Subject: FW: Invitation: White House Conference with Nebraska Leadership

County Clerks –

The email below from Britt Carter has been sent from the White House to all Nebraska County Board members who have an email address on file, so some may not have received this invite, while others have already seen it. Please print out, or forward this information and distribute to all your county board members as soon as possible and also make it available at the next County Bboard meeting. It is extremely important that this information be shared quickly as there is a short turn around time for planning purposes.

This has never been offered in my 17 years as executive director so it is a exciting opportunity for Nebraska County Board members. NACO has also decided to issue a grant of \$250 per county to help defray costs to any county that has a county board member attending this White House meeting.

I will be providing more details and as always anyone can call me anytime with questions. NACO will be getting more details and coordinating and helping with details and making suggestions of where to stay for those who are not familiar with Washington DC.

The White House has been inviting each state individually for the last few months and now is Nebraska's time. This is an exciting opportunity as it will be only for Nebraska County Board members on this day. I hope that we can have many counties take advantage of this White House meeting.

More details will be forthcoming

Have a great weekend and thank you for your help.
