Subject: Survey for Funding for Counties impacted by recent flooding **Urgent and needs immediate attention **

County Clerks and Highway Superintendents

I am sending this out on behalf of NACO and NDOT and ask that you give immediate attention to completing the survey. This information is needed as everyone work together to explore all funding options that may be possible for our counties.

In follow up to the conference call with the Nebraska Department of Transportation and the Nebraska Emergency Management Agency, NACO is asking for your assistance in completing a survey (link below) to assist the agencies with acquiring additional information that will inform state government on needs of the counties in regards to transportation.

The NDOT and NEMA will continue to push out information through Jodi Gibson and Molly Bargmann. Please do not hesitate to reach out for clarification on federal guidance or information on state resources. Both agencies are updating their websites regularly with relevant information.

Survey Link:

<https://www.surveymonkey.com/r/Countytransportaton>

Since this information is very time sensitive, I would ask each county to appoint a representative to fill out the survey to avoid duplicate entries. Please have survey completed by Monday April 29th. There are very few questions and the information should be readily available.

Thank you.

Vicki Kramer, CLSSEGB
Communications and Public Policy Director
