AGENDA ITEM

1. LEGISLATIVE UPDATE – Joe Kohout and Brennen Miller, Kissel, Kohout, ES Associates LLC

Joe Kohout, Kissel, Kohout, ES Associates LLC, reviewed the weekly legislative report (Exhibit A).

Regarding LB335 (Authorize a 24/7 sobriety program permit for operating a motor vehicle as a condition of bail), Kohout recommended Joe Nigro, Public Defender, Kim Etherton, Community Corrections Director, and Pat Condon, County Attorney, testify at the hearing on Wednesday, February 13.

Kohout suggested the Board monitor LB616 (Provide for build-finance projects under the Build Nebraska Act and the Transportation Innovation Act).

Regarding LB612 (Authorize the display of roadside memorials), Kohout recommended a monitor status on the bill since Pam Dingman, County Engineer, plans to testify.

Kohout reviewed LB282 (Change provisions relating to bail). Condon noted the bill may have increased costs from the Public Defender standpoint and there is no language regarding being picked up on a warrant. The consensus of the Board was to monitor the bill.

Vest entered the meeting at 8:26 a.m.

It was the consensus of the Board to have a neutral position on LB230 (Provide for room confinement of juveniles as prescribed) with clarification coming from Senator Pansing-Brooks and to monitor bills LB390 (Provide duties regarding school resource officers and security guards) and LB589 (Prohibit peace officers from serving as school resource officers). Kohout recommended the Board also monitor LB651 (Change funding provisions for the Community-based Juvenile Services Aid Program).

Kohout reported the Fiscal Office is in the final steps of their initial budget process. A final schedule of department hearings before the Appropriations Committee should available soon.

After review of LB710 (Change provisions relating to tobacco including sales, crimes, a tax increase, and distribution of funds), Flowerday and Brinkman were in support of the bill. A corresponding presentation on behavioral health rates will be presented to the Board on February 21.

Brinkman asked for Kohout's perspective on how LB103 (Change provisions relating to property tax requests) is lining up with the general file debate. Kohout answered groups are meeting to discuss opposition. He said if the bill were to go in its present form, the City of Lincoln would either violate State law or the City Charter to comply with the bill.

Brinkman stated department heads are asked to send any fiscal notices through the Board for Dennis Meyer, Budget and Fiscal Director, Kerry Eagan, Chief Administrative Officer, and Kohout to review before it goes to the legislature Fiscal Office.

Information on the legislative bills and hearing schedule were distributed (Exhibits B and C).

2. MID-YEAR BUDGET REVIEW – Dennis Meyer, Budget & Fiscal Officer

Meyer introduced Ron Rohde, Budget and Fiscal Accountant.

a. Mid-Year Status of Revenues and Expenditures

Meyer reviewed the mid-year budget presentation (see agenda packet, Mid-Year Budget Review, pages 1-25). For current valuations, he stated for every penny generated the County receives \$2,600,000. Regarding workers compensation, he said when a case is settled, funds are fronted showing an overspending in that line item. The Election Commissioner's obligations vary per year based on the number of elections. The Visitor's Improvement Fund use has increased due to the National High School Rodeo Finals, the Lincoln Children's Zoo and Pioneers Park grants. Meyer believes the post-employment health number will remain the same.

Sheli Schindler, Youth Services Director, stated she is projecting a 1.5% decrease in revenues.

When asked, Meyer said Keno funds are helping to fund the new website.

Amundson exited the meeting at 9:32 a.m.

Meyer highlighted the following revenues received to date: decreased property tax from last year, increased inheritance tax, and lower Youth Services Center revenue (in part due to timing issues on payments).

Amundson returned to the meeting at 9:35 a.m.

Regarding the General Fund, Meyer stated the balance as of December 31, 2018 was approximately \$3,000,000. He said February tends to be the lowest the General Fund gets. Revenues have decreased \$3,200,000, total expenditures increased approximately \$1,500,000 leaving a December 2018 balance \$7,000,000 lower than the previous year (see agenda packet, Mid-Year Budget Review, pages 26-32).

- b. Additional Appropriations and Department Responses
 - i. County Sheriff Terry Wagner and Todd Duncan

Meyer reviewed the \$2,000,000 contingency fund (see agenda packet, Mid-Year Budget Review, pages 33-35).

Sheriff Terry Wagner reviewed the Sheriff's Office request for funds (see agenda packet, Department Responses, pages 17-18). He said the Board approved a 3-year contract with the sheriff deputies this past year, so the Sheriff's Office will budget for cost of living increases. He also outlined the following requests: \$25,000 transfer to The Bridge Behavioral Health, increased extradition costs, cell phone costs, increase in subpoenas for technology analysis for criminal investigations, and increased vehicle budget, including insurance.

ii. County Corrections – Brad Johnson

Brad Johnson, Corrections Director, stated most of his request is due to the cost of living increase. Other factors outside of staffing are increased hospitalization costs and District Energy Corporation (DEC) rates (see agenda packet, Department Responses, pages 20-23).

iii. Mental Health Crisis Center - Scott Etherton

Scott Etherton, Mental Health Crisis Center (MHCC) Director, explained revenue from three companies WellCare, Optum and Nebraska Total Care, has been delayed (see agenda packet, Department Responses, pages 27-29). WellCare required the MHCC service provider level to be changed so WellCare could process claims. WellCare owes \$190,000 to MHCC. The MHCC is working on fixes for the new software and billing systems. Meyer added the MHCC is on track for expenditures.

Schorr asked if back billing to Total Care and Optimum is an option as it was for WellCare. The other two providers have been fine; WellCare was the only one with the problem.

Etherton said the amount the MHCC has received for post-commitment days is the amount they have budgeted for the year. However, the Region has no more money allocated to that fund. The lost funding will be a significant amount if this trend continues.

Schorr asked if the MHCC should be billing other counties for their individuals held. Etherton said contractually the MHCC is not set up to do that. He expanded the post-commitment status only applies to those who do not have Medicaid.

c. Cash Reserve/Fund Balance

There was general discussion on fund balances and cash reserves (see agenda packet, Mid-Year Budget Review, pages 37-38). Purchase card (P-Card) generated funds would be considered revenue.

Brinkman inquired about the County's policy for cash reserves. Meyer stated there is currently no policy. He felt the County should have at least a two-month reserve policy.

3. BREAK

The meeting was recessed at 10:15 a.m. and reconvened at 10:30 a.m.

4. HUMAN RESOURCES (HR)/PAYROLL SYSTEM AND CJIS – Steve Henderson, Chief Information Officer, Information Services and Bob Walla, Purchasing Agent

Steve Henderson, Chief Information Officer, discussed the HR/Payroll and Criminal Justice Information System (CJIS) systems. The current payroll system is a joint City and County system using old software with a diminishing customer-base. Contracts with the Oracle software company has been set. The contract with the implementation company has been terminated. A new implementation partnership search is underway.

Regarding the CJIS, Henderson said the City and County need a new software system as CJIS is based on narrow market software and dated technology as well as having a retirement-ready support staff. Three options to update the technology are to rewrite the software, go to marketplace and look for parts and pieces, or find a more comprehensive solution. Due to the cost, a rewrite of the system is recommended. This will be a multi-year project.

Henderson stated he will be retiring in late May. Senior staff in the Information Technology department, and applicable City and County staff understand the issues going forward with the CJIS project.

Pam Dingman, County Engineer, had concerns on the payroll program as some Engineering Department buildings have no internet connection.

5. P CARD UPDATE – Chris Lollar, P-Card Administrator, and Bob Walla, Purchasing Agent

Chris Lollar, P-Card Administrator, reviewed the P-card statistics (see agenda packet, P-Card update). Amazon Business accounts are available for departments through the Purchasing Department. Meyer added there is a process for working with certain companies that charge a fee to use the P-Cards. Office Depot account payments will only be able to be paid with the P-Card.

Dan Nolte, County Clerk, said the Clerk's Office has not seen a savings in the audit function.

There was general discussion on businesses that do not accept the P-Cards and on rebates. At this point, Meyer said the departments will not handle any rebate decisions.

OTHER BUSINESS

Bob Walla, Lincoln-Lancaster County Purchasing Agent, stated there are legislative issues regarding tax exemptions, specifically Form 13CCE. Form 13CCE is the form the Department of Revenue uses for card purchases by government entities. The State is exempt from this process due to their P-Card program, and since the County is using the State's P-Card program, Walla feels the County should also be exempt. He said he spoke with Kohout who thought there may be a way to get this issue on an omnibus legislation. It was the consensus of the Board for Walla to put together information for Kohout.

6. WEBSITE UPDATE – Ann Ames, Chief Deputy Administrator Officer and Bob Walla, Purchasing Agent

Ann Ames, Chief Deputy Administrator Officer, stated the Board has approved a contract that includes the initial website design, new logo, new branding guidelines and a website redesign at the end of four years. The timeframe is to begin February 2019 and to be completed by December 2019 with a cost to the County of approximately \$48,000. Walla described the on-site migration process. Ames said the internal website will not change as it is connected to the City.

Brinkman stated in addition to reducing phone calls and unnecessary foot traffic, the County is trying to modernize the website.

7. FLEET MANAGEMENT UPDATE – Bob Walla, Purchasing Agent and Dennis Meyer, Budget & Fiscal Officer

Meyer stated he will hold a public hearing to amend the budget to add a fleet management fund. Fleet vehicle expenses could include vehicle purchase, insurance, fuel, parking and maintenance. Departments using fleet vehicles will be charged \$.40 per mile.

Walla reported there are currently seven vehicles in the fleet program. Program tests seemed to work well and these results will be reviewed by the fleet management committee.

There was general discussion on transferring vehicles to the fleet program from other departments as it pertains to the Risk Management Department. Eckley reviewed the process for employees and elected officials driving County-owned vehicles.

Flowerday exited the meeting at 11:16 a.m. and returned at 11:19 a.m.

8. SALARY AND BENEFITS – Dennis Meyer, Budget & Fiscal Officer and Doug McDaniel, Human Resources Director

Doug McDaniel, Human Resources Director, reviewed the County compensation timeline (Exhibit D). Meyer and McDaniel explained how the dynamics of compensation impact how or why decisions get made throughout the year. Market adjustment discussions have been ad hoc as opposed to timeline based.

Regarding Exhibit D, Brinkman asked McDaniel what data would be presented for the Board's review and what is the timing of labor negotiation discussions and proposals. McDaniel said the data would be a recommendation from a collection of market data. He then outlined the process for union discussions.

Joe Nigro, Public Defender, asked how attorney marketplace adjustments will be handled and will that be built in to the budget. Eagan answered the Board will have a discussion on February 21.

There was general discussion on budget fiscal year dates.

9. COUNTY BOARD INITIATIVES

There was general discussion on the County Board initiatives (see agenda packet, Mid-Year Budget Review, page 39).

FUTURE FUNDING ISSUES AND PROJECTIONS

David Shively, Election Commissioner, reviewed the Election Commissioner Office's future needs focusing on security cameras (see agenda packet, Department Responses, pages 4-8). Meyer stated building funds could be used if the Board felt security cameras were needed immediately.

It was the consensus of the Board for a contract to be drafted for security cameras.

Kerin Peterson, Facilities and Properties Director, described the upcoming Request for Proposal (RFP) for a facilities study where departments determine their current and future building needs.

10. LUNCH

The meeting was recessed at 11:47 a.m. and reconvened at 12:30 p.m.

11. FUTURE FUNDING ISSUES AND PROJECTIONS CONTINUED

Meyer reviewed the levy projections, future projects and upgrades, building fund budget, and future department needs (see agenda packet, Mid-Year Budget Review, pages 40-48). He emphasized the \$85,750 is rent paid for unused space in the 605 building and final payment for the Emergency Management Center. Peterson said drawings for new roofs on 46th and R and West O Street will be available next week.

Regarding Keno funds for the East beltway, Pam Dingman, County Engineer, reported she received a \$2,800,000 appraisal for ground along the northern part of the beltway. She reminded the Board the cost is shared between the City of Lincoln and the County. She also said two local developers have purchased land adjacent to the corridor-protected area of the East Beltway. She felt the County and City would need to purchase that land in the next 12-18 months.

Meyer said he is considering creating a sinking fund next year for county-wide purposes and projects.

Regarding future needs, Rob Ogden, County Assessor, reviewed his office needs including an office remodel, addition and staff training, and a more user-friendly informal hearing location. He said there are 22 tablets to replace at \$800 per tablet and he prefers to replace all tablets at the same time. The in-vehicle work stations would be like the work stations in the sheriff's vehicles.

Meyer reported the Juvenile Court costs paid to outside legal counsel will increase July 1, 2019.

Jared Gavin, District Court Administrator, reviewed the District Court upgrade needs including cabling and equipment. He has been working with the Purchasing Department to complete a Request for Proposal (RFP). He is budgeting to update four courtrooms per fiscal year.

Sheriff Wagner reviewed the Sheriff's Office request. The body-worn cameras could cost \$250,000 for the software, servers, and cameras. There is no requirement to have body-worn cameras. They are hoping to start the process in two years. Todd Duncan, Chief Deputy Sheriff, added the Sheriff's Office's intention is for the Board to support an additional FTE for the program. The FTE would implement and manage the body-camera video program.

Duncan stated in 2015 the Sheriff's Office made an agreement with the Board for an electronic evidence investigator position to be funded using forfeited asset funds for three years, and after three years, the position cost would be moved into the general budget. The original three years expired in July, therefore, funding for the position should be directed to the Board. The Board will receive a proposal to redirect the salary funding intended for the electronic evidence investigator towards a general investigator position. The Sheriff will continue to fund the electronic evidence investigator position. This should have no fiscal impact to the taxpayer.

Condon said with the increase in body cameras and child support cases, additional attorneys and staff are needed at the County Attorney's Office. The child support attorney would be reimbursed 66% by the State. In addition, the University of Nebraska-Lincoln (UNL) has approached the County Attorney's Office to partner with them and expand the criminal clinic from 20 students per year to 24. In the criminal clinic, students assist with misdemeanor cases.

Johnson reviewed the Corrections department needs. He said the boom lift is an item that is currently rented only when necessary, therefore, he would like to purchase a used boom lift to have available for more timely repairs and maintenance. An additional Licensed Mental Health Practitioner (LMHP) is needed as the contract provider is struggling to keep up with assessment and treatment plans for all the mental health cases.

Schindler reported the Youth Services Center is projecting to be \$80,000 underspent and hopes to spend those funds on a security system.

Hoyle reviewed the Human Services and Joint Budget Committee (JBC) needs (Exhibit E). She stated she will not know until April if the Diversion Officer grant will be reauthorized. Flowerday said he supports increasing funding in the JBC as these are preventative programs.

Dingman said based on the Transportation Infrastructure Task Force recommendations, \$9,000,000 for 20 years would fund critical bridges only, and \$15,000,000 would cover critical roads and bridges. Flowerday and Dingman reviewed the difficulties of struggling to keep up with general maintenance.

Brinkman stated the County is trying to implement a wheel tax to help cover lacking transportation and infrastructure funds.

12. 2019-20 BUDGET PROCESS

NOTE: The following agenda items have additional information that can be found in the agenda packet Mid-Year Budget Review, pages 49-56).

a. OpenGov

Meyer explained the OpenGov software package saying the budgets will be user-friendly and will help the County move to outcome-based budgeting transparent. Departments can look forward to training on the system in March. OpenGov. Henderson added the City of Lincoln has been pleased with the product.

b. Board's Goals and Expectations/Service-Based Budget

There was general Board discussion on setting goals with service-based budgeting while moving to outcome-based budgeting.

c. Instruction Letter

Meyer asked the Board to review last year's instruction letter for discussion on February 21.

d. Hearing Schedule

It was the consensus of the Board to follow the same budget hearing process as last year.

13. ADJOURNMENT

ISSUES ON WHICH THE BOARD HAS TAKEN ACTION

LB20 (Briese) Require voter approval of public building commission bonds. OPPOSED. LB20 would amend provisions with respect to public building commissions as they relate to Lancaster County / City of Lincoln and Douglas County / City of Omaha. The bill would provide that no bonds are authorized to be issued by a related public building commission unless the question of a proposed bond issue has been presented to the voters of the affected county at an election called for consideration of such a proposal. The hearing saw support from Commissioner Jim Cavanaugh of Douglas County, Taxpayers for Freedom and other groups; opposition came from Commissioner Chris Rogers of Douglas County, Councilman Ben Gray of Omaha, and Commissioner Sean Flowerday. The bill does not appear to have the support to move from committee.

LB204 (Briese) Require approval of voters for bonds under the Interlocal Cooperation Act. OPPOSED. Prohibits bonds from being issued by any joint entity on or after the effective date of the act until the question has been submitted to the qualified electors of each public agency which is part of the joint entity. Senator Briese asked the committee to kill LB204.

LB103 (Linehan) Change provisions relating to property tax requests. OPPOSED. This bill appears to cap property tax requests at a rate of the previous year and only allows for an increase the rate of levy and property tax request above the amounts identified in the bill, a governing body can do it only following a public hearing. The bill also puts some significant requirements in place for the public hearing and notice. The bill saw support from Bruce Riecker on behalf of several ag groups, Colby Mach on behalf of the Lincoln Independent Business Association, Sarah Curry on behalf of the Platte Institute. Opposition came from Kyle McGallon on behalf of several education groups, Steve Curtis on behalf of the city of Omaha, Greg Adams on behalf of the Nebraska Community College Association, Lynn Rex on behalf of the League of Nebraska Municipalities, Mark Johnson on behalf of several SIDs. NACO appeared in a neutral capacity. The committee advanced the bill on a 7-0-1 vote by the Revenue Committee with a committee amendment attached. That amendment was forwarded to Chairwoman Brinkman and Mr. Eagan for their review. The bill is roughly number 40 on the list for General File debate.

LB158 (Brewer) Change provisions relating to the assessed value of real property. OPPOSED. The bill caps property taxes at the 2019 level for a period of four tax years, 2020-2023. The bill includes provisions that accommodate changes in valuation of property accounting for improvements or destruction that would affect the assessed value of the property. Absent these material changes that would alter the value of property, it shall remain at the 2019 level. The bill was supported by Colby Mach, Bruce Riecker. It was opposed by Connie Knoche on behalf of Open Sky, Steve Curtis, John Cannon on behalf of NACO, Rob Winter on behalf of the Greater Nebraska Schools Association. The committee has not advanced the bill.

\$

LB11 (Blood) Provide for interlocal agreements regarding nuisances. SUPPORT.

Intended to provide for interlocal agreements between any city or village and the county where it is located to abate, remove, or prevent nuisances. The governing body of such city or village and the county board of such county shall first approve such interlocal agreement by ordinance or resolution. High priority for Sarpy County. Those appearing in support included NACO and Joe Kohout on behalf of Lancaster County and MAPA. The bill was advanced by the Committee and debated by the Legislature on General File last week. The bill has advanced to Select File.

LB373 (Brewer) Provide setback and zoning requirements for wind energy generation projects. OPPOSED. LB373 defines wind energy generation project. The bill requires zoning provisions prior to construction of wind energy projects as prescribed, including notices. It provides for fees, eliminates provisions relating to zoning regulations, limits agreements relating to school lands, repeals the original sections, and to declares an emergency. It is most notable because of opposition to the establishment of wind farms in Western Nebraska. The concern Lancaster County should have is the state usurping the county's ability to exercise local control of zoning rules and regulations. The bill was opposed by many, many groups with limited support mostly from the Sandhills. Several wind energy companies opposed the bill. We believe it will hard to move the bill from committee unless significant concessions are made.

BRAD JOHNSON – LB247 (Bolz) Adopt the Advance Mental Health Care Directives Act. SUPPORT. Brad believes that this bill could in some instances provide the correctional staff with the ability to treat individuals who find themselves in a crisis and cannot rationally make decisions for themselves. This bill saw a good amount of support and some opposition. Support came from a law student from UNL, NAMI, Jakob Dahlke from Nebraska Medicine, Deniece Rieder a police deputy from Omaha. Opposition came from Brad Muerrens. Neutral testimony was offered by the Nebraska State Bar Association, Methodist Hospital.

LB289 (Linehan) Change provisions relating to county assessor inspections of real property for property tax purposes. MONITOR. The county assessor shall determine the portion to be inspected and reviewed each year to assure that all parcels of real property in the county have been inspected and reviewed no less frequently than every 3 years amended from no less frequently than every 6 years. The bill was not supported or opposed by anyone; NACO appeared in a neutral capacity. Senator Linehan advised that this bill is merely a placeholder or shell bill.

BRAD JOHNSON – LB254 (McCollister) Adopt the Fair Chance Hiring Act. AMEND THE BILL TO INCLUDE CORRECTIONS WORKERS. Brad is concerned that the provisions in the bill do not include correctional workers as a position where criminal background checks can be considered. There was a considerable amount of opposition to the bill. We have language in our possession to utilize with Senator McCollister. It doesn't appear that the bill will move easily from committee.

LB148 (Groene) Change requirements for public hearings on proposed budget statements and notices of meetings of public bodies. MONITOR. Under LB148, and for the purposes of the Nebraska Budget Act, "governing body" shall now also include any joint entity created pursuant to the Interlocal Cooperation Act that receives tax funds generated

under section 2-3226.05. (That is: River-flow enhancement bonds; costs and expenses of qualified projects; occupation tax authorized; exemption; collection; accounting; lien; foreclosure.)

Each governing body shall each year or biennial period conduct a public hearing on its proposed budget statement. Such hearing shall be held separately from any regularly scheduled meeting of the governing body and shall not be limited by time. At such hearing, the governing body shall make a detailed presentation of the proposed budget statement and shall make at least three copies of the proposed budget statement available to the public. Any member of the public desiring to speak on the proposed budget statement shall be allowed to address the governing body and shall be given a reasonable amount of time to do so.

Notice shall be given by publishing in a newspaper of the general circulation within the public bodies jurisdiction and, if available, in a digital advertisement on such newspapers website. In addition to search required methods of notice, such notice may also be provided by any other appropriate method designated by such a public body or advisory committee.

A few supporters showed up for the bill which were mostly citizens. Opposition was raised by NRDs, the League, City of Omaha. NACO came in a neutral capacity agreeing with amendments suggested by the League.

LB239 (Dorn) Change requirements for notices of hearings on county budgets. SUPPORT. Change requirements for notice of hearing on county budget. A summary of the budget, in the form required by section 23-905, showing for each fund (1) the requirements, (2) the outstanding warrants, (3) the operating reserve to be maintained, (4) the cash on hand at the close of the preceding fiscal year, (5) the revenue from sources other than taxation, (6) the amount to be raised by taxation, and (7) the amount raised by taxation in the preceding fiscal year, together with a notice of a public hearing to be had with respect to the budget before the county board, shall be published once at least four calendar days prior to the date of hearing in some legal newspaper published and of general circulation in the county. For purposes of such notice, the four calendar days shall include the day of publication but not the day of hearing - amended from 5 days before the hearing. On or before August 1, the budget-making authority shall prepare a county budget document, in the form required by sections 23-904 and 23-905, for the fiscal year and transmit the document to the county. The bill took 2 minutes yesterday. There were no opponents.

BRAD JOHNSON - LB376 (Friesen) Provide for safekeeping of prisoners.

SUPPORT. This is a bill that would correct language from LB 605 as it pertains to county jails housing inmate with the Nebraska Department of Corrections as "safe keeping". Lancaster County Department of Corrections has only done this one time that Brad can remember and that was for a medical issue. The hearing on this measure was yesterday. Support was offered by Platte County and others. Our letter was read into the record. Director Frakes appeared in opposition.

LB443 (McCollister) Require the Department of Correctional Services to allow committed offenders reasonable access to their attorneys. MONITOR. The department shall allow each committed offender reasonable access to his or her attorney or attorneys. If a committed offender communicates with his or her attorney or attorneys by telephone or videoconferencing, such communication shall be provided without charge to the committed offender and without monitoring or recording by the department or law enforcement.

LB412 (Geist) Require an election regarding creation of a joint public agency. OPPOSITION. Beginning on the effective date of this act, before any agreement is entered into regarding the creation of a joint public agency which involves a political subdivision of this state that has authority to levy a tax or issue bonds, the question of the creation of the joint public agency shall be submitted to the registered voters of each such political subdivision which intends to be a party to the agreement at an election held in conjunction with the statewide primary election or statewide general election. No agreement shall be entered into until the question has been submitted to the registered voters of each such political subdivision and a majority of all the voters voting on the question have voted in favor of creating the joint public agency, at an election called for the purpose, upon notice given by the governing body of each political subdivision at least twenty days prior to such election. The same measure, either in form or in essential substance, shall not be submitted to the people, either affirmatively or negatively, for a period of six months from and after the date of such election. Certain procedural requirements are mandated by the bill in the event a related question is submitted to voters.

The City of Lincoln is opposing. Our letter of opposition was submitted. There are other political subdivisions submitting opposition to the committee as well.

ISSUES FOR LONG TERM CONSIDERATION

ź

LB327 (Bolz) State intent to appropriate funds for an increase in rates paid to behavioral health service providers. RECOMMENDATION: SUPPORT. The Legislature finds that the initial report from the cost model study project (ten years in the making) shows rates paid to behavioral health providers from seven percent below the actual cost of providing services to thirty-five percent below the actual cost of providing services and that the average rate paid is eighteen and one-tenth percent below the actual cost of providing services. Therefore, this bill earmarks for related appropriations. Hearing is likely on March 25 or 26, 2019 to coincide with the Department's Budget hearing.

LB710 (Cavanaugh) Change provisions relating to tobacco including sales, crimes, a tax increase, and distribution of funds. RECOMMENDATION: SUPPORT. The bill proposes a significant increase in the tobacco tax from \$.64 per pack to \$2.14 per pack and distributes the additional \$1.50 in a manner of ways that could benefit county operations. Included in this are the following county operational issues:

Medicaid Expansion – 25% (est. \$63 Million) Public Health Departments – 4% (est. \$4 Million) Smoking cessation – 5% (est. \$12.6 Million) EPC – 1% (est. \$2.5 Million) Behavioral Health Rebasing – 2% (\$5 Million) Health Services in County Corrections – 2% (\$5 Million)

The Director of the Department of Health, Shavonna M. Lausterer, sent an email recommending support for this bill as well.

ISSUES COMING UP IN THE NEXT WEEK

We have attached our hearing schedule with this report, but in addition, we would highlight these recommendations:

FRIDAY, FEBRUARY 8, 2019.

LB118 (Arch) Provide a procedure to withhold residential address of physicians in county records. Unless requested by a member of the public in writing, the county assessor and register of deeds shall withhold from the public the residential address of a physician or an osteopathic physician licensed under the Medicine and Surgery Practice Act who applies to the county assessor in the county of his or her residence to have such address withheld. The application shall be on a form prescribed by the county assessor and shall include the name, address, and medical license number of the physician or osteopathic physician and the parcel identification number for his or her residential address. The county assessor shall notify the register of deeds regarding the receipt of a complete application. The county assessor and the register of deeds shall withhold the address of a physician or an osteopathic physician who complies with this section for five years after receipt of a complete application. The physician or osteopathic physician may renew his or her application every five years upon submission of an updated application. A change of address requires a new application.

LB150 (Brewer) Change provisions relating to access to public records and provide for fees. Under LB 150, the persons interested in the examination of public records are divided into residents and nonresidents. "Resident" means a person domiciled in this state and includes news media without regard to domicile. For non-residents of Nebraska, the actual added cost used as the basis for the calculation of a fee for records may include a charge for the existing salary or pay obligation to the public officers or employees, including a charge for the services of an attorney to review the requested public records.

LB463 (Williams) Change provisions relating to treasurer's tax deeds and tax sale certificates. This bill changes and eliminates provisions relating to real property sold for delinquent taxes. Further, it re-outlines the process for issuing treasurer's tax deeds, and tax sale certificates. It does not ban them or change the interest rate.

LB490 (Wayne) Consolidate offices of clerk of the district court and clerk magistrates. NEUTRAL. The position of appointed clerk of the district court shall be consolidated with the position of clerk magistrate into the position of clerk of the courts; and the clerk of the courts and any transferred employees shall become state employees. The clerk of the courts shall have all the duties, obligations, and powers of the clerk of the district court and clerk magistrate.

Consolidation under this section shall occur: (a) On July 1, 2021, for district court judicial district numbers 8, 10, 11, and 12; (b) On July 1, 2022, for district court judicial district numbers 1, 3, 5, 6, 7, and 9; and (c) On July 1, 2023, for district court judicial district numbers 2 and 4.

A consolidation plan shall be submitted to the State Court Administrator in a format prescribed by the administrator within 120 days after the request by the Supreme Court. A majority of the judges affected by the consolidation shall approve the plan prior to submission to the State Court Administrator. A consolidation plan shall not become effective unless approved and adopted by the Supreme Court. If a plan is not submitted within such 120 days, the Supreme Court shall develop a substitute consolidation plan. At the request of the Supreme Court, the judges of the district court, county courts, and separate juvenile court of a district court judicial district, in conjunction with any remaining clerk of the district court or clerk magistrate and any representative of a vacated office, shall develop a plan to consolidate the positions of clerk of the district court and clerk of the county court into the position of clerk of the courts for the county.

ŧ

6

Each consolidation plan shall address, but not be limited to, the facilities, assignment of magistrate duties to a clerk or to an existing court employee who will become part of the consolidated office under the plan, selection of an administrative judge from within the district for the purposes of administration of the consolidated office of the clerk of the courts, and personnel structure. Each plan shall also identify other employees who are not employed by the clerk of the district court or clerk magistrate at the time of the consolidation but who are integral to the operation of the court, and employees so identified shall remain county employees. In developing the consolidation plan, interests and comments from the public and attorneys who regularly practice in the county shall be considered.

LB616 (Hilgers) Provide for build-finance projects under the Build Nebraska Act and the Transportation Innovation Act. This bill defines build-finance project as a project in which a design-builder, a construction manager, or a contractor working under any project structure allowed by law pays for the project labor, materials, and vendors as the work is performed and payments due from the Department of Transportation are made by, or on behalf of, the department over a period not to exceed ten years after the date of substantial completion. And, financing plan would mean an assurance of available funding and security to ensure payment to vendors and labor as work is performed on a build-finance project and, if not addressed in the request for proposal, the terms of required structured repayment.

The department may structure a contract as a "build-financing" project pursuant to the Build Nebraska Act, sections 39-2808 to 39-2824, or the Accelerated State Highway Capital Improvement Program created in section 39-2804. Prior to entering into a contract for a buildfinance project, the department shall determine that there will be an estimated cost savings to the state as a result of a cost-benefit analysis. The department may authorize a design-builder or a construction manager engaged in a contract pursuant to sections 39-2808 to 39-2824 or a contractor engaged in a contract pursuant to the Build Nebraska Act or the Accelerated State Highway Capital Improvement Program to structure the contract as a build-finance project.

If a build-finance project will be under consideration by the department, the department shall include the financing requirements in the request for proposals or the initial project solicitation. The department may include in the financing requirements the maximum annual payment, the interest rate on the financing, and the minimum number of years for repayment.

The department may require a financing plan from the design-builder, the construction manager, or the contractor. If required, the financing plan shall be included in the proposal and may be considered by the department as a part of the best value-based selection process or a qualifying factor in the selection process, as applicable.

The contract for any build-finance project shall include in its terms that the payments extending beyond the contract year of completion will be subject to annual appropriations by the Legislature, that the project is unsecured, and that it does not constitute a debt obligation of the state. The department shall not obligate more than ten percent of the annual revenue of the Highway Trust Fund to secure payment on all build-finance projects at the time a contract for a build-finance project is under consideration.

PAM DINGMAN – LB612 (Erdman) Authorize the display of roadside memorials. RECOMMEND: SUPPORT. LB612 directs the Nebraska Department of Transportation to erect blue triangular road signs memorializing those who have died on Nebraska's roadways. Signs may contain the name and a photographic image of the deceased. Signs shall also contain one of four safety messages. Signs shall not be posted for drunk drivers who died on Nebraska's roadways. roadways. Signs shall be posted for ten years, but can be renewed by way of an application and fee for an additional ten years.

WEDNESDAY, FEBRUARY 13, 2019.

BRAD JOHNSON – LB282 (Hansen, M) Change provisions relating to bail. RECOMMEND: NEUTRAL/MONITOR. Brad does not see this bill as having any serious impact with regard to the courts' bail decision behaviors. This bill does require anybody in custody who has been arraigned to be assigned an attorney if they are indigent.

As before, any bailable defendant shall be ordered released from custody pending judgment on his or her personal recognizance unless the judge determines in the exercise of his or her discretion that such a release will not reasonably assure the appearance of the defendant as required or that such a release could jeopardize the safety and maintenance of evidence or the safety of victims, witnesses, or other persons in the community however, under LB282, this rule would get increased specificity as it relates to what defendants fall under it.

To wit: the rule would apply to any bailable defendant who is charged with a Class IIIA, IV, or V misdemeanor OR a violation of a city ordinance. (Except when the victim is an intimate partner as defined in section 28-323)

Any bailable defendant described in this subsection shall be ordered released from custody pending judgment on his or her personal recognizance unless: i. The defendant has previously failed to appear in the instant case; AND ii. The judge determines in the exercise of his or her discretion that such a release will not reasonably assure the appearance of the defendant as required or that such a release could jeopardize the safety and maintenance of evidence or the safety of victims, witnesses, or other persons in the community.

If the court requires a defendant to execute an appearance or bail bond, the court shall appoint counsel for the defendant if the court finds the defendant to be indigent.

LB646 (Chambers) Eliminate cash bail bonds, appearance bonds, and related provisions. Eliminates subsection (c) from section 29-901 and related provisions elsewhere relying on appearance bonds. A fiscal note has been submitted by the county estimating a cost savings of over \$600,000 per year.

THURSDAY, FEBRUARY 14, 2019.

LB230 (Pansing-Brooks) Provide for room confinement of juveniles as prescribed. For LB230, additional rules are mandated to juvenile facilities regarding placement in room confinement of a juvenile in a juvenile facility specifically, room confinement of a juvenile for longer than one hour during a twenty-four-hour period shall be documented and approved in writing by a supervisor in the juvenile facility. The intent and purpose of this rule shall not be avoided by the use of consecutive periods of room confinement. Rules relating to confinement are outlined in the bill also, for example, notice to the juvenile's parent or guardian, rooms having adequate lighting, etc.

LB390 (Pansing-Brooks) Provide duties regarding school resource officers and security guards. LB390 allows that school districts accommodating the presence of school resource officers (SROs) or security officers shall only utilize those resources for school safety and actual law violations and not disciplinary issues. The bill further requires the adoption of a memorandum of understanding (MOU) between school districts and law enforcement with certain minimum requirements, including training for law enforcement, administrators and teachers in school law, student rights, understanding special needs students and student with disabilities, conflict de-escalation techniques, ethics for school resource officers, teenage brain development, adolescent behavior, diversity and cultural awareness, trauma-informed responses and preventing violence in school settings.

The Nebraska Commission on Law Enforcement and Criminal Justice shall develop and distribute a model MOU that includes policies required by section 4 of this act. School districts may adopt their own MOU that meets the minimum standards of this act or they may adopt the model developed by the Nebraska Commission on Law Enforcement and Criminal Justice.

LB589 (Chambers) Prohibit peace officers from serving as school resource officers. Except as provided, no peace officer shall serve or work as a school resource officer, whether or not such officer is on duty as an employee of a law enforcement agency at the time of such service or work. The provisions do not apply to a peace officer who is responding to a specific request for assistance from a student, school employee, or member of the public regarding a safety threat or a criminal act, or who is providing security for an extracurricular event or activity. Law enforcement agency would mean an agency or department of this state or of any political subdivision of this state that is responsible for the prevention and detection of crime, the enforcement of the penal, traffic, or highway laws of this state or any political subdivision of this state, and the enforcement of arrest warrants. Law enforcement agency includes a police department, an office of a town marshal, an office of a county sheriff, the Nebraska State Patrol, and any department to which a deputy state sheriff is assigned as provided in section 84-106; Peace officer would mean any officer or employee of a law enforcement agency authorized by law to make arrests.

LB651 (Wayne) Change funding provisions for the Community-based Juvenile Services Aid Program. Beginning on the effective date of the act, funding under this program shall only be available for service provided directly juveniles or services provided to carry out express statutorily authorized functions. Any government entity applying for funds from the program shall develop policies governing the distribution of the funds that are adopted by the governing board of the entity after a public hearing.

THURSDAY, FEBRUARY 21, 2019.

LB474 (Dorn) Change provisions relating to claims against the state for wrongful incarceration and conviction. A claimant under the Nebraska Claims for Wrongful Conviction or Incarceration and Imprisonment Act shall recover damages found to proximately result from the wrongful conviction or wrongful incarceration and that have been proved based upon a preponderance of the evidence. LB474 replaces imprisonment references, largely, into

"incarceration." A successful claimant and the political subdivision against which such claimant obtained a final judgment may, jointly or individually, file a claim with the State Claims Board for full payment of any such judgment, or any part of such judgment, which exceeds the available financial resources and revenue of the political subdivision required for its ordinary purposes. A claim under this subsection shall be filed within two years of the final judgment and shall be governed by the State Miscellaneous Claims Act.

ADDITIONAL REQUESTS BY DEPARTMENT HEADS – GENERAL LEGISLATION

SHELI SCHINDLER – LB330 (Bolz) Change the administration, duties, membership, purpose, and reports of the Nebraska Children's Commission. RECOMMEND: SUPPORT. The bill makes positive changes to the structure and role of the Nebraska Children's Commission.

BRAD JOHNSON – LB90 (Wayne) Make post-release supervision optional for Class IV felonies. RECOMMEND: SUPPORT. Currently, individuals sentenced to a Felony 4 offense must do 12 months of post release supervision. This has had a significant impact on population numbers because many of these individuals violate the terms of their supervision and are sentenced to additional jail time as a result. Over the past two years this has involved thousands of jail days. By giving judges an option the Department may see some relief.

BRAD JOHNSON - LB 684 (Lathrop) Change provisions relating to post-release supervision for Class IV felonies. RECOMMEND: OPPOSE. This bill pertains to F4 sentencings and post release supervision. His concern with this bill is that in Section 2, paragraph 2, line 11 it changes the length of term for revocation of post-release supervision from remaining period to original period. This means if a person is sentenced to 12 months postrelease supervision and 6 months into the supervision period the courts revoke it the individual could now be sentenced to the jail for the entire 12 month period, rather than the 6 months that was left. I would encourage opposing this bill as written.

BRAD JOHNSON - LB 690 (Cavanaugh) Adopt the Healthy Pregnancies for Incarcerated Women Act. RECOMMEND: AMENDMENTS. This bill pertains to the transporting and restraining of pregnant inmates. The restraining of pregnant women has been discouraged for many years. Lancaster County has been in compliance with that practice for at least five years and our current procedures prohibit it unless authorized by the jail administrator. Quoting Brad: "I want to emphasize that we are not opposed to this bill in spirit. As I have mentioned, we have not, for at least five years, had a reason to restrain any of our pregnant women and we have established written procedures prohibiting it without appropriate authorization. My request is that the statute not take away all of our discretion for very rare but potentially dangerous cases." In other words, please seek an amendment to the bill that allows for some discretion.

SHAVONNA LAUSTERER - LB 304 (Crawford) Change provisions relating to the Nebraska Pure Food Act to exempt certain operations from the definition of a food establishment as prescribed. RECOMMEND: OPPOSITION. This bill would allow foods to be prepared and sold from a private home without a food safety permit. We believe this could lead to an increase in foodborne illnesses. Licensed businesses would also be impacted if people are allowed to purchase foods from unlicensed vendors.

PAM DINGMAN – LB39 (Hilkemann) Change provisions relating to occupant protection system enforcement and change certain violations from secondary to

primary enforcement. Designed to change passenger restraint system enforcement from a secondary offense to a primary offense, as well as to require the use of occupant protection systems for each vehicle occupant. Hearing scheduled for March 4, 2019.

PAM DINGMAN – LB40 (Hilkemann) Change provisions related to provisional operator's permits, LPD and LPE learner's permits, and interactive wireless communication devices. Designed to change certain uses of interactive wireless communication devices from secondary offenses to primary offenses regarding provisional operator's permits, and LPD/LPE learner's permits. Hearing scheduled for March 4, 2019.

APPROPRIATIONS REQUESTS

1

As the board is aware, budgeting requests are a separate process for the Legislature. The Appropriations Committee is presently finishing up its preliminary view of the Governor's budget recommendation and will likely release the preliminary budget in the coming weeks. These are the issues that have been placed on our list to watch for in that preliminary recommendation.

BRENT MEYER – DEPARTMENT OF NATURAL RESOURCES: Funding for Riparian Management Task Force. SUPPORT. No new developments on this budget request.

SHAVONNA LAUSTERER - LB480 (Quick) State intent relating to appropriations to local public health departments. RECOMMEND: SUPPORT. Appropriates \$900,000 to local public health departments established by LB 692 for preventative health programs to reduce chronic disease and associated health care costs. Each Department would get \$50,000. The preventive health programs that will benefit from the funds will be selected to: Increase physical activity; prevent complications from diabetes, cardiovascular disease, and other chronic diseases; improve access to medical homes and dental homes to offer prevention and wellness services; increase worksite wellness initiatives to prevent disease and disability; assure preventive services for children and adults; and promote preventive health and wellness in additional ways. Programs will be selected based on needs identified by the community and based on Evidence Based Practices. NACO supported this bill last year.

BRAD JOHNSON – LB446 (McDonnell) State intent relating to appropriations for the County Justice Reinvestment Grant Program. RECOMMEND: SUPPORT. Bill states that it is the intent of the Legislature to appropriate one million dollars to the County Justice Reinvestment Grant Program within the Nebraska Crime Commission on Law Enforcement and Criminal Justice for FY2018-19 and FY2019-20 to alleviate county jail populations through programming and services. The programming and services shall include, but not be limited to, the inmates who are diagnosed as mentally ill. This is the reimbursement portion of LB 605 that allows counties who can show that LB 605 increased their population. As you may remember we took advantage of this grant in 2017 and received nearly \$75,000. The money has to be used for programming. In this bill the total funding is double, from \$500,000 to \$1 million. We could receive around \$150,000 if passed.

DAVE SHIVELY – SECRETARY OF STATE'S BUDGET: Funding for New Vote Tabulating Machines. The funding for new vote tabulating machines has been included in the Governor's proposed budget. The funding is dependent on a 10 percent match from each county. Mr. Shively has estimated this cost to be between \$60,000 and \$70,000. This concludes our report for this week. We would be happy to answer any questions you might have.

Committee Status Description Position Document Senator In Committee Change provisions relating to highway funding 1 B97 Wavne Revenue 01/15/2019 Under LB 97, the Legislature finds that safe and modern highway infrastructure is of great importance to Nebraska. That it is in the interest of Nebraska taxpayers to leverage historically low interest rates to offset the challenges that construction inflation and uncertain Federal highway funding pose to adequately financing the state's infrastructure needs. It is the intent of the legislature to conservatively utilize the bond financing by issuing bonds, not to exceed \$200 million in the aggregate principal amount with a maturity on or before July 1, 2039. Upon the recommendation of the department of transportation, the commission acting for and on behalf of the state meet issues from time to time bonds under the Nebraska highway behind act in such principal amounts as determined by the commission for accelerating completion of the highway construction projects under the Build Nebraska act. No bonds shall be issued with a fixed interest rate exceeding 5% or with a variable interest rate. No bonds shall be issued after June 30, 2022, except for refunding bonds issued in accordance with the Nebraska Highway Bond Act. Bonds issued pursuant therein shall be paid off by July 1, 2039. The Build Nebraska Bond Fund is created, and shall consist of money credited to the fund herein. At least 25% of the proceeds shall be used for construction of the expressway system and federally designated highway priority corridors and the remaining proceeds shall be used to pay for service transportation projects at the highest priority as determined by the department. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska state funds investment, and the fund shall retain any earnings related thereto. Such bonds shall in all respects comply with the provisions of Article XIII, section 1, of the constitution of Nebraska. Change signature requirements for nomination of partisan candidates by petition Government, Military and Veterans Affairs LB98 Wavne In Committee 01/14/2019 For LB98, the number of signatures of registered voters needed to place the name of a candidate for an office upon the partisan ballot for the general election shall be as follows: For each partisan office to be filled by the registered voters of the entire state, at least four thousand, and at least 750 signatures shall be obtained in each congressional district in the state, and For each partisan office to be filled by the register voters of a county, at least 20% of the total number of registered voters voting for governor or president of the United States the immediately preceding general election within the county, not to exceed two thousand, except that the number of signatures shall not be required to exceed 25% of the total number of registered voters voting for the office in the preceding general election, and For each participant office to be filled up by the registered voters of a political subdivision other than a county, at least 20% of the total number of registered voters voting for governor or president of the United States at the immediately preceding general election within the political subdivision, not to exceed two thousand. General File Change provisions relating to property tax requests LB103 Linehan Oppose Revenue 01/24/2019 02/05/2019 This bill appears to cap property tax requests at a rate of the previous year and only allows for an increase the rate of levy and property tax request above the amounts identified in the bill, a governing body can do it only following a public hearing. The bill also puts some significant requirements in place for the public hearing and notice. Change provisions relating to disclosure of DNA records under the DNA Identification Information Act In Committee LB106 Dorn Judiciary 01/14/2019 Under LB106, all DNA samples and related records submitted to the State DNA sample bank or the State DNA database are confidential except as otherwise provided in the DNA Identification Information Act. The Nebraska State patrol shall make DNA records in the State DNA database available to law enforcement agencies and forensic DNA laboratories which serve such agencies and which participate in the combined DNA index system. Change provisions relating to placement of Department of Correctional Services inmates in county jails Judiciary 02/06/2019 In Committee 01/14/2019 LB108 Bolz LB108 creates annual limits on placements in county jails such that: in any year the department of corrections may contract with county jail facilities to house no more than 150 committed offenders. This limit shall apply to the entire state. Committed offenders eligible for placement in the county jails shall only include those within one year of parole or release eligibility or those requiring only community-based or minimum-security supervision.

Committee Document Senator Position Status Description LB200 Wishart Support Health and Human General File 02/01/2019 Change provisions relating to licensure under the Health Care Facility Licensure Act of alcoholism Services centers providing civil protective custody of intoxicated persons 01/24/2019 The Department of Health and Human Services shall not deny issuance or renewal of a license under the Health Care Facility Licensure Act to an alcoholism center on the basis that the alcoholism center utilizes locked rooms to provide civil protective custody services if the alcoholism center is otherwise in compliance with the applicable rules and regulations of the department and if a person placed into civil protective custody in the alcoholism center is not kept in a locked room after such person is no longer a danger to himself or herself or other patients or staff of the alcoholism center. LB204 Briese Oppose Government, Military In Committee Require approval of voters for bonds under the Interlocal Cooperation Act and Veterans Affairs 01/24/2019 01/15/2019 Prohibits bonds from being issued by any joint entity on or after the effective date of the act until the question has been submitted to the voters of each public agency which is part of the joint entity. LB211 Crawford Government, Military In Committee Provide for nonpartisan nomination and election of county officers and Veterans Affairs 01/15/2019 Under LB211, the register of deeds, county assessor, county sheriff, county treasurer, county attorney, public defender, clerk of the district court, county surveyor, county engineer, county supervisors, and county commissioners would now be elected on the nonpartisan ballot. LB213 Judiciary 01/25/2019 McCollister In Committee Provide for setting aside certain infraction, misdemeanor, and felony convictions 01/15/2019 Nebraska law allows for courts to set aside a conviction after a defendant completes his or her sentence. Currently, the only people who can request a set aside are those offenders who were sentenced to probation or ordered to pay a fine. A set aside is a limited remedy, and it results in a restoration of some privileges or rights which were lost as a result of the criminal conviction. LB 213 would extend the rehabilitative remedy and allow for an offender who was sentenced to a year of imprisonment or less after the offender completes his or her sentence. The factors that a judge considers under current law in determining whether to issue a set aside order remain the same. The extension of the set aside remedy proposed in this bill would not apply to a person convicted of a traffic offense resulting in jail time or of any offense which would require the offender to register pursuant to the sex offender registration act. LB216 Judiciary 02/06/2019 In Committee 01/15/2019 Kolterman Prohibit releasing a person in custody to avoid medical costs A law enforcement officer having custody of a person shall not release such person from custody merely to avoid the cost of necessary medical services while the person is receiving such medical services from a health care provider unless the health care provider consents to such release or unless the release is ordered by a court of competent jurisdiction. If the law enforcement officer is satisfied that probable cause no longer exists to believe such person committed a crime based upon an ongoing investigation or if the prosecuting attorney gives notice that no charges will be filed at the time such person is in custody, the law enforcement officer may release such person from custody. Upon the date of notification to the health care provider that the person is being released from custody because the ongoing investigation indicates that probable cause no longer exists or because of a decision by the prosecuting attorney that no charges will be filed, the law enforcement agency shall no longer be responsible for the cost of such person's medical services. LB218 Lindstrom In Committee Redefine tangible personal property and gross receipts for tax purposes Revenue 01/15/2019 Under LB218, "tangible personal property" shall exclude electrical generation, transmission, distribution and street lighting structures or facilities owned by a political subdivision of the state. "Gross receipts" of every person engaged as a public utility, as a community antenna television service operator, or as a satellite service operator or any person involved in connecting and installing services does not apply to the lease or use of electric generation, transmission, distribution, or street lighting structures or facilities owned by a political subdivision of the state. LB222 Albrecht Revenue 02/01/2019 In Committee Change the Volunteer Emergency Responders Incentive Act 01/16/2019

Each volunteer department serving a county, city, village, or rural or suburban fire protection district shall designate one member of the department to serve as the certification administrator. The designation of such individual as the certification administrator shall be confirmed and approved by the governing body of such county, city, village, or rural or suburban fire protection district. The certification administrator shall be confirmed and approved by the governing body of such county, city, village, or rural or suburban fire protection district. The certification administrator shall keep and maintain records on the activities of all volunteer members and award points for such activities based upon the standard criteria for qualified active service.

As before, a registered voter may file petition(s) for the submission of a question of township organization (for creation or discontinuation). A county board may use the rule above to submit the question of township discontinuation to the office of the election commissioner.

However, now, under LB246, in addition to the previous requirements, the petition or petitions shall be so-filed in the office of the election commissioner or county clerk by September 1 of the year of the general election at which the petitioners wish to have the question submitted for a vote. If such petition or petitions are filed in conformance with requirements, the question shall be submitted to the registered voters at the next general election held not less than seventy days after the filing of the petition or petitions.

Before adopting an economic development program, a city shall submit the question of its adoption to the registered voters at an election. The governing body of the city shall order the submission of the question by filing a certified copy of the resolution proposing the economic development program with the election commissioner or county clerk not later than fifty days prior to a special election or a municipal primary or general election which is not held at the statewide primary or general election or not later than March 1 prior to a statewide primary election or September 1 prior to a statewide general election. And now under LB246, the governing body of the city may determine not to submit the question at a particular election and order the removal of the question from the ballot by filing a certified copy of the resolution from the ballot by filing a certified copy of the resolution approving the question which is election or a statewide general election and order the removal of the question from the ballot by filing a certified copy of the resolution approving the question with the election commissioner or county clerk not later than March 1 prior to a statewide primary election or September 1 prior to a statewide primary election or September 1 prior to a statewide general election approving the transfer the removal of the question from the ballot by filing a certified copy of the resolution approving the question with the election commissioner or county clerk not later than March 1 prior to a statewide primary election or September 1 prior to a statewide general election or September 1 prior to a statewide general election or September 1 prior to a statewide general election.

LB246 also changes the requirements for disclosure of lists of registered voters by the Secretary of State, election commissioner, or the county clerk, with an emphasis on protecting voter record confidentiality. Such lists shall be used solely for purposes related to elections, political activities, voter registration, law enforcement, or jury selection—and not for commercial purposes. Changes rules relating to any political subdivision requesting the adjustment of the boundaries of election districts.

Creates additional rules relating to election commissioner or county clerk submitting a written plan to the Secretary of State within five business days after receiving a resolution from the political subdivision to hold an election. Changes ballot requirements under Section 32-1007. And write-in votes under Section 32-1008. And other recall election timing and publication requirements.

LB704 Provide for a request for proposals for renewable energy for state-owned buildings and a study McCollister Government, Military In Committee and Veterans Affairs 01/25/2019 regarding state vehicles Under LB704, it is the intent of the Legislature that the State Energy Office shall continue implementing the energy efficiency and consumption policy for the state without further General Fund appropriations—AND—the Department of Administrative Services use an appropriation of \$50,000 for fiscal year 2021-22 to analyze and compile the results of the Nebraska Benchmarking and Beyond initiative to assess utilization of resources, including using instate renewable energy generation for state-owned buildings, reduction of energy consumption in state-owned duildings, and other measures to increase energy efficiency in state-owned buildings. The Department of Administrative Services of energy to meet the requirements of this bill. Of all energy purchased for state-owned buildings, the State of Nebraska, including the University of Nebraska, shall purchase at least 50% from renewable energy sources by 2022, at least 60% from renewable energy sources by 2025, at least 75% from renewable energy sources by 2028, and at least 80% from renewable energy sources by 2031. In Committee 01/25/2019 LB707 Authorize the Tax Equalization and Review Commission to hold certain hearings by videoconference Erdman Revenue and telephone conference A single commissioner of the Tax Equalization and Review Commission may hear an appeal and cross appeal and appeals and cross appeals consolidated with any such appeal and cross appeal when: a) The taxable value of each parcel is one million dollars or less as determined by the county board of equalization; AND b) The appeal and cross appeal has been designated for hearing pursuant to this section by the chairperson of the commission or in such manner as the commission may provide in its rules and regulations. Under LB707, when such a hearing is held, before a single commissioner, such hearing may now be held by means of videoconferencing or telephone conference. LB710 In Committee Change provisions relating to tobacco including sales, crimes, a tax increase, and distribution of funds Revenue Cavanaugh 01/25/2019 LB710 eliminates many, if not all, distinctions between "tobacco products". The rules of chapter 28, 71, and 77 are titivated so as to reflect that linguistically minor but wide-encompassing change, for instance the elimination of "vapor products" as a defined term. Also, the Nebraska Behavioral Health Services Act would get an additional section which reads: [t]he Behavioral Health Provider Rate Stabilization Fund is created. The fund shall consist of money credited to the fund pursuant to section 77-2602, any gifts, grants, or donations from any source, and any other funds appropriated by the Legislature. The fund shall be used to support reimbursement of behavioral health services providers through provider rates within, but not limited to, the Children's Health Insurance Program, the Medical Assistance Act, the Nebraska Behavioral Health Services Act, and the Nebraska Community Aging Services Act. The money credited to the fund pursuant to section 77-2602 shall be used to the greatest extent possible to leverage federal funds for behavioral health services provider rate reimbursement under such program and acts. The Legislature finds that, in order to provide Nebraska residents with appropriate access to behavioral health services and providers, provider rates need to be adequate and stable in order to attract and maintain the number and variety of behavioral health services providers necessary to maintain an adequate behavioral health services provider network. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act. Beginning July 1, 2020, and every fiscal year thereafter, the State Treasurer shall place the equivalent of \$47,400,000 (amended up from one million two hundred fifty thousand dollars) of such tax in the Nebraska Health Care Cash Fund. In addition, the State Treasurer shall place the equivalent of \$13,000,000 of such tax in the Nebraska Health Care Cash Fund to ensure future sustainability of the fund. Further, beginning with fiscal year 2020-21, and every fiscal year thereafter, one dollar and fifty cents of the two dollars and fourteen cents special privilege tax under subsection (1) of section 77-2602 shall be distributed as follows:
