

**Angela Clark**  
**Commissioners' Award of Excellence**  
**April 2019**

Angela Clark has been selected as the Commissioners' Award of Excellence winner for April 2019. Angela works as an Administrative Services Officer for County Assessor/Register of Deeds and began working for the County on March 12, 2001. She was nominated by Janis Steward, Land Records Technician, in the category of Productivity.

In January and February of this year, Angela went above and beyond to help her fellow employees with the preliminary value hearings. She not only organized appointments for onsite inspections, she would even go out and start some of the cars to make sure they were ready to go for the employees. Angela came in early and stayed late as needed and took phone calls for appointments to relieve the burden on support staff. Angela would never get flustered or mad and always has a smile and laugh for everyone. Her attitude helped keep the moral<sup>e</sup> high during the stressful time.<sup>mis</sup>

For these reasons, we are pleased to award Angela Clark with the Commissioners' Award of Excellence for the month of April 2019.
