RE: Annual Contract 16-271

Please be aware that Murphy Tractor is willing to renew this contract 16-271 and its amendments from 2/2019 to 1/2020 with the following concessions.

The pricing on the contract would increase by:

Rubber Tire Skid Steers

- \$500 per 318G & 320G machines to \$5,000 annually
- \$750 per 324G machines to \$5,750 annually
- \$1,000 per 332G machines to \$6,500 annually

Compact Track Loaders

- \$1,000 per 325G machines to \$6,500 annually
- \$1,000 per 333G machines to \$9,000 annually

Machines would still have a limit of 250 hours and \$40 / hour for any additional hours beyond 250.

All of the rest of the attachment pricing and other terms and conditions can remain the same.

This price increase is a result of primarily a manufacturer increase that we received on all machines across the board in October of 2018 that was driven by steel pricing. As well as the introduction of new models with more features, that increased the market pricing in general throughout the year of 2018.

Please, also note that model changes have been made to the 318, 320, 324 and 325 (which replaces the 323) this year. They have all moved to 'G' series machines vs. 'E' series. Along with those changes comes many added features and benefits that were not available on the previous models.

To support this increase we are including bulletins from the manufacturer reflecting the price increases from October. *(Please handle these supporting documents with care, as we would prefer they not be published for public review.)*

Murphy Tractor thanks you for the continued option to serve or City & County. Please, contact me with any questions.

Thank you
