SIT FIT.**

allseating 

With its U-shaped back suspension, the You chair introduces a revolutionary way of sitting that lifts you into the proper position. Similar to sitting on a yoga ball, the You chair engages your core muscles, elongates the back, opens your chest and keeps your shoulders down and relaxed. That means you sit up tall and light on your sit bones.

WHEN YOU SIT ALL DAY,
YOU NEED A CHAIR
THAT FUNCTIONS THE
WAY YOU DO.

The U-shaped frame raises and lowers the back to the ideal height, setting the lumbar support in the optimal position. Simply reach back and lift or lower the frame as required.

The You frame features an activation dial that causes the mesh to bow and provide the precise support between the lumbar and ribcage, gently lifting you into the proper position. Simply turn the dial to increase or decrease the degree of curve in the mesh.
