" arising out of the sole negligence of the vendor for its own acts or omissions or those of its employees or anyone else acting on its behalf. However, this exclusion does not apply to:
 - (i) The exceptions contained in Subparagraphs d. or f.; or
 - (ii) Such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.
- (2) This insurance does not apply to any insured person or organization, from whom you have acquired such products, or any ingredient, part or container, entering into, accompanying or containing such products.

With respect to the insurance afforded to such additional insureds a. – d. described above the following is added to the **Section III – Limits Of Insurance**:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

- 1. Required by the contract or agreement; or
- 2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

However, this insurance afforded to such additional insureds a. – i. described above:

- 1. Only applies to the extent permitted by law; and
- 2. Will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

SECTION III – LIMITS OF INSURANCE

- 1. The following is added to Paragraph 2:

The General Aggregate Limit applies separately to each of your "locations" owned by or rented to you or temporarily occupied by you with the permission of the owner.

- 2. Paragraph 6. is replaced with:

6. Subject to 5. above, the Damage To Premises Rented To You Limit is the most we will pay under Coverage A for damages because of "property damage" to any one premises, while rented to you, or in the case of damage by fire, lightning, explosion, smoke, or sprinkler leakage, while rented to or temporarily occupied by you with permission of the owner. The limit is increased to \$1,000,000.

- 3. Paragraph 7. is replaced with:

- 7. Subject to 5. above, the higher of:
 - a. \$10,000; or
 - b. The amount shown in the Declarations for Medical Expense Limit is the most we will pay under Coverage C for all medical expenses because of "bodily injury" sustained by one person.

This coverage does not apply if Coverage C - Medical Payments is excluded either by the provisions of any coverage forms attached to the policy or by endorsement.

SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS

- 1. **Condition 2. Duties In The Event Of Occurrence, Offense, Claim Or Suit** is amended to include:

e. Knowledge of an "occurrence", offense, claim or "suit" by an agent or employee of any insured shall not in itself constitute knowledge of the insured unless you, a partner, if you are a partnership; or an executive officer or insurance manager, if you are a corporation receives such notice of an "occurrence", offense, claim or "suit" from the agent or employee.

- 2. Paragraph b. **Excess Insurance (1) (b) (ii)** of condition 4. **Other Insurance** is replaced with:

(ii) That is Fire insurance for premises rented to you or temporarily occupied by you with permission of the owner;

- 3. **Condition 6. Representations** is amended to include:

d. Your failure to disclose all hazards or prior "occurrences" or offenses existing as of the inception date of the policy shall not prejudice the coverage afforded by this policy provided such failure to disclose all hazards or prior "occurrences" or offenses is not intentional. This provision does not affect our right to collect additional premium or exercise our right of cancellation or non-renewal.

- 4. **Condition 8. Transfer Of Rights Of Recovery Against Others To Us** is amended to include:

If required by a written contract executed prior to loss, we waive any right of subrogation we may have against the contracting person or organization because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products-completed operations hazard".

- 5. The following condition is added:

10. Liberalization

If we revise this coverage form to provide more coverage without additional premium charge, your policy will automatically provide the additional coverage as of the day the revision is effective in your state.

SECTION V – DEFINITIONS

1. Definition 3. "Bodily Injury" is replaced with:
 3. "Bodily injury" means bodily injury, sickness or disease sustained by a person, including mental anguish, mental injury, shock, fright

- or death resulting from any of these at any time.
2. The following definition is added:
"Location" means premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway, or right-of-way of a railroad.

All terms and conditions apply unless modified by this endorsement.

WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS ENDORSEMENT

We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against the person or organization named in the Schedule. (This agreement applies only to the extent that you perform work under a written contract that requires you to obtain this agreement from us.)

This agreement shall not operate directly or indirectly to benefit anyone not named in the Schedule.

Schedule

Any person or organization that you perform work for that is liable for an injury, covered by this policy, that prior to the injury has written contract requiring a waiver of our right to recover from them.

This endorsement changes the policy to which it is attached and is effective on the date issued unless otherwise stated.

(The information below is required only when this endorsement is issued subsequent to preparation of the policy.)

OPERATION OF CUSTOMERS AUTOS ON PARTICULAR PREMISES

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

- A. Exclusion g. of paragraph 2., Exclusions of COVERAGE A - BODILY INJURY AND PROPERTY DAMAGE LIABILITY (Section I - Coverages) does not apply to any "customer's auto" while on or next to those premises you own, rent or control that are used for any of the following businesses:
1. Auto Repair or Service Shops;
 2. Car Washes;
 3. Gasoline Stations;
 4. Tire Dealers;
 5. Automobile Quick Lubrication Services.
- B. The following definition is added to the DEFINITIONS Section:
- "Customer's auto" means an "auto" on those premises for the purpose of receiving the services normally provided in connection with those businesses but does not include an "auto" owned by or rented or loaned to any insured.

- X. Hired Car Coverage Territory
- Y. Emergency Lock Out
- Z. Cancellation Condition

**COMMERCIAL AUTO
AC 70 05 03 16**

A. EFFECT OF THIS ENDORSEMENT

Coverage provided under this policy is modified by the provisions of this endorsement. If there is any conflict between the provisions of this endorsement and the provision(s) of any state-specific endorsement also attached to this policy, then the provision(s) of the state-specific endorsement shall apply instead of the provisions of this endorsement that are in conflict, but only to the extent of the conflict, and only to the extent necessary to bring such provisions into conformance with the state requirement(s) contained in the provision(s) of the state-specific endorsement.

B. NEWLY ACQUIRED OR FORMED ENTITIES

The Named Insured shown in the Declarations is amended to include any organization you newly acquire or form, other than a partnership, joint venture, or limited liability company, and over which you maintain ownership or majority (more than 50%) interest; if there is no other similar insurance available to that organization. Coverage under this provision is afforded until the 180th day after you acquire or form the organization or the end of the policy period, whichever is later.

C. EMPLOYEES AS INSURED – NONOWNED AUTOS

The following is added to paragraph A.1. Who Is An Insured of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

- d. Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

D. ADDITIONAL INSURED BY CONTRACT, PERMIT OR AGREEMENT

The following is added to A.1. Who Is An Insured of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

Any person or organization that you are required to name as an additional insured in a written contract or agreement that is executed or signed by you prior to a "bodily injury" or "property damage" occurrence is an "insured" for Covered Auto Liability coverage. However, with respect to covered "autos", such person or organization is an insured only to the extent that person or organization qualifies as an "insured" under A.1. Who is an Insured of SECTION II – COVERED AUTOS LIABILITY COVERAGE:

If specifically required by the written contract or agreement referenced in the paragraph above, any coverage provided by this endorsement to an additional insured shall be primary and any other valid and collectible insurance available to the additional insured shall be non-contributory with this insurance. If the written contract does not require this coverage to be primary and the additional insured's coverage to be non-contributory, then this insurance will be excess over any other valid and collectible insurance available to the additional insured.

E. SUPPLEMENTARY PAYMENTS – BAIL BONDS

Supplementary Payments of SECTION II – COVERED AUTOS LIABILITY COVERAGE is revised as follows:

- (2) Up to \$2,500 for cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.

F. SUPPLEMENTARY PAYMENTS – LOSS OF EARNINGS

Supplementary Payments of the SECTION II – COVERED AUTOS LIABILITY COVERAGE is revised as follows:

- (4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to \$500 a day because of time off from work.

G. PERSONAL EFFECTS AND PROPERTY OF OTHERS EXTENSION

- 1. The Care, Custody or Control Exclusion of SECTION II – COVERED AUTOS LIABILITY COVERAGE, does not apply to "property damage" to property, other than your property, up to an amount not exceeding \$250 in any one "accident". Coverage is excess over any other valid and collectible insurance.
- 2. The following paragraph is added to A.4. Coverage Extensions of SECTION III – PHYSICAL DAMAGE COVERAGE:
 - c. We will pay up to \$500 for your property that is lost or damaged as a result of a covered "loss", without applying a deductible. Coverage is excess over any other valid and collectible insurance.

H. PREJUDGMENT INTEREST COVERAGE

The following paragraph is added to SECTION II – COVERED AUTOS LIABILITY COVERAGE, 2. Coverage Extensions, a. Supplementary Payments:

(7) Prejudgment interest awarded against the "insured" on that part of the judgment we pay. If we make an offer to pay the applicable limit of insurance, we will not pay any prejudgment interest based on that period of time after the offer.

I. FELLOW EMPLOYEE – OFFICERS, MANAGERS, AND SUPERVISORS

The Fellow Employee Exclusion in SECTION II – COVERED AUTOS LIABILITY COVERAGE is replaced as follows;

A. "Bodily injury" to any fellow "employee" of the "insured" arising out of and in the course of the fellow "employee's" employment or while performing duties related to the conduct of your business. This exclusion does not apply to an "insured" who occupies a position as an officer, manager, or supervisor.

J. HIRED AUTO PHYSICAL DAMAGE

If covered "auto" designation symbols 1 or 8 apply to Liability Coverage and if at least one "auto" you own is covered by this policy for Comprehensive, Specified Causes of Loss, or Collision coverages, then the Physical Damage coverages provided are extended to "autos" you lease, hire, rent or borrow without a driver; and provisions in the Business Auto Coverage Form applicable to Hired Auto Physical Damage apply up to a limit of \$100,000. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage. Any Comprehensive deductible does not apply to fire or lightning.

K. TEMPORARY SUBSTITUTE AUTOS – PHYSICAL DAMAGE COVERAGE

The following is added to paragraph C. Certain Trailers, Mobile Equipment And Temporary Substitute Autos of SECTION I - COVERED AUTOS:

If Physical Damage Coverage is provided by this Coverage Form, the following types of vehicles are also covered "autos" for Physical Damage Coverage:

Any "auto" you do not own while used with the permission of its owner as a temporary

substitute for a covered "auto" you own that is out of service because of its:

- a. Breakdown;
- b. Repair;
- c. Servicing;
- d. "Loss"; or
- e. Destruction

The coverage that applies is the same as the coverage provided for the vehicle being replaced.

L. EXPANDED TOWING COVERAGE

1. We will pay up to:
 - a. \$100 for a covered "auto" you own of the private passenger type, or
 - b. \$500 for a covered "auto" you own that is not of the private passenger type, for towing and labor costs incurred each time the covered "auto" is disabled. However, the labor must be performed at the place of disablement.
2. This coverage applies only for an "auto" covered on this policy for Comprehensive or Specified Causes of Loss Coverage and Collision Coverages.
3. Payment applies in addition to the otherwise applicable amount of each coverage you have on a covered "auto".

M. AUTO LOAN OR LEASE COVERAGE

1. In the event of a total "loss" to a covered "auto", we will pay any unpaid amount due on the loan or lease, including up to a maximum of \$500 for early termination fees or penalties, for your covered "auto" less:
 - a. The amount paid under SECTION III – PHYSICAL DAMAGE COVERAGE of this policy; and
 - b. Any:
 - 1) Overdue lease/loan payments at the time of the "loss";
 - 2) Financial penalties imposed under a lease for excessive use, abnormal wear and tear or high mileage;
 - 3) Security deposits not refunded by a lessor;
 - 4) Costs of extended warranties, Credit Life insurance, Health, Accident, or Disability insurance purchased with the lease; and

**COMMERCIAL AUTO
AC 70 05 03 16**

- 5) Carry-over balances from previous leases.
2. This coverage only applies to a "loss" which is also covered under this policy for Comprehensive, Specified Causes of Loss, or Collision coverage.
3. Coverage does not apply to any unpaid amount due on a loan for which the covered "auto" is not the sole collateral.

N. ORIGINAL EQUIPMENT MANUFACTURER PARTS – LEASED PRIVATE PASSENGER TYPES

Under Paragraph C. Limit of Insurance of SECTION III – PHYSICAL DAMAGE COVERAGE, Section 4 is added as follows:

4. We will use new original equipment vehicle manufacturer parts for any private passenger type covered "auto" where required by the lease agreement which has a term of at least six months. If a new original equipment vehicle manufacturer part is not in production or distribution we may use a like, kind and quality replacement part.

O. DEDUCTIBLE AMENDMENTS

The following are added to the Deductible provision of SECTION III – PHYSICAL DAMAGE COVERAGE:

If another policy or coverage form that is not an automobile policy or coverage form issued by this company applies to the same "accident", the following applies:

1. If the deductible under this coverage is the smaller (or smallest) deductible, it will be waived:
2. If the deductible under this coverage is not the smaller (or smallest) deductible, it will be reduced by the amount of the smaller (or smallest) deductible.

If a Comprehensive or Specified Causes of Loss Coverage "loss" from one "accident" involves two or more covered "autos", only the highest deductible applicable to those coverages will be applied to the "accident," if the cause of the loss is covered for those vehicles. This provision only applies if you carry Comprehensive or Specified Causes of Loss Coverage for those vehicles, and does not extend coverage to any covered "autos" for which you do not carry such coverage.

No deductible applies to glass if the glass is repaired, in a manner acceptable to us, rather than replaced.

P. RENTAL REIMBURSEMENT COVERAGE

1. This coverage applies only to a covered "auto" for which Physical Damage Coverage is provided on this policy.
2. We will pay for rental reimbursement expenses incurred by you for the rental of an "auto" because of "loss" to a covered "auto". Payment applies in addition to the otherwise applicable amount of each coverage you have on a covered "auto." No deductibles apply to this coverage.
3. We will pay only for those expenses incurred during the policy period beginning 24 hours after the "loss" and ending, regardless of the policy's expiration, with the lesser of the following number of days:
 - a. The number of days reasonably required to repair or replace the covered "auto". If "loss" is caused by theft, this number of days is added to the number of days it takes to locate the covered "auto" and return it to you.
 - b. The number of days shown in the Schedule.
4. Our payment is limited to the lesser of the following amounts:
 - a. Necessary and actual expenses incurred.
 - b. \$75 for any one day or for a maximum of 30 days.
5. This coverage does not apply while there are spare or reserve "autos" available to you for your operations.
6. If "loss" results from the total theft of a covered "auto" of the private passenger type, we will pay under this coverage only that amount of your rental reimbursement expenses which is not already provided for under SECTION III – PHYSICAL DAMAGE COVERAGE Coverage Extension.

Q. EXPANDED TRANSPORTATION EXPENSE

Paragraph A.4.a. of SECTION III – PHYSICAL DAMAGE COVERAGE is replaced by the following:

We will pay up to \$50 per day to a maximum of \$1500 for temporary transportation expense incurred by you because of the total theft of a

covered "auto" of the private passenger type. We will only pay for those covered "autos" for which you carry Comprehensive or Specified Causes of Loss Coverage. We will pay for temporary transportation expenses incurred during the period beginning 24 hours after the theft and ending, regardless of the policy's expiration, when the covered "auto" is returned to use or we pay for its "loss".

R. EXTRA EXPENSE – STOLEN AUTOS

The following paragraph is added to Coverage Extensions of SECTION III – PHYSICAL DAMAGE COVERAGE:

- c. We will pay for up to \$5,000 for the expense of returning a stolen covered "auto" to you. We will pay only for those covered "autos" for which you carry Comprehensive or Specified Causes of Loss Coverage

S. PHYSICAL DAMAGE LIMIT OF INSURANCE

Under SECTION III – PHYSICAL DAMAGE COVERAGE, Paragraph C., Limit of Insurance is replaced by the following:

C. Limit Of Insurance

- 1. The most we will pay for "loss" in any one "accident" is the lesser of:
 - a. The actual cash value of the damaged or stolen property as of the time of the "loss", or
 - b. The cost of repairing or replacing the damaged or stolen property.
- 2. \$1500 is the most we will pay for "loss" in any one "accident" to all electronic equipment that reproduces, receives or transmits audio, visual or data signals which, at the time of "loss", is:
 - a. Permanently installed in or upon the covered "auto" in a housing, opening or other location that is not normally used by the "auto" manufacturer for the installation of such equipment.
 - b. Removable from a permanently installed housing unit as described in Paragraph 2.a. above or is an integral part of that equipment; or
 - c. An integral part of such equipment.
- 3. An adjustment for depreciation and physical condition will be made in determining actual cash value in the event of a total "loss".
- 4. The cost of repairing or replacing may:
 - a. Be based on an estimate which includes parts furnished by the original equip-

ment manufacturer or other sources including non-original equipment manufacturers and

- b. If a repair or replacement results in better than like kind or quality, we will not pay for the amount of the net improvement.

- 5. If we offer to pay the actual cash value of the damaged or stolen property, we will value auto advertising wraps, paint customization, and similar business related advertising modifications, in addition to the actual cash value of the property. Auto advertising wraps, paint customization, and similar business related advertising modifications will be valued at the cost to replace them with an adjustment made for depreciation and physical condition.

T. NEW VEHICLE REPLACEMENT COST

The following is added to the Limit of Insurance provision of SECTION III – PHYSICAL DAMAGE COVERAGE:

- 5. The provisions of paragraphs 1. and 3. do not apply to a covered "auto" of the private passenger type or a vehicle with a gross vehicle weight rating of 20,000 pounds or less which is a "new vehicle."

In the event of a total "loss" to your new vehicle to which this coverage applies, we will pay at your option:

- a. The verifiable "new vehicle" purchase price you paid for your damaged vehicle, not including any insurance or warranties purchased;
- b. If it is available, the purchase price, as negotiated by us, of a "new vehicle" of the same make, model, and equipment or the most similar model available, not including any furnishings, parts, or equipment not installed by the manufacturer or manufacturers' dealership; or .
- c. The market value of your damaged vehicle, not including any furnishings, parts, or equipment not installed by the manufacturer or manufacturer's dealership.

We will not pay for initiation or set up costs associated with loans or leases

As used in this endorsement, a "new vehicle" means an "auto" of which you are the original owner that has not been previ-

**COMMERCIAL AUTO
AC 70 05 03 16**

ously titled and which you purchased less than 365 days before the date of the "loss".

U. PHYSICAL DAMAGE COVERAGE EXTENSIONS

Under SECTION III – PHYSICAL DAMAGE COVERAGE, A. Coverage, Coverage Extensions, b. Loss of Use Expenses is replaced by the following:

b. Loss of Use Expenses

For Hired Auto Physical Damage, we will pay expenses for which an "insured" becomes legally responsible to pay for loss of use of a vehicle rented or hired without a driver, under a written rental contract or agreement. We will pay for loss of use expenses if caused by:

- (1) Other than collision if the Declarations indicate that Comprehensive Coverage is provided for any covered "auto";
- (2) Specified Causes of Loss only if the Declarations indicate that Specified Causes of Loss Coverage is provided for any covered "auto"; or
- (3) Collision only if the Declarations indicate that Collision Coverage is provided for any covered "auto."

However, the most we will pay for any expenses for loss of use is \$50 per day, to a maximum of \$1,500. The insurance provided by this provision is excess over any other collectible insurance.

V. TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

The following is added to the Transfer Of Rights Of Recovery Against Others To Us Condition:

We waive any right of recovery we may have against any person or organization to the extent required of you by a written contract executed prior to any "accident" because of payments we make for damages under this coverage form.

W. NOTICE OF AND KNOWLEDGE OF OCCURRENCE

SECTION IV – BUSINESS AUTO CONDITIONS, Paragraph A is amended as follows:

6. NOTICE OF AND KNOWLEDGE OF OCCURRENCE

a. Your obligation in the Duties in the Event of Accident, Claim, Suit or Loss Condition relative to notification requirements applies only when the "accident" or "loss" is known to:

- (1) You, if you are an individual;
- (2) A partner, if you are a partnership;
- (3) A member, if you are a limited liability company; or
- (4) An executive officer or insurance manager, if you are a corporation.

b. Your obligation in the Duties in the Event of Accident, Claim, Suit or Loss Condition relative to providing us with documents concerning a claim or "suit" will not be considered breached unless the breach occurs after such claim or "suit" is known to:

- (1) You, if you are an individual;
- (2) A partner, if you are a partnership;
- (3) A member, if you are a limited liability company; or
- (4) An executive officer or insurance manager, if you are a corporation.

X. HIRED CAR – COVERAGE TERRITORY

Item (5) of the Policy Period, Coverage Territory General Conditions replaced by the following:

- (5) Anywhere in the world if a covered "auto" is leased, hired, rented or borrowed without a driver for a period of 30 days or less; and

Y. EMERGENCY LOCKOUT

We will reimburse you up to \$100 for reasonable expense incurred for the services of a locksmith to gain entry into your covered "auto" subject to these provisions:

1. Your door key, electronic key or key entry pad has been lost, stolen or locked in your covered "auto" and you are unable to enter such "auto", or
2. Your keyless entry device battery dies and you are unable to enter such "auto" as a result,
3. Your key, electronic key or key entry pad has been lost or stolen and you have changed the lock to prevent an unauthorized entry; and

**COMMERCIAL AUTO
AC 70 05 03 16**

4. Original copies of receipts for services of a locksmith must be provided before reimbursement is payable.

Z. CANCELLATION CONDITION

Paragraph A.2. of the COMMON POLICY CONDITION – CANCELLATION applies except as follows:

If we cancel for any reason other than non-payment of premium, we will mail or deliver to the First Named Insured written notice of cancellation at least 60 days before the effective date of cancellation. This provision does not apply in those states that require more than 60 days prior notice of cancellation.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

GARAGEKEEPERS COVERAGE

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM
MOTOR CARRIER COVERAGE FORM

SCHEDULE

Location No.	Coverages	Limit Of Insurance For Each Location
1	Comprehensive	\$ 1,200,000 minus \$ 500 deductible for each "customer's auto" for all perils subject to \$ 2,500 maximum deductible for all such "loss" in any one event.
	Collision	\$ 1,200,000 minus \$ 500 deductible for each "customer's auto".

LOCATION WHERE YOU CONDUCT "GARAGE OPERATIONS"	
Location No.	Address
1	8528 NORTHWEST BLVD DAVENPORT, IA 528066415

Premium	\$
---------	----

DIRECT PRIMARY COVERAGE OPTION

Indicate below with an "X" if the Direct Primary Coverage Option is selected.

DIRECT PRIMARY INSURANCE

If this box is checked, Garagekeepers Coverage is changed to apply without regard to your or any other "insured's" legal liability for "loss" to a "customer's auto" and is primary insurance.

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

A. This endorsement provides only those coverages:

- Where a Limit of Insurance is shown for that coverage in the Schedule; and
- For the location shown in the Schedule.

B. Coverage

- We will pay all sums the "insured" legally must pay as damages for "loss" to a "customer's auto" or "customer's auto" equipment left in the "insured's" care while the "insured" is attending, servicing, repairing,

parking, storing, "transporting" or "towing" it in your "garage operations" under:

a. Comprehensive Coverage

From any cause except:

- The "customer's auto's" collision with another object; or
- The "customer's auto's" overturn.

b. Collision Coverage

Caused by:

- (1) The "customer's auto's" collision with another object; or
 - (2) The "customer's auto's" overturn.
2. We will have the right and duty to defend any "insured" against a "suit" asking for these damages. However, we have no duty to defend any "insured" against a "suit" seeking damages for "loss" to which this insurance does not apply. We may investigate and settle any claim or "suit" as we consider appropriate. Our duty to defend or settle ends for a coverage when the Limit of Insurance for that coverage has been exhausted by payment of judgments or settlements.

3. Who Is An Insured

The following are "insureds" for "loss" to "customer's autos" and "customer's auto" equipment:

- a. You.
- b. Your partners (if you are a partnership), or members (if you are a limited liability company), "employees", directors or shareholders while acting within the scope of their duties as such.

4. Coverage Extensions

The following applies as Supplementary Payments. We will pay for the "insured":

- a. All expenses we incur.
- b. The costs of bonds to release attachments in any "suit" against an "insured" we defend, but only for bond amounts within our Limit of Insurance.
- c. All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to \$250 a day because of time off from work.
- d. All court costs taxed against the "insured" in any "suit" against an "insured" we defend. However, these payments do not include attorneys' fees or attorneys' expenses taxed against the "insured".
- e. All interest on the full amount of any judgment that accrues after entry of the judgment in any "suit" against an "insured" we defend; but our duty to pay interest ends when we have paid, offered to pay, or deposited in court the part of

the judgment that is within our Limit of Insurance.

These payments will not reduce the Limit of Insurance.

C. Exclusions

1. This insurance does not apply to any of the following:

a. Contractual Obligations

Liability resulting from any contract or agreement by which the "insured" accepts responsibility for "loss". But this exclusion does not apply to liability for "loss" that the "insured" would have in the absence of the contract or agreement.

b. Theft

"Loss" due to theft or conversion caused in any way by you, your "employees" or by your shareholders.

c. Defective Parts

Defective parts or materials.

d. Faulty Work

Faulty "work you performed".

2. We will not pay for "loss" to any of the following:

- a. Tape decks or other sound reproducing equipment unless permanently installed in a "customer's auto".

- b. Tapes, records or other sound reproducing devices designed for use with sound reproducing equipment.

- c. Sound receiving equipment designed for use as a citizens' band radio, two-way mobile radio or telephone or scanning monitor receiver, including its antennas and other accessories, unless permanently installed in the dash or console opening normally used by the "customer's auto" manufacturer for the installation of a radio.

- d. Any device designed or used to detect speed measurement equipment such as radar or laser detectors and any jamming apparatus intended to elude or disrupt speed measurement equipment.

3. We will not pay for "loss" caused by or resulting from the following. Such "loss" is excluded regardless of any other cause or event that contributes concurrently or in any sequence to the "loss":

- a. War, including undeclared or civil war;
- b. Warlike action by a military force, including action in hindering or defending against an actual or expected attack, by any government, sovereign or other authority using military personnel or other agents; or
- c. Insurrection, rebellion, revolution, usurped power, or action taken by governmental authority in hindering or defending against any of these.

D. Limit Of Insurance And Deductible

1. Regardless of the number of "customer's autos", "insureds", premiums paid, claims made or "suits" brought, the most we will pay for each "loss" at each location is the Garagekeepers Coverage Limit of Insurance shown in the Schedule for that location.

Prior to the application of this limit, the damages for "loss" that would otherwise be payable will be reduced by the applicable deductibles stated in the schedule for "loss" caused by:

- a. Collision; or
 - b. With respect to Garagekeepers Coverage-Comprehensive Coverage:
 - (1.) All perils.
2. The maximum deductible stated in the Schedule for Garagekeepers Coverage Comprehensive Coverage is the most that will be deducted for all "loss" in any one event.
 3. Sometimes to settle a claim or "suit", we may pay all or any part of the deductible. If this happens you must reimburse us for the deductible or that portion of the deductible that we paid.

E. Changes in Conditions

The Other Insurance Condition is amended as follows:

For any covered "customer's auto", this endorsement provides primary insurance.

F. Additional Definitions

As used in this endorsement:

1. "Customer's auto" means a land motor vehicle, "trailer" or semitrailer, lawfully within your possession for service, repair, storage, safekeeping, "transporting" or "towing", with or without the vehicle owner's knowledge or consent. A "customers' auto" also includes any such vehicle left in your care by your "employees", and members of their households, who pay for services performed.
2. "Loss" means direct and accidental loss or damage and includes any resulting loss of use.
3. "Garage operations" means the ownership, maintenance or use of locations for the purpose of a business selling, servicing, repairing, parking, storing, "transporting" or "towing" "customer's autos" and that portion of the roads or other accesses that adjoin these locations. "Garage operations" also include all operations necessary or incidental to the performance of garage operations.
4. "Work you performed" includes:
 - a. Work that someone performed on your behalf; and
 - b. The providing of or failure to provide warnings or instructions.
5. "Transporting" or "Towing" includes: in transit, on hook or under tow.

All terms and conditions of this policy apply unless modified by this endorsement.

ENDORSEMENT

The policy is changed as follows:

GARAGEKEEPERS COVERAGE APPLIES TO ALL LOCATIONS WHERE GARAGE OPERATIONS ARE CONDUCTED.
