**Subject:** CB Resolution request for Wilderness South Bridge grant application

Kerry,

Last year, Parks and Rec applied for a grant through the Game and Parks Commission Recreational Trails Program for replacement of the Wilderness Park South Bridge. This bridge will replace a bridge that collapsed in 2009, just north of Saltillo Road. Unfortunately, grant funds were not available to fund the project, however we received input from the committee suggesting we should reapply this year.

I am preparing that application for submittal in late August. As the land owners for Wilderness Park, the County Board will have to grant permission for us to move forward. I would like to bring a request for a resolution supporting this application to the County Board at some point before mid-August. Please let me know what information I should include with my request, and what the timing is to be certain we can have a resolution by the end of August. I do have a sample Resolution that NGPC provides that could be used for developing language. We also have the resolution from last year (r-17-0059) that will be virtually identical, except for the dollar amount.

Thanks

Sara S. Hartzell, Park Planner II
