#### **MINUTES**

#### DEPARTMENTAL BUDGET HEARINGS LANCASTER COUNTY BOARD OF COMMISSIONERS COUNTY-CITY BUILDING, ROOM 303 THURSDAY, MAY 22, 2014

1:00 P.M. TO 4:30 P.M.

Advance public notice of the Board of Commissioners meeting was posted on the County-City Building bulletin board and the Lancaster County, Nebraska web site and emailed to the media on May 16, 2014.

Commissioners Present: Larry Hudkins, Chair

Brent Smoyer, Vice Chair

Roma Amundson Jane Raybould Deb Schorr

Others Present: Dennis Meyer, Budget & Fiscal Officer

Kerry Eagan, Chief Administrative Officer

Gwen Thorpe, Deputy Chief Administrative Officer

Cori Beattie, Deputy County Clerk

The Chair called the meeting to order at 1:02 p.m. (A copy of the Nebraska Open Meeting Act was posted at the rear of the conference room.)

**NOTE:** A copy of the Lancaster County departmental budget requests for fiscal year 2014-15 is on file in the County Clerk's Office.

#### **COUNTY COURT**

Appearing were Becky Bruckner, County Court Administrator; and Judge Susan Strong.

Bruckner said she appreciated the Board's support for the new courtroom, as well as the new jail courtroom, and that video arraignments are going well. She added the bulk of the budget increase is for legal services over which they have no control.

In response to Hudkins' inquiry about the new billing software for appointed attorneys, Strong felt it is going to help but didn't know if there would be a lot of cost savings. She added that it is an effective organization tool and does alleviate concerns from appointed attorneys with regard to preference and billing.

Strong noted that County Court currently has video conferencing in one courtroom. She said the need to add another isn't immediate but, when the budget allows, they would like to move in that direction. She added that District Court is currently using their courtroom. It was noted that eventually all courtrooms may want to go to video conferencing.

Raybould asked if the increase in legal services is a trend across the country. Strong said it fluctuates. Raybould inquired if other justice initiatives have had any impact. Strong said they are doing more house arrests and felony pre-arraignment ankle monitoring which should help decrease jail time but not necessarily attorney fees. She pointed out that Lancaster County has the lowest private counsel rate (\$50/hour).

Hudkins questioned if indigent defense screening is adequate. Strong said judges tend to take one's word for it. She didn't know how a more intensive investigation could be performed. Hudkins gave an example whereby an attorney was appointed for an individual who owned real estate. He suggested staff at least check to see if someone owns property. Strong said they could look into this. Bruckner added there have been cases whereby a judge did order someone to pay after the fact.

Meyer confirmed that County Court did not submit a microcomputer request, current Windstream charges are accurate, the University switchboard is not utilized, VoIP charges will be reduced and the fixed asset inventory is current. He added that the Board may need to "squeeze" legal services again as they go through the budget process.

With regard to video conferencing, Meyer noted that District Court Judge Steven Burns has proposed that this technology be added to two District courtrooms, one County courtroom and one Juvenile courtroom. Schorr questioned the utilization of County Court's video conferencing. Strong said District Court typically uses their courtroom on Wednesday mornings to link to the jail. In the future, more links could be added, although, additional conference room space at the jail could be an issue. Meyer asked Bruckner to estimate how much cost savings could have been realized if video conferencing would have been available over the past couple of years. Strong questioned whether or not there would be a big cost savings versus it being more of a convenience. She added from County Court's perspective, this would be one of the last things to accomplish if looking for cost savings in the budget.

#### **DISTRICT COURT**

Appearing was Jennifer Kulwicki, District Court Administrator.

Hudkins inquired about the status of the billing software in District Court. Kulwicki said it will be discussed at the judges meeting on June 6. Since things are handled differently in District Court relative to the JUSTICE system, staff continues to explore how the new software will work for them. Schorr thought these types of issues were reviewed at the time the recommendation was made to move forward with the software and asked if there is any reason to believe that District Court won't proceed. Kulwicki felt the judges are headed in that direction but she was not sure and offered to update the County Board after June 6. She added it was her understanding that the District Court judges made it clear they wanted to first see how JUSTICE and the billing software would fit together and expressed some hesitancy from the start. Hudkins said it was the Board's understanding from the Indigent Defense Committee that, "...all three courts indicated their support for the project and a willingness and a desire to participate." He noted this was the reason the County Board approved the expenditure. Kulwicki said she thinks there are still "tweaks" being made to the system and additional information gathered. She offered to relay the Board's concerns to the judges.

Raybould inquired about the waiving of juror fees and mileage reimbursement. Kulwicki said there has been no real push on these issues. Troy Hawk, Clerk of the District Court, commented that the judges felt it was inappropriate for them to ask jurors to waive fees. He said the Jury Commissioner does include verbiage in their summons reminding jurors that they have this option. With regard to jury orientation, Hawk said since the jury commissioner is located offsite, each judge provides brief comments before each trial. He noted that Lancaster County is the only county in the State whereby the Clerk of the District Court is not the Jury Commissioner. Raybould asked if the Jury Commissioner could do a brief orientation. Hawk said he could entertain the idea with Election Commissioner Dave Shively.

Schorr questioned the \$50,000 budgeted for video conferencing. Meyer said this would be "held" until the whole video conferencing issue is resolved, noting there is not enough money to get all the courtrooms up and running at this time. Kulwicki said Judge Burns would be happy to express further why this is important and how costs could be recouped.

Meyer confirmed that District Court's current Windstream charges are accurate, the University switchboard is not utilized, VoIP charges will be reduced and the fixed asset inventory is current. Kulwicki also provided a brief overview of the microcomputer request.

Meyer said depending on the numbers, the Board may also need to "squeeze" legal services. Kulwicki noted that District Court pays a rate of \$75/hour for appointed counsel which is also considered low. She added this is an issue the judges would like to explore in the future.

With regard to law clerks, Kulwicki said their salaries were increased this fiscal year but the judges would like to revisit this issue as well because they feel the salaries are still too low.

Raybould exited the meeting at 1:45 p.m.

#### **DISTRICT COURT CLERK**

Appearing was Troy Hawk, Clerk of the District Court.

Hawk provided a brief overview of the budget. He indicated the \$60,000 increase is largely attributed to personnel costs and the hiring of a Court Services Clerk. Savings were realized through a new banking contract and the forfeiture of a cellular phone. It was noted the office is still down 1.5 positions. Meyer questioned temporary salaries. Hawk said they have a secure vault in dire need of being inventoried and current staff does not have the time.

With regard to revenue, Hawk said the difference is because the State was in arrears with 4D payments and made up a quarter this fiscal year.

Meyer confirmed that the Clerk of the District Court does not need additional appropriations, current Windstream charges are accurate, the University switchboard is not utilized, VoIP charges will be reduced and the fixed asset inventory is current. Hawk also provided a brief overview of the microcomputer request.

In reference to video conferencing, Meyer questioned past discussions about the State contributing some funds. Hawk said the State did provide three I-pads for interpreters. He estimated there may be \$10,000-\$12,000 being held in reserve until the State knows whether or not video conferencing will work.

#### 751 - Mental Health Board

Hawk noted the budget was reduced by \$272. He said since hours were less than anticipated, funds were available this fiscal year to purchase a new laptop.

Meyer asked if \$10,000 would be available in this budget should a reduction be needed. Hawk said he budgets based on expected costs and removing any amount would be a gamble.

Schorr asked if the Jury Commissioner would be a better fit under the Clerk of the District Court. Hawk indicated that under State Statute, the Jury Commissioner is to reside with the Clerk of the District Court unless the judges decide to place it with the Election Commissioner. He said he briefly explored bringing it back to his office, although, he has not spoken to the Election Commissioner about it. Hawk added that it might make sense logistically but, ultimately, the judges decide.

#### JUVENILE COURT

Appearing were Theresa Emmert, Juvenile Court Administrator; and Judge Reggie Ryder.

Emmert said the budget is very similar to last year. It reflects a little over a 1% increase which is primarily for attorney fees. She also noted that one very complicated case caused the need for an additional \$40,000 in appropriations for FY14. Judge Ryder added that there are some unknowns which may impact the budget - LB561 *(change provisions and transfer responsibilities regarding the juvenile justice system)* and appointed attorneys.

Meyer inquired about video conferencing. Emmert said they currently utilize a mobile cart and it is working well. She added they are using it a lot in conjunction with the Kearney and Geneva facilities and there is a lot of interest in expanding it to another courtroom. In response to Schorr's inquiry, Emmert said while permanent equipment would be ideal, they have not experienced any problems with the mobile equipment. Meyer asked if video conferencing will be used at the Youth Services Center. Emmert said it could be with the agreement of all parties. Judge Ryder added that while he prefers to have juveniles in front of him, there are times when video conferencing would be beneficial. With regard to cost savings from video conferencing, Emmert estimated that roughly \$2,000-\$2,500 was recently saved by not having to fly in an expert witness for a hearing. She felt this would be a good question to ask the County Attorney's Office as they hire most expert witnesses.

Hudkins thanked Juvenile Court for using the new billing software. Emmert said the "bugs" are still being worked out but it does provide significant time savings for attorneys, judges and staff. She referenced that \$7,300 in errors were manually detected in 2011, \$17,000 in 2012 and \$18,000 in 2013 - calculations which are now being caught by the system.

Schorr thanked Emmert for her expertise and responsiveness with regard to various juvenile justice issues recently discussed by the Nebraska Association of County Officials (NACO).

Meyer confirmed that Juvenile Court's current Windstream charges are accurate, the University switchboard is not utilized, VoIP charges will be reduced and the fixed asset inventory is current. Emmert also provided an overview of the microcomputer request.

#### **JUVENILE PROBATION**

Appearing were Lori Griggs, Chief Probation Officer; Autumn Crable, Office Manager; and Wendy Barrera, Juvenile Drug Court Coordinator.

With regard to personnel, Griggs said she needs to hire six (6) more probation officers and one clerical position. She is also monitoring the need for an additional drug technician. She noted the space remodel is complete and many work stations were equipped with surplus furniture.

Griggs noted the contracts for home detention officers were revised to include electronic monitoring services for the rest of the fiscal year. She said she added \$36,000 to the FY15 budget as a safe guard for this purpose. Should that funding go away, Griggs indicated that she would use CEDARS and State funding for anyone on monitors.

Raybould returned to the meeting at 2:33 p.m.

Meyer said a long-standing question has been, "Should the State or the County pay for Drug Court?" Griggs said she was not aware of discussions at the State level and added the Drug Court team - made up of the County Attorney's Office, Public Defender's Office, Judge Thorson and the Coordinator - drives the usage of the program. Barrera said if the program operations change, it would fundamentally change the philosophy. She added there are a lot of questions which need to be answered but no decisions have been made to date.

In reference to Information Services charges, Griggs noted this line item includes their microcomputer request (\$29,767.86). She said their priority would be the nineteen (19) computers. She also requested nine (9) laptops for high risk probation officers but they could get by with a couple less or even switching to less expensive I-pads. Raybould asked if laptops could be checked out as needed. Griggs said they have been shared thus far but it would be ideal for each officer to have access to one in the field. Raybould questioned whether more laptops and less desktops would provide more flexibility. Griggs pointed out that there are certain things on the network which are only accessible via a desktop computer.

Meyer confirmed that Juvenile Probation's current Windstream charges are accurate, the University switchboard is not utilized and fixed asset inventory is current. He noted the following changes: VoIP charges will be coded separately and reduced, \$36,000 will be removed from Other Miscellaneous Contracted Services and \$29,767.86 will be transferred to the microcomputer fund for an estimated total budget reduction of nearly \$70,000. Meyer said he also included \$50,000 in the revenue budget (second year of State funding related to LB464).

The meeting recessed at 2:45 p.m.

The meeting reconvened at 2:51 p.m.

#### **PUBLIC DEFENDER**

Appearing were Dennis Keefe, Public Defender; Joe Nigro; and Monica Ross-Williams, Office Administrator.

Nigro provided a brief overview of the budget request. He noted two new attorneys were approved at mid-year with one designated to felonies which will save money on assigned counsel fees. Nigro said the felony caseload continues to grow and now warrants an additional attorney. He said upon taking office in January, he will continue to cover Drug Court and other miscellaneous dockets freeing up another attorney to assist with felonies. He did, however, apprize the County Board that he may be requesting another attorney a year from now. With regard to FY15, a request has been made for 1.5 additional attorneys to be hired starting in January to assist with Juvenile Court. Currently, there are three attorneys covering four courtrooms. Having an additional attorney would allow each more time to review reports, meet with clients, etc. Nigro stated that additional burdens have been placed on the office due to LB464 and LB561. He said while these bills advanced juvenile justice in Nebraska and will likely make a better system, they come with additional costs.

Hudkins questioned the use of video conferencing. Nigro said it could be utilized in some cases. Keefe added that it is important for them to build a rapport with their clients and this requires face-to-face meetings. It was noted that in some cases, video conferencing may not be option.

Meyer confirmed that no additional appropriations are needed for FY14, Windstream charges are accurate, the University switchboard is not utilized, the VoIP budget will be reduced and the fixed asset inventory is current. With regard to the microcomputer request, Keefe said it has been his practice to replace one-fourth of the office's computers annually.

In reference to contracts, Keefe said one is with Nebraska Legal Aid for law violations and status cases in Juvenile Court whereby the Public Defender's Office has a conflict of interest. Another is for abuse and neglect cases. He distributed a breakdown of these cases by month and attorney time. (See Exhibit A). Keefe said the law violation and status cases have gone over the caseload limit and projected the County will be spending \$18,000 more this year. He recommended that the County re-evaluate how cases will be counted in this contract if it is to be renewed in the future. He added the new billing software should help recognize how much is being spent on private counsel for these cases.

On a final note, Nigro stated that he handles the not guilty by reason of insanity (NRRI) cases and some of his clients were recently at-risk of returning to the Regional Center. He added the County owes an enormous debt to Blue Valley Behavioral Health for taking on these cases as their day treatment program is very comparable to the former Community Mental Health Center's (CMHC) partial hospitalization program. (Note: The CMHC was recently privatized and the new provider does not offer such a program.)

#### **COUNTY ATTORNEY**

Appearing was Pat Condon, Chief Deputy County Attorney.

Condon distributed a letter from Lancaster County Attorney Joe Kelly regarding the FY15 budget (See Exhibit B).

With regard to the microcomputer request, Condon said this information was not available in time to submit with the other budget documents. He indicated their office also tries to replace a portion of their machines annually and gave an overview of their current inventory and a potential future replacement program (See Exhibit C). Condon noted that this year's request includes 18 desktops and 7 laptops totaling \$19,866.89.

Meyer questioned whether any cost savings could be realized by the County Attorney's Office through video conferencing. Condon indicated that video conferencing didn't work with one case recently in Juvenile Court as there was some technical difficulty in presenting documents to the expert witness. He felt it also wouldn't be that effective for trials or terminations.

Meyer confirmed that Windstream charges are accurate, the University switchboard is not utilized, the VoIP budget will be reduced and the fixed asset inventory is current.

Condon addressed the request for a new paralegal in the Juvenile Division. He said additional help will be needed due to the passage of LB464 and LB561.

#### **CORRECTIONS**

Appearing was Mike Thurber, Corrections Director; and Angie Koziol, Business Manager.

A summary analysis of the requested budget was distributed (See Exhibit D). Thurber noted page two includes a graph of average population by month for 2002, 2013 and 2014 with a daily population high of 616. He said this is the first full budget at 100% employment, thus, it reflects an increase in salaries of nearly \$966,000. He mentioned that they will be taking over grounds maintenance next Spring and he would like to add a staff person at mid-year to help with this, as well as to assist with reinstitution of the inmate work crews who previously assisted departments at no cost with moving furniture and other tasks. (The program was halted during the jail's transition to its new location.) Schorr noted that fees will likely be charged to any non-County agency in the future for this service.

Thurber voiced concern over their \$186,000 increase in Information Services. Meyer said a large part of this is attributed to the increase in the number of users. Thurber also reminded the Board that the \$1,700,000 District Energy Corporation debt service is included in his budget. It was noted that funds budgeted for Metroplex Debt Service (\$131,500) and Capital Outlay (\$164,300) will be removed from the Corrections budget. Meyer said the latter will be paid out of the jail savings fund on an ongoing basis until that fund is depleted. Thurber added that revenues also appear to be on target.

Thurber reported on a new partnership with Southeast Community College to assist inmates with obtaining food handler permits. Currently this is a free program funded by commissary fees. Other pilot programs are also being offered through various community organizations and volunteers.

Meyer confirmed that no additional appropriations are needed for FY14, Windstream charges are minimal and accurate, the University switchboard is not utilized, the VoIP budget will be reduced and the fixed asset inventory is current. He verified that he has also been depositing some funds into the Corrections account related to the sale of their surplus property. (No microcomputer request was submitted for FY15.)

With regard to video conferencing, Thurber said the jail currently has one room available with one link to the courts and another that is private. He added while they conduct about 1,000 video conferences per month, the room is only being used one hour per day (typically 9:30-10:30 a.m.), thus, ideally he would like to see all the time slots filled on a daily basis before expanding to other rooms. Thurber confirmed that an additional room is available should the need arise to expand video conferencing.

#### **MISCELLANEOUS BUDGETS**

#### 803 - Human Services

Meyer mentioned the Joint Budget Committee numbers are staying the same. He included an estimated 3% increase for the Health Department and Aging Services budgets until the City budget has been finalized. Additionally, the County's share of Rural Transit will decrease slightly. New budget items include \$3,000 to Blue Valley Behavioral Health for annual evaluations of NRRI cases (not guilty by reason of insanity).

With regard to Region V matches, Meyer said Lancaster County is currently paying just over \$900,000. Taking into consideration the over/under per capita, this would reflect an over payment of \$408,000 for FY15. Thorpe added that the Community Mental Health Center's (CMHC) Sex Offender Treatment Program is moving to Counseling Affiliates of Nebraska, LLC (Mary Payne, PhD). Thorpe was contacted by Gene Cotter, Chief Probation Officer, who was concerned that as of July 1, 2014, 26 clients will be without a payer source. A meeting is planned with all interested parties, including Region V, on May 30 to discuss this issue. Thorpe explained that over the years, Lancaster County has been funding the bill for out-of-state and out-of-county sex offenders and felt it should be impressed upon the Region(s) that they are responsible for this treatment - not the counties. Schorr suggested that the County Board's Region V representative contact CJ Johnson, Region V Systems Administrator, and request his attendance at the meeting. Additionally, the treatment of NRRI cases was not included in the Request for Proposal (RFP) released by Region V for the transfer of mental health services from Lancaster County to other providers. Meyer said it might be good to invite Region V to a future staff meeting to address the funding issue. Schorr said she would also like a follow-up on the funds reserved for the transition of mental health services. Meyer indicated \$330,000 (out of \$500,000) has been paid to date.

#### Fund 028 - Keno Fund

Meyer said \$70,000-\$75,000 will be left over for video conferencing. He will be transferring \$1,000,000 to the General Fund for property tax relief prior to June 30, 2014 and recommended that the same be done in FY15.

Raybould asked if keno funds could pay for the Sheriff's radios. Meyer said this is currently built into the Justice Miscellaneous Fund (628).

Schorr noted she is not too excited about expanding video conferencing, particularly in District Court, until they decide if they want to utilize the new billing software.

#### Fund 041 - Debt Service

Meyer said the County is close to being out of debt. He estimated the need to levy \$520,000 annually for debt service over the next two fiscal years.

#### **WRAP-UP**

Meyer recapped the following proposed changes to the overall budget:

- 1. \$340,000 reduction in expenditures for General Assistance;
- 2. \$300,000 reduction in debt service and capital outlay for Corrections;
- 3. \$1,000,000 transfer to General Fund from Keno Fund;
- 4. Review of the Region V match; and
- 5. Transfer of Lancaster Manor proceeds to the Self-Insurance Fund.

#### **ADJOURNMENT**

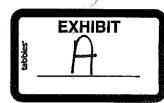

Dan Nelte

**MOTION:** Smoyer moved and Amundson seconded to adjourn the meeting at 4:32 p.m. Schorr, Amundson, Raybould, Smoyer and Hudkins voted aye. Motion carried 5-0.

Dan Nolte

Lancaster County Clerk

### JOE KELLY LANCASTER COUNTY ATTORNEY

EXHIBIT Solutions

www.lancaster.ne.gov/attorney

May 23, 2014

Larry Hudkins Chair, Lancaster County Commissioners 555 S. 10<sup>th</sup> Street Lincoln, NE 68508

RE: FY 2013/2014

Dear Larry and Commissioners:

There are a few budget items for FY 2013/2014 that I wanted to bring to your attention as we move into the annual budgeting process for the next fiscal year.

1. In January, 2014 we hired a new attorney, Chris Reid, for a newly created spot in our juvenile division. As Sara Hoyle and I pointed out, the salary and benefits will be totally paid for by grants for the first two years. i.e., January 2014 through January 2016.

Those grant funds do not run into and out of the county attorney budget; the grant money goes directly into the general fund. The salary and benefits for the last half of this fiscal year will total \$38,214. This position and the salary were not in our FY 2013/2014 budget.

2. We purchased 17 computers for the child support division from the County Attorney's budget. That total expenditure of \$9,348 was not in our FY 2013/2014 budget.

This was an authorized expenditure from the micro-computer fund. The County cannot recoup IV-D reimbursements for purchases made out of the micro-computer fund. Therefore, we paid it directly from our budget so that the County could receive IV-D reimbursement for 66% of the purchase price. We then paid the remaining 34% out of our federal drug fund. The County did not incur any costs for the computers as a result of the way that we structured the purchase.

- **3.** We have paid-out **\$30,164** for unused sick leave and vacation for two of our retiring employees in child support. That amount was not in our budget. We did include the anticipated buy-out for Mike Thew's retirement in our FY 2013/2014 budget. Those amounts have now been paid-out.
- **4.** Lori Maret was just appointed to the district court bench. Her retirement buy-out will be about **\$2,300**. That amount was not in our budget. Incidentally, Lori is the sixth deputy Lancaster County Attorney to be appointed to the bench in the past nine years.

Page 2 May 23, 2014

Over \$47,000 (#1 and #2 above) of these expenditures will be totally reimbursed, with no actual expense to the County.

Sincerely,

loe Kelly

Lancaster County Attorney
